## Evening Herald.

SATURDAY, JULY 20, 1893.

Is his selection of Maurice Morrison as a member of the Board of Health to succeed Mr. Broughall, whose term expires, President McGuire has again displayed the excellent judgment which has so frequently marked his administration as presiding officer of the Borough Council. Mr. Morrison is one of the oldest and most highly respected and substantial residents of the town and as a member of the Board of Health he would be found conservative, consistent and conscientious.

It is said upon the streets regarding the recent School Board committee desk contract is true, there is ample room for complaint on the part of the unsuccessful bidders, and the protesting School Directors are justified in insisting that the whole matter shall be laid before the School Board. It has frequently happened that false economy has been practiced by accepting the lowest bids, but in the present case it is charged that one of the lowest bidders offered a better article than the one adopted by the committee and afforded all necessary protection to guard against imposition, but there did not seem to be a disposition to have the merits of all competitors fully weighed. Under these circumstances it would be far more satisfactory to the people to have the School Board consider the matter fully than to allow the action of the committee go unchallenged. More than this, the committee should court a full consideration of the matter and relieve itself of any suspicion that might be thrown upon its action by outside discussion. The committee certainly cannot lose anything by such a course. If the action taken was based upon good judgment there are certainly men of sufficient intelligence on the Board to realize it and add their endorsement. If the facts are to the contrary, any mistake that may have been made in the committee can be easily rectified and the committee will have an opportunity to show that what they did was done in accordance with their best judgment at the time, and not by reason of any improper motive.

IRRESPECTIVE of the merits attending the claims of the other competitors, it can be truthfully said that in awarding the contract for making the public water works connections to Messrs. Gallagher and Lamb the Borough Council has placed the important work in very proper and responsible hands, and it is seldom that such an important task is taken and more general satisfaction follows among the people. There is no doubt that the work could have been entrusted to any of the gentlemen in competition with just as much safety and promise of favorable results, but there seems to have been an almost universal opinion among people in the town who have taken an interest in the public water works, that should the contract fall into the hands of Mr. E. F. Gallagher it would be only part recognition of the almost invaluable service which that gentleman rendered in the establishment of the works, especially last year, the closing year of his term on the Borough Council, when he performed service without pay that he could not improve upon if the work had been his own. The services he rendered on the public water works last year gratuitously is sufficient guarantee that the contract just given him with remuneration attached will be carried out satisfactorily to all concerned. Mr. Lamb is also especially adapted for the undertaking, in that he has been identified with the water works since their establishment was first agitated, and therefore is qualified to judge the character of work that should be performed and is expected by the people under the contract. We therefore say, with all due respect to the unsuccessful competitors, that the contract could not have fallen into better hands.

Eloquence will sometimes provoke righteous indignation, but it cannot produce righteousness of life.

# THE PITEZEL MURDERS.

The Bereft Mother Identifies the Bodies of Her Children.

TORONTO'S CASE AGAINST HOLMES

Chicago Furnishes Another Sensation in the Discovery of Charred Bones, Believed to be Those of Minnie Williams, in a House Formerly Occupied by Holmes.

TORONTO, Ont., July 20.—Yesterday Mrs. Pitezel identified the bodies of the two children found Monday night in the cellar at St. Vincent street as those of her girls, Alice and Nellie. The latter she identified by her hair and the former by a peculiarity of her upper front teeth. She was not allowed to see any other parts of the bodies, as both were in such an advanced stage of decomposition that it was thought the shock would derange her. As it was, Mrs. Pitezel broke down completely and sobbed and cried throughout the trying ordeal and long afterward. Detectives Geyer, of Philadelphia, and Cuddy, of the local staff, and the doctors are perfectly satisfied with the identification.

The case which the Canadian authorities now have against Holmes is very complete, and is much stronger than that made out against him in Philadelphia, which fact leads a great many here to believe that the prisoner will certainly be extradited. Summed up, this is the case: Holmes has been traced from the United States to this city with the children. His identity was established at the Palmer house, and that of the children at the Alhambra. Then both murderer and victims were recognized at the very scene of the crime, not by one witness, but by several.

An immediate motive for committing the deed is also clearly shown, being due to the fact that Mrs. Pitezel was in the city and might at any moment meet the children on the street. Again, Holmes borrowed a spade on the last day that the girls were seen alive at the cottage or anywhere else, giving as his reason for doing so that he wished to make a bin for some potatoes, which statement was shown to be palpably false. All this, and his going away the next day are strong circumstantial facts from which Holmes will find it hard to escape. The finding of the ray belonging to the little girls in the house and their partially burnt clothing is also another link in the chain.

## A CHICAGO SENSATION.

The Charred Bones of Minnie Williams Found in a Stove.

CHICAGO, July 20.—Another appalling crime will be laid at the door of H. H. Holmes, the notorious insurance swindler and the alleged murderer of the Pitezels. That Minnie Williams, of Fort Worth, met her death at the hands of Holmes there is scarcely a doubt. That she died in this city in a violent manner has been proven almost conclusively.

Last night the police found in a stove in the three-story brick building at No. 701 Sixty-third street, which was built by Holmes, and in which both he and the Williams girl lived, a quantity of charred bones, buttons known to have been on a dress owned by Minnie Williams, and a partly melted portion of a watch chain, which was positively identified as having been the property of the girl.

All of the ashes and debris removed from the stove were carefully preserved and taken to the police station, where a more careful examination will be made of them.

The police are now of the opinion that not only Minnie Williams, but her younger sister Anna and the boy Howard Pitezel met death in this house. This morning at 6 o'clock they started to renew the search of the house, beginning with the basement, which is being dug up. They are of the opinion that they will find either the body of Anna Williams or that of Howard Pitezel before they have concluded their work.

## O'Donnell Easily Defeats Woods.

MONTREAL, July 20.—Great interest was manifested in the battle between Steve O'Donnell, Champion Corbett's sparring partner, and Billy Woods, of Denver, in the Crystal Rink last night. The big American was easily defeated by the Canadian. O'Donnell was victorious in the first round, but was badly hurt by a blow from the Canadian. In the twelfth round Woods could hardly hold his hands up, and hung around O'Donnell's neck to save himself from punishment. In the fifteenth O'Donnell gave Woods a smash which sent him down like a log, and he was carried from the ring at the expiration of the ten seconds.

## Indian Uprising Feared.

CHETENNE, Wyo., July 20.—The news from the north today is of a more alarming nature than any heretofore received. Governor Roberts is taking every precaution to prevent an uprising, and if the news from Lander, that the young Arapaho and Shoshone braves are leaving their reservations for the purpose of joining the Renegades is confirmed, troops will be ordered to the field at once.

## Probably Lost with Sixteen Souls.

SANTA BARBARA, Cal., July 20.—The sloop Restless is reported lost off Santa Cruz Island, with sixteen persons on board. Last Monday a party of young people left this port for a pleasure trip to the islands on the Restless. The sloop started in the morning, and was expected back two days ago. The latest reports from down the coast are that the Restless has been wrecked.

## No Officials at Stambulo's Funeral.

SOFIA, July 20.—Prince Ferdinand has telegraphed that, in view of the attitude of Stambulo's family, and being unwilling to expose his faithful servants to insult, he is compelled to forbid any state official from taking part in the funeral. Prince Ferdinand's decision is due to the widow of Stambulo having refused the wreaths he sent.

## Murderer Small Identified.

BALTIMORE, July 20.—Abe Small, colored, arrested here a few days ago as the suspected murderer of Patrolman Neve, of Savannah, Ga., was positively identified yesterday by James T. Johnson, assistant engineer on the steamer Decatur H. Miller, who was present when Small shot Neve.

## The Kenosha Strike Spreading.

KENOSHA, Wis., July 20.—Contrary to expectations, the strike here is spreading. Yesterday the crew of the novelty works went out, and the employees of Allen Sons' hattery notified their employers that unless wages were raised by Monday they would leave.

# Know Hood's Cured

Because It Made Pure Blood.

"I was all run down and could not sleep at night on account of the continuous and severe pains through my body. I had also stomach troubles and catarrh. After taking Hood's Sarsaparilla a short time I commenced to improve, and after using three bottles in all, my complaint entirely left me. I now have an appetite, sleep well and am free from all stomach trouble. I know Hood's Sarsaparilla has cured me, and I cheerfully recommend its use by all women who are run down and need a building up medicine." MISS ALICE WRAY, W. Bridgewater, Pa.

**Weak, Irritable, Tired**

"I Was No Good on Earth."

**Dr. Miles' Nerve** strengthens the weak, builds up the broken down constitution, and permanently cures every kind of nervous disease.

"About one year ago I was afflicted with nervousness, sleeplessness, creeping sensation in my legs, slight palpitation of my heart, distracting confusion of the mind, serious loss or lapse of memory. Weighted down with care and worry. I completely lost appetite and felt my vitality wearing out. I was weak, irritable and tired. My weight was reduced to 100 lbs. In fact I was no good on earth. A friend brought me Dr. Miles' book, 'New and Starting Facts,' and I finally decided to try a bottle of Dr. Miles' Restorative Nerve.

Before I had taken one bottle I could sleep as well as a 10-year-old boy. My appetite returned greatly increased.

When I had taken the sixth bottle my weight increased to 176 lbs. The sensation in my legs was gone; My nerves steadied completely; My memory was fully restored. My brain seemed clearer than ever. I felt as good as any man on earth. Dr. Miles' Restorative Nerve is a great medicine. I assure you." AUGUSTA, ME. WALTER R. BURBANK.

Dr. Miles' Nerve is sold on a positive guarantee that the first bottle will benefit. Druggists sell it at \$1.50 bottles for \$5, or it will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

# FINANCE AND TRADE.

The Business Outlook as Viewed by the Great Commercial Agencies.

New York, July 20.—R. G. Dun & Co.'s weekly review of trade says: The week's news is not entirely encouraging, but is all the more natural because of signs of midsummer dullness. Wheat prospects are not quite so good as last week, but still there are lower prices, as corn and cotton have been lowered. The exports of gold and the less favorable treasury returns for July are not unexpected and mean nothing as to coming business. There is perceptible decrease in the demands for most manufactured products and the actual distribution to consumers naturally lessens in midsummer. Much of the recent buying was to anticipate a rise in prices, and such purchases fall off when prices have risen. There are still numerous advances in wages, but strikes grow more numerous and important. In just because business was unusually large in the first half of July, a quiet time meets reasonable expectations. The heavy bank failures at Montreal do not effect finances here.

Brulotte's review says: All the previously reported favorable industrial and commercial features are continued this week, the endurance in the revival of the demand for iron and steel, the further advances in prices of the same, and additional increases of wages of industrial employees being most significant. Merchants at almost all larger cities are preparing to send out travelers, and until they begin to exhibit results no exact estimate of how fall trade will open can be prepared. At this time the outlook is regarded as highly favorable.
