

COLLARS AND CUFFS that are water-proof. Never wilt and not effected by moisture. Clean, neat and durable. When soiled simply wipe off with a wet cloth. The genuine are made by covering a linen collar or cuff on both sides with "celluloid" and as they are the only waterproof goods made with such an interlining, it follows that they are the only collars and cuffs that will stand the wear and give satisfaction. Every piece is stamped as follows:

If anything else is offered you it is an imitation. Refuse any but the genuine, and if your dealer does not have what you want send direct to us, enclosing amount and stating size and whether a stand-up or turned-down collar is wanted. Collars 25c. each. Cuffs 50c. pair.

RUTH, ESTHER AND MARION.

The Cleveland's Selection of a Name for Their Youngest Daughter.

BUZZARD'S BAY, July 30.—Marion, a French rendition of the musical name Mary, has been decided upon by President and Mrs. Cleveland as the name for the baby born to them about two weeks ago. The fact was officially announced by Private Secretary Thurber yesterday afternoon, and the many residents of this vicinity who have been waiting patiently to learn what the third daughter in the president's family would be called took up the news and the name was soon being repeated in every household. There was no unusual ceremony attendant upon the naming of the baby except that which occurs in any household upon such occasions.

When it became known that the name Marion had been selected the people of Buzzard's Bay at once inquired for whom the child was named. To this there could be obtained no other answer than that the name was suggested by that of the beautiful spot on the shores of Buzzard's bay in which the president and his wife passed several months previous to their selection of Gray Gables as the site of their summer home—Marion, Mass.

Waller's Fight for Freedom.

WASHINGTON, July 30.—Mr. John M. Langston, counsel on behalf of ex-Congressman Waller, said today that in the future he would be assisted in the prosecution of Mr. Waller's interests by Mr. Crammond Kennedy, of Washington, and Mr. McGuinn, of Baltimore, Mr. Kennedy taking the place of leading counsel. The case will be pressed with the utmost vigor. Mr. Langston said that the question of Mr. Waller's arrest, and of his stepson Bray's deportation from Madagascar, are by no means the only points involved, but back of these, and responsible for them, is the question of the title to the concession made to Waller by the Hova government, and that this matter will be taken up forthwith. Mr. Langston himself expresses the utmost confidence in the regularity of Waller's concession.

A Desperate Prisoner's Suicide.

SPOKANE, Wash., July 30.—H. E. Smith, a condemned murderer confined in the county jail, made an ineffectual attempt to escape, and, being overtaken, committed suicide in sight of his pursuers. Smith, when he found that he would be overtaken, made for the river and sought to cross, but the rapid current carried him back to the shore. He was seized by one of his pursuers, when he suddenly drew out a razor and almost severed his head from his body.

A Horse Canning Factory.

POTLAND, Ore., July 30.—The horse canning plant of the Western Packing company, located at Linnton, ten miles from this city, has commenced operations. The establishment has all the facilities for slaughtering, packing and preparing horse meat for shipment, and it is the only one of its kind on the Pacific coast. Several carloads of horses have been shipped here to be slaughtered. It is expected that a good market for horse meat will be worked in foreign countries.

Marie Barteri Gets a Stay.

NEW YORK, July 30.—Amos H. Evans, counsel for Marie Barteri, condemned to electrocution for killing her lover, filed yesterday with Warden Sage, of Sing Sing prison, the chief clerk of the general sessions and the district attorney a notice of appeal from the sentence of death. This notice acts as a stay. It may be months before the court of appeals will decide the case, and it is therefore certain that she will not be executed in the week beginning Aug. 10.

A Household Treasure.

D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Drzenau, druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. SHALL BABY DIE?

Cholera Infantum Now Menaces Homes.

MOTHERS WARNED TO LOOK SHARP TO CHILD'S FOOD.

Diet Wrong When Infant Cries Continually.

Children of Physicians Fed on Lactated Food.

Delicate, Sickly Ones Thrive Wonderfully on it.

The hot weather puts a pressing question to every mother—a question that demands an immediate answer.

It is impossible to postpone looking the great problem of infant feeding fully in the face. Has every precaution been taken to keep baby well during the summer? Is the baby running any risk from cholera infantum?

People have begun to learn that medicines for infants are more sparingly used in physicians' families than in any others, and that the well-educated physicians, when the mother's milk for any reason, is not sufficient, brings up his own children on lactated food.

There are no healthier or plumper babies than those fed on lactated food. Fewer cases of summer diarrhoea and cholera infantum occur in homes where this superb nutriment is employed than in others.

The most carefully, intelligent guarded children are those fed on lactated food. Every infant who is not thriving, has poor color, or shows small gains in weight and size, should be given this perfect infant food. It is relished by young children, and there is no difficulty in inducing them to take it in quantities sufficient to insure their growth and healthy condition.

During the exhaustive hot days of summer, while teething and during the weaning period, lactated food stands its best test as an ideal infant food for all trying occasions.

When for any reason the mother cannot nurse the child, or when her milk is insufficient or poor in quality, the best trained nurses use lactated food at once. It is known to invariably make firm flesh a clear skin, bright eyes, and to strengthen the body so that diarrhoea, cholera, infantum and exhausting summer sickness do not easily gain a footing. And a great blessing it is to countless humble homes that for 25 cents a mother can buy a package that contains enough to make 10 pints of pure colostrum.

Full Time in the Lehigh Region.

The Lehigh Valley Coal Company announced that full time will be worked next week at all its collieries in the region.

Last summer one of our grand children was sick with a severe bowel trouble. Our doctor's remedies had failed, then we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave very speedy relief. We regard it as the best medicine ever put on the market for bowel complaints.—Mrs. E. G. Gregory, Fredericktown, Mo. This certainly is the best medicine ever put on the market for dysentery, summer complaint, colic and cholera infantum in children. It never fails to give prompt relief when used in reasonable quantities and the plain printed directions are followed. Many mothers have expressed their sincere gratitude for the cures it has effected. For sale by Gruhler Bros., druggists.

THE OTHER ONE.

Sweet little maid with winsome eyes
That laugh all day through the tangled hair.
Gazing with baby looks so wise
Over the arm of the creaking chair.
Dearest than you there can be none,
Since in your laughing face I see
Eyes that tell of another one.

Here where the frolic softy glows
Sheltered and safe, and snug and warm.
What to you is the wind that blows,
Driving the steet of the winter storm?
Round your head is the ruddy light
Glints on the gold from your tresses spun,
But deep in the drifting snow to-night
Over the head of the other one.

Hold me close as you sagely stand,
Watching the dying embers shine:
Then shall I feel another hand
That nestled once in this hand of mine.
Poor little hand, so cold and still,
Shut from the light of stars and sun,
Clapping the withered roses still
That hide the face of the sleeping.

Laugh, little maid, while laugh you may,
Sorrow comes to us all I know;
Better, perhaps, for her to stay
Under the drifting robe of snow.
Sing while you may your baby songs,
Sing till your baby days are done,
But, oh! the ache of the heart that lingers
Night and day for the other one.

Mrs. Rhodie Noah, of this place, was taken in the night with cramping pains and the next day diarrhoea set in. She took half a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and the first dose relieved her. Another of our neighbors had been sick for about a week and had tried different remedies for diarrhoea but kept getting worse. I sent him this same remedy. Only four doses of it were required to cure him. He says he owes his recovery to this wonderful remedy.—Mrs. Mary Sibley, Sidney, Mich. For sale by Gruhler Bros., druggists.
