FRIDAY, AUGUST 9, 1905.

THE chances for a sweeping victory for Quay over the Gilkeson forces become stronger each day.

HON. D. D. PHILLIPS has practically no opposition for state delegate in the Second district, so strong is the Quay sentiment.

It is hoped the School Board will succeed in disposing of the scramble for the position of music teacher so that no soreness will result.

CONTRACTOR-SENATOR PORTER of the Combine announces that he is out of politics and will retire at the end of his term. The influence of the Lexow committee is being felt before it begins work.

HON. S. A. LOSCH is making a strong fight, but unfortunately Sam has been in the habit of getting down off the fence on the wrong side, and he will be left at home on Aug. 25th with Jack Whitehouse.

WHAT is the matter with the Reading Company? Is it possible the Pottsville Republican has really and truly driven it out of politics, or has the Republican's cock and bull story been effectually pricked.

THE working time at the collieries is better this week than it was during the week previous and consequently a tinge of better times is once more felt by the miners, but it will take quite a season of full working time to make the change that is so much wished for.

LUCKILY for Fetterman, the Centralia saloonkeeper, the victims of his shot gun are on a fair road to recovery and the shadow of the gallows which hovered over him immediately after the shooting is disappearing. A lesson taught by the case is that shot guns should always be kept beyond the reach of sufferers from delirium tremens.

TO-MORROW the Republican delegate elections will be held in this county and the much-mooted question as to whether Schnyler favors the election of Quay or Gilkeson, to the chairmanship of the state committee, will be settled by to-morrow night. Unless there is a gigantic bunco scheme on foot with the sentiment of a majority of the people as a part of it Quay will win hands down.

THE Evans Mining Company, of Beaver Meadow, has succumbed to the squeeze. All the loose coal in the company's mine is being removed and an account of stock is being taken preparatory to shutting up both places indefinitely. With the coal trade and its manipulations in its present condition it is surprising that many more individual operators have not been obliged to put up their shutters ere this.

IT is very wisely suggested that some owners of teams in town give their drivers a lecture on observance of the borough ordinances regarding the blocking of streets and crossings. It has been observed that some drivers will stop their teams on the crossings to converse with others and appear wholly indifferent to the inconvenience they may put pedestrians to. A citizen spoke truly the other day when he said that some drivers get a scolded head when on the high seat of a wagon and imagine they are keeping a throne warm.

THE Gilkeson followers are resorting to the rather misleading argument that the Republican party made Quay and he did not make the party. It is hard to see the application of such a statement and it can be punched full of holes as easily as a pot of paste can be penetrated by the finger. It is very true that Quay did not make the party, but it is just as true that more than once he has saved it; and he is so peculiarly constituted it is fair to presume that had there never been a Republican party there still would be a Quay.

THE cry raised by some of the newspapers opposed to Senator Quay that a vote for him is a vote for Cameron for Senator is an attempt to cloud the issue. It is well known that Senator Cameron has had no stronger adherent than Chris. Magee, and to throw all the odium of the partiality to Cameron upon Quay alone is on a par with every other move of the Combine in the present contest, which is so aptly termed a "campaign of assassination." The virulence of the organs is such they will not stop at anything and they seem to believe that a lie well adhered to is as good as the truth. This applies very forcibly to some of our Schuykill exchanges.

## DEFENDER DEFEATS JUBILEE.

Leads the Boston Boat by Over Nine Minutes in Twenty-one Miles.

NEWPORT, R. I., Aug. 9.—The Defender defeated the Jubilee by nine minutes and nineteen seconds in a twenty-one mile race over the triangular course of Breton's Point yesterday in a light wind. The course was the same as in Tuesday's race, three legs of seven miles each. The boats were expected to cover the distance twice, making forty-two miles, but the committee declared the race finished at the end of the first round.

The Jubilee crossed the line at 11:40:31, on the port tack, Defender following at 11:40:49. Within a few minutes after crossing the line the Defender had overcome the slight lead of the Boston boat, and from that time to the finish the new boat gained constantly.

The Defender rounded the first mark at 12:08:30; the Jubilee at 12:42. The second mark was rounded at 1:18:30 by the Defender and at 1:38 by the Jubilee. The Defender finished at 1:57:04 and the Jubilee at 2:06:03.

### Two Sisters Fatally Stabbed.

NEW YORK, Aug. 9.—Rose Well, 25 years old, and her sister Kate, 18 years old, were both seriously stabbed in the street yesterday by Phillip Giampata, 40 years old, an Italian shoemaker. Rose was stabbed nine times and Kate received seven wounds. Giampata came to this country five years ago. Two years ago he met Kate Well, and after a time she went to live with him. Eight months ago she became a mother, and after that she and Giampata did not live happily together. Finally she left him, and left the child. He repeatedly asked Katie to take back the child, and she as repeatedly refused. Last week, tiring of his persistency, she secured a warrant for his arrest. This so enraged the Italian that he lay in wait for the girls, and the stabbing followed. It is thought neither girl can recover.

### An Adventurous History.

DENVER, Aug. 9.—Jim Clarke, the Rio Grande railroad detective, who was shot and killed in the street at Telluride on Wednesday by an unknown assassin, was formerly a desperate outlaw, and is believed to have himself killed more than a score of men. During the war he was a member of Quantrell's band of guerrillas. Afterwards he was a government scout and Indian fighter. He was a member of the Jesse James gang, and after it was broken up he committed numerous stage robberies in the northwest. Eight years ago he settled in Telluride, where he served a long time as town marshal, effecting a strict observance of the law. He had the reputation of being one of the best shots in the world.

### Holmes Has Many Confederates.

PHILADELPHIA, Aug. 9.—It is said today that the Fidelity Mutual company, which was victimized out of \$10,000 by H. H. Holmes, has information to the effect that the arch conspirator has numerous confederates throughout the land, and that letters have been received in this city from them, since the search for Howard Pitzel was begun, stating their intention of standing by Holmes. When Detective Geyer left for the west the other day Inspector Gray, of the insurance company, accompanied him.

### Wanted to Lynch a Murderer.

OSWEGO, N. Y., Aug. 9.—Charles Burgess, the murderer of Henry Willock, at North York, was found in a barn near Ira Hill station last night. An angry mob surrounded the place, and many urged the lynching of the murderer. Wise counsels prevailed, however, and when called upon to surrender Burgess did so. He was chained and taken to the jail, followed to the station by the mob.

### A Western Desperado Captured.

BENTONVILLE, Ark., Aug. 9.—Lon Perry, an ex-member of the Cook gang, a noted desperado and a dangerous man, was captured near Huntsville and landed in the Bentonville jail. It is thought Perry was present at the robbing of the People's bank at this place. He was arrested on the charge of horse stealing.

### Murdered by His Brother.

STATESVILLE, N. C., Aug. 9.—In Davis county, Filmore Cain shot and killed his brother, Marshall Cain. The killing was the result of a misunderstanding about the settlement of an account, and the shooting occurred at a wheat threshing in the neighborhood. The slayer escaped.

### Long Distance Photography.

DENVER, Aug. 9.—Communications were exchanged by heliograph yesterday between the summit of Pike's Peak and army headquarters in this city, over sixty-six miles in an air line. A photograph was taken of the party of soldiers on the peak in the act of signaling.

### A Woman Sheriff in Missouri.

SPRINGFIELD, Mo., Aug. 9.—The county court of Greene county today appointed Mrs. Stewart, widow of Sheriff Dan P. Stewart, to succeed her husband as sheriff. She will hold office until a successor can be elected.

## FEW KNOW ABOUT THE SHAKERS OF MOUNT LEBANON.

We may not accept their peculiar religious views. We cannot enter into the spirit of their sacrifices, and therefore we do not study their habits of life. It is not necessary to believe as they do, but we can do so respect their sincerity of purpose and the honor and uprightness which mark all their business dealings. In one particular the Shakers excel all other men or classes of men. This is in the cultivation of medicinal herbs and plants. They have made it a study for more than one hundred years. They are also expert in extracting from them their characteristic essences and medicinal virtues. This is their peculiar industry. Their lives have been devoted to it. By it they are supported, they excel in their branch as do the monks of the order of St. Benedict with their famous liqueur called "Benedictine."

Now, this life-long study on the part of the shakers has not been in vain. They have accomplished much good. Their medicinal extracts and cordials are known throughout the world. The Shaker Digestive Cordial is probably the most useful medicine ever given to the public. It is not a cure for all diseases; it doesn't pretend to be; but one disease it will cure, and that is indigestion. It is not pretended that it will cure anything else, and a sufferer has not long to wait to see the result. The effect is immediate. Almost the first dose will give relief, and, if continued, a permanent cure will follow. Every druggist has been sent a supply of our handsome Donkey Puzzle Books, and a copy may be had for the asking. It tells all about the Cordial as well as Laxol, the new castor oil. Try a twenty-five cent bottle of Digestive Cordial and see what it will do for you.

# What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria is the Children's Panacea—the Mother's Friend.

**Castoria.**  
"Castoria is well adapted to children that I recommend it as superior to any prescription known to me." H. A. Acheson, M. D., 111 So. Oxford St., Brooklyn, N. Y.  
"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach."  
CARLOS MARTIN, D. D., New York City.  
THE CASTORIA COMPANY, 77 MURRAY STREET, NEW YORK CITY.

## FATAL BUILDING COLLAPSE.

Three Men Killed and Several Others Seriously Injured.

NEW YORK, Aug. 9.—With scarcely a sound to warn the seventy or eighty workmen of their danger, an eight story building in course of erection and nearing completion, at West Broadway and Third street, collapsed yesterday. There is a difference of opinion as to how the accident occurred. The prevailing idea is that an immense iron beam on one of the upper floors snapped, the floor gave way and crashed down through the building. There was a great V shaped jagged hole in all the floors, and at the bottom of the wreck were piled up bags of lime which had been stored on an upper floor, mingled with bricks, timbers, beams and tools, and from the mass came the groans and cries of wounded workmen. The firemen and police who came early to the scene could hardly see to perform their work of rescue.

When Coroner Fitzpatrick arrived to look after the dead, he said as a practical builder it was his opinion that the disaster had been caused by the sandy nature of the land on which the structure had been set. The dead are: Charles Smith, electrician, died at St. Vincent's hospital; John Burke, laborer, married, 44 years of age; lived in Brooklyn; Charles E. Peterson, electrician.

Five men were seriously injured and eleven others are missing. The latter, however, probably went at once to their homes.

### Tiltman Versus Dickie.

PROHIBITION PARK, S. L., Aug. 9.—Ex-Governor Tiltman, of South Carolina, and Professor Samuel Dickie, president of the National Prohibition party, met at the Auditorium here last night in a debate on the state liquor dispensary system. The jury, consisting of local newspaper editors, prominent politicians and representatives of the Democratic, Republican and Prohibition parties, were unable to arrive at a decision, and will give the matter further consideration. Ex-Governor Tiltman spoke on the South Carolina dispensary system, and declared that intemperance had been greatly lessened under the new order. He held that the open saloon, with its seductive influences, brought about every possible evil, while prohibition resulted in "apeak easies" and hypocrisy. Professor Dickie was emphatic in his denunciation of the South Carolina dispensary system, and said that it had been introduced into that state because the people had been afraid to stand for prohibition.

### An Evangelist Killed in a Wreck.

ALBUQUERQUE, N. M., Aug. 9.—No. 2 passenger train from the west was wrecked on the Continental divide, about thirty miles from here. The train ran into a washout, and two combination baggage and express coaches, the day coach and a tourist sleeper flew the track and tumbled over. Rev. E. C. Wheeler, the Baptist evangelist, who had been in California with his car Emmanuel, was on the platform of the tourist car when the washout was struck. He was thrown off, and the car fell on top of him, crushing out his life. Eight passengers were injured.

### Killed by a Fellow Lunatic.

LEXINGTON, Ky., Aug. 9.—W. N. Hurst, a lunatic, killed a fellow lunatic, Stephen de Long, between midnight and daybreak in the Eastern Lunatic asylum. The two violent lunatics were placed in separate beds in the same room. An attendant at 12:30 found Hurst fondling a brick in a pillow case. He threw the brick out of the window. At daybreak he returned and found de Long dead on the floor, with his head mashed and Hurst holding a piece of carpet in which was wrapped a brick. Hurst got the bricks from the wall behind his bed.

### Alleged Postoffice Robbery.

KANSAS CITY, Mo., Aug. 9.—Four men, all of them prominent, were lodged in jail here charged with robbing the Brookfield, Mo., postoffice of \$1,000 in February, 1894. They are W. S. Day, who was assistant postmaster at the time of the robbery; Henry Strode, J. E. Haverly, and Augustus Severe. Day was captured at East Liverpool, O., a few days ago, after a long search, while the others were arrested at Berier, Mo., at about the same time. Their arrest is an important one, several other charges of robbery being laid at their doors.

### Killed at a Watermelon Festival.

KNOXVILLE, Tenn., Aug. 9.—Jos Asquith, aged 23, was killed by Harmon Michaels, aged 18, at a watermelon festival in this city. They were throwing melon rinds at one another, when Asquith became offended at Michaels, and they quarreled. Michaels threw a stone, which, striking Asquith at the base of the skull, broke his neck, causing instant death. Michaels is under arrest.

### Women Worsted in Battle.

MARINETTE, Wis., Aug. 9.—The first blood in the fight between the squatters and mill owners was shed yesterday. Six women, wives of squatters, sallied out to tear down a fence which had been erected around their homes during the night, and they were attacked by the mill company's crew. A pitched battle ensued, and the women were worsted. Four of them were taken from the ground covered with bruises and bleeding. Jack Lundenberg and Dick Gorman, of the mill company, were arrested. Loss of life may result from the affair.

### Miss Gordon Acquitted of Murder.

**Closing Quotations of the New York and Philadelphia Exchanges.**  
NEW YORK, Aug. 8.—The volume of business on the Stock Exchange today reached the minimum. Speculation was sluggish and prices moved irregularly within extremely narrow limits. Mrs. J. P. Bell, Ossawatimie, Kan., wife of the editor of The Graphic, the leading local paper of Miami county, writes "I was troubled with heart disease for six years, severe palpitations, shortness of breath, together with such extreme nervousness, that at times I would walk the floor nearly all night. We consulted the best medical talent.

They said there was no help for me, that I had organic disease of the heart for which there was no remedy. I had read your advertisement in The Graphic and a year ago, as a last resort, tried one bottle of Dr. Miles' New Cure for the Heart, which convinced me that there was truth in it. I took three bottles each of the Heart Cure and Restorative Nerve and it completely cured me. I sleep well at night, my heart beats regularly and I have no more smothering spells. I wish to say to all who are suffering as I did; there's relief untold for them if they will only give your remedies just one trial."

Dr. Miles Heart Cure is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at 50c, 6 bottles for \$2.50, or it will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.
