From LaGrippe.

How Dr. Miles' Nervine Restored One of Kentucky's Business Men to Health. REXUE

No DISEASE has ever presented so many peculiarities as LaGrippe. No disease leaves its victims so debilitated, useless,

sleepiess, nerveless, as LaGrippe. Mr. D. W. Hilton, state agent of the Mut-ual Life Insurānce Co., of Kentucky, says: "In 1889 and '90 I had two severe attacks of LaGrippe, the last one attacking my ner-vous system with such severity that my life was despaired of. I had not slept for more was desparces of. I had not steps for more than two months except by the use of nar-cotics that stupefied me, but gave me no rest. I was only conscious of intense mental weakness, agonizing bodily pain and the fact that I was hourly growing weaker. When in this condition, I commenced using Dr. Miles' Restorative Nervine. In two days I begin to imprese and is one months the

Dr. Miles Kestorative Nervine. In two days I began to improve and in one month's time I was cured, much to the surprise of all who knew of my condition. I have been in ex-cellent health since and have recommended your remedies to many of my friends." Louisville, Jan. 22, 1895. D. W. HILTON.

A Conflict Anticipated Between Omaha's Rival Police Boards.

THE HEADQUARTERS BARRICADED.

Should the American Protective Association Adherents Carry Out Their Threat to Take Forcible Possession Tomorrow They Will be Obliged to Use Sledge Hammers.

OMAHA, Aug. 13.—It now looks as if a fered pain or aches in the region of the conflict is inevitable between the Omaha to find relief, but there seemed no remedy police force and the American Protective thority under a recent law to appoint a new police force. Sunday night indicawere that a compromise was probable, but the efforts of citizens who dethe present strife to persuade the A. P. A. to submit the controversy to the supreme court were of no avail. The A. P.

Ischarge the duties of the omos. The police headquarters resemble a bar-acks today. The disquisting rumors which are flying around, according to the racks today. The disquieting rumors which are flying around, according to the police, are the basis for the precautions taken in protecting the headquarters from an assault and capture in true feudal style. The door leading from the office to the police court, and the door opening out into Jackson street from the cantain's office. have been locked and braced with timburs, so that neither of them could be forced without the use of a sledge hammer. This leaves but two entrances to the office and cells. One is through the door opening out into the court from off Fifteenth street, and the other through tha door and up the narrow steps into Jackson street,

An assaulting party would have to come by one of these two entrys, and when they attempted this twenty-five police would be on hand to give them a warm reception. The police are assembled with their clubs and short handles, such as are used in pickaxes, and every one of them has a revolver. There are only fifteen patrolinen doing duty on the streets, the rest being on watch at headquarters, sleeping and talking over the situation. Captain Mosley said he did not anticipate any trouble, but it was deemed advisable to keep a force about the headquarters as a protection in case of an effort to take possession. men will be kept on guard until the commission muddle is settled.

The statement has been made that a quantity of arms and ammunition has beed stored in the city hall, as well as the headquarters, to be used by the men. This is denied by the offleers. They say the regulation revolvers carried by the patrolmen would be sufficient in case firearms would be needed. The force of specials has been released, and it is understood the men would not be re-employed unless the situation becomes more threatening than it is at present.

The police report that there has been no disturbance of any kind, and that there is no more reason to expect an attack is no more reason to expect an actaca now than there was a few weeks ago, ex-cept that some of the A. P. A. leaders claim that Judge Hopewell's decision places the new board in possession of the departments, and it is expected the board will demand possession of the headquar-ters, the offices of the fire and police alarm superintendent and operators and the chief of police office. There may be tron

All Her Life-Happy Release at Last of Miss Alice Young, who Resides at 392 Alexander Street, Rochester, N. Y.

(From Rachester Democrat and Garonicle.) Our representative was received very bin representative was received very pleasantly at 302 Alexander Street, by Miss Alice Young, who told how since enhibition and her held in the bond-age of pain from her back, never re-membering the time that she had not suf-fored and the line that she had not suf-

for her case and she still remained a cap the aches and pains disappear, she that the aches and pains disappear, she that herself a slave to pain no more, by thoir continued use. She says: "I was entirely relieved of all my suffering and new I am perfectly strong, healthy and well," "How did you take this remady ?" Miss A, have appointed their force, and claim 'How did you take this remark?" Miss they will take possession of the city propthey will take sty tomorrow. It was stated that those of the Protestant policemen that those of the Protestant policemen and firemen who did not notify the new board by tomorrow that they would hold themselves subject to the order of the new board would receive little considera-tion when the new board commenced to the protect of the office. The a harthey will take possession of the city prop-erty tomorrow. It was stated unofficially that those of the Protestant policemen and firemen who did not notify the new board by tomorrow that they would hold

position causing pain and suffering; the nerves passing up my back, were affected and this brought with it severe headaches, but as I sold before, Dean's Kidney Pills have removed all pain and suffering en-tirely and I never felt better and healthier In my life

BLOODSHED'IS IMMINENT. HELD IN BONDAGE THAT BUILDING HORROR. New York's Latest Calamity to be Investigated.

FOURTEENTH BODY RECOVERED

The Counsel of One of the Accused Contractors Declares That the Foundations of the Building Were Not Properly. Constructed - Workmen Investigators Refused Admis.ion.

NEW YORK, Aug. 13 -- An investigation into the causes of the wreck of the Broad-way building, in which so many men lost their lives, was began yesterday by Building Superintendent Constable. The super-intendent called a meeting of thirty building experts and architects in the build-ing, and said to them that he would leave no stone unturned to bring the guilty person or persons to justice, if criminal negligence could be shown. The experts took a superficial view of the ruins and are today making a more minute inspec-

While Superintendent Constable was addressing the experts a lawyer named Stevens, who is counsel for Joseph Guider, the plaster contractor, who is now on bail charged with criminal negligence, asked the superintendent whether it would not be well to make a close inspection of the collapsed building. The superintendent said this would be done in due time.

"Is it an absolute fact," then asked Mr. Stevens, "that the roof had sagged twelve Inches some three weeks ago?' "I don't care to discuss that at the pres-

ent time," wald the superintendent, photographs of the roof, together with measurements and calculations, will certainly be taken and the question will be thoroughly considered."

Lawyer Stevens said to a reporter that his defense for Guider would be that the concrete base which supported the centre column was insufficient to support the

weight that rested upon it. "That base," said ite, "was nine feet square, and but one foot deep, while all experts know that the dopth of a concrete undation should always be at least one-
