TO OUR FRIENDS.

With this issue the HERALD is printed for the last time at the Journal office in Pottsville. Since the disastrous fire of June 1st the employes have been making their daily trips between Shenandoah and Pottaville and imposing upon the good nature of Major John F. Finney, manager of the Journal, who proved a spartan-like friend when the blow came upon us. To Sol. Foster, Esq., Hon. Elias Davis and others of the Journal's staff and employes in the press, composing and job rooms of the Journal we also feel deeply grateful for timely aid, and we shall ever remember their kindness.

We must also again refer to the kind services rendered us during the past two months by Messrs, Charles S. Lee, general passenger agent of the Lehigh Valley Railroad; C. G. Hancock, general passenger agent of the Philadelphia & Reading Railroad; our townsman, P. J. Ferguson, whose services at a critical moment were of the greatest value, and the gentlemen connected with the real estate department of the Philadelphia & Reading Coal & Iron Company, for kind offers made us, There are many others to whom we are indebted for acts of kindness during our period of discomfiture following the fire and they will please accept our expressions of gratitude without enumeration.

Hereafter the HEBALD will be issued from its new quarters on South Jardin street, in Shenandoah.

ADIEU.

After spending in the newspaper business 38 years of my life, 25 of them in Shenandoah, I now leave it and relinquish my interest in the publication of the daily and weekly HERALD. Only those who have become wedded to a following

people of Shenandoah to stand by them and the HERALD and, in return, I know they will render invaluable service in promoting the interests of the borough and its H. C. BOYER. people.

Drop in the "Thermoms."

A cold wave struck the thermometer and they suddenly dropped to a very unusual low degree this morning for this season of the year. It was so cold that the railroad companies introduced steam heat in their cars. The snap also had an effect on early morning railroad traffic and the first train for Pottsville over the short line had but seven passengers during the entire sastle, which, he thinks, might have been trip.

HE HOLMES MYSTERIES I Was an Invalid again.

A Fort Worth Lawyer Who Has "Proofs" of the Murders

Says He Will Produce One of the Murderers, Who Will Turn State's Evidence, Holmes' Philadelphia Lawyer Declares His Client Innocent of Musicar

CHICAGO, July 31.-Three warrants for the arrest of H. H. Holmes and Patrick Quinlan are now hanging fire. They are taken out solely for the reason that it is the desire of the complainant to give the police all of the leeway possible oreing them to act as to Quinlan. An imortant witness against Holmes and Quinlan has been found in a mysterious bricklayer who built a fire box in the and as a resort for dead bodies, and who told his story

Lawyer William Cappa, the Fort Worth attorney, who is here at the instance of the heirs of Minnie Williams, stated to day that he is prepared to prove the mur-der of Miunie and Annie Williams. He insists that it was done by Holmes, Quin-lan and another man, whose identify he refuses to reveal. This man has been loated by a detective, whom the heirs of he Williams girls put upon the case eight months ago. "He is ready to confess," sold Mr. Cappa, "on condition that the police guarantee him immunity from punishment. My detective says the man knows that the girls were killed in the Sixtythird street house, and that he knows when they were burled."

A private account book kept by Holmes has been discovered in a grate at the Sixtythird street house. The book was found with a bundle of letters addressed by various women to Holmes, which had evideutly been placed there for burning. The accounts, which date back to May 1, 1885. show dealings with various people, and an entry regarding insurance shows the existence of insurance deals as early as 1883. A mysterious "Dora" is mentioned as the recipient of numerous small sums, which are carefully recorded, and the minutes of the Englewood company are also given, with the election of directors and the transaction of other business.

Holmes' Versatility.

PLATTSBURG, N. Y., July 31.-Herman W. Mudgett, alias Holmes, went to Mooers, Clinton county, in 1883, in company with another man and canvassed the town for nursery stock. While there he was engaged by the school trustees at Mooer's Forks, and taught a term at their school. At the close he went east and soon returned with a little boy, who remained but a short time, and disappeared. A little later he settled down at Mooer's Forks in practice as a physician for about a year. During the presidential campaign of 1884 he bet heavily on Republican victory, but to his dismay Cleveland was elected. Shortly after this his true nature commenced to develop, and the people be-gan to hear and see reasons to question his honesty. He left for Chicago owing some bills, but about a year later returned for a few weeks' visit and settled some of them. He spoke glowingly of his busi-ness at Chicago. During his stay here he gained the confidence and friendship of iany.

Declares Bolmes Is Innocent of Murder PHILADELPHIA, July 81 .- It is known that H. H. Holmes has notatany previous time fully confided in his counsel, and it was learned yesterday that the lawyers had threatened to withdraw from the case if Holmes did not make a full breast of his criminal career. Holmes, it is understood, pleaded with Attorney Shoemaker not to desert him, gave his life history in detail to his counsel. The history, Mr. Shoemaker says, fills 400 pages of closely type written matter. Since the last con-ference between the prisoner and his counsel Mr. Shoemaker declares emphatically Pool room attached. Finest whiskeys, that his honest conviction is that Holmes never committed murder in his life.

and Negro Miners,

SEVERAL KILLED IN THE FIGHT.

Of the Dead One Is a Deputy Sheriff, While Another Deputy Was Mortally Wounded. The White Miners Were Aiding Officers to Arrest a Negro Murderer.

BIRMINGHAM, Ala., July 81 .- The mining town of Brookside, fifteen miles west of here, is in a state of panic over a race riot which occurred yesterday, resulting in the death of a deputy sheriff and a number of negroes, and the fatal wounding of another deputy. The fight, which insted for over two hours, was between an organized band of white miners, headed by Deputy Sheriffs A. T. Wood and Joel Baxter, who were trying to arrest Jim

Biggers, a negro, and a crowd of the int-ter's friends. Over 150 shots were fired. Mine Boss Silverhouse, of the Sloss Iron and Steel company, discharged Biggers for a violation of the mine rules. Biggers re-mained about the place making threats. He refused to leave the company's ises, and a warrant was sworn out for his arrest for trespassing, and Deputy Sheriff Wood and Special Deputy Joel Baxter went to arrest him. As they approached Biggers fired upon them with a Winchester rifle. A bullet passed through Woods

head and another through his heart, killing him instantly. Baxter was mortally wounded, but was able to got back to the camp and give the alarm. The whole force of miners at once or-ganized and went to arcest Biggors. The latter, in the meantime, had called in a number of his negro friends, and when

the two parties met a pitched battle re-sulted, the negroes finally fleeing to the woods. It is now said that a half a dozen or more were shot down, several of whom were killed outright and the others badly wounded.

Deputy Woods, who was killed, was exsheriff of Talladega county. It is believed that the arrival of the force of officers from this city will restore quiet, and that no further demonstration will be made by the negrocs. Trouble between the white and black

miners employed at the Slosser company's mines at Brookside has been brewing for some time. There has always been ill feeling between the two races, and it needed but the first shot to bring on a fight.

The town of Brookside is in a state of great excitement, every man in town being armed.

A Theater Company in Court,

SAN FRANCISCO, July 81. - Judge Murphy's court room looked as if the Durant trial was in progress yesterday, but it was not. Instead the actors and managers of the Alcazar theater held the boards in an endeaver to show why they ahould not be punished for mull ante \$1.00, show that the play had no reference to the Durant case, but Judge Murphy said it was the violation of the injunction of the court that constituted the contempt. The ease was postponed until Saturday. In the meantime Dally will rest in jall until he can procure bonds. Judge Murphy made the actors promise that they we make no further attempt to produce the play, and they were allowed to go.

Officers Prevent a Lynching in Boston. BOSTON, July 31.-Last night Crecienco in the right thigh and in the left groin, with bullets from two revolvers, by Leopoldo Santoniello, 22 years old, and his cousin, Gactano Torino, 23 years old. All of the combutants are bakers, and the shooting resulted from a quarrel over a game of "tocco." Torino and Santon-iello were promptly arrested, but the officers were unable to control the crowd of excited foreigners, who in their excite-ment wanted to lynch the prisoners. After a hard struggle fifteen policemen managed to get the prisoners to the station. Pagano's death is momentarily expected.

through life-long attention can appreciate my feelings in bidding farewell to journalism-a farewell that may be a long one, and perhaps lasting. I first started in the newspaper business when 14 years of age and continued at it with the exception of the time I gave service in the civil war (from 1861 to 1865) until the present day. A reflection upon the lapse of time involved in this period will satisfy anyone that the ties which have bound me to the profession are indeed firmly welded and an almost superhuman effort is remained to break them, though only Great time. But

with mature asserts herself she rules, and as ill-health closes upon me I find I must submit to a practical dethronement, I do so, however, with the determination that should it be my good fortune to reconperate my health I shall be in the journullistic field again.

I take this opportunity to say that newspaper men are not supernatural, as many people suppose, but human, and are as liable to err as the majority of mankind. Consequently I have no doubt made mistakes at times, but I assure those whose eyes may fall upon this that I have at all vi mes directed my energies and influence in the channels which I considered were for the best interests of Shenandoah and its people and time following my withdrawal alone will tell whether in many of my undertakings my judgment was at fault, or those who opposed my views could not see far enough. Be that as it may, I give assurance that I leave my field of labor with "heartfelt wishes that Shenandoah and her people may always prosper and that all contrary winds I may have foretold will be anceasefully quelled. My most carnest wish is that any displeasure my opinions may have caused will cease with my retire. ment and that those who may have felt hurt will not harbor ill-will against any who were either directly or indirectly connected with me in the publication of my paper. This is but a just request.

In conclusion, I wish to say that the gentlemen who succeed me in the publication of the HERALD are practical men in the profession. They have served many years on the HERALD and one of them is a graduate of the paper. I feel confident that they will succeed and would urge the
