The Agent of the Winnebago Indians Declares That the Flourney Company Has Systematically Robbed the Indians, and Its Members Are "Liars and Scoundrels."

OMAHA, July 26 .- Indian Agent Captain Beek and the congressional delegation had a stirring session yesterday, and violence was imminant for several minutes at the Winnebago agency. He offended the en-tire Nebraska congressional delegation in his office, and would have ordered the senators and congression from the room had it not been for Senator Allen. proceedings began when Senator Allen stated that the two senators and three representatives of the congressional delegation of Nebraska had come for the purpose of informing themselves as to the condition of affairs. In reply to this Cap-tain Book made a short statement. He tain Beek made a short statement. He stated that the Flournoy company had systematically robbed the Indians, and that it was a corrupt concern generally. Captain Beck said the members of the Flournoy company and every one of its friends and sympathizers were infamous liars and scoundrels.

Just as the captain finished John F. Meyers, the treasurer of the company, entered the room. "You are not telling the truth and you know it," he said.
