

AGAIN THE DEFENDER.

The New Yacht Once More Proves Her Superiority.

VIGILANT GREATLY IMPROVED.

But, Though the Race Was Sailed in a Light Wind, the Defender Came in a Winner by Over Nine Minutes in a Thirty Mile Race.

NEW YORK, July 23.—The second trial that the Defender had in New York waters against the Vigilant yesterday only furnished more evidence that the new boat is better than the old in light weather. They sailed over a triangular course outside of Sandy Hook, and were tested in pretty nearly every kind of sailing. They started out before the wind; before they had got half way on the journey of the first leg of ten miles they were sailing with the wind over the quarter; before they got to the end of that first leg they were even more closely hauled; on the second leg of the three they were reaching free and tacking, and on the final angle were able to head to the hump mark with a fairly well lifted sheet.

The result left no doubt as to the respective qualities of the boats in the kind of weather that prevailed, but that weather was of the lightest character. At no time did the breeze blow harder than twelve knots an hour, and it fell at times to four. On the run out before the wind, at the start, the Vigilant not only held her own for a period, but at the end of four miles was well ahead of the Defender. This run was made with spinnakers set and drawing, under which conditions it is almost universally conceded that the Vigilant is the fastest boat in the world. She showed those same qualities here as well as on the other side of the Atlantic.

When it came to the point, however, where, because of a little shift in the wind, spinnakers had to be hauled in and booms hauled aboard the Defender instantly shot ahead. She kept ahead, and was never afterwards overtaken during the entire thirty miles, unless it might have been on certain little portions of the course where the wind dropped to almost nothing. In those spaces it seemed as though the Vigilant picked up, but the gain was inconsiderable. The run between the marks show that the Defender gained in each of the three angles.

It is not to be expected that the Vigilant would new sail, but it turned out only too true to make a few alterations to the canvas that she used on

FOR COLORS.—National Lead Co.'s Pure White Lead Tinting Colors.

These colors are sold in one-pound cans, each can being sufficient to tint 25 pounds of strictly Pure White Lead the desired shade; they are in no sense ready-mixed paints, but a combination of strictly pure colors in the hands of a painter to tint Pure White Lead.

A good many thousand dollars have been saved property-owners by having our book on painting and coloring sent to them by mail card and get both free.

RESCUED.

On Lake Erie's Shores.—The Captain's Wife Tells the Story.—It Will Interest Many People.

(From the Buffalo Evening News.)

If you were to call at 27 Front Avenue you would find a pleasant elderly lady, Mrs. Captain Hensy by name. Her kindly smile and joyous manner are to no small extent due to the escape she has had. Her own words can better describe her rescue and one can easily understand her present happy condition when they realize what she has gone through. She says: "About five months ago I had an attack of sickness which lasted for a week and since that time I have been subject at intervals to similar attacks, some of which were longer in duration. It is hard for me to describe how I suffered. The pain would commence in my head, after which it would seem to pass down my body and settle in my back; my sides ached, my back ached, and I had a feeling of great distress in the bowels. The increased pain which seemed to come from lying down, would be almost unbearable, my face and stomach would blot up and I could hardly stand on my feet, dizziness made it almost impossible; this feeling was always with me even after the violence of the attack passed over. The last attack I had was the worst, and was so bad I would not have been able to tell this story but for Doan's Kidney Pills. As soon as I commenced their use I found immediate relief. The pain in my back and sides left me and the dizziness went with it; the bloating in my face and body disappeared and all distress in my bowels was gone. I have great faith in Doan's Kidney Pills; in a short time they did a great deal more for me than all the plasters and medicines which I had resorted to in seeking relief and cure. I hope always to be able to procure them."

DESTROYED BY FLOOD.

Rising Waters Cause Great Damage to a New Mexico Town.

PUEBLO, Colo., July 23.—Reports from White Water, N. M., fifteen miles from Silver City, N. M., are that a greater portion of the business section of the latter place was destroyed by a flood Sunday night, but so far as can be learned at the headquarters of the Acheson, Topeka and Santa Fe in this city, where the information is obtained, no lives were lost. All telegraph wires to Silver City are down and all the news is obtained from couriers arriving at White Water.

The Simmer House, the largest hotel at Silver City, and a number of business blocks have collapsed. The railroad authorities report the storm the worst ever known in this section. The Santa Fe railroad has lost several bridges on its Silver City branch and is badly washed out. The first reports were that several lives were lost, even as high as twenty-five, but later couriers, while confirming the reports of damage throughout the section, say that there has been so far as learned no loss of life.

Professional Firebugs in Kenosha.
KENOSHA, Wis., July 23.—George C. Perren, Bernard Rosenow and Barney I. Block, of Chicago, and Frank Schaeffer and Abe Levin, of Kenosha, are under arrest, charged with destroying the works of the Chicago Bidding company on the night of June 23, for the purpose of defrauding insurance companies. Isaac Robinson and Lewis Jacobson, doing business as the Spring Edge Mattress company, in Madison, are also charged with complicity in the affair. When the plant burned Block alleged that there was a loss of about \$50,000. The insurance companies would that the building and machinery easily be duplicated for \$30,000.

Arranging for the Big Fight.

NEW YORK, July 23.—Tom O'Rourke, William Brady, "Parson" Davies and a number of other sporting men met at the Gleason House last night to arrange preliminary fights for the Corbett-Fitzsimmons fight in Dallas. It was followed by "Parson" Davies' protege, "Tommy" Ryan, in an encounter with "Myrta" Billy Smith. There has been provided by the Florida Athletic Club a purse of \$5,000 for a fight between Peter Maher and Steve O'Donnell, to take place the same day. Joe Vendig and William A. Brady united in saying that the advance sale of seats for the fight has now reached \$85,000.

The Casino Accident.

ATLANTIC CITY, July 23.—The committee of city council appointed to investigate the Inlet Casino accident, in which over sixty-five persons were injured, made a report last night. It was expected from the investigation that something new would be learned as to who was responsible for the disaster. The committee, however, entirely evades that point, and merely reports what is already known concerning the casualty. The report concludes: "Your committee has not attempted to say upon whose shoulders rests the responsibility of this accident, because the instructions were simply 'to investigate and report the cause of the accident.'"

Agrarian Outrage in Ireland.

DUBLIN, July 23.—The neighborhood of Dunganran, County Waterford, is greatly excited over an agrarian outrage which occurred there. While the caretaker of a farm, whose tenants had been evicted, was sitting in his house with his wife, a number of shots were fired at them through the windows. The man was fatally wounded and the woman dangerously hurt. The latter, badly injured as she was, crawled two miles to the nearest house to get assistance.

Death of Ex-Governor Rice.

BOSTON, July 23.—Ex-Governor Alexander H. Rice died in Melrose yesterday afternoon, aged 78. He was elected mayor of Boston in 1885, serving two terms, was elected to congress in 1890, and served four terms. In 1873 he was elected governor of Massachusetts, to which office he was afterwards twice re-elected, and in which his administration was recognized as vigorous, prudent and progressive.

Little Reached the Needy Families.

HUNTINGTON, W. Va., July 23.—While the strike of miners was at its height in the Elkhorn region and the evicted families were at the point of starvation, a number of men were sent out to solicit money and provisions from the cities along the Ohio river. Hundreds of dollars were secured and much provision given, but little of either found its way to the suffering people.

Refused to Quash Jaehne's Indictment.

NEW YORK, July 23.—Recorder Goff, to whom Assistant District Attorney Lewis motion for the dismissal of the indictment for aiding and abetting false impersonation against Charles H. Jaehne, the professional bondsman and brother of the "hood" alderman, was referred, persistently refused to quash Jaehne's indictment.

Joined the Associated Press.

CHICAGO, July 23.—Chicago's new Democratic daily, The Chronicle, after an eight weeks' trial of the United Press news report, has abandoned that organization and entered into a ninety year contract with the Associated Press. This defection leaves the United Press without a single client among the morning papers of Chicago.

Strike Against Austrian Weavers.
