The Herald is delivered in Shenandoah and the surrounding towns for six cents a week, payable to the carrier. By mail, \$3.00 a year or 25 cents a month, payable in advance.

Evening Herald.

MONDAY, JULY 29, 1895.

ACCORDING to the most conservative and as Gilkeson is beaten in the contest... Change at once and it is only a question of time when the majority will be well and strong even in the weather.

IT is now reported that the County Commissioners will test the County Controller Act in the courts, so as to guard against any danger of surcharges in case somebody should make a successful test in the future.

A Large Waist is not generally considered a necessary adjunct to the grace, beauty or symmetry of the womanly form. Within the body, however, is a great waste made necessary according to the condition of things—continually in process and requiring the perfect action of all bodily functions to absorb or dispel the refuse.

To those about to become mothers, it is a priceless boon, for it lessens the pains and perils of childbirth, shortens labor, promotes an abundant secretion of nourishment for the child and shortens the period of confinement.

Dr. Pierce's pellets cure biliousness, constipation, sick headache, indigestion, or dyspepsia, and kindred diseases.

PETTICOATS AND SKIRTS.

Alpaca in Every Color—Wide Weave Silk Fabrics.

Alpaca petticoats are one of the latest developments consequent in expensive dress skirts. Moreen is rather heavy for warm weather, but alpaca, while lighter in weight, yet has a certain stiffness and springiness that compel it to stand out instead of persistently clinging to the figure, as do muslin and silk.

Evening Gown.

A portion of the decoration of every petticoat, are usually more or less covered, and a garniture of lace and ribbons is employed, as for silk skirts.

Tailor made skirts show no essential change. They are made with fullness at the sides and back, but plain in front. The seams are strapped, often with satin. Satin and satin duches are much worn. Silken fabrics are now brought out in immensely wide weaves, the cross way of which is ample for the length of the skirt.

It is said that summer gowns will be very simple, but that is doubtful, except as far as young girls are concerned, and they should be always simply dressed. It is time that skirts are usually plain, but they are so wide and so thoroughly lined that a woman could scarcely support the added weight of trimming.

GREAT CLOTHING STRIKE

The Sweat Shop Workers of New York Are Now Out.

THEIR DEMANDS VERY MODERATE.

The Strikers Declare That the Contest Was Forced Upon Them by the Contractors—Nine Thousand Workers Out in New York City Alone.

NEW YORK, July 29.—The Hebrew clothing makers of this city yesterday, for the first time, observed the American Sunday. They were on strike. Trouble has been brewing between the tailors and the contractors for some time, and yesterday culminated in a general strike of the workers. It is claimed by the strikers that 16,000 workers have responded to the call of the United Brotherhood of Tailors, and that not only this city, but Brooklyn, Newark and Brownsville are affected.

The number out in this city is estimated at 9,000. The workers assert that the contractors broke through the terms of the existing agreement by refusing to pay their hands on the day specified, and that they, the better to insure the success of their scheme to force a strike, looked out several hundred of their employees.

The contractors allege that work was slack, and that so few were employed, that they were compelled to B. A. Simpkins, some of them. Post. He was... The Taylor and... their orders... to knock off... many... They deny any... to live up to the terms of the agreement and that they forced the men to strike.

The men, however these things may be, one thing is certain, that the tailors were dissatisfied, and that they have demonstrated this by responding instantly to the call issued by the United Brotherhood of Tailors, the leading spirit of which is Meyer Schoenfeld, who styles himself official organizer of the United Garment Workers of America.

Mr. Schoenfeld and the other leaders wanted the contractors of what would happen if they persisted in their policy, but it had not the desired effect, and he proceeded to act. The fiery cross never brought the Scottish clansmen pouring from their fastnesses in quicker time than did the call of Schoenfeld and his fellow members of the executive board bring the tailors from their stuffy nooks of workshops.

At 8 o'clock four men started out with slips of paper bearing the official stamp of the United Brotherhood, and the order, "Stop working at once," in large black capitals, addressed "to all members of the United Brotherhood of Tailors." In a few minutes every needle in the shops in the neighborhood of Orchard street stopped, and soon the snap of scissors was no more to be heard in all the lower east side than the clink of glasses. The strikers came trooping from all directions to Wallhalla hall, their rendezvous in Orchard street, and by 9 o'clock the street in that neighborhood was black with people.

As many as could find room within the hall went in and heard speeches from Schoenfeld and other leaders. Schoenfeld told the strikers that the strike would be over in a week or ten days if the wholesale manufacturers would not interfere, as the strikers had been called out in a busy time, and the contractors were not in a position to leave their orders unfinished. Meetings were also held in the new Washington hall and other places.

The strikers are very anxious concerning the attitude of the manufacturers, because if they do not help the contractors out of their difficulty the latter must give way to the workers. No matter what happens, however, the leaders say that the strike will last until the agreement drawn up by the executive committee of the United Brotherhood is signed. They insist that only members of the brotherhood be employed, they guaranteeing to furnish all the men wanted; that they shall be required to work only fifty-nine hours in the week, ten hours on all days save Friday, when they stipulate for an hour less of work.

The contractors must also agree that they will not make it compulsory for an employe to make a certain number of garments in a certain number of hours. This is an entirely new clause, rendered necessary, it is said, by the fact that the contractors, while living up hitherto to the number of hours agreed upon, practically robbed the workers of the benefits of the agreement by compelling them to do an impossible amount of work in the stipulated time or suffer in pocket.

The minimum wages demanded is for operators \$15; haters, \$13; pressers, \$10; bushelers, \$10; trimmers, \$10; twistors, \$9. They also insist that all members of the brotherhood out be reinstated, and that the representatives of the brotherhood have access to the shops to investigate grievances and see that the employes have their "due books" as proof of their membership to the union.

Japanese Dominate Corea.

ST. PETERSBURG, July 29.—Advices to the Novoe Veremya from Vladivostok say that Japan is assiduously raising her army and navy to a war footing. Two cruisers, bought in Peru, have already arrived, and crews will shortly be sent to England to bring out three ironclads, each of 12,000 tons, which have been ordered there. A strongly warlike temper prevails in Japan. The Japanese have blown up the fortifications at Port Arthur. Clashes are raging in Corea and in the Liao Tung peninsula. The Japanese dominate Corea and hold the king a prisoner.

Sunk at Sea, Seven Drowned.

GRAVENSBURG, July 29.—The British steamer Baltimore City, Captain Graham, arrived here with five shipwrecked sailors, part of the crew of the British steamer Cleveland, from the Mediterranean, which had been sunk in a collision with the British tank steamer Duffield. The Duffield is understood to have rescued five other members of the crew of the Cleveland, but seven of the sunken steamer's crew are still missing.

Train Plunged Into the Sea.

YOKOHAMA, July 29.—A train bearing 400 Japanese soldiers, while en route to Kobe, ran off the rails where the line is constructed along a sea wall, and the first section of the train was thrown into the sea. A succession of heavy breakers struck the train and cut it in two. The first engine, with eleven cars, fell into the sea. It is stated the killed number fourteen.

Accidentally Shot a Boy.

HARRISBURG, July 29.—John B. Brown, aged 18, accidentally shot and killed William Beverly, colored, aged 15, while playing with a revolver. Brown was locked up, but a coroner's jury pronounced the shooting accidental and he was released.

STORM DAMAGE AT KANSAS CITY

A Remarkable Fall of Rain in Missouri and Kansas.

KANSAS CITY, Mo., July 29.—Kansas City and vicinity was visited yesterday by the worst rain and lightning storm in the history of the weather bureau. The rainfall in this city was 4.57 inches. No damage was done on the Missouri river, but across the line in Kansas great damage was done to private and public property. Reports from over the city indicate that the damage will foot up into the thousands. Streets and pavements were washed out like so much kildling wood, sidewalks were carried away, small wood-sheds and out-houses were moved to the creek bottoms, and destroyed, and the homes of a number of people were flooded.

The greatest amount of damage was done in the vicinity of Twelfth street and the "L" road. At that point the culvert that crossed Jersey creek caved in, and the water banked up twenty-five feet high. The home of William Smith, which sits upon a mound fully twenty-three feet from creek bottom, was flooded. At Thirteenth street and Jersey creek small buildings were washed away and carried down the creek several blocks.

The pavement at Thirteenth and Waverly avenue was completely washed out, leaving a ditch eight feet in depth. Tending from one side to the other you can damage done the simple from us, and... into the amount and the other. The... whether stand... alone will reach... thousands. It is safe to say... a street in the entire city which is paved with cedar blocks escaped damage. In Armoura and Argentine, Kan., much damage was done to private and public property because of the lowness of the ground.

Death of Ex-Consul Wood.

JAMAICA, L. I., July 29.—Colonel Alfred M. Wood, two terms mayor of Brooklyn and commander of the Fourteenth regiment when that regiment went to the front before the battle of Bull Run, died yesterday at his home in the village of Queens. In 1890 he was elected president of the board of aldermen on the Democratic ticket, but resigned that position to accompany his regiment to the front. Governor Morgan, however, refused to allow him to leave the state, but on the presentation of the case to President Lincoln the latter gave the necessary orders. At the first battle of Bull Run he was made prisoner by the Confederates. He suffered for a long time in Libby prison, but was finally exchanged. In 1878 Colonel Wood was appointed United States consul at Castellamare, Italy, which position he held for sixteen years.

Three Boys Killed by a Train.

WASHINGTON, July 29.—John Gardner, a colored man, made a horrible fall while walking on the tracks of the Baltimore and Ohio railroad near Riverdale Park, a suburb of this city. Lying in the ditch, in one heap, were the mangled bodies of three boys, ranging in age from 10 to 15. They had evidently been run down by a train. The bodies were identified as those of J. Waters Blundon, son of J. U. Blundon, a prominent contractor and real estate broker of this city; Guy Brown, son of W. R. Brown, of No. 9125 H street, and Charles Lynch, of Riverdale. The bodies were found huddled together, and mangled almost beyond recognition.

The War in Cuba.

HAVANA, July 29.—Accounts of the fight on the road between Manzanillo and Bayamo (in which General Santodices was killed), which have been published hitherto, were under censorship and largely imaginary. No official account has yet been received from Captain General Campos. The government admits that three officers and seventy men were killed. The general impression here is that Captain General Campos met with a distinct reverse. All the mules and horses were killed by his order, so that he lost his baggage train. Campos himself arrived at Bayamo on foot.

Carnegie Nail Mills Sold.

CHICAGO, July 29.—The Carnegie wire nail mills at Beaver Falls, Pa., have been purchased by the Consolidated Steel and Wire company of this city. The purchase price is said to be in the neighborhood of \$250,000. The deal, which is probably the largest effected in the wire nail manufacturing industry in recent years, arouses general interest from the fact that the present is said to be the first instance of the Carnegie company having sold a plant which bore its name.

Cleveland Mill Workers May Strike.

CLEVELAND, July 29.—It is more than probable that the 1,000 members of the Roll Mill Workers' union in this city will strike on Thursday next for an increase of 12 1/2 per cent. in wages. The men have already made their demands and they will hold a formal conference with the mill owners on Wednesday, but it is believed that the manufacturers will refuse to grant the demand. In that case a strike will be ordered to begin on the following morning.

Jenalous Causes Murder and Suicide.

CLEVELAND, July 29.—Early yesterday morning Emma Mitchell, a pretty girl, aged 18, was shot and fatally injured by James Lock, a musician, who at once turned the revolver upon himself and sent a bullet through his brain, dying instantly. Lock had been paying attention to the girl for some time. The girl was taken to a hospital, where she died in about an hour. It is believed that jealousy prompted the crime.

Treated Express Agent Missing.

NEWARK, O., July 29.—John A. Hoagland, agent of the Adams Express here, disappeared last Friday. An investigation of his accounts shows that he is short \$1,100. Hoagland left the safe locked and it is not known whether it contained cash to cover the shortage or not. Hoagland had been in the employ of the company for five years.

May Resume Gambling at Saratoga.

ALBANY, July 29.—It is probable that the restriction against gambling now in force in Saratoga will be abrogated early this week, and that those persons who go to this summer resort for the purpose of gambling will again patronize the hotels, the proprietors of which are complaining bitterly of the closing of the club houses.

Italians Not Tortured in Santiago.

ROME, July 29.—In the chamber of deputies Baron Blanc, minister of foreign affairs, announced that the reports from Santiago that the police had tortured Italian subjects were untrue. The chamber has adopted the commercial treaty between Italy and Japan.

Death of Rev. Dr. Edward Beecher.

BROOKLYN, July 29.—Rev. Dr. Edward Beecher, brother of the famous divine, Henry Ward Beecher, died at his home, on Macou street, yesterday morning, aged 82 years.

Don't Get Excited

Was what the doctors told me, and they said I must not run, on account of fat-

terring of my heart. I was sick over a year with dyspepsia, could not sleep or eat in comfort, was generally miserable... Hood's Pills... MISCELLANEOUS... Sarsaparilla... Hood's Pills... easy to buy, easy to take, easy in effect.

Gilmore's Aromatic Wine

A topic for ladies. If you are suffering from weakness, and feel exhausted and nervous; are getting thin and all run down, Gilmore's Aromatic Wine will bring roses to your cheeks and restore you to flesh and plumpness. Mothers, use it for your daughters. It is the best regulator and corrector for all ailments peculiar to womanhood. It promotes digestion, enriches the blood and gives lasting strength.

Sold by A. Wasley, 106 N. Main Street, Shenandoah, Pa.

After All Others Fail

CONSULT THE FAMOUS SPECIALIST Dr. Lobb, 529 N. 15th St. Below Calverhill, Philadelphia.

To secure a positive and permanent cure of Errors of Youth and Loss of Manhood and of all diseases of the Blood, Kidneys, Bladder, Skin and Nervous System, consult at once Dr. Lobb. He guarantees in all cases caused by Excesses, Impudence or Inheritance to restore to Health and Strength by building up the shattered nervous system and adding new life and energy to the broken down constitution. Consultation and examinations are strictly confidential. Office hours, daily, from 9 A. M. to 5 P. M. and 8 to 9 evenings. Send his book on errors of Youth and obscure diseases of both sexes. Sent free.

WANTED.—25 girls. None under 16 years of age need apply. Only those in need of work should apply. Apply at Shenandoah Hat & Cap Factory, 225 East Coal street, Lauterstein & Self. 7-22-19

NOTICE OF DISSOLUTION.—Notice is hereby given that the partnership heretofore existing between Lawson and P. A. Cherrington, for the laying of a flag and tar pavement for the north, east and south sides of the Jarvis street school building. The flag stones must be less than 8 feet long and 4 feet wide, and the thickness must be given. Prices must be given on both blue and red flagstones per square foot; also on the tar pavement per square foot. It will require 800 feet of flagstones and 80 feet of tar pavement, more or less. A bond of one-half of the total cost of contract must be furnished, conditioned upon the faithful performance of the work, and said work must be completed within 30 days after the contract is awarded, or the bond will be forfeited. All bids must be marked, sealed and sent to the secretary of the School Board. The right to reject any or all proposals is reserved by the board. P. A. CHERRINGTON, Shenandoah, Pa., July 25, 1895.

PROPOSALS.—Proposals will be received by the School Board of Shenandoah, Pa., on July 31, 12 o'clock, noon, on Wednesday, August 7th, for the laying of a flag and tar pavement for the north, east and south sides of the Jarvis street school building. The flag stones must be less than 8 feet long and 4 feet wide, and the thickness must be given. Prices must be given on both blue and red flagstones per square foot; also on the tar pavement per square foot. It will require 800 feet of flagstones and 80 feet of tar pavement, more or less. A bond of one-half of the total cost of contract must be furnished, conditioned upon the faithful performance of the work, and said work must be completed within 30 days after the contract is awarded, or the bond will be forfeited. All bids must be marked, sealed and sent to the secretary of the School Board. The right to reject any or all proposals is reserved by the board. P. A. CHERRINGTON, Shenandoah, Pa., July 25, 1895.

Mother and Son Drowned. CERKHO, W. Va., July 29.—Mrs. William Pierce, of Middleport, N. Y., and her married son, Franklin, who own a large family boat and travel by river operating a merry-go-round, were both drowned here yesterday afternoon. Mrs. Pierce fell to death last night. It is supposed that 12,000 volts passed through the man's body. He was heard by the other workmen to give a deep groan and then fall to the floor. The doctors worked over Gruise for half an hour in their efforts to resuscitate him. They at last gave up and pronounced the man dead. It is supposed he caught hold of a live wire.

Building Committee. Shenandoah, Pa., July 27th, 1895. COMMITTEE. SHERIDAN, Secy.

REMARKABLE CRIMINAL

Still Another Murder Charged to H. H. Holmes.

PROBABLY HIS FIRST VICTIM.

In This Murder It is Alleged That B. F. Fitzel, Holmes Latest Victim, Was a Participant and Equally Guilty With the Chief Conspirator.

CHICAGO, July 29.—Inspector Fitzpatrick was yesterday put into possession of facts which weave closer the web of proof around H. H. Holmes, and make another victim to the already long list. This information was furnished by Attorney George B. Chamberlain, general manager of the Lafayette Mercantile agency. This murder is shown to have been prior to the murder of Wiggan, Gilberton, Frackville, New Castle, St. Clair, Pottsville, Hamburg, Reading, Pottstown, Phoenixville, Norristown, and Philadelphia (Broad street station) at 6 08 and 11 45 a. m. and 4 15 p. m. on week days. For Pottsville and intermediate stations 9 10 a. m.

Why smoke and have been prior to the murder of Wiggan, Gilberton, Frackville, New Castle, St. Clair, Pottsville, Hamburg, Reading, Pottstown, Phoenixville, Norristown, and Philadelphia (Broad street station) at 6 08 and 11 45 a. m. and 4 15 p. m. on week days. For Pottsville and intermediate stations 9 10 a. m.

The name is kept from the public, the attorney says, to allow the police to work up further evidence. It is believed that this is the first victim of H. H. Holmes.

HE WORKED FOR HOLMES.

A Former Employe Tells of the Swindler's "Business Methods."

KANSAS CITY, July 29.—Thomas Lovl Tuck, who at one time was employed by H. H. Holmes in his Chicago "castle," is living in Kansas City and employed in a Kansas City dry goods store. Speaking of his acquaintance with the noted criminal Tuck said he first got acquainted with Holmes in 1893. He was looking for employment, and Holmes had a clerkship open in his drug store, which Tuck secured.

Continuing Tuck said: "I did not see Holmes for more than a minute or so at a time. He hired me and said he had to be off at once for Toronto, and with that he went away and it was several weeks before he got back. "When he did get back I soon found he was a swindler. He called it 'trading.' Why, his place was full of things—soda fountains, household goods, all sorts of stuff—and then besides, he had several drug stores, and I believe a lumber yard. He had an agreement with a cigar house, a perfectly reputable concern, too. I believe, by which he was to get so much...
