THE Board of Health suffers a drawback in not being able to get a regular attendance of members. Adjournments on account of inability to secure quorums have been frequent of late. This is a season of the year when the members should be actively at work and those who cannot, or will not, respond to the call of duty should have the good sense to step down and make room for citizens who can and will do so.

UNLESS the bicyclists are more careful it may become necessary for the Borough Conneil to pass a special ordinance that will more definitely and fully define the rights of people who do not ride the wheel. Some of the wheelmen, and wheelwomen, too, seem to be under the impression that pedestrians are duty bound to keep out of the way of the bleyeles which, by the way, have become very numerous recently.

THE consumption of coal is an importantitem of expense in connection with the public water works and, if it is true that it can be procured at about 60 cents a ton which will give as good service as the fuel for which Council is paying \$1.40 per ton, no time should be lost in making a change. No opportunity in the direction of economy should be allowed to slip. The works should be given every fair test possible and cannot be made a paying investment any too soon.

THE fight against Senator Quay seems to have met an early death. The enemy appears to have left the field and from all parts of the state the cry is echoed, "Quay will be the winner." It is too bad that Hastings gave his aid to such a milk and water campaign. The high position he holds now will alone keep him before the people politically. Gilkeson was his Jonah and an unequal as well as inferior opponent for a man like the Senator.

Now THAT the borough is to supply water at half the rates now charged by the old company, will the landlords make a corresponding reduction in rents? They raised them on account of the increased taxation. There are certainly some landlords who can afford to make a reduction, especially those who own the places where from thirty to fifty families live and where the saving by reason of the reduction will amount to from \$90 to \$150 annually.

Praise for Chief Tosh.

From the Miners! Journal The best Chief of Police that Shenandoah has ever had that borough has now in Thomas Toob. The citizens of that big town do not conceal their pleasure that Mr. Toch was not made one of the Sheriff's deputies, without of course saying anything about the merits of his case against the Sheriff. That has nothing to do with the point we wish to emphasize and that is that Chief Tosh has already won laurels as an efficient conservator of the peace, and, if he continues to be Chief for several years, he will root out every evil-doing place in the town, and bring every evil-doer to punishmeer

Great Damage Caused by a Cyclone in New Jersey.

THREE KILLED AT CHERRY HILL.

Greal Destruction of Property in the Narrow Belt Visited by the Mighty Wind. One Life and Much Property Wiped Out on Long Island.

HACKENSACK, N. J., July 14.—A terrific storm swept over this section Saturday afternoon, doing great damage. At Cherry Hill, a small village a few miles from this place, it developed great fury, ar-tended by the demolition of the village and a number of deaths. Cherry Hill re-ceived the full sweep of the wind's fury, and within a minute after the storm broke twenty-seven houses, nearly the en-tire number in the village, were wrecked. The ternade made a clean path through the center of the place, carrying every-thing before it. Houses were unroofed and thrown down; trees were uprooted, and the crops in the fields leveled to the

The storm center was about 300 feet in width, and the strip over which it passed is a mass of ruins. Not a building in its path was spared; those that were not demolished were unroofed and moved from their foundations. Great masses of wreekage were carried through the air by the gale, adding to the destruction.

Among the buildings wrecked was the Dutch Reformed Church, a brick struc-lure recently creeted. The walls are still standing, but they will have to be pulled flown. Three large beams, picked from the wreck of other buildings by the wind, were borne end on against the side of the shurch, and they went through the walls like cannon balls. The depot, standing between the tracks of the New York and Now Jersey railroad, was demolished. The wind first tore the roof from the building and landed it one hundred feet away. Then the walls foll. The station agent was taken from the rulns later badly injured. The freight depot was also wrecked and the big platform carried several hundred feet from its place.

Twenty or more families were rendered homeless, and there were but few houses that escaped a touch of the terrific wind. Conrad Friedman, a Cherry Hill hotel keeper, was in the act of shutting a window upstairs in his hotel, when he was drawn out by the current and hurled headlong to the ground below. His skull was fractured and death was instantaneous.

Anton Fischer, employed by August
Mund as a hostler, was crushed to death
when the barn in which he worked fell on top of him.

The infant child of William Ahrens was carried up in the air with the house and was dead when picked up.

Mrs. Ahrens' right car was torn off. She

and her injured son are at the Hackensack hospital.

Percy Cole, of Paterson, while on his ray through Cherry Hill, was blown from his rig and seriously injured. Edgar Chinnock was so severely injured by fly-ing timbers that his recovery is doubtful. Six persons are in the Hackensack hos-pital suffering from injuries received.

In addition to the week in Cherry Hul, almost every house along the river from that place to River Edge was damaged to some extent. Many morely had the chimneys blown down, while the roofs of others were badly started. Sections of many houses were in danger of toppling over and firemen were busy yesterday tearing down the doubtful portions. The buildings blown down in the village of Cherry

Hill were valued at about \$60,000. Relief committees have been organized in several of the towns. Prompt measures were taken, and between the amount subscribed and that gathered in boxes at the ruins of the village there is now enough

A Woman Killed on Long Island.

NEW YORK, July 15 .- The first tornado in many years struck New York and Long Island Saturday afternoon and resulted fatally in one instance, besides wrecking a large amount of valuable property. The tornade wrecked thirty houses at Wood Haven and a very large school house there. There were twenty residents of Wood Haven hit by the various objects which were carried through the air. Trees and chimneys sailed through the air as though they were no heavier than feathers. At Wood Haven a woman was in an outhouse. The house was picked up and car-ried by the storm for more than a block. Finally the woman was landed on one side of the street and the house on the other. The woman had an almost miraeulous escape, receiving only a slight cut on the forehead. Mrs. Louisa Petroquien, of Third avenue, near Rockaway, was killed. She stood in the doorway of her house when a flying beam struck her on the head, crushing in her skull and kill-ing her instantly. The loss to property in a direct way has been estimated at about \$100,000, but this is not taking into consideration the damage to crops in the neighborhood of Wood Haven.

Homes have been provided for those who lost their abiding places, and relief has come in from many directions.

Huilatones as Big as Hickory Nuts. New Brunswick, N. J., July 15.—During a heavy thunder shower at South Amboy there was a terrific downpour of hallstones, many of them as large as hickory nuts. Nothing like it has ever been seen in this section of the state. Grain stand-ing in the field was beaten to the ground. and vegetation suffered greatly from the terrible fulfillade.

Vegetation Cut to Pieces. PLAINFIELD, N. J., July 15.—A terrific hailstorm visited this vicinity. Horses were frightened and ran away and crops were ruined. The photographers' galleries are wrocks and conservatories are in a like condition. Vegetation is cut to places and many costly plants are stripped of leaves.

Grain Crop Ruined.

SOMERVILLE, N., July 15.—This section was visited by a deluge of rain and hall. The storm extended over an area of twenty miles. The grain crop throughout the Raritan valley is reported to be

Deaths at an Indian Colebration, DECATUR, Neb., July 15.—Two Indian romen and one child died Saturday night in Yeaton's pasture, where the Omaha Indian drunk is taking place. The women got gioriously drunk on a home made compound of hard older, and participated some. This makes the seventh Indian NO. 4 N. FLAMES ON THE WATER

The Shipping in New York Harbor for a Time in Imminent Danger.

New York, July 15 .- Naptha from the four large tanks of the Equitable Gas Light company, which are situated at the foot of East Fortieth street, took fire last night, and but for the good work of the firemen the loss to property would have been very large. As it was the inflamma-ble fluid, which covered the surface of the water for a great distance on every hand. took fire and presented a spectacle which was witnessed by thousands of people gathered from that section of the city. is supposed that some one dropped a lighted match or eight in the oil covered water, for without a word of warning of any kind the river blazed up and the flames threatened to lick up everything in sight. The flames were sublined after siderable damage had been done to the small shipping on the river.

Two Probable Murders in Syrneyse. Synacuse N. Y., July 15.—Two Italian stabbing affrays in different sections of the Italian colony in this city occurred last night, both of which resulted in murder. A quarrel arose in the bearding house of Dominico Rossi, over the payment for a keg of beer. Frank Nardone stabbed Gernaro Copozzi twice over the heart with a stiletto. Coporzi seized an axe and struck Nardone, splitting open the top of his skull. Thomas Sullivan latally stabled Mittrico Vinceno at minight at the former's house in the midst of a drunken quarrel.

Subdued a Fire in Mid-Ocean.

NEW YORK, July 15 .- The French line steamship Normandie, from Havre, which arrived in port yesterday, had a fire on board during the passage. It was at 7 o'clock on the night of July 9. The pas-sengers were all at dinner, and little was known until the next day of the danger through which they had passed. The fire is supposed to have originated from spon taneous combustion among hides. The fire apparatus was at once brought into use, and twelve lines of hose poured hot water into the compartment. After seventeen hours' work the fire was subdued.

A Ripper in St. Louis,

Sr. Louis, July 15 .- A white man, evi dently familiar with the Whitechanel manner of murder, took the life of Ella, alias "Kid" King, a negress 28 years of age and a dissolute character. The woman whose abdomen was ripped open by the kulfe of the assassin in such a manner that the entrails slipped out, died at the hospital soon after reaching there. Charles Schlick, a white man, who is said to have lived with the King woman in Kansas City, was arrested on suspicion of having committed the murder, which he strongly denies.

Met Death in a Runaway.

Easton, Pa., July 15.—John H. Wend-ling, ex-member of the old borough council and a well known citizen, was killed in a runaway accident. He was driving a heavy oil tank wagon down New street South Easton, when the tongue broke and the horses ran away. Little George Kohler, who was in the wagon, jumped and escaped with a broken arm, but Mr. Wendling was thrown to the swingletree and dragged several hundred feet, being repeatedly kicked by the horses. When the horses were caught Mr. Wendling was dead.

All Three Were Drowned. SOUTH HAVEN, Mich., July 15 .- Yesterday afternoon Mr. H. Tiltsworth took his Dining Car), 7 40 p. m. (Dining Car), and new yacht Artist out for her trial trip, in company with the builders, Messrs. Leave Market Street Ferry, Philadelphia, Coats and Stillson. When about four miles north of the harbor, about 30'clock,

> Arrested for Robbing Freight Cars. STROUDSBURG, Pa., July 15 .- Five more arrests were made by Detective McSweeny in connection with the freight robbery on the New York, Susquehanna and Western railroad, including Watson Labar, an employe of the Delaware, Lackawanna and Western railroad, and his wife; also Mrs. Robert Labar, whose husband was arrested on Friday. Both women are now in the county jail. A quantity of plunder was recovered.

Speedy Long Distance Cycling.

CHICAGO, July 15.—John Lawson, the "Terrible Swede," yesterday afternoon "Terrible Swede," yesterday afternoon demonstrated his ability to ride fifty miles in record breaking time. While his per-formance was very meritorious, the rida counts for naught as a record breaking feat, inasmuch as the course ridden was not within the prescribed regulations of the Century Road Club of America. The fifty miles was dong in 2h. 55 min.

Daring Raid by Cuban Rebels. New Your, July 15.—A special to the Herald from Havana tells of a most dar-ing raid by the Cuban rebels upon Andalusia. The town was taken by surprise, Mayor Vigo was killed, the town hall was burned and the archives carried away. It is said that prisoners of war have been shot. The insurgents claim that physi-cians of Santiago de Cuba have left the city to join Macoo.

Dr. Seaman Convicted.

DETROIT, July 15 .- The jury in the case of Dr. Seaman, who was charged with having performed a criminal operation which resulted in the death of Emily J. Hall, rendered their verdict yesterday. Their decision was "guilty on the third count." In 5ther words, the doctor is convicted of having performed an abor-tion "by means unknown."

Jumped to His Death. SRAMOKIN, Pa., July 15 .- While at the

Cures the Tobacco Habit IN 4 TO 10 DAYS OR MONEY REFUNDED.

Use All The Tobacco You Want Till Your "Carving," is Gone.

NARCOTI-CURE is the only remedy in the world that acts directly on the nerves and drives the nicotine from the system in from four to ten days. It leaves the patient in better health than before taking, and is warranted free from any injurious ingredients.

NARCOTI-CURE is popular because it allows the patient to use all the tobacco he wants while under treatment, or until the "craving" and "hankering" are gone. It is then no sacrifice to throw away tobacco forever.

NARCOTI-CURE is sold at the uniform price of \$5.00 a bottle, and one bottle cures.

Money refunded if a cure is not effected when taken according to directions.

Springfield, Mass.

Gentlemen:—Replying to yours of the 1st, would say that I have used tobacco for 46 years, and of late have consumed a 10-cent plug a day, besides smoking considerably. I commenced to use tobacco when I was only II years old, and have never been able to give up the habit until took NARCOTI-CURS, although I have tried other so-called remedies without effect. After using your remedy four days, all "hankering" for chewing disappeared, and in four days more smoking became unpleasant. I have no further desire for the weed, and experienced no bad effects, whatever. I am gaining in flesh, and feel better than I have for a long time. To all who wish to be free from the tobacco habit I would say, use NARCOTI-CURE.

Yours truly, W. N. WAITF.

If your druggist is unable to give you full particulars about NARCOTI-CURE, send to us for Book of Particulars free, or send \$5.00 for a bottle by mail.
