

THURSDAY, AUGUST 8, 1906.

POLITICAL NOTES.

Harry J. Ball, of Mahanoy City, candidate for state delegate, was looking after his fences here yesterday.

The Republican candidates for District Attorney are making this town their principal stamping, or stamping ground.

Shenandoah's quota of delegates to the county convention should be men who hold the interest of the party paramount to that of personal gain.

The political pot is beginning to boil, and after Saturday, when the district conventions will be held to name delegates to the state convention, politics will be at fever heat. The local politicians will then give their undivided attention to the various candidates for county offices.

Ex-Chief Burgess James Smith is being urged by a number of his friends to reach out for the Democratic nomination for Director of the Poor. Mr. Smith has been very prominent in the Democratic circles of this county for many years and his friends in the ranks are numerous.

When baby was sick, we gave her Castoria. When she was a child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had children, she gave them Castoria.

RELIEF IN SIX HOURS.

Distressing kidney and bladder diseases relieved in six hours by the "New Great South American Kidney Cure." This new remedy is a great surprise on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by Isaac Shapiro, druggist, 107 South Main street.

NOTICE.

The Treasurer and Secretary of the Borough Council have established an office at the office of the EVENING HERALD, 8 South Jardin street.

Since 1878 there have been nine epidemics of dysentery in different parts of the country in which Chamberlain's Colic, Cholera and Diarrhoea Remedy was used with perfect success. Dysentery, when epidemic, is almost as severe and dangerous as Asiatic cholera. Hereafter the best efforts of the most skilled physicians have failed to check its ravages, this remedy, however, has cured the most malignant cases, both of children and adults, and under the most trying conditions, which proves it to be the best medicine in the world for bowel complaints. For sale by Grubler Bros., Druggists.

COMING EVENTS.

Aug. 15.—Ice cream festival in Robbins' open house under the auspices of Hope Seaton Pioneer Corps.

My little boy, when two years of age, was taken very ill with bloody flux. I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy, and luckily procured part of a bottle. I carefully read the directions and gave it accordingly. He was very low, but slowly and surely he began to improve, gradually recovered, and is now as stout and strong as ever. I feel sure it saved his life. I never can praise the Remedy half its worth. I am sure every one in the world does not know how good it is. I do. Mrs. L. M. Hinton, Greensville, Marion Co., Florida. For sale by Grubler Bros., Druggists.

When you want good roofing, plumbing, gas fitting, or general householding done call on E. F. Gallagher, 18 West Centre street. Dealer in stoves. 8-14

SIX WEEKS AGO I SUFFERED WITH A VERY SEVERE COLIC...

Six weeks ago I suffered with a very severe colic; was almost unable to speak. My friends all advised me to consult a physician. Noticing Chamberlain's Colic Remedy advertised in the St. Paul Volks Zeitung I procured a bottle, and after taking it a short while was entirely well. I now most heartily recommend this remedy to anyone suffering with a cold. Wm. Kohl, 678 Selby Ave., St. Paul, Minn. For sale by Grubler Bros., Druggists.

GREENS AT RINGTOWN.

The quiet little hamlet of Ringtown is to be visited by a circus on Saturday for the first time in its history. The performance is to be given by a small company that is traveling through the townships.

IT MAY DO AS MUCH FOR YOU.

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so-called kidney cures but without any good result. About a year ago he began use of Electric Bitters and was relieved at once. Electric Bitters is especially adapted to cure of all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. for large bottle. At A. Watsley's drug store.

NOTICE.

The HERALD no longer occupies the offices in the Redwich building. The only office the paper has in this town is at the new quarters, No. 8 South Jardin street.

THE IDEAL PANACEA.

James I. Francis, alderman, Chicago, says: "I regard Dr. King's New Discovery as an ideal panacea for coughs, colds and lung complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations." Rev. John Burgess, Kookuk, Iowa, writes: "I have been a minister of the Methodist Episcopal church for 50 years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this ideal cough remedy now. Trial bottles free at A. Watsley's drug store.

Unguarded Babies Succumb to Intestinal Disease.

Question of Infant Food Confronts Mothers.

Under-Fed Babies Fall Easy Victims of Cholera.

No Touch of Summer Disorder With Lactated Food.

If a mother's blind love could save the little ones what a happy world this would be.

There would be no more cholera, infantum nor wasting summer disease that every year sweeps off so large a proportion of the babies under five years. The love of parents is strong, but unless intelligently directed can do little to ward off these diseases that threaten the tender years of babyhood.

Only when children are kept fully nourished and unexposed to contamination in their food, do they run no risk from hot August days and nights. Diarrhoeal diseases, the great scourge of infants, are wholly due to improper food, encouraged by high temperature. But for this ignorance and carelessness in baby's summer diet the hot months might be as healthful as any.

One has only to contrast the healthy full-fed lumpy condition of babies fed on lactated food with that of the many badly nourished drooping ones whose mothers persist in keeping them on the old diet upon which they are plainly not thriving.

Babies that are not gaining in weight, as their mothers wish, and who show too little animation and interest in things about them, soon gain a liveliness and zest for living when fed with this splendid nutriment. They gradually cry less and less; their sleep becomes sound by night, and by day they are bright and noisy and happy.

Such is the great difference between babies that are nourished by lactated food and those that are poorly, because improperly fed.

In its composition lactated food is well nigh identical with the baby's earliest and best food—healthy breast milk. As a food, therefore, for mothers who nurse their little ones with difficulty, especially through the summer months, lactated food is ordered by physicians with the most gratifying results.

For invalids who require an easily digested, absolutely pure, rich aliment, there is nothing equal to lactated food.

HARPER'S MAGAZINE.

David Graham Doe will contribute to the September Harper's the history of "Mahlbrook's en vascen guerre," the song that Trilby sang at her Paris debut, and trace it down from a remote past through important historic movements to a time now familiar in every civilized country. In the same number the third paper in Putney Bigelow's German struggle for Liberty series will describe the demoralization of Prussia through the cowardice and treason of the nobles, the revival of patriotism among the people through the efforts of Nietzsche, Schill, Gneisenau, and Scharnhorst, and the famous conference at Erfurt, at which Napoleon alternately dined and insulted the Czar and the German princes.

NEW VIGOR INFUSED.

From Miners' Journal, Aug. 1st.

Today the HERALD, of Shenandoah, will mark two very important events in its history. The change of proprietorship, recently effected, takes place by the retirement of H. C. Boyer, a veteran in journalism in this county, and the assumption by C. T. Straugh and Benjamin Parrott, who have been long connected with the HERALD, of the ownership of the publication; and the new proprietors emphasize their new roles by issuing the HERALD from their excellent and well-stocked new plant at the home of the paper in Shenandoah. The Journal wishes Messrs. Straugh and Parrott a mountain of success, believing that with the continuance of that able writer, W. J. Watkins, in editorial charge, the paper must continue to improve and enlarge its field of usefulness and extensive circulation. New vigor has now been infused into the life of the HERALD, and it is expected to lead all other dailies north of the mountain in the matter of news, as well as other features.

THREE WANTS.

"Reason's whole pleasure, all the joys of sense, Live in three words, health, peace, and competence." So says the poet. Competence counts for little when one is sick, and peace is disturbed when health is upset, so that the poet rightly places health first. To have good health you must have pure blood. From the blood the system receives all its material of growth and repair. The best blood-purifier is Dr. Pierce's Golden Medical Discovery, which is world-famed and sold everywhere. It is a sovereign remedy for all diseases due to impure or impure blood, as consumption, bronchitis, weak lungs, scrofula, old sores, skin diseases, and kindred ailments.
