SUCCESSFUL BIDDERS!

Gallagher & Lamb Get the Water Connections Contract.

THEIR BULK BID WAS \$4,740.

Maurice Morrison Made a Member of the Board of Health—Timothy O'Brien Succeeds Mr. Meluskey as Councilman.

The Borough Council got down to work in earnest last night and in a session of comparatively short duration disposed of considerable very important business. The members in attendance were Messrs. Kane, Magargle, D. R. James, T. J. James, Straughn, Gable, Kerns, Dougherty, Hand, Gaffigan, Reese and McGuire. The star attraction and event of the evening was the consideration of the proposals for making the public water works connections, which were disposed of after some discussion.

As soon as Council was ready for business Mr. J. J. Franey called attention to Pear Alley, south of Oak street. He said the roadway was full of holes and asked that it be kept down to grade.

Mr. Kane said the street committee could do nothing without authority to cut down the alley from Cherry to Oak, and there was a question as to who would be responsible for altering the paving and gutters now in.

President McGuire said the committee should be instructed with power to act, and that ended the matter.

Mr. T. J. James said the borough treasury was entirely out of money and it would be necessary to raise some. The finance committee and officers of Council were authorized to negotiate a loan of \$3,000 for ninety days.

A special meeting of Council will be held next Monday evening to meet Tax Collector Scanlan and review the exonerated list for 1893, and the collector is to submit his exonerated list for 1894 at the next regular meeting of Council.

Patrick Hannafey, of South Bowers street, was recommended for exoneration from payment of taxes.

Mr. Straughn made a report for the law committee as to the question of superior authority raised between Chief Burgess Burns and Chief of Police Tosh. The evidence taken in the case was submitted without recommendation with a written opinion by Borough Solicitor Pomeroy, which concluded as follows: "I do not think the Chief Burgess had any power to grant a license for a performance or public exhibition on the public street, and if he had the power and exercised it, as in this case, it did not authorize the licensee to obstruct the public street, sidewalk or crossing, in the manner testified to by the Chief of Police, and the latter, in removing the obstruction in the manner he did on the complaint of citizens living in the vicinity, was acting within the scope of his authority as an officer. I do not view his action as ignoring the license granted by the Chief Burgess to Holland, as Holland may have gone elsewhere and given his exhibition on a public street without creating a nuisance of which anyone would have complained."

Mr. Gable, chairman of the water committee, presented and read the bids received for making the public water works connections. He said the bids of T. C. Waters, of Eureka, and Jesse E. Wyatt, of Williamstown, were not accompanied by bonds as required by the advertisement. Mr. Gable also stated that the Waters bid was received a few minutes after the time specified in the notice, but the committee took into consideration that Mr. Waters had been very busy and decided to let Council decide upon the admissibility of his bid. The committee had no recommendation to make on any of the bids.

Mr. T. J. James said that Mr. Waters had requested him to state that he would furnish a bond satisfactory to Council. In the absence of a motion that the omissions on the part of the bidders be waived, the President instructed the committee to set the Waters and Wyatt bids aside and they were not considered. Both bids were above four of the other competitors and the Williamstown man's figures were away up. His bulk price was \$8,300, or \$3,300 if the borough would furnish all material. The next highest bidder was Isaac Morgan, of town, who wanted \$3 for each connection, or \$6,000 for the whole job. Mr. Waters asked \$2.00 per connection.

The bids regularly before Council developed close competition between three of them, as the figures will show. Isaac Morgan's was the first opened and, as previously stated, he asked \$3 for each connection, or \$6,000 in bulk. T. F. Bradigan's was the second; the figures were \$2.40 for each connection, or \$4,800 in bulk. William P. Williams' bid was the third and he asked the same as Mr. Bradigan—\$2.40 for each connection, or a bulk of \$4,800 on a basis of 2,000 connections. F. W. Bell's bid followed and his figures were \$1,500 in bulk "up to the sum of 2,000 connections," or \$2.25 each, lead pipe to be put in bulk for \$630 and iron pipe for \$350. The bid of Gallagher & Lamb was the last opened and the figures were \$2.37 for each connection, or \$4,740 in bulk.

Mr. Hand moved that the contract be awarded to the lowest bidder and that he

be required to furnish a bond in half the amount of the contract.

Mr. Gable raised the point that Mr. Bell, the lowest bidder, did not comply with the advertisement for the proposals, in that his bid was not properly itemized, and, further, that his bid was limited to 2,000 connections, whereas the advertisement specified 2,000 "more or less."

Mr. Dougherty moved as an amendment to Mr. Hand's motion that the contract be given to the next lowest bidder (Gallagher & Lamb); and after considerable discussion the motion was carried as amended, the understanding being that the contractors will use all the old corporations they can and allow the borough the price fixed in the bid for each one used.

Mr. Gable said the Columbia Brewing Company was desirous of securing water from the public works and the water committee had deemed it advisable to let Council decide whether such places are to be connected at the present time. If they are meters will be required. The matter was laid over with instructions to the committee to report at the next meeting with a recommendation.

President McGuire said he had received a letter from Contractor M. P. Quinn, stating that, as the water works pipe line had been accepted, he would like to have the \$5,000 Council withheld. It was decided to draw an order for \$2,000 in favor of Quinn & Kerns and the balance be held pending a liquidation of the amount Council claims the contractors are responsible for in making repairs to the Brandonville dam.

President McGuire announced that he would nominate Maurice Morrison, of the First ward, as a member of the Board of Health to succeed T. J. Broughall, whose term has expired. The nomination was confirmed.

Mr. Kane moved that Timothy O'Brien, of the First ward, be elected to fill the vacancy in Council made by the resignation of Anthony Meluskey. There was a division on this question, but the motion was carried by a vote of 6 to 5.

Bond Subscriptions.

The treasurer of the Shenandoah school district will receive subscriptions for school bonds at the office of the Board of Directors in the West street school building. The subscribers to bonds will produce a receipt for moneys paid on bonds. Regular bonds will be issued August 31st, 1895, and can be procured upon the return of the treasurer's receipt. There are still some bonds for sale, but as the issue is limited it would be well to call early.

MISHAPS IN THE MINES

Three Victims Were Made by Them Yesterday.

ONE HAS A THIGH BROKEN.

Sustained in Jumping From the Back of a Mule—Another Internally Injured by a Fall of Coal.

John Price, of West Lloyd street, a young man employed as a loader at the Shenandoah City colliery, met with a serious accident while on his way out of the mine last evening after completing his day's work.

Price rode out on the back of a mule and in jumping off his foot struck a rail, throwing him violently and breaking his right thigh. He is being cared for at his home.

INJURED BY A BLAST.

Adam Suskewicz was injured by a blast in the Shenandoah City colliery yesterday. He failed to get far enough away by the time the explosion occurred and a large lump of coal struck his right leg, badly bruising it, but fortunately breaking no bones. He walked home with the aid of a cane.

FALL OF COAL.

Charles Ginski, engaged in contract work at the Ellengowan colliery, was seriously injured. While he was in the act of drilling a piece of top coal fell upon him, badly cutting and bruising his back. He was removed to his home on West Cherry street and subsequently taken to the Miners' Hospital. It is feared he is internally injured.

What seems but a case of simple diarrhoea frequently develops into the most dangerous of bowel troubles, if neglected. Dr. Fowler's Ext. of Wild Strawberry is a never-failing specific in all such cases.

Trolley Party.

The following named ladies formed a trolley party from town over the Schuylkill Traction line yesterday: Mrs. J. J. Franey and friends, Mrs. Longacre and friends, Mrs. John B. Jones, Mrs. Schuler, Mrs. John Daddow, Mrs. Flower Reese, Mrs. David Beden, Mrs. N. W. Boddall, Mrs. M. A. Parrott, Mrs. Lewis and daughters, Mrs. B. C. Church, Mrs. Thompson, of Shamokin; Mrs. Williams, Mrs. Wm. Fricke, Mrs. Ed. Davis, Mrs. Wm. Neiswenter, Mrs. S. W. Yost. On the return from Loomis Dale they took in the 27th anniversary picnic of the Washington Hose Company, of Ashland, which made the trip a big success. The party was very kindly afforded the freedom of the park, refreshments and amusements by the hose company, and the ladies extend their sincere thanks for the hospitality.

Bicycle Race.

The bicycle race at Ashland yesterday was won by Mahlin Saylor, a reporter on the Ashland Local, Thomas Eitringham being second. The race was purely a local one and outsiders were not allowed to compete, at least so the home management contended; but Bedford, of town, and Burnett, of Pottsville, claim outsiders competed but they were barred out. These two gentlemen say their speed must have been feared.
