Since 1878 there have been nine epidemics of dysentary in different parts of the country in which Chumberlain's Colle, Cholera and Diarrhoea Remedy was used with perfect success. Dysentary, when epidemic, is almost as severe and daugerous as Ashitic cholera. Herefolder the bast efforts of the most skilled physicians have failed to check its raviges, this remedy, however, has cured the most mallgrand cases, both of children and annits, and under the most trying conditions, which proves it to be the best medicine in the world for howel complaints.
