Grvn the devil his dues in dealing with the shell game and film flam men. They can claim no rights in civilized communities. At the same time those who dilly dally with the sharps are deserving of no sympathy.

PEOPLE who refuse or neglect to obey the mandates of the Board of Health should not complain if subjected to an enforcement of the laws. There is no reason in paying out \$1,000 or more a year to maintain a Board of Health as an ornament.

Some of the very few newspapers opposed to Senator Quay are making quite a bluster over the election of delegates for Governor Hastings at Lackawanna, but there fail to make note of the fact that nothing was said about Gilkeson.

Ir all the authorities of the borough would do their duty as well as Chief of Police Tosh and his force shell game and film flam men would not make a rendezvons in Shenandoah. Their residence here abould be made so uncomfortable as to make them glad to leave the place, or seek a livelihood at some respectable calling.

THE only piece of politics Schuylkill county people appear to be interested in now aside from the Quay-Gilkoson fight, is the Controllership of the county. They would like to see the appointment made before the Republican state convention is held, so as to see descents from the fence and count how many will be on the side they claim to adhere to.

PEOPLE who threaten to demolish saloons because the proprietors refuse to fill them with beer gratis should be chained along side a tin bucket of water until their thirst is appeased. Sympathy can be felt for the poor being who steals bread to ward off starvation, but the one who sets the laws at defiance to obtain grog is beyond consideration other than that which meted

TITUS' GREAT RACE AGAINST TIME.

The New Yorker Equals Johnson's Time of 10:22 3-5 in a Five Mile Race-A Remarkable Performance on a Slow Track.

ASBURY PARR, July 16 .- The sixteenth annual meet of the League of American Wheelmen, which was brought to a close here last ovening, was in every way a big success, and although most of the visiting cyclists had left for their homes, there were nearly 3,000 people at the athletic grounds in the afternoon, when the final races were contested. It was the most

races were contested. It was the most perfect day that has favored the moeting. The racing began at the final of the two mile handicap, class B, special, which was postponed from last Saturday on ac-count of the storm. It was won by the St Paul boy, B. B. Bird. The first prize for this race was a horse, harness and carriage, valued at \$400. It was driven to the grounds shortly before the race began, and soon after he had won it the St. Paul boy jumped into the carriage and was driven around the enclosure amid cheers.

The trial heats for the class A half mile, open, were next ridden, and the final resulted in a clover victory for Mosher, of Harlem, with McCall, of Denver, a good second, and Tenzler, of Rockville, third. Time, 1.14 2-5.

Mosher also won first honors in the final of class A one mile, open, beating Harrison, a local wheelman, and Hoefer. of St. Paul, who finished second and third. Later on, however, Harrison beat Mosher in the special mile race for winners and seconds during the meet, paced by a tandem, in 2.14.

In the third heat of the one mile, open, class B event, Arthur Gardner, of Chicago, won, with B. B. Bird second. The final was a slow race, for which the

track more than anything else, was re-sponsible. Ziegler had the pole and Gar-diner the bank. Gardiner won, with Titus second and McLeod third.

The two mile, open [Class B final, was a loafing game Titus won by a few inches. Allen, on the pole, lapped the leaders' wheels, while Ziegler, Barry and Dirn-berger came over the taps in the order named

Harry Maddox was to have tried for the five mile record with pacemakers, but he claimed to be physically unable to under-take the test. Fred Titus, who had decided during the alternoon to try to beat the one hour record, took the place of Maddox, and was paced by Earle and Murphy on a tandem, and Seavey, Mo-Leod, Barnett and Mayo on a quad. The month of the side build build by S. John record for five miles is held by J. S. John-son, of Minneapolis, who did the distance in 10.22 3-5 at Louisville last November. The track here is slow, and Titus announced that he was doubtful if he could reach this time, but promised to do his best. When he crossed the tape every one thought he had beaten the record, and the crowd cheered him lustily.

As soon as quiet was restored the announcer said: "Ladies and gentlemen, Mr. Titus has not beaten the record, but he has equalled it, as his time is exactly $10.22\ 3.5."$ The time at the end of each miles was as follows: One mile, 2.07 1-5; two miles, 4.00 2-5; three miles, 6.09 4-5; four miles, 8.16 4-5; five miles, 10.22 3-5. As this was accomplished on a slow track. it was a remarkable performance, and the New Yorker received an ovation when he rode back to the entrance under the stand.
