MR. QUAY GOES UP BEAD. Nothing Slow About the Old Man When He spurts.

Interest in the State contest will not droop now that Senator Q my is again at droop now that Senator Q may is again at the halm and is directing the operations of his followers in person. The leaders say Journal, in a very recent issue, the countries which are for Quay will now begin and declare that the Republican Committee shall be compatible to call for a primary to to report and it will so su be appa ent that the anti-Quay people" have not so much foundation to build their boastful claims scheme which they fear more than anything upon as they have pretended ever since Mr. Quay left Philadelphia for the western part of the State the last time. With the Senator in command in person, and with reports coming in from counties where the Republicans are not handicapped by caudidates for judgeships and all that sort of thing, it will be strange indeed if, during the next two or three weeks, the color of the campaign does not take on a very roseate hue for the friends of the great leader, upon whom a bitter war is waged with a purpose of belictling him and putting at the head of the Republican organization a man of mediocre

Quay carries the four wards of Bliomsburg by a vote of 277 to 81; also the seven delegates of the township and berough of Ca awassa.

The la est which came by telegraph last night is that wi h four out of 45 voting districts to be heard from, the Quay people claim 56 out of the 94 delegates to the Co-lumbia County Convention and the Has-tings men concede the election of a Quay delegate to the State Convention.

From Greene county comes the following dated at Waynesburg: Senator Quay will get the one delegate from Greene county. At the primaries Saturday the Republicans rebuked the combine for its guerrilla methods by giving the Quay sandidate over-whelming m jorities. Senator Wal on and Judge Dickey, who conduced what fight there was against Quay, got such a turning down that they will not forget i. They were badly beaten in their own ward. The vote in Wayne to enship was 62 to 11 in favor of the Quay men. Governor Hast-ings' stronghold, Greensboro, elec ed Quay delegates by a vote of 34 to 16. In several precincts the Quay vote was unanimous. The triends of Judge Dickey are being chaffed over his failure to elect anti Quay

A Condersport despatch says that at a well-a tended meeting of the Republican County Committee of Potter county, held on Saturday, resolutions were adopted unanimously setting forth that the best interests of party would be subserved by electing Senator Quay Chairman of the State Committee. Petitions are being circulated among the members of the County delegate to delegate to the State Convention to vot-Senator Quay for State chairman Four out of five of the delegates to the County Convention have signed, or will sign the petition. Similar documents are in circuation among the Republican voters of Potter county.

The cheering news from Dauphin county, in a dispatch from Harrisburg, is that the Republican naming meeting was held Satw night. Not tire Dauphin county delegation will be for Senator Quay. There have been frequent conferences by his opponents looking to a contest for delegates, but the field was so unpromising that they decided to abandon it. Senator Quay's friends are in con rol here, and will see to it that he gets the dele-

Quay.

The Philadelphia Inquirer of yesterday has the following: A prominent Republi-can who is not identified with e-ther faction said yesterday that the anti-Quay per-ple were extremely anxious for a compromise and that some of them had gone so far as to suggest the basis for peace proceed-ings. This was, in brief, that Senator Quay and Corporal Gilkeson should retire from the fight and that Quay be given full power to choose the man to take his place and be-come State chairman. Three men were suggested in this con-

niction-Congressman John B. Robinson General Frank Reeder and ex-Lieutenant Watres. These three men represent all shades of Republican belief. Robinson is a rampant Quey man, Reeder being in the Cabinet, is naturally close to Hastings, while Watres is friendly to both Quay and Hastings. It will be noticed that Gilkeson is not taken into consideration in this arrangement at all. That is what the little corporal lears above all things—that peace may be declared and Gilkeson let out in the cold.

The proposition for compromise, however, is indignantly spurned by the Quay men. They say that the fight is wou and that talk of compromise is simply a sign of weakness on the part of the anti-Quayites. When a reference was made to Cooper it was said that Cooper didn't speak for any-boar but his sign.

Ex-Magistrate Durham, who is in charge of the local end of the Quay headquarters of the local end of the Quay headquaters at 1414 Pine street, left for Atlantic City in the aftersoon in company with Magistrate Harrison. When seked about the compromise story, he said: "It is simply a confession of weakness on the part of the other side. They statted the fight on Quay and will have to take the consequences. There can be no compromise in this contest. Quay will be elected State Chairman. His opponents find themselves in the unenvia-ble position of running counter to public sentiment."

Mr. Quay's Faith in the People. JOHNSTOWN, July 28.—The brief conference that Senat r Quay held with friends here last Friday and the publication since of the facts in connection with the plans of the Quay supporters here is resulting in some very tall hustling on the part of

each of the opposing forces. The Hastings people who are secure in the knowledge that delegates Campbell, Dale and Robison, are for Hastings, are much rattled as a result of the scheme now on four to hold a primary electron to some intermedian and declare that the Republican Committee shall be compelled to call for a primary to get at the voice of the people. Gentlemen:—Replying to yours of the 1st, would say that I have used tobacco for 46 years, and of late have consumed a 10-cent plug a day, besides smaking considerably. I commenced to use tobacco when I was only II years old, and have never been able to give up the habit until I took Narcori-Cuzz, although I have tried other so-called remestics without effect. After using your remedy four days, all "hankering" for thewing disappeared, and in four days more smoking became unpleasant. I have no farther desire for the weed, and experienced no bad effects, whatever. I am guining in flesh, and feel better than I have for a long time. To all who wish to be free from the tobacce habit I would say, use Narcori-Cuzz.

Yours truly.
