Since 1878 there have been nine epidemics of dyscutary in different parts of the country in which Chamberian's Colic, Cholera and Diarrheea Remedy was used with perfect success. Dyscutary, when epidemic, is almost as severe and dangerous as Asiatic cholera. Herefofore the best efforts of the most skilled physicians have failed to check its ravages, this remedy, however, has cared the most malignant cases, both of children and adults, and under the most trying conditions, which proves it to be the best medicine in the world for bowel complaints. A Victory Passenger.

A young man named Evans boarded a Schuylkill Traction car in town last night and Journeyed down the valley. When Conductor John Groody asked for fare Evans said he had given a fifty-cent piece. This Groody denied, but Evans refused to pay fare when twice asked to do it subsequently. He was allowed to ride to Girardville and just as he was about to leave the car Groody again asked for fare. Evans uttered an oath and alighted. He then picked up and threw a stone that shattered one of the car windows and inflicted on the back of Groody's head a gash that required four stitches. Evans avoided arrest, but a warrant is out for him. Groody says it was a clear case of beat and that he did not receive a fifty-cent piece during the entire trip. Evans' first name, or residence, is not known.

After trying to extinguish the flames he ran to where forty miners of the first shift were at work in the main gangway and warned them of the danger. He had been so badly burned already that after gasping the word "Fire!" he fell unconscious. The other miners rushed in a body to the foot of the shaft, dragging Williams with them, and all were safely carried to the top. Springfield, Mass.

Gentlemen:—Replying to yours of the 1st, would say that I have used tobacco for 46 years, and of late have consumed a 10-cent plug a day, besides smoking considerably. I commenced to use tobacco when I was only II years old, and have never been able to give up the habit until I took NARCOTT-CURS, although I base tried other se-called remedies without effect. After using your remedy four days, all "haskering" for chewing disappeared, and in four days more smoking became unpleasant. I have no further desire for the weed, and experienced no bad effects, whatever. I am gaining in flesh, and feel better than I have for a long time. To all who wish to be free from the tobacce habit I would say, use NARCOTT-CURE.

Yours truly, W. N. WAITE.
