## the Tobacco IN 4 TO 10 DAYS OR MONEY REFUNDED.

Use All The Tobacco You Want Till Your "Carring,"

NARCOTT-CURE is the only remedy in the world that acts directly on the nerves and drives the nicotine from the system in from four to ten days. It leaves the patient in better health than before taking, and is warranted free from any injurious ingredients.

NARCOTI-CURE is popular because it allows the patient to use all the tobacco he wants while under treatment, or until the "craving" and "hankering" are gone. It is then no sacrifice to throw away tobacco forever.

NARCOTI-CURE is sold at the uniform price of \$5.00 a bottle, and one bottle cures.

Money refunded if a cure is not effected when taken according to directions.

Gentlemen:—Replying to yours of the 1st. would say that I have used tobacco for 45 years, and of late have consumed a 10-cent pling a day, besides smoking considerably. I commenced to use tobacco when I was only II years old, and have never been able to give up the habit until I took NARCOTI-CURE, although I have tried other so-called remedies without effect. After using your remedy four days, all "hankering" for chewing disappeared, and in four days more smoking became unpleasant. I have no further desire for the weed, and experienced no bard effects, whatever. I am galuing in fesh, and feel better than I have for a long time. To all who wish to be free from the tobacco habit I would say, use NARCOTI-CURE.

Yours truly, W. N. WAFTE.
