THE BOOM IN THE SOUTH.

Secretary Smith Spanks Enthusiastically of

Industrial Progress in That Section. BALTINGRE, Aug. 8.- Hon. Hoke Smith, secretary of the interior, in a special in-terview with the Manufacturers' Record in regard to the business outlook of the south, based on investigation during his recent trip, says; "I have never seen the tare providing against the exhibition of south look so prosperons, especially becoming extinct, and I believe that the southperous epoch in their history. The raising of all needed food supplies leaves cotton a surplus crop and proves the diversified agricultural possibilities of that section." Secretary Smith is enthusiastic over the signs of prosperity among the fruit grow-ers of Georgia. "More peaches," he said, "have been raised and marketed than ever They are large and juicy. The magnitude of this industry can be appreciated from the fact that during the season one railroad has been hauling from sixty to ninety carloads of poaches in refrigerator cars daily

from Georgia to eastern points." Secretary Smith says that he noted many evidences of industrial progress, and be-lieves that the industrial boom in the south, which was temporarily set back by the late panie, is on again. Cotton manufacturing was never more successful in the south than it is today, and all through the cotton belt new mills are being erected and old mills are being enlarged. In the iron district of Alabama a number of fur-

naces have recently gone into blast, and the workmen in that section are now fully employed, and many of them at increased wages. All over the south the demand for labor is constantly increasing, and at good

THE IOWA DEMOCRACY. The State Convention Defeats Free Silver

by a Vote 651 to 420. MARSHALLTOWN, Ia., Ang. 8.-One of the most notable state conventions in the history of the Iowa Demogracy closed in this city last evening. There has been a bitter strife between the two opposing elements in the party-one contending for a tloket and platform on a sound money basis, the other clamoring for free coluage without waiting for an international agreement. The resolutions committee got into a wrangle on the financial plank that kept them in the committee room till nearly 4 o'clock, the currency resolutions being overhauled and reconstructed two or three times before an agreement was reached, and the majority making persis-tent efforts to avert the introduction of the minority report.

During this interval the convention did nothing but listen to free silver speed by radical white metal champions. The "sound money" men preserved silence, except that Cato Sells made a short talk of a conciliatory character. When the minority report favoring free colnage was introduced another prolonged sliver disission was precipitated, and for a while the proceedings were tumultuous. The final roll call on the resolutions showed

the white metal crowd defeated by a vote of 65114 to 42034. A mighty shout, mingled with groans, hisses and anathemas, followed the announcement of the result. A large number of free silver delegates immediately left the hall, not waiting for the nominations. The state ticket was then nominated,

as follows: For governor, Judge W. I. Babb of Mount Pleasant; lientenant govnor, ex-Governor S. L. Bestow of Charlion; superintendent of public instruction, Lyman B. Parshall of Maquokota; rail-road commissioner, Colonel George James of Dubuque; supreme jndge, Senator Thomas G. Harper of Des Moines.
