A VICTORY FOR THE MINERS

Happy Ending to the Pittsburg Wage Controversy.

THE MONSTER STRIKE AVERTED!

Papers Signed Which Increase the Wages of a Hundred Thousand Miners in Pennsylvania, Ohio, Indiana and Illinois.

PITTSBURG, Aug. 3.—The biggest victory ever made by organized labor was won yesterday in Pittsburg by the miners. Almost every demand was granted and the operators gave a written guarantee for their fulfillment of the contract. The papers were signed last night, which increased the wages of 100,000 miners in Pennsylvania, Ohio, Indiana and Illinois. The terms are that the present rate of wages shall continue in force until Oct. 1, when every operator in the Pittsburg district will pay the 60 cent rate, with a differential of five cents in favor of operators who do not have company stores. The agreement for the others provides for another advance on Jan. 1. It is understood that the rate will then be made 59 cents. W. P. Dermitt has been brought over, and will pay the 61 cent rate, as he does not have the company stores.

The effect of this settlement is to advance the mining rate in Ohio and Indiana from 61 cents to 69 cents. It also holds up the rate in Illinois and brings the strike there to an end. It also changes the end of the scale year from April 30 to Jan. 1. This is the first time a differential has been granted against company stores, and it is expected it will result in having all of them abolished. An evidence of this came when W. P. Rend, of Chicago, offered to abolish his company store at Reids, Pa., and agreed to loan the miners money enough to operate it on a co-operative basis.

As another result of the compromise the operators propose to form a new association on different lines from the old one, and every operator in the district will be included in its membership. Practically all the credit for the victory is being given to the secretary-treasurer, Pat McBryde, who mapped out the entire campaign.

Another feature of the miners' victory is that a convention of miners and operators is to be held annually on the second Thursday of October to fix the mining rate for the next year, so that the rate for each year can be settled before the scale year expires. The first joint convention under this agreement is to be held next October, and the rate made then will go into effect on Jan. 1, 1896.

Kind Words.

From Pottsville Republican.
After thirty-eight years in the printing business in the capacity of "devil," jour, publisher and editor, in turn, Mr. H. C. Boyer on Wednesday relinquished his connection with the SHENANDOAH HERALD and retired to private life, and, we trust, to a season of protracted rest and enjoyment of the sweets of declining years. His experience has been varied and somewhat eventful in the history of Schuylkill county journalism, and he retires from the field with the consciousness that he has done the best he could for himself and those around him. The Republican regrets that impaired health should have forced him from the profession of his choice and will rejoice to hear in the near future of his entire restoration to the enjoyment of good health. We also wish the new management of the HERALD abundant success in the business upon which they have entered.

Pleasant Reception.

There was a very pleasant gathering assembled at the home of Miss Hannah Tempest, on East Coal street, Thursday evening, in honor of Miss Lizzie Holland and Frank Weirman, of Philadelphia. The evening was very pleasantly spent. Vocal and instrumental music and games were indulged in and among those who partook of the festivities were Harry and Thomas Tempest, Charles Smith, John Jenkins, Miss Jennie Hillhouse, of Hazleton; Mr. and Mrs. Charles L. Fowler, Mr. and Mrs. Charles Haskins, Mr. and Mrs. George Saeger and Mrs. John Marshall.

Important to Liquor Dealers.
The following resolutions were adopted at county meeting of the Retail Liquor Dealers' Association, held at Mahanoy City, July 29th, and was endorsed by the executive committee of the county association in session at Frackville, Friday, August 2nd:

RESOLVED, That we agree and recommend to the regularly licensed retail trade of Schuylkill county a strict adherence to the provisions of the license law of 1887, known as the Brooks High License Law; and we hereby respectfully petition and request all brewers and wholesale liquor dealers to discontinue the sale of vinous, spirituous, malt and brewed liquors to all persons not licensed to dispense the same; and that all applicants not licensed, desiring to furthermore purchase vinous, spirituous, malt and brewed liquors be referred to the retail trade doing business in the several localities where such applicants may reside.

Licensed Dealers Take Notice.—The attention of the retail liquor trade of Schuylkill county is hereby called to the resolutions which were unanimously adopted at a meeting of the Liquor League held in Mahanoy City, July 29, 1895. The Liquor League of the state of Pennsylvania has endorsed the resolutions and will use every means known to the law in its efforts to compel licensed vendors to strictly obey the laws contained in the Brooks High License Bill. We therefore publicly warn all persons that any transgression of the law by licensed persons will be resisted and severely dealt with by the State League of the Liquor Dealers' Association of Pennsylvania.

THREE SHOT AT CENTRALIA

A Saloonkeeper and Two Customers Probably Fatally Injured.

THEY QUARRELED OVER CARDS!

Harry Fetterman Seized a Gun Loaded With Buckshot to Drive the Others Out and All Received the Contents.

Special to EVENING HERALD.

CENTRALIA, Aug. 3, 3 p. m.—A shooting that will in all probability result in a double murder and a suicide took place here at noon to-day.

Michael Costello, son of John Costello, of Ashland, and William Griffith, of Mahanoy City were shot by a saloonkeeper named Harry Fetterman, also of this place. Fetterman then shot himself in the abdomen. It is believed the three men will die.

Costello and Griffith were playing cards in Fetterman's place and the three men were drunk. The exact circumstances of the shooting are not known, as the victims are not able to make comprehensive statements and no witnesses have thus far been found, but it appears that a quarrel arose over the game and Fetterman took a shot gun loaded with buckshot to drive the two others from the saloon.

Fetterman shot Costello in the right knee and the joint was so badly shattered it is believed the leg must be amputated. It is believed that in such an event the young man will die.

Griffith, who is a widower 40 years of age and has several children, received some of the buckshot in the abdomen, and it is believed he will die. Fetterman also received a quantity of the shot in the abdomen and is in a critical condition.

The injured men are being attended by Dr. J. C. Biddle, of the Miners' Hospital, and Dr. Lewis, of Ashland. They give very little hope for the recovery of any of the victims.

Young Costello is a student at the Jefferson Medical College, of Philadelphia, and was visiting here.

A late report states that the three men were struggling for possession of the gun when it was discharged and were in such a position that all were injured at the same time.

A Progressive Institution.

A few days ago in looking over some insurance commissioners' reports for the past ten years our attention was riveted on the rapid increase made from year to year by what we consider a great and noble institution partly belonging in our midst, namely, The Home Friendly Society of Baltimore. There is no secret about the success of this institution. Strict attention to business, honestly paying all just claims, proper selection of risks, and in all cases and at all times straightforward business principles, with a thorough understanding of the industrial insurance obtained by twenty years' experience has won for it a most enviable position. In the past seven years it has absorbed some twenty companies who have retired from business, putting the members of these companies in immediate benefit and paying the claims as they occurred as if they had originally belonged to the Home Friendly Society. Mr. William T. Evans is the local superintendent for the company, and his ability and the excellent record of the society for honesty and promptness in dealing with its members is the cause of the society's great popularity in this region and elsewhere.
