## SAY IRELAND MUST BE FREE

Important Action by the Leading Irish Society in America.

### ANCIENT ORDER OF HIBERNIANS!

Resolutions Which Favor Revolutionary Action Receive the Hearty Endorsement of National Officers of an Irish-American Society.

NEW YORK, Aug. 2.—The national officers and directors of the Ancient Order of Hibernians meeting at the Continental hotel, yesterday passed resolutions which are thought to be deeply significant of the future policy of the organization in the United States upon the question of the method for forwarding the cause of Irish independence.

The resolutions are said by well informed Irishmen to mean that the A. O. H. indorses the Irish revolutionary movement which seeks Irish independence by force of arms, although the text does not convey that statement in direct language. The importance of the action taken lies in the fact that it is done in the name of 500,000 men who form the society.

The main resolution reads: "Resolved, that as representatives of the largest and strongest Irish-American organization on the continent, every member of which loves the liberty of his native or adopted country, we pledge the faith and fealty of this order to any policy that they think is operative looking to a natural, regular and aggressive effort for Irish national independence."

Judge Wilber, of Philadelphia, said: "Our resolutions practically indorse the new movement. It is of course in embryo, and we cannot designate it, but when after the convention it becomes an actual fact, and is established as a movement to win the absolute independence of Ireland, then we shall be free to speak of it. We will help to make it such a movement, and we have no fear of the future."

Major Edward Sweeney, of Cincinnati, said: "I am, and so are the other officers and directors, in favor of the new movement so long as we see it is a movement in the right direction. We are tired of humbug, and now we must have active work."

M. J. Slattery, the national secretary, said: "These resolutions are distinctly in favor of the new movement as a revolutionary movement, not otherwise. I do not believe in begging favors of England. You can get nothing out of England save by one way."

T. J. Duedon, of Columbus, O., national treasurer, said: "We take issue now with England, and for the last time, I hope, Ireland must be free, no matter how we accomplish it. Good men and true will bring England to her knees."

William Lyman, treasurer of the late National League, and one of the foremost advocates of the new movement, said: "I am perfectly satisfied with the resolutions passed by the officers of the A. O. H. The new movement is distinctly a revolutionary movement, and we have no doubt of having the best men in the country in it. Our platform will be given to the world at our convention, which I think may be held in Chicago at the end of August. There will be no more trifling with England."

**A Good Showing.**  
During the month of July the paid police force made 61 arrests and enforced fines to the amount of \$89. Twenty-one of the people arrested served time. Chief Burgess Burns also made an excellent record for the month. His collections, including fines on arrests, permit fees and amusement licenses, aggregated \$92, or eight dollars less than enough to pay his salary for two months.

**A Bicycle's Fall.**  
A young man named Baldwin, residing at Girardville, met with a serious accident while riding a bicycle at that place last night. He was indulging in a sprint with others when he was suddenly given a "header" and in the fall his left arm was broken in two places below the elbow.

**Sprung Any Leaks Lately?**  
We can't stop the leaks from the clouds but Bell, the plumber, corner Main and Centre streets, can stop all your leaks in water and gas mains with satisfaction.

**New Porches.**  
Carpenters this afternoon commenced the work of putting new porches in front of the Ferguson House, on the West Centre street side, and all the store rooms down to Pear alley. They will improve the appearance of the property considerably.

**You Can't Afford**  
To miss the feast on ladies' silk belts and waist sets, 25 cents each. Girvin's, 8 South Main street.

**Exciting Runaway.**  
A team of horses belonging to Samuel Roberts ran away from the lime kiln, at the south end of Main street, this afternoon, and had full sway northward on the street until the wagon collided with John Brennan's wagon, which was standing in front of Joe Wyatt's hostelry. A wheel was torn off of Brennan's wagon, but that was the extent of the damage caused by the runaway.

**Building in Earnest.**  
A large force of bricklayers to-day started work on the new Otto Carl building on East Centre street and went at it in a manner indicating that little, if any, time will be lost in the construction.

## IT WAS A HOAX.

No Truth in the Wm. Penn Story of an Outrage.

A sensation was caused yesterday by a report that a fifteen-year-old girl had been attacked and outraged at Wm. Penn, on Wednesday night. The Wm. Penn colliery officials took an interest in the case and C. & I. Policeman Bensingher was detailed to make an investigation, which he did, and it now appears that the story of the outrage was a hoax concocted by a girl to escape punishment from her parents for having remained from her home until late in the night.

### A Big Percentage Drop.

The percentage to come off the wages of the men employed around the mines for the last half of July and first half of August, is based on the following:

Shenandoah City	\$2 00.9
Kaickerbocker	2 00.4
Grindover	2 08.3
Maple Hill	2 94.3
Silver Creek	1 97.7

The average is \$2.02 3-10 and the rate of wages as based upon coal prices is 16 per cent. below the basis. The P. & R. C. & I. Co., will take off but 10 per cent.

### Misery Loves Company.

A singular sight was presented on East Centre street by a handcuffed prisoner and a constable staggering about the street in an intoxicated condition. They hailed from Mahanoy City, it is said, and while awaiting a train to take them to Pottsville visited a number of saloons and got more fiery liquid into their skins than they could conveniently carry.

### In Good Shape Now.

Many of the HERALD subscribers did not receive their papers last evening until a late hour and others were not served at all. This was due to embarrassments encountered in getting the new plant in operation and a failure of the motive power for the press to work satisfactorily. All difficulties have been overcome, however, and the paper will hereafter appear regularly, and on time.

### Erected a Large Stack.

A large stack to be used by the large boiler recently purchased by the Columbia Brewing Company, from the E. Keeler & Co., of Williamsport, was erected yesterday, in the presence of a large crowd of people. The stack is about 100 feet in height.

## THE BOROUGH FATHERS MEET

Water Occupied Their Attention Again Last Evening.

### TURKEY RUN IS PROGRESSING!

The People of That Place Contemplate Forming a Volunteer Fire Company. The Borough Will Supply the Hose—Extending Pipes.

After considerable delay, due to the non-arrival of a sufficient number of members to make a quorum, a meeting of the Borough Council was held last night and prolonged until after eleven o'clock. The members in attendance were Messrs. Kane, O'Brien, Kerns, D. R. James, Dougherty, Reese, Hand, McKelenny, Boehm and Gable, the latter acting as chairman in the absence of President McGuire, who was unable to attend. As usual, water was the main topic of discussion during the evening, and it came up in various shapes.

Mr. Kane, of the roads and highways committee, stated that the work of cutting down Pear alley to grade had been commenced and would require considerable labor. He also stated that the bridge at the eastern limits of the borough had been repaired and East Lloyd street was receiving attention. The plank culvert on Coal street will be removed and replaced by one of better material.

When the fire apparatus committee reported there was a discussion as to what should be done with the old hose on hand, and Mr. Gable suggested that it would be a good idea for the people of Turkey Run to form a fire company. The borough could give them the old hose for equipment. The hose is not suitable for use in town, but would suit at Turkey Run.

Mr. Kerns stated that he had been informed it was the intention of the people at Turkey Run to form a fire company.

Mr. Gable said he would be glad to see the idea carried out, but he would draw a line on any application for a \$500 appropriation.

Mr. Kane reported that keys to the Council Chamber had been purchased for use by the members and he distributed them.

A report was made on the suit instituted against the borough at Shepton by Surveyor Stauffer, who claims \$75 for services. The case comes up on the 5th inst. It is said the borough holds a receipt in full from the claimant and that the demand is made to satisfy a claim by a Mr. Boyer, of Sunbury, with whom Stauffer contracted for work.

The West Coal street people have commenced work on the sewerage line which, it is expected, will abate the nuisance so long complained of by Mr. Krippel and other residents of that part of the borough.

Mr. D. R. James called the attention of Council to the sanitary condition of Poplar street, near the Lehigh Valley railroad, and as a gutter will remedy the matter the Chief Burgess was instructed to act.

The water works then came up for discussion and Chairman Gable insisted that each member in attendance give his opinion of the last test made at the pumping station. Mr. McKelenny said he thought the test was in favor of the pump connected with the condenser. Mr. Kane did not think the test was a satisfactory one, or that one could be made in less than a week. Mr. D. R. James said he is in favor of the condensers if the water pumped back by them does not pollute the water in the reservoir and he did not think the condensers should be kept in operation while there is a scarcity of water. Mr. Kerns said he did not think a satisfactory test could be made in less than three days. Mr. Hand was inclined to believe that the water would be more pure without the condensers, and Mr. Dougherty thought they were fuel savers. Mr. Reese thought the condensers were superior generally to the system of exhausting into the atmosphere. Mr. Gable was the last one to give his views and said he was still in favor of dispensing with the condensers. He said there was one point most of the people who witnessed the test failed to observe and that was the conditions of the two pumps. The one exhausting into the atmosphere was judged while pumping water over the mountain, while the other only pumped water back into the reservoir when in operation, having been cut off from the mountain pipe line.

Finally Mr. D. R. James moved that when it becomes necessary to use both pumps the condenser now cut off from one of them be connected again.

Messrs. Gable and D. R. James stated that Gerber & Seaman wanted borough water to feed the boilers at the Furnace colliery. Mr. Gerber is a taxpayer of the town and gives employment to 75 of its men and boys. Three boilers are used at the colliery. Mr. Gerber proposes laying 500 feet of 4 inch pipe to make the connection. It was decided that a connection be allowed with the proviso that the borough shall have the right to cut off the supply when necessary in a dry season, and the water committee is to fix the rate of water rent.

It was also decided that the pipe line at Turkey Run be extended westward to supply families beyond the reach of the present line and that extensions be made on South Chestnut street and all other places under like conditions.

### OBITUARY.

#### The Father of President and Supervisor McGuire Dies.

Martin McGuire, Sr., father of William McGuire, president of the Borough Council, and Martin McGuire, Jr., the supervisor of the borough, died at his residence on East Centre street this morning from pneumonia. He was taken ill about three weeks ago and seemed on the road to recovery until four days ago, when a relapse set in. The deceased was one of the best known and most respected residents of the town. He was born in Galway, Ireland, and came to this country about thirty years ago, locating at St. Clair. After a residence in the latter town of several years he moved to Mahanoy City and twenty-three years ago became a resident of this town. He resided here continuously until his death and until a few years ago followed the occupation of a miner. Mr. McGuire is survived by two sons, Martin, Jr., and William, and two daughters, Miss Maggie and Mrs. Mary Kelly, of Norristown. The funeral will take place at nine o'clock Monday morning.

Mrs. Catherine Deehan, of Frackville, died on Wednesday in her 78th year. She is survived by the following children: Mrs. John McGuinness and Miss Ella, a school teacher of Frackville; James, Philadelphia; Mrs. M. F. Egan, Jersey City; Ida, Mother Superior, of Western Port, Md. Mrs. Deehan died from a cancerous trouble. The remains were interred at St. Clair this morning.
