Miners of Spring Valley Adopt Peaceful Resolutions.

THE NEGRO MINERS STILL EXILED

According to the Resolutions, However, They May Return to Work Unmolested by the Angry Foreigners—Negroes Said to be Arming.

SPRING VALLEY, Ill., Aug. 8.—State troops, for the present, at least, will not be ordered to this turbulent town. Peace has been declared. This was brought about through the efforts of Colonel Hugh M. Bayle, assistant adjutant general, sent here by Governor Altgeld. Colonel Bayle resided here at 1 o'clock yesterday afternoon. He was met at the hotel by Sheriff Clark, Judge Trimble and other officials and prominent citizens. A short conference was held in which Colonel Bayle outlined the policy of Governor Altgeld regarding the present trouble.

"Governor Altgeld said to me here," said Colonel Bayle, "to investigate the trouble and ascertain where the blame lies. He also instructed me to bring about a settlement, if possible, without the aid of troops. The governor told me that all American citizens, regardless of color or race, were to be protected. If upon investigation I find that the local authorities are unable or unwilling to maintain law and order, then troops will be sent here. Law and order must be enforced at any cost."

Colonel Bayle was informed by Sheriff Clarke, Superintendent Dalzell and other citizens, miners and public officers that no one had yet been killed. All admitted, however, that 100 citizens, all colored, had been driven from their homes by a mob composed of Italians, Poles, Bavarians and Hungarian miners. Many shots were fired, and some of the colored miners were wounded and brutally beaten. These negroes, men, women and children, had been assaulted and ruthlessly driven from their homes and forced to go to Stantonville. As to this outrage all were agreed, but that any one had been killed or fatally wounded, both coal company officials, miners and the law officers denied.

Colonel Bayle was then informed that the miners were to hold a mass meeting on the public square at 3 o'clock, at which the following resolutions were to be presented for adoption:

Whereas, a race conflict has taken place in this city within the last few days, resulting in no loss of life, but in serious hardship and inconvenience to a considerable section of this community;

Resolved, that we, the miners of Spring Valley in mass meeting assembled, declare it to be our belief that all men, regardless of race, color and creed, are born with the same equal rights, and should enjoy the same opportunities in the pursuit of their happiness.

Resolved, that we denounce any attempt at the suppressing of these rights as unjust and barbarous, and pledge ourselves to maintain law and order as far as lies in our power.

Resolved, that we are ready now to resume work providing the Spring Valley Coal company is ready to start their mines.

Resolved, that we denounce lying reports, misrepresenting this city, sent to the Chicago papers by one Bailey, of Princeton. Those dispatches in the main are infamous, distorted and exaggerated beyond human reasoning. In denouncing these atrocious misrepresentations we hold as accountable the publishers of the Chicago press, who could easily have informed themselves as to the actual truth of the situation.

At the appointed hour about 600 miners assembled in the public square at a mass meeting. It was a curious gathering. Every nation in eastern and southern Europe was represented. Every nation that was made and every speech had to be repeated at least six times, and each time in a different language.

The vote on the resolutions was about a tie, but the chairman declared it carried. The meeting then adjourned.

Notwithstanding the miners' resolution, it is generally believed that if the negroes return to work there will be trouble.

Chicago Negroes Organizing.

CHICAGO, Aug. 8.—The police have received information which leads them to believe that the colored men of this city have perfected an organization, and are arranging with the intention of attacking the Italian miners at Spring Valley. The information came from a number of pawnbrokers, who stated that they had been approached during the day by colored men who were anxious to purchase Winchester rifles. In several instances purchases were made, but as a general thing the pawnbrokers did not have enough of the rifles to make a deal with the colored men. One of the would be purchasers said when asked what he wanted to do with a number of rifles: "Oh, we'll show the dagoes what we want with them."

The Bell Will Not Ring.

Chief Fire Marshal Leary announces that in consequence of the serious illness of Mrs. M. D. Malone, who resides in one of the houses adjoining the Borough building, the usual weekly test of the electric fire alarm system will not be made this week. The ringing of the bell will be dispensed with. The fire marshal has given this order upon request of the family.

STANISLAUS WAS WICKED.

He Also Had a Very Guilty Paramour in Josephine.

Stanislaus Kwapich was placed under \$800 bail last night by Justice Shoemaker on charges of non-support, desertion and adultery, made by his wife, Christina. He was taken to Pottsville this morning by Chief Burgess Burns, in default of bail.

Kwapich was arrested at Jessup, Lackawanna county, on Tuesday night by Joseph Runitskie, of town, who was deputized to make the arrest. The story of Kwapich's career of the past few months is an interesting one, and, coupled with his experiences some chapters in the life of a woman who clings to him closer than his wife. Since last October Kwapich has been on intimate terms with one Josephine Strength. Kwapich and his wife had \$500 on deposit in one of the local banks. He induced the wife to withdraw the money some months ago and when he got hold of it eloped with Josephine, was sent to jail, but Kwapich was forgiven upon returning the money and swearing before a priest that he would have nothing more to do with his paramour. He resumed relations with his wife and induced her to entrust him with the \$300 to make a deposit in bank. He made a deposit of \$50 and, adding a cipher to the amount in the bank book, led the wife to believe that the full amount was in safe keeping.

With the \$450 in his pocket Kwapich again deserted his wife and four children but soon after wrote to her from Pricburg, near Seranton, that he was building a nice home there for the family. Soon after he returned to town and spent several days with his wife. He said he was taking a vacation from t he labors of providing a homestead at Pricburg, but when he went away again he located at Jessup, where he was arrested.

Meantime Josephine had been released from the Pottsville jail and married one Joe Scupki, who works on a farm in the Catawissa valley, but she kept up a correspondence with Kwapich. When the latter arrived at Jessup he induced Josephine to desert her husband and join him. They lived together as man and wife and when Runitskie made the arrest a christening ceremony was still in progress at the house. Josephine is still at Jessup. Her husband has disowned her. Kwapich is in the hands of his wife and she says she will attend to him this time.

WORK OF SCHOOL DIRECTORS

Preparations Being Made For the Evening School Term.

TEN TEACHERS TO BE ELECTED

Two of the Schools Will be Set Apart for Girls and Young Women—All Vacancies Will be Filled Next Week.

A regular meeting of the School Board was held last evening, but it did not prove as interesting as was expected. Most of the business was of a routine character and the election of teachers was not taken up. The election of a teacher of vocal music to succeed Miss Jeannette H. Ramage had been looked upon by outsiders as one of the main objects of the meeting on account of the vast amount of wire pulling that was indulged in for several days past in behalf of candidates, but when attempt was made to hold an election a majority of the Directors concluded to lay the matter over.

The School Directors in attendance at the meeting were Messrs. Ogden, Trezise, Price, Hanna, Devitt, Hooks, Bangh, Stanton, Lee, Manly, James, Campbell, Conry and Edwards.

The resignation of Miss Jeannette H. Ramage as a teacher of vocal music in the schools was read and accepted.

A proposition from the trustees of the Primitive Methodist church to re-rent two rooms in the basement of the church for school purposes at a monthly rental of \$35 per month, including janitor, or one room for \$22, was considered and the Board decided that only one room will be required this year.

Superintendent Whitaker read his monthly report in which he stated that he held two examinations of applicants for certificates to teach night school classes and granted thirteen certificates and endorsed two. He also made the following report on the placing of teachers for the coming term of the day school:

All the old teachers who have been re-elected will continue in the positions which they held last year with the following exceptions: Miss Annie E. Mansell will have charge of the new second grade grammar school; Miss Hattie I. Hess will have charge of the first grade grammar school left vacant by the resignation of Mr. Scheuching; Miss Mary E. Fox will take charge of the fourth grade school left vacant by the promotion of Miss Mansell; Miss Nellie Baird will take charge of the third grade school left vacant by the resignation of Miss Lehe; Miss Hannah B. Morrison will take charge of the third grade school left vacant by the promotion of Miss Hess; Miss Katie Cunningham will take charge of the second grade school left vacant by the promotion of Miss Fox; Miss Nellie L. O'Hara will have charge of the second grade school left vacant by the promotion of Miss Morrison.

The newly elected teachers will take positions as follows: Miss Saddle Daniel, the second grade school left vacant by the promotion of Miss Baird; Miss Annie Williams, the first grade school left vacant by the promotion of Miss Cunningham; Mr. William James, the first grade school left vacant by the promotion of Miss O'Hara; Miss Mary Rossier, the first grade school left vacant by the resignation of Miss Gunter.

The Superintendent reminded the Board that the compulsory educational law will not go into effect until next Spring and the ward assessors can take a census. He also asked the Board to give immediate attention to the recently enacted law to promote cleanliness and healthfulness in and about the public schools as follows:

Be it enacted that the Boards of School Directors and Controllers of each school district of this Commonwealth be and they are hereby required at least once during each full school term, and prior to the first of January of each year, and within 30 days after the close of each annual school term, to have taken out, removed and carted away all excrement and waste matter from their out-houses, or water closets, connected with, or standing upon the premises of their public school houses in the Commonwealth, or have the same properly disinfected; and they are required to have their out-houses or water closets properly scrubbed, washed out and cleaned, the inside walls whitewashed and the vaults or receptacles covered with a layer of fresh dirt or dry slack lime within 10 days of the opening of each annual school term.

Director Manley presented a request of the United Mine Workers for the use of the Turkey Run school building for meetings. The request was granted with the provision that the school shall be kept clean and in good order.

Director Conry made a report for the evening school committee, recommending that the evening schools be opened in the latter part of October and continued for a term of 5 or 6 months, as the attendance may warrant. That the schools to be established be eight for males and two for females, provided, however, that if the attendance is not sufficiently large the number of schools shall be reduced to what the attendance will warrant. The committee also recommended that ten teachers be elected for the evening schools and all the recommendations were adopted.

The report of Treasurer Bierstein showed that there is a balance of \$14,498.80 in the treasury.

Bids received for furnishing and laying a flag-stone pavement at the new Jardin street school building were opened and referred to the building and repairs committee with instructions to report. The bidders are John S. Dowling and M. H. Master, of town, and John Daucker, of White Haven.

The bids were referred upon the statement of Director Lee that the Board may decide to put an iron railing around the building in addition to the pavement.

A statement was made in behalf of Con-

tractor M. P. Fowler that there was a difference of \$837.71 between the contract price and the actual cost of constructing the Jardin street building.

An attempt was made to elect a successor to Miss Ramage, but upon the suggestion of Director Edwards that there may be one or more vacancies in the near future no election was entered upon.

Director Hanna suggested that the Board take under consideration the advisability of increasing the salary of the teacher of vocal music from \$90 to \$95 per month.

The Board decided to adjourn until next Wednesday night, when it will inspect the Jardin street school building and accept it if complete. Citizens are invited to join in the inspection. On the same night the Board will elect evening school teachers and fill vacancies.

Attempted Burglary.

Burglars made an ineffectual attempt to gain entrance to the house of John Feeley, corner of West and Laurel streets, last night. They cut a panel from a rear door, but the opening was not large enough and it is believed the burglars were deterred from further work by a occupant of the house who raised a window to ventilate a bed room.

OUR VIEWS ON THE TWO POLITICAL QUESTIONS.

On the Silver Question you bring us the silver, and we will give you the best value for it in groceries than any other store in town. On the Tariff—tariff "for revenue only." That is, we put on just enough tariff to produce sufficient revenue to pay us for fourteen hours work every day.
