

**POLITICAL POINTS.**

Shenandoah will be represented on the Republican county ticket this fall.

The contest for state delegate to the Republican convention has abated considerably. August 10th is the date fixed for holding the convention to elect state delegates in this district.

The local politicians are already moving the checkers upon the political chessboard for the delegate fight.

Judge Bechtel, it is said, will accept the nomination for Superior Judge on the Democratic state ticket.

The fight for the nomination of District Attorney on the Republican ticket this fall will prove a spirited one.

Governor Hastings' administration has been one wordy of much commendation, but he has a heavy load to carry in the person of Gilkeson.

If any one individual is to be awarded the credit for Hastings' large majority, it ought to be Senator Quay. He is the man who directed Gilkeson through the campaign.

The action of the Hastings club in endorsing and pledging its support to Quay in his candidacy for state chairman acts as a thorn in the sides of some of the former's followers.

Every true Republican will heartily endorse the administration of Governor Hastings, and they will at the same time acknowledge the great services rendered the party by Senator Quay.

**Old 2 people.**

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whiskey or other ingredient, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle at A. Wasley's drug store.

**Deserve Punishment.**

A fire plug at the corner of Main and Cherry streets has been ruined by boys putting stones, sticks and other obstructions into it. This morning Superintendent Betteger took a piece of slate, a piece of brick and piece of a broom handle out of the plug, which must be replaced by a new one. The Superintendent says that any one caught interfering with the plugs without authority will pay dearly for it.

Since 1878 there have been nine epidemics of dysentery in different parts of the country in which Chamberlain's Colic, Cholera and Diarrhoea Remedy was used with perfect success. Dysentery, when epidemic, is almost as severe and dangerous as Asiatic cholera. However, the best efforts of the most skilled physicians have failed to check its ravages; this remedy, however, has cured the most malignant cases, both of children and adults, and under the most trying conditions, which proves it to be the best medicine in the world for these complaints. For sale by Grubbler Bros., Druggists.

**Coming Events.**

Aug. 15.—Lee cream festival in Robbins' opera house under the auspices of Hope Section Pioneer Corps.

My little boy, when two years of age, was taken very ill with bloody flux. I had advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy, and luckily procured part of a bottle. I carefully read the directions and gave it accordingly. He was very low, but slowly and surely he began to improve, gradually recovered, and is now as stout and strong as ever. I feel sure it saved his life. I never can praise the Remedy half its worth. I am sorry every one in the world does not know how good it is, as I do. Mrs. Lina S. Hinton, Grahamsville, Marion Co., Florida. For sale by Grubbler Bros., Druggists.

**Another Break.**

A joint of the public water works pipe on South Erie street, between Coal and Lloyd streets, burst this morning. Superintendent Betteger put men at work immediately to repair the damage.

Noticing Chamberlain's Cough Remedy advertised in the St. Paul Volks Zeitung I procured a bottle, and after taking it a short while was entirely well. I now most heartily recommend this remedy to anyone suffering with a cold. Wm. Kell, 678 Shelby Ave., St. Paul, Minn. For sale by Grubbler Bros., Druggists.

Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. Regular size 50c. and \$1.00.

**Unpleasant Experience.**

Yesterday a party of two gentlemen and two ladies entered a restaurant on East Centre street and ordered oysters. Immediately after a gentleman who was not connected with the party entered the place and ordered a stake. The latter was served first, whereupon one of the gentlemen of the party became vexed and led the way out of the restaurant for his companions. They sought a place on North Main street and dined there. Meanwhile the proprietor of the first place visited had filled the order and when he found the quartette had gone he applied to Justice Lawlor for a warrant for their arrest, the complaint being "cheating and defrauding." The warrant was executed and the parties appeared before the Justice. They claimed they were justified in leaving the restaurant before service of the order, because the order received subsequently to the one placed by them had been filled. The Justice viewed the matter in a different light, however, and required payment of the cost of the meal and costs of the suit aggregating \$4.50. The amount was paid after considerable protesting. The people were strangers. It is said they were from New York and two of them were on a bridal tour through the coal region.

The streets in the vicinity of the hotel were thronged with people and the concert was pronounced one of the best the band has ever given. Another concert will be given in about two weeks.

**A Large Waist**

Is not generally considered a necessary adjunct to the grace, beauty or symmetry of the womanly form. Within the body, however, is a great waste made necessary according to the condition of things—continually in process and requiring the perfect action of all bodily functions to absorb or dispel the refuse. When there is irregularity or inaction, ladies who value a clean, pure, healthy body will take Dr. Pierce's Favorite Prescription—the only remedy for woman which being once used is always in favor.

To those about to become mothers, it is a priceless boon, for it lessens the pains and perils of childbirth, shortens labor, promotes an abundant secretion of nourishment for the child and shortens the period of confinement.

Dr. Pierce's Tablets cure biliousness, constipation, sick headache, indigestion, or dyspepsia, and kindred diseases.

NEW YORK, Aug. 3.—The United States cruiser Columbia, which sailed from Southampton on Friday of last week on a speed trial across the Atlantic, arrived at Quarantine at 10:35 yesterday. Her time from the Needles to Sandy Hook bar is 6 days 22 hours and 49 minutes. The American line steamer Paris on her last trip from Southampton covered 3,975 knots, and Columbia covered 3,109 knots, with an average speed for the Columbia of 18.41 knots. The Columbia's best time on her trial trip was 22.81 knots, made under very favorable conditions. Her time, therefore, on her present trip may be considered as fair.

**Michigan's Forest Fires.**

Houghton, Mich., Aug. 3.—Bush fires are burning all through the heavy wooded portions of the upper peninsula. So far little damage has been done, except in Delta and Schoolcraft counties, but exceedingly dry weather favors a spread of fires and high winds would be the signal for a sweep of the flames through the forest in many different directions. In addition to the danger to standing timbers some 250,000,000 feet of logs cut last winter could not be driven down stream to the mills and are in considerable peril unless rain falls at once.

**SUITS TRIED BY JUSTICES.**

**A Case of Trespass Sustained on a Levy Made by a Constable.**

Justice Dengler was called upon last night to decide an important question of law bearing upon the relations of a landlord to a person who signs a lease for a house, but does not take possession of it.

It appears that Isaac Shapira, the druggist, leased a house on West Coal street from J. J. Franey for one year, but did not take possession of it. Mr. Shapira rented a house on Jarlin street and placed his furniture in it. Mr. Franey sued for a year's rent, amounting to \$200, and Constable Boland made a levy on the furniture. Mr. Shapira caused the arrest of Boland on complaint of trespass, claiming that as the furniture had never been in any house owned by Mr. Franey it could not be levied upon in the suit brought, and that Mr. Franey's relief was in an action for damages for breach of contract.

When the suit against Boland came up for a hearing last night Justice Dengler took the same view of the matter and decided to hold Boland for trial and stay the levy, but Mr. Franey withdrew the process and Mr. Shapira, upon advice of his counsel, M. M. Burke, Esq., decided to withdraw his suit if Boland would pay the costs, which he did, and the litigation ended.

Mr. Franey had another suit before Justice Dengler last night, in which he was more successful than in the one just referred to. The second suit was one brought by Mr. Franey to recover four months' rent from the Home Friendly Society on breach of contract. The society moved out of offices in Mr. Franey's building, corner Main and Oak streets, four months before its lease of four years expired, and Mr. Franey claimed the rent for the balance of the term. He was awarded judgment.

The civil suit of Francis Ely, of Elysburg, Columbia county, against John A. Titman was tried before Justice Dengler this morning and judgment was recovered for the amount claimed, \$64.64. Ely made the claim for arrears of rent.

**Paine's Celery Compound Restores Lost Nervous Energy.**

For those women who have suffered through the indoor life of winter and spring, with tired nerves, sleeplessness, neuralgia, rheumatism, the dyspepsia that is best expressed by the words "no appetite"—for the many worn-out women, many of whom will get no real vacation, but must attend the whole summer long to household duties—for such women there is every need now of a brisker feeding of the reduced blood and nervous tissues by means of the best nutritive agent in the wide world to-day—Paine's celery compound.

After building up the body by the use of this great modern restorative, diseases of the special organs, heart troubles, kidney disease, dyspepsia and sleeplessness will disappear. Neglect to satisfy the demands of the nervous system by rapid, complete nourishment of all its parts, carries heavy penalties. Paine's celery compound, more effectively than anything else the world has yet known, restores health to men and women whose blood has been robbed of vitality from whatever cause, and whose nerves have lost their healthy tone. Persons suffering from rheumatism, neuralgia and any of the countless results of loss of nerve power find a marked change for the better almost at once upon faithfully using Paine's celery compound.

Mrs. James Arthur, whose portrait is given above, writing from her home in Spokane, Wash., says:

"I suffered with neuralgia and rheumatism. I tried different remedies which would give me only temporary relief. Last year in January and through the spring months I suffered terribly. I could walk only a short distance, and some days not at all. But then I began for the first time to use Paine's celery compound. It cured me permanently, and I have not been troubled since! My knees were so bad last year that I could not sit down or get up alone. Now I walk every day, and it causes no stiffness or lameness in the joints."

Testimonials from men and women in every state and county and town in the country might be published telling of similar speedy cures. They carry this plain advice to other sufferers:

Take Paine's celery compound!
