## Cholera Infantum Puts in Its Appearance.

EVERY POORLY NOURISHED BABY LIABLE TO ITS ATTACK.

Complete Security in Lactated Food.

A RICH NUTRITIVE RELISHED IN HOTTEST WEATHER.

Its Use Brings Sound Sleep and Steady Growth.

BABY WATER.

Every thin, lipped, underfed baby is a warning mark for wasting diarrhoeal disorders that put in the appearance with the advent of hot weather. Yet every death from an intestinal disorder shows either neglect or ignorance on the part of the parents. The only safety for pale, weak, sickly babies is to keep up their strength without irritating their intestines, and this great problem of delicate babies in hot weather has been solved to the complete satisfaction of hosts of mothers by lactated food. It is a perfect substitute for healthy, vigorous, mother's milk, and the one infant food which possesses the best scientific combination of all the elements necessary to the complete nutrition of the growing child. It has saved thousands of infant lives, and its praises have been said by thousands of grateful, happy mothers. Read the following letter from Francis T. Waters, Principal of the Gregory Normal Institute, Wilmington, N. C., whose beautiful baby's picture is printed above: 'I send you with this picture of our little girl, whose health is due to lactated food. One year ago, she stopped using lactated food and tried another, but soon her bowels became irregular, and we returned to lactated food. She is just past two years old, has all her teeth, and is the healthiest, merriest, rosiest little girl you ever saw. We have not had a doctor's bill to pay and the sweetest and best baby in the world. I can speak in the highest terms of your lactated food for children.'

Mrs. Rhodie Noah, of this place, was taken in the night with cramping pains and the next day diarrhoea set in. She took half a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got relief. She then sent me to see if I had anything that would help her. I sent her a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and she first dose relieved her. Another of our neighbors had been sick for about a week and had tried different remedies for diarrhoea but kept getting worse. I sent him this same remedy. Only four doses of it were required to cure him. He says he owes his recovery to this wonderful remedy.—Mrs. Mary Sibley, Sidney, Mich. For sale by Grubler Bros., druggists.

### STRIKING TAILORS WINNING.

Over Sixty New York Contractors Have Signed the New Agreement.

NEW YORK, July 31.—The contractors are coming forward in such numbers to accede to the demands of the striking tailors that it appears probable that the strike will soon be ended. More than sixty contractors have signed the new agreement, which displaces the piece work system and in its place creates a weekly scale of wages. These are the leading contractors of the city, and they employ from fifteen to fifty workmen each. As a result 2,000 tailors resumed work at their benches this morning. The settlement committee will continue to hold daily sessions until all the contractors are accommodated who desire to be.

Mass meetings were held at Walhalla hall in almost continuous sessions from 10 o'clock yesterday morning, the principal speakers being Samuel Gompers, Heyman Robinson and Meyer Schoenfeld. Last night another monster meeting was held at Cooper Union. It was a remarkable gathering of strikers, hundreds of women and young girls being among the most earnest and demonstrative of the audience.

Charles F. Reichers, president of the United Garment Workers of America, was chairman. "We must win this fight or lose what we have already gained," he declared. "We must do away with the tenement house evil, the crowding of hard workers in the sweat shops, and the system which allows that intiquity. Last year we did away with the task system. This year we must do away with the system that permits the contractors to bleed our workers. We must deal direct with the manufacturers."

Samuel Gompers, the national labor leader, declared that the strike was in line with the movement of the workmen all over the country for shorter hours of labor. He said: "The time has come when hours of labor must be reduced. May 1, 1898, the organized labor movement of America will demand the enforcement of the eight hour law."

### THE NEW BRITISH PARLIAMENT.

Conservatives and Liberal Unionists Have a Majority of 152.

LONDON, July 31.—With the exception of the polling in Orkney and Shetland, which was formerly represented by Sir E. Lyell, a Liberal, and the result of which will not be known until the end of the week, the new parliament is now complete. The division of parties is as follows: Conservatives, 84; Liberal Unionists, 70; government total, 411. Liberals, 174; McCarthyites, 70; Parnellites, 13; Labor, 2; total opposition, 359. Government majority, 152. Conservative majority over all, 12.

Thus, the Conservatives and Liberal Unionists, with a net gain of 90 seats, will have a majority of 103, the largest in the memory of the present generation. The Conservatives are made independent even of a coalition of all the other parties, including the Liberal Unionists.

The aggregate vote in the contested elections in Great Britain was as follows: Conservatives and Liberal Unionists, 1,725,455; Liberal, 1,638,247; Labor, 59,966; total, 3,423,668. But as 114 of the Unionist candidates for parliament were returned unopposed, no reliable estimate can be formed of the electoral strength of the parties.

The Liberal and Radical press are daily engaged in trying to explain the defeat, but to little purpose. The broad fact of the situation is that the Conservatives are not likely to be displaced for five or six years, unless dissensions should arise in the cabinet between the sections led respectively by Mr. Balfour, Conservative, and Mr. Chamberlain, Liberal Unionist.

### The Rights of Insurance Companies.

ALBANY, N. Y., July 31.—The right of insurance companies to exhume the bodies of policy holders is to be determined by the court of appeals on the appeal just filed in the case of Charles Wehr against the United States Accident association to recover \$10,000 on a policy on the life of Henry Wehr, who was found drowned at Rockaway on Sept. 4, 1898. When the case came to trial it was dismissed on proof that a demand of the insurance company to make an examination of the body after the burial had been denied by the representatives of Mr. Wehr. The court says that the examination of a body cannot be had unless the contract calls for such examination in unequivocal terms. From this decision the company appeals.

### Safely Landed in Cuba.

TAMPA, Fla., July 31.—The long delayed Relief expedition, which left Key West early in June, has landed safely in Cuba. Up to the 17th inst. the party was detained on an obscure Florida key, owing to improper instructions given a steamer which was to convey them to Cuba. The provisions they had afforded subsistence for a few days, after which they obtained food from adjacent keys. The hardships while on this island, exposed to the elements, were great, and twenty-five of the 250 deserted, making their way to Key West and Tampa, where they were put under the oath of secrecy. The expedition was finally taken from the key by a rescue steamer, and were landed near Las Tunas de Zaza last Saturday night.

### Murdered His Abandoned Wife.

MONTEAL, July 31.—Isido Gauthier, a cigar maker, 29 years of age, emptied the five chambers of his revolver into a beautiful young girl to whom he was engaged to be married, Celine Consigny, also 29 years of age, late yesterday afternoon, instantly killing her. Gauthier admitted that he bought the revolver for the express purpose of killing his sweetheart. He also, he said, intended to take his own life had he not used all the bullets in the revolver in killing the girl. He and Miss Consigny were to have been married in a week.

### Ferdinand's Return to Bulgaria.

VIENNA, July 31.—M. Stollhoff, the Bulgarian prime minister, has assured the Sofia correspondent of The Fremdenblatt that Prince Ferdinand will certainly arrive in Sofia by the middle of August. This is taken to indicate that Princess Clementine, mother of Prince Ferdinand, has prevailed upon her son to return to Bulgaria, notwithstanding the risks he may incur through the assassination of ex-Prime Minister Stambouloff.

### Justifiable Homicide.

HOBOKEN, N. J., July 31.—The inquest touching the death of John Spellacy, who was shot by Police Sergeant Kreiger while resisting arrest at his home in Union Hill last Thursday night, was held at Ruth's Hall last night. The jury rendered a verdict to the effect that the homicide was justifiable. Sergeant Kreiger and Patrolman O'Brien were, however, taken to jail on a bench warrant issued by Judge Hudson.

### THE MARYLAND DEMOCRATS.

Gorman's Friends in the Majority in the State Convention.

BALTIMORE, July 31.—The convention which will nominate state officers opened to this city today. Never in the history of the state has there been waged a more spirited contest. At first the revolt against the so-called Gorman ring assumed such proportions that many experienced politicians predicted that an anti-Gorman candidate for governor would be named, but as the fight progressed it became evident that the Gorman forces were again in the saddle, and it is now conceded that whoever the senator elects for the nominee will be chosen with but little opposition.

Among the most pronounced candidates are ex-State Senator Hayes, State Treasurer Jones, Colonel Walter Smith and John F. Hurst, all close friends of Gorman, and Judge Fisher, who has a large independent following.

The latter in a public letter said yesterday: "The great mass of the Democrats in the state at large, and particularly in this city, entertain the views for which I stand. No objection can be made against my loyalty to my party, and I have heard none except that it is dangerous to speak out those sentiments in regard to Mr. Gorman which are in every breast. The nomination will depend in the last analysis upon the votes of unpledged delegates from my own city. What reason, therefore, have I to suppose that they will not be cast for me?"

John E. Hurst, a rich man of this city, who up to Monday was barely considered as a possible candidate, is looked upon as a formidable candidate, but the general opinion is that either Hayes or Jones will get the nomination.

### Heavy Fines for Violating Game Laws.

KEWANA, Ill., July 31.—H. Clay Merritt, charged with illegally dealing in game, was found guilty yesterday by Justice Pyle, and fines were assessed to the amount of \$23,600. Merritt took an appeal to the circuit court, but was obliged to furnish bonds in \$10,000. In addition to the above case State Game Warden Blow, of Chicago, announced that he would institute two more suits against Merritt, involving 2,700 quail and ducks, and if these cases also prove successful Merritt will have fines to pay in the aggregate of about \$110,000.

### The President's Coachman Buried.

WASHINGTON, July 31.—The president's coachman, William Willis, was buried yesterday with appropriate Masonic and religious funeral services. Many White House employees were present, and Sinclair, the White House steward, came here from Gray Gables to attend the funeral by direction of the president and Mrs. Cleveland. A large wreath of white flowers and asparagus was sent to the church by the president in memory of his faithful servant.

### A Steichen Mother's Suicide Effort.

NEW YORK, July 31.—Mary Rinaldi, a young Italian woman living at No. 192 Washington street, attempted suicide yesterday by cutting her throat in a frenzy of grief over the death of her child. The latter fell from a window and was crushed. The mother stood over the body for a moment, then hurried to the barber shop of her husband, and seizing a razor slashed her throat with it before any one could interfere. Her condition is serious.

### An Elopement Terribly Beaten.

WATERBURY, N. Y., July 31.—Mrs. Hattie Corey, wife of Burr Corey, a resident of Jayville, on the Cortland and Adirondack railroad, eloped June 22 with John Kirch, superintendent of a saw mill, leaving one child. Kirch left a wife and four children. Mrs. Corey returned home on Saturday, and was ordered to leave town. Neglecting to do so she was stripped and brutally beaten by a mob of men, women and boys. She may die.

### May be a Bonanza.

VICTOR, Colo., July 31.—S. Stratton, the millionaire, has struck safe and well. Captain McKay reports that on July 29 he was obliged to stop the ship, owing to a fracture in the main steam pipe. The repairs was completed after a stoppage of thirty-seven hours. Captain McKay reports that little or no excitement prevailed at the time of the accident.

### A Monastery Brewery.

PITTSBURG, July 31.—Bishop Phelan has been appealed to by several priests in this diocese to stop the manufacture of beer at the St. Vincent monastery, Latrobe. The monastery derives a large revenue from the brewery. Some years ago the brewery was closed on a similar action, but a short time ago it was allowed to reopen by special dispensation.

### Mrs. Spivey Acquitted.

MONTGOMERY, Ala., July 31.—Justice Fuller, after a two days' preliminary trial, released Mrs. Spivey, charged with the murder of her husband. The ground of the acquittal was that the justice had not been convinced that a murder had been committed.

When there is irregularity or inaction, ladies who value a clean, pure, healthy body will take Dr. Pierce's Favorite Prescription—the only remedy for woman which being once used is always in favor.

To those about to become mothers, it is a priceless boon, for it lessens the pains and perils of childbirth, shortens labor, promotes an abundant secretion of nourishment for the child and shortens the period of confinement.

### POETICAL LAW.

The Lawyer Was Weak on Rhymes, but He Got a Verdict. An eccentric Irishman named Broome, who lived in Queens county, and owned an estate valued at \$600,000, was made Mr. Towns one of four heirs, and his share will be \$150,000, says an old copy of the Troy Times. About ten years ago an old man entered his office and requested an interview.

He stated that he had long been interested in reading of litigations, and he had seen the name of Mr. Towns in the newspapers as a lawyer who did not take the law too seriously, so Broome came to Mr. Towns, saying he had decided to give him the first case that he was interested in, on condition that he would sum up the case in rhyme.

The case was that of Mrs. Bridget Rowan against John Bedell for damages for being bitten by a dog and drenched with water from a hose. To comply with Mr. Broome's request Mr. Towns summed up the case as desired. After reciting how Bedell, who

Keeps near the park, oh, sad to tell, A low resort of vice and sin, Where he dispenses rum and gin. Yet, not content with deadly cups, He keeps two wild, forenoon pups To slay those who escape his lair With deadly hydrophob-air, the poet went on to say that Bedell, Seeing she was but a woman, Set his puppies on Mrs. Rowan, And as he saw her run with fright, 'Tying to save herself by flight, "Bill, before she goes Just play upon her with the hose," Cursed, assaulted, all but drowned, Bleeding from the puppies' wound, The plaintiff, gentleman of the jury, At last escaped this backward's tary And comes in court to see if you Will do as you'd have others do.

These atrocities, the Albany Journal says, resulted in a verdict of \$375 for his client. His patron was so pleased that he gave him another case, in which he recovered \$9,588 against the Long Island Railroad company on injuries to a woman's knee. This case he summed up in rhyme, remarking among other things deserving death:

The fairest thing on earth to see Is lovely woman's beautiful knee.
