SACRIFICED HONOR AND LIFE.

A Shamokin Girl Dies in a Philadel-

phia Hospital. Miss Mamie Smink, a young girl of re-spectable parentage, who went to Philadelphia from Shamokin and lound employ-ment as a bookkeeper, was taken to the hospital yesterday morning from her boarding place suffering from the effects of a criminal operation. Fifteen menutes after she was admitted into the institution she died. Later in the day Ernst A. Wright. an employee of a plumber shop, was arrested charged with being the girl's seducer. Wright confessed to the charge and also to having secured the operation and implicates Dr. William C Green, a negro physician, as having performed it. Green was also arrested last evening.

"If all the gold in mint or bank

"If all the gold in mint or bank,
All earthly things that man call wealth
Were mine, with every titled rank,
I'd give them all for precious health."
Thus, in anguish, wrote a lady teacher to
a near friend, telling of pitiless headache,
of smarring pain, of pain in back and loins,
of dejection, weakness and hervous, feverish unrest. The friend knew both cases
and cure and flashed back the answer,
"Take Dr. Pierce's Favorite Prescription."
The distressed teacher obeyed, was restored to perfect health, and her daily
duties once more became a daily pleasure.
For lady teachers, salesladies and others

A POPULAR VERDICT.

The Jury Declares Mrs. Farrall Not Guilty of Poisoning Her Busband.

LA PLATA, Md., July 17.—The jury in the case of Mrs. Farrall, accused of polsoning her husband, after being out one hour, returned a verdict of "not guilty."

The scene in court when the verdict was announced was of intense interest. The judges sat calmly in their seats, looking a trifle graver than at any time before dur-ing the trial. There was no indication in the faces of the jurors what the verdict was. The Messrs Farrall, brothers of the man whom Mrs. Farrall was charged with murdering, sat back in the audience fully believing the woman guilty and hoping for a verdict of murder. When Clerk Turner read the verdict

there was stillness, as the crowd waited eagerly for the announcement. When its import had been understood a remarkable scene ensued. Mrs. Farrall broke down and wept for joy. She became hysterical. She sprang to meet Colonel Wilmer, her chief counsel, who was advancing to meet her. She threw both arms around the stalwart colonel's neck and kissed him.

Judge Briscoe had enjoined that there should be no demonstrations of approval or disappointment at the announcement of the verdict, but there was no restrain-ing the crowd. Hearty appliause burst out and swept the court over the anannouncement.

Driven Out by Whitecaps, SHELBYVILLE, Ind., July 17.—Mrs. Jennie Justice and Sadle Allen have been driven from their home at Freeport by three masked whitecappers. The women have received numerous warnings to leave the neighborhood. Bundles of switches have also been laid at their doorstep. Monday night their door was broken down and the women were compelled to leave in the their night clothes. The masked men fired several shots and then departed. The Justice woman was recently divorced from her husband, and this week applied for a peace warrant against her son.

A Powerful Electric Locomotive.

BALTIMORE, July 17 .- All possible ques tion of the ability of electric locom No. 1, of the Baltimore and Ohio railroad, pull the heaviest trains through the Belt line tunnel was disposed of yesterday. With the tremendous load of twenty-five freight cars, all laden to their utmost, and two large locomotives, the electric monster pulled through the tunnel, with not nearly all power on. The load pulled was at least 2,800,000 pounds. The two steam engines joined their forces when the electric locomotive was detached, to take the train on its journey east.

COLOR SUGGESTIONS.

What Colors Make Good Combinations Skirts and Blouses.

The following general rules on color oflects in dressing are taken from a trade satalogue: Red and violet do not accord well. Orange and reliow accord incomparably better than red and orange. Or-ange and green do not accord well. Orange and green do not accord on. Or ange and violet accord passably. Yellow and green form an agreeable combination. Greenish yellow and violet blend nicely. The arrangement of yellow and blue is more agreeable than that of yellow and green, but it is less lively. Green and blue produce an indifferent effect, but better when the colors are deep. Green and vio-let, especially when light, form a combination preferable to green and blue. Red and green intensify each other. Orange yellow when placed by the side of ludigo increase its intensity, and vice versa. Yellow and indigo combine perfectly. Red and orange do not accord well. Red and yellow ac-cord well, especially if the red is purple red rather than scarlet, and the yellow rather greenish than orange. Red and blue ac-

WALKING COSTUME

cord passably, especially if the red inclines rather to scarlet than crimson. Blue and violet accord badly. Black never produces a bad effect when it is associated with two luminous colors. While gray never exactly produces a bad effect in its association with two luminous colors, yet in most cases its assortments are dull. Blue when placed by the side of orange increases the latter's intensity, and vice versa.

It is related that the ancient Roman la-

dies, who were luxurious in the extreme and required the services of not one but a score of maids in matters of the toilet, sometimes dyed their hair blue. How soon history will repeat itself in this respect is a question for mathematicians and schol-

ars to settle The walking gown shown in the sketch is of beige wool goods. The godet skirt is plain, while the blouse bodice has a deep yoke in front, defined by shaped pieces of guipure, below which are two full panels bluet satin let in on either side of the front and terminating under two buttons. The belt is of satin and the standing collar of guipure. A short, open jacket with revers of white pique accompanies the gown. The hat of tobacco brown straw is trimmed with bluet ribbon.

ROOSEVELT SCORES HILL

Declares the Excise Law Was Passed for Political Convenience.

New Your, July 17 -In a speech before one of the good government clubs last night Police Commissioner Theodore Roosevelt combatted the statement that orime had increased in New York city under the new administration of the police department. He produced statistics to show that the number of arrests under the new administration had been greater than under the old. Speaking of Senator Hill he said:

'I do not usually ascribe motives, and I would ordinarily hesitate, in speaking of a United States senator, to say that his governor and his legislature (for he con-trolled them both absolutely) deliberately snacted a law which they deliberately in-tended to be dishonestly executed, but I do not have to ascribe motives in this case, for Senator Hill's letter is in effect a frank avowal that these were the motives which actuated the Tammany legislature that passed the present law. This law is now being honestly enforced, and Senator Hill's assault upon the honest enforce-ment is tantamount to the admission that it never has been honestly enforced before and that he never expected it to be hon-

sstly enforced.
"This Sunday excise law has never been a dead letter. It has always been enforced against the man without money and with-out political influence. It was passed with the deliberate purpose of keeping a sword over the neck of every saloon keeper who did not render abjectly faithful service to Tammany Hall and to the state machine which Tammany Hall served.

Charged with Robbing Miners.

PITTSBURG, July 17.-Operator T. D. Stein and his check weighman, T. R. Marshall, were arrested yesterday on a charge of stealing coal from the miners at the Idlewood mine, which is owned by Mr. Stein. The suit was brought by Secretary Warner, of the Miners' organization. He sharges that Mine Inspector Blick has examined the scales at the mine and found the weights false. The Fairbanks scale company has also examined the weights, and found that they gave the operator an advantage of 300 pounds on a ton. Mr. Stein claims the scales are all right. It is stated that if the miners win this suit all of them will enter suits for damages. Some of the men have worked at this mine for twenty years, and their claims will amount to \$5,000 apiece.

Suspected of a Double Murder.

BALTIMORE, July 17 .- A be Small, alias William Thompson, was arrested here last night. Georgia and Savannah have of fered \$1,500 for the arrest of Small. About a year ago there had been some robberies in Savannah, and a colored man named Abe Small was supposed to be concerned in some of them. While Constable Humphreys, of that city, was attempting to arrest Small Humphreys was shot, and died from the effects of his wound, and later Policeman Neve was also shot and killed by Small while attempting to arrest him. Small, or Thompson, had a revolver when arrested.
