THE REAL MOTIVE.

When the Potisville Republican has no other argument to put forth against Senator Quay it trots out the Reading Company as a Quay it trots out the Reading Company as a two weeks' imprisonment for insulting a bugaboo to frighten the timid. Its manner public official, and to pay a fine of 600 of doing this is thoroughly demagogic, but marks for resistance to the authority of the state. The defense pleaded not guilty its continued cry of "Wolf" scares no one to the charge of resistance, and asked and is very amusing to people who unders that Mr. Stern be found guilty only on stand the motive behind it. The Reading Company and its methods are pretty well known in Schuylkill county and it needs undefense from us, but we are in a position to may that no orders have been issued up this in the Fourth district way to turn in for any one. Shenandoah has more Realing employes among its people than any other town in the county, and if orders had been given anywhere it is natural to assume it would be done here, where its employes are a power.

This, however, will not make much difference to our misguided contemporary, as its motive is not so much to make people believe the Rending management is in politics as it is to detract attention from the actions of the Ponnsylvania railroad which it he well known, is doing all in its power in Philadelphia to nextst Bies Martin, its paid lobbyist, to defeat Schuter Quny, and of this our good brother is well aware. But the cry of "Wolf!" serves sight. We in schuylkill see little of this, as much good. Remember the Pennsylvania Company's footbold here is alight, although it has been felt here, in the Hood's Sarsaparilla first district, where delogates coming under that influence have in the recent past changed their intentions to vore for delegates they had promised to support, and we dety the True Blood Purifier Combine organ to successfully refute the Prominently in the public eye. \$1; six for \$5 nesertion. SHAKERS.

For more than a hundred years the Mount Lebanon Shakers have studied the cultiva-tion of a medicinal plants and sought to extract from them their leading essences.
Their labor has not been spent in vain.
They have made a discovery that will prove a blessing to mankind. It consists of a cordial that causes immediate relief in cases cordial that causes immediate relief in cases of indigestion. The importance of this discovery will be apparent when we realize that nearly nine-tenths of our suffering are raised by dyspepsin or indigestion. Nearly every person you meet has this digestive trouble in some of its varied forms sick headache, distress after eating, pain and fullness in the chest after eating, pain and fullness in the cast, etc., are but symptoms of indigestion. To relieve these sufferings has been the study of the Shakers, and they have succeeded. The reason the Shaker Digestive Coeffeit has such an immediate and salutary mercand cour on the stomach. When the food is so digested it gives strongth and vigor

A NOBLE BAND OF MISSIONARIES Will Brave the Dangers of the Soudan in

the Master's Name. PHILADELPHIA, 6.-A courageous band of missionaries, comprising the first party of the African Inland mission, will hold a farewell meeting in this city on Thursday afternoon and evening, at the Pennsyl vania Bible institute, on Lansdowne avenue, and will next week, through the agency of the Philadelphia Missionary council, leave for the Soudan.

The field to which the party will go is known as one of the most trying in the world. Severe experiences, if not death itself, will be met, little encouragement being given by the fate of the few who have braved the hardships of that portion

of inland Africa. The pioneers will be headed by Rev. P. Cameron Scott, a devoted and energetic westerner. Mr. Scott has spent seven of his twenty-eight years of life in Africa, and for two years of that time was in the dreaded interior. Those who will accompany him and who will be with him at the farewell meeting are Miss Margaret C. Scott, sister of the organizer and a medical missionary; Miss Bertha M. Reckling, Lester R. Severn, Rev. Willis

Hotchkiss and Rev. Fred W. Krieger. Walter McL. Wilson will join the travelers in Scotland. The mission will be interdenominational. The Soudan, to which the earnest missionaries will go, is dangerous, not only by reason of the climate, but because of bitter prejudice and the relentless hate

The Exiled Negroes Still Fear to Return

to Their Homes, SPRING VALLEY, Ills., Aug. 6,-The foreigners, under the leadership of the Italians and negroes, who have concentrated their forces at Scatonville, are both organizing, and, as the towns are practi cally under mob law, a deadly conflict is anticipated. The non-English speaking miners of Spring Valley, to the number of 2,000, held a mass meeting at the lumber yard near the Bock Island depot, and passed a resolution that no negroes—men, women or invalids—would be allowed to remain in the city limits after 6 o'clock this evening. Speeches of the most inflammatory nature were made, advocating

the immediate opening up of hostilities. The negroes at Seatonville held a meeting at the Union Church later and organ ized themselves for active service. Bureau county has 300 repeating Winchester rifles stored in the court house at Princeton for the protection of the citizens, and an effort will be made to secure these. Should they fail the men will arm themselves with shotguns or rifles and small arms and make an effort to regain their homes and household goods. They also passed a resolution.

Yesterday afternoon a few negro women were allowed to pack up their goods and depart from the location. The one hun-dred negroes run out of this city are all at Seatonville. Many of them slept in the woods last night. It is believed that several have been killed.

Still Another Defender Victory.

Newcort, R. L., Aug. 6.—The Defender and Vigilant sailed over a thirty-five mile course yesterday from Cottage City, Mass., to this port, the racing being an event in the cruise of the New York Yacht club. The sea was smooth and the wind varied in velocity from ten to fifteen miles an hour. For twenty miles down to the Vine yard Sound lightship it was a dead teat to windward, and the Defender beat the Vigilant by nearly six minutes, both yachts carrying club topsalls and baby jih topsalls. On the stretch thence to Newrt, with sheets ensed a little, the Defender gained enough to make her clapsed time from start to finish over nine minminutes better than the Vigilant's. Julilee also started, but with working topsails only, and the Vigilant bent her nearly eleven minutes.

CLEVELAND, Aug. 6.—The police au-thorities of this city have strong evidence to show that Joseph Ross, alias Lopek, who, with a companion, attempted to rob the safe of the Bartholomew Brewing company a few days ago, and was only captured after a long chase and a hard fight, was the prime mover in the Milan, O., bank robbery. Chief George L. Goulding, of the Denver police, has telegraphed the authorities here saying he has good reasons for believing that Ross is the same man arrested in Denver for bank robbery some time ago, and who after wards escaped from jail.
