SATURDAY, JULY 13, 1895.

The public water works are now assuming a shape that promises to bring forth a revenue in the near future and within the next three months they should be pretty well under operation. That time will be a welcome one, for the project has been before the people so long in one shape and another that many of them have frequently intimated of late they didn't care whether or not water was ever supplied. The action of the Borough Council on Thursday evening will revive public interest in the plant and the financial part will command renewed attention. The cutting of rates by the borough has already aroused considerable interest. The people are now expecting a cut from the old water company. Whether it will come remains to be seen. One thing is certain, a water rate war would be a hummer, and we are inclined to believe that were the old water company to take off its coat and go into such a fight it could hold more than its own. The reasons for this belief are many. Prominent among them is the fact that the borough must derive a big revenue from the public works to meet running expenses and pay installments and interest on its bonded indebtedness of \$145,000. On the other hand the old water works have long since paid for themselves and the stockholders would have nothing to lose in the fight except dividends. The company can more easily let the dividends pass than the borough can avoid payment of interest and installments on the principal. The old water company also has the advantage on the expense account. Aside from clerical hire it practically has no expense to meet, while the borough has a pumping station to maintain. Both have reservoirs to look after, but those of the water company are long established and tried, and need practically no attention, while the borough reservoirs are new and need the greatest care. They, again, the borough has an additional pipe line, the one extending between the two reservoirs, to look after. Some people may look forward to such a war with gratification, hoping to save money through such an event. They will count upon a deceptive financial basis, however, as the public water works must be made a success, or the borough will have one of two alternatives to face—sell the plant, or go into bankruptcy. Thus, it will be seen, that a rate war will not be an actual benefit to the people. If the old water company cuts its rates down to a nominal figure and the borough is obliged to meet the cut in order to secure consumers there is danger of the revenue being cut down to figures that will not bring sufficient revenue to meet the fixed annual liabilities. The situation is a serious one and the people are to settle it represents two vital propositions—first, will the people be justified in encouraging the old water company to indulge in a rate war; and, secondly, will they be justified in standing by the lowest bidder, should the borough refuse to come down to a cut the old water company may make?

A DESPERATE PRISONER.

His Fight with a Pishy Constable Before Submitting to Arrest.
COLUMBIA, S. C., July 13.—Judge Townsend yesterday sentenced William Shepard, an ex-liquor dealer, to pay a fine of \$500 and imprisonment in the penitentiary for eight months for contempt of court in having disregarded an injunction restraining him from violating the dispensary law. State Constable Speed was deputized to arrest him immediately.

Speed found Shepard in his place of business and told him he had a warrant for his arrest. Shepard said he did not intend to submit to arrest. Speed replied he would carry out his orders. Shepard then drew a pair of pistols and commenced firing at Speed, who did not reply at once, as he had some difficulty in drawing his weapon. One bullet grazed Shepard's throat, barely bringing blood, and another grazed his hand before he drew his pistol. Shepard had jumped behind a counter, protected by heavy lattice work, and kept up his firing.

Two passing constables heard the shooting and rushed to the door. One of them commenced firing, also adding to Speed's danger, he being between the two fires. Speed kept perfectly cool, firing each time he saw Shepard. One bullet grazed Shepard's face, and another, having passed through his right leg, brought him to the floor. Shepard was then placed in a wagon and taken to the penitentiary. Two pistols and a razor were found on him; his wound is not dangerous.

Secretary Lamont's Alleged Political Tour
SAN FRANCISCO, July 13.—A local paper says that there is reason to believe that Secretary Lamont, who has been on the Pacific coast ostensibly looking after the defenses of the western seaboard, was in reality on a political mission looking towards the nomination of President Cleveland. While the secretary was engaged in examining forts and other requisites of war he is said to have quietly sounded the leading Democrats of California and the northwest to see if they would lend their support to a Cleveland boom should the president announce his candidacy for a third term.

A Man Hunt in Alabama.
MONTGOMERY, Ala., July 13.—Superintendent McKinney, of the Louisville and Nashville railroad, yesterday received a telegram from reliable sources that the notorious negro desperado, "Railroad Hill," who recently shot and killed Sheriff McMillan of Escambia, was seen near Daphne, in Baldwin county. He was heavily armed. Hundreds of men have been scouring the whole country for a week for the desperado. They are close on his trail, but he is not expected to be taken alive.

A Cruel Practical Joke.
GREENUP, Ky., July 13.—A practical joke played on Max Garner at the Lost Creek stone quarry which will probably result in his death. Snakes, of which Garner had a mortal terror, are plentiful in that neighborhood. The boys put two long links of bologna sausage in Garner's bed, and when he sprang into it came into contact with them. With a terrible yell he leaped out, and immediately went into spasms. He had seventeen spasms, and the doctors say he cannot live.

Another Big Strike Imminent.
NEW YORK, July 13.—Another strike of tailors is imminent, which promises to involve 10,000 men. Pledges are being circulated for signatures, which will bind the men to strike if the bosses do not concede the scale of wages and hours which is to be submitted to them sometime next week. The employing tailors, on the other hand, have entered into an agreement by which the property of any employer yielding to the strikers may be confiscated.

Slain by Highbinder.
SAN FRANCISCO, July 13.—It is feared another highbinder war has broken out in Chinatown. Shortly before midnight Chung Woy was fatally shot while closing the shutters of his store. The bullet passed through his body, inflicting a mortal wound. The Chinaman who did the shooting is under arrest, but the organization to which Chung Woy belonged will have satisfaction by killing some members of the rival organization.

Killed in a Runaway Accident.
RAHWAY, N. J., July 13.—An accident occurred here which resulted in the death of Mrs. E. G. Carbanetti of Westfield township, and severe, if not fatal, injuries to Miss Mary McCann. The ladies were out driving together, and when coming down Whittier street the horse became frightened and ran away. Both ladies were thrown to the ground. When picked up Mrs. Carbanetti was alive, but she died soon after.

Weak, Irritable, Tired

"I Was No Good on Earth."

Dr. Miles' Nervine strengthens the weak, builds up the broken down constitution, and permanently cures every kind of nervous disease.

"About one year ago I was afflicted with nervousness, sleeplessness, creeping sensation in my legs, slight palpitation of my heart, distracting confusion of the mind, serious loss or lapse of memory. Weighted down with care and worry. I completely lost appetite and felt my vitality seeping out. I was weak, irritable and tired. My weight was reduced to 160 lbs. In fact I was no good, on earth."

A friend brought me Dr. Miles' book, "New and Startling Facts," and I finally decided to try a bottle of Dr. Miles' Restorative Nervine. Before I had taken one bottle I could sleep as well as a 10-year-old boy. My appetite returned greatly increased.

When I had taken the sixth bottle my weight increased to 176 lbs. The sensation in my legs was gone; My nerves steadied completely; My memory was fully restored. My brain seemed clearer than ever. I felt as good as any man on earth. Dr. Miles' Restorative Nervine is a great medicine. I assure you.

Dr. Miles' Nervine is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at \$1.00 a bottle for \$5.00 or it will be sent prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

THE SPEEDY CYCLISTS.

Good Time Made by the Wheelmen at Asbury Park.

ZIMMERMAN'S RACE AGAINST TIME

He Covers the Mile in 1:57 4-5, Nearly Equaling His Fastest Time—Class B Will Probably be Abolished and Professionals Admitted to the L. A. W.

ASBURY PARK, July 13.—Yesterday was an ideal day for bicycling, and the sudden change from the depressing weather of Thursday was thoroughly enjoyed by the army of wheelers. The attendance during the trial heats at the athletic grounds in the morning numbered about 3,000. There were several "spills" during the morning, but the most serious one was the fall of F. D. White, on the home stretch in the best trial heat of the half mile national championship for Classes A and B. He was carried on a stretcher to the hospital tent, but was able to mount his wheel again in the afternoon, and won a heat in the one mile open race.

The event of the day was the half mile national championship, open alike to Class A and Class B men. When the final heat

ARTHUR A. ZIMMERMAN.

was called the four to line up were Bald, McDonald, Murphy and Little Ziegler, the latter all handaged after his fall of Thursday, and presenting a sorry spectacle. In the finish Bald set the pace, McDonald alongside, and just at the tape the latter made a phenomenal jump and landed ahead of Bald over the tape. The audience cheered McDonald, but the judges gave the decision to Bald. The time was slow, 1:52 2-5, owing to the fact that the men were called almost immediately after the qualifications were made, and they were very tired.

The entries in the two-third mile open Class B event were Bald, Gardner, Murphy, Porter, Coulter and Jenny. Bald came in an easy winner, Murphy a length behind, and Porter hanging on. Gardner got fourth, and Coulter and Jenny finished in a dead heat, a yard in the rear. Time, 1:41.

Fifteen men qualified for the final of the two mile Class B handicap, but these included none of the cracks except Coulter and L. C. Johnson. Church won by a yard, while Scott-Liddell Davidson's wheel for third. Time, 4:25 2-5.

In the professional mile event, handi-cap, Conn Baker and Silve made their first appearance as professionals, and as they entered late in the game had to go back to scratch. Stewart, who started from the 150 yard mark, won by a length. Cutter and Eaton, fifty yard men, came in second and third. Time, 2:13 2-5. The best racing time of the day was made in one of the Class A events, the one mile open, when Little Tom Butler covered the distance in 2:08. Winters was second and Mosher third.

Two tots, known as the Brothers Benner, 6 and 4 years old, from Philadelphia, rode a one-third mile race, the younger, who got a one-third start, won by about fifty yards.

The Berio quad team, in a mile race against time, did the distance in 1:50 3-5, while the Syracuse team took 1:55 to cover the ground.

M. F. Dirnberger, of Buffalo, who was paced by the Syracuse quad team, covered the mile in the excellent time of 2:01. The track record was broken three times yesterday. Bald succeeded in doing it in 2:07 1-5, Dirnberger lowered it to 2:01, but it remained for Arthur Zimmerman to further lower it. When he had traversed the first third of the mile the watches registered 33 1-5 seconds. The two-third mark was reached in 1:18, and he crossed the tape which marked the mile in the excellent time of 1:57 4-5. This is considered to be a most remarkable performance, as it is only four-fifths of a second slower than the fastest mile of the champion ever did, and that was accomplished on the Valadrome Seine, Paris. The experts say that the track here is several seconds slower, and are loud in their praise of Zimmerman's feat.

The meetings of the committees appointed by the L. A. W. and the cycle board of trade ended last night. Mr. Joseph McKee, of the cycle board, in an interview today, said: "The board of trade has endorsed and ratified the rules of the L. A. W., and will not interfere with the rules as laid down. They also have endorsed professionalism under the jurisdiction of the L. A. W., and will encourage professional racing. In my opinion Class B will be abolished and professionalism will take its place. There will be but two classes—amateurs, as in Class A, and professionals."

A Carpenter's Awful Death.
BALTIMORE, July 13.—George R. List, a carpenter, was instantly killed at the Mount Vernon shops of the Pennsylvania Railroad company. List was engaged in working the large circular saw, when a large pile of lumber toppled over, throwing him against the swiftly revolving saw. In an instant the blade had almost bisected his head. Death resulted instantly. His brains were scattered in all directions before the speed of the saw could be stopped. A widow and several children survive him.

Mrs. Stevenson Seriously Ill.
BROOMINGTON, Ills., July 13.—The wife of Vice President Stevenson was taken suddenly ill Thursday night and two physicians spent several hours with her. She is much better today, but is resting under the influence of opiates. The exact nature of her ailment is not known.

The Only Remedy in the World that Refunds Purchase Price if it Fails to Cure the Tobacco Habit in 4 to 10 Days is
It Cures While You Continue the Use of Tobacco.

Narcoti-Cure

The greatest discovery of the age! A certain, pleasant, permanent cure. A lifetime's suffering ended for \$5.00.

Why smoke and spit your life away? Why suffer from dyspepsia, heartburn, and drains on your vital forces? Stop using tobacco, but stop the right way! Drive the nicotine from your system by the use of this wonderful remedy.

NARCOTI-CURE is warranted to remove all desire for tobacco in every form, including Cigar, Cigarette and Pipe Smoking, Chewing and Snuff Taking. Use all the tobacco you want while under treatment, and in from four to ten days your "hankering" and "craving" will disappear—the weed won't taste good.

Then throw away tobacco forever. NARCOTI-CURE is entirely vegetable and free from injurious ingredients. It never fails to give tone and new vigor to the weakest constitution.

Remember NARCOTI-CURE doesn't deprive you of tobacco while effecting a cure; doesn't ask you to buy several bottles to be entitled to a guarantee; doesn't require a month's treatment; and, finally, doesn't enable you to stop tobacco only to find yourself a slave to the habit of tablet chewing.

With NARCOTI-CURE, when you are through with tobacco, you are through with the remedy. One bottle cures.

THE NARCOTI-CHEMICAL CO., Springfield, Mass.

Gentlemen:—I have used tobacco for over twenty-five years, chewing and smoking every day from 7 a. m. to 9 p. m. stopping only for meals.

On Monday, February 4, I called at your office in Springfield, and bought a bottle of the CURE which I used as directed, and on the tenth day the desire for tobacco had left me and it has not returned. I did not lose a meal while taking the CURE. My appetite has improved, and I consider NARCOTI-CURE a grand thing.

Very respectfully,
CHAS. I. LINCOLN.

Mr. Frank H. Morton, of Chippewa Falls, Mass., late Inspector of Public Buildings for Massachusetts, says:

I used tobacco for twenty-five years, and was a confirmed smoker. In just eight days' treatment with NARCOTI-CURE I was through with tobacco, in fact the desire for tobacco vanished like a dream.

Very respectfully,
FRANK H. MORTON.
