SATURDAY, AUGUST 16, 1895.

## Waltham's Striking Mill Hands.

WALTHAM, Mass., Aug. 10.—The strike situation here grows more serious, the number of idle employees having been swelled to nearly 700. In all departments, as fast as the work in hand is completed, the operatives are given notice that their services will no longer be required until the trouble with the forty-six original strikers is settled. Superintendent Bailey informed the several committees that, while he is not in a position to treat with them, he has no doubt that if the aggrieved ones return to work and ask their foremen for the increase of wages desired the matter will be seriously considered. The strikers say they will not return under any such conditions.

## An Alleged Murderer Murdered.

JACKSON, Miss., Aug. 10.—A special from Brandon, county seat of Rankin county, says that a difficulty occurred on the street there between J. H. Dinkins and Dabney H. Marshall, in which Dinkins was killed. Marshall is a member of the legislature from Warren county, and Dinkins is a local politician of some prominence. The shooting grew out of a slanderous report circulated by Dinkins against Marshall. The murderer was aided by three friends, and fifteen shots were fired at Dinkins before he fell. Marshall and his companions were arrested.

## Will Retain Barnum's Fortune.

NEW HAVEN, Aug. 10.—The fortune of the great showman, P. T. Barnum, will not go to the Greek, Dobriti Callal Bey, whom Mrs. Barnum has just married. Just before the civil ceremony an antenuptial contract was signed in the New York office of Attorney George P. Ingerson, of this city. Ex-Governor Ingerson was present as Mrs. Barnum's personal counsel. The contract signed specifies that neither party shall have control over or claim the fortune of the other.

## Boat Upset and Two Drowned.

CAMDEN, N. J., Aug. 10.—Frank Chamberlain and Benjamin Wagner, both of Philadelphia, were drowned off Spruce street, this city, by the upsetting of a rowboat. William Fisher and Charles H. Stewart, also of Philadelphia, who were also in the boat, are under arrest here pending investigation. Both were intoxicated, and it is believed the drowned men were under the influence of liquor.

## Final Excursion.

The second and last excursion to Atlantic City over the Philadelphia & Reading railroad will take place on August 22nd. Full particulars will be announced in due time.

## Harper's Bazaar.

It is too early to indicate autumn fashions, except by very general terms; but hints of the coming season will appear in the August numbers of Harper's Bazaar. A charming play for amateurs, entitled *Plaza Life*, by Anna Cora, will be published in the same early in August.

## Publishers' Announcement.

## Promises Well.

From Sunday Item.  
The Shenandoah EVENING HERALD changes hands with the issue of August 1, H. C. Boyer and his son Joseph M., who have been editor and manager respectively, retire, and Messrs. Thomas J. Davis, Charles T. Straughn and Benjamin Parrott assume control. They mention W. J. Watkins as local editor. The HERALD is a sprightly local daily and the first issue under the new management promises well for the future.

## Notice.

The HERALD no longer occupies the offices in the Refinishing building. The only office the paper has in this town is at the new quarters, No. 8 South Jardin street.

## It May Do as Much for You.

Mr. Fred. Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so-called kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c, for large bottle. At A. Wasley's drug store.

My little boy, when two years of age, was taken very ill with bloody flux. I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy and quickly recovered. The remedy is a powder and gives a strong grip. I carefully read the directions and gave it accordingly. He was very low, but slowly and surely he began to improve, gradually recovered, and is now as stout and strong as ever. I feel sure it saved his life. I never can praise the Remedy half its worth. I am sorry every one in the world does not know how good it is, as I do. Mrs. Lim S. Hinton, Grahamsville, Marion Co., Florida. For sale by Grubler Bros., Druggists.

Last evening William, the 4-year-old son of Emil Beyer, the North Main street saloon-keeper, was run over by a bicycle ridden by George Frost, sustaining injuries on the right foot above the ankle. **Labor Holiday.**

The dispute is not yet settled as to which is the legal Labor Day in Pennsylvania; but it can be authoritatively stated that it is the first Saturday in September. The following is the law on the subject, passed by the 1885 session of the Legislature:

Section 1. Be it enacted, etc. That the first section of the Act entitled "An Act making the first Monday in September in each year a legal holiday to be known as 'Labor holiday,'" approved the 23rd day of April, A. D., 1880, which reads as follows:

"Section 1. Be it enacted, etc. That the first Monday of September in each year, after the passage of this act, shall be a holiday to be known as 'Labor holiday,' shall be so amended as to read and be as follows:

"The first Saturday in September in each year after the passage of this act, shall be a holiday to be known as 'Labor Holiday.'

"Section 2. That all acts or parts of acts inconsistent herewith be and the same are hereby repealed.

**Three Wants.**

"Reason's whole pleasure, all the joys of sense,

"Live in three words, health, peace, and competence."

So says the poet. Competence counts for little when one is sick; and peace is disturbed when health is upset, so that the poet, rightly places health first. To have good health you must have pure blood. For this the blood is the system, and all in material enjoyment and repair. The best blood-purifier is Dr. Pierce's Golden Medical Discovery, which is world-famed and sold everywhere. It is a sovereign remedy for all diseases due to impoverished or impure blood, as consumption, bronchitis, weak lungs, scrofula, old sores, skin diseases, and kindred ailments.

**1878 there have been nine epidemics of dysentery in different parts of the country in which Chamberlain's Colic, Cholera and Diarrhoea Remedy was used with perfect success. Dysentery, when epidemic, is almost as severe and dangerous as Asiatic cholera. Heretofore the best efforts of the most skilled physicians have failed to check its ravages, this remedy, however, has cured the most malignant cases, both of children and adults, and under the most trying conditions, which proves it to be the best medicine in the world for bowel complaints.
