

RACE RIOT IN NORTH CAROLINA

Negroes Gathered to Protect a Prisoner, Fired on the Whites.

WINSTON, N. C., Aug. 18.—A riot between whites and blacks, which came near terminating seriously, occurred here. The trouble originated over a report given out at all the colored churches to the effect that a crowd of whites were going to lynch Arthur Tuttle, on trial here for the murder of Policeman Vickers last May. The negroes, to the number of 300, marched to the jail, where they remained for several hours. They were armed with pistols and guns. Mayor Gray addressed the negroes, assuring them that there was no danger of lynching and begging them to disperse. Sheriff McArthur and two Winston lawyers also urged the band to go away, telling them there was no occasion for their conduct. Judge Brown, who is holding court, notified the negroes that they were violating the law, that Tuttle was getting a fair trial, and that he would be responsible for his protection. The negroes told his honor they would disperse if the sheriff would place twenty officers on guard around the jail. This was done, but many of the mob refused to leave. Sheriff McArthur, in response to orders from Judge Brown, called out the Forsyth Riflemen and a number of deputies. His honor also instructed the sheriff to arrest all negroes who refused to disperse. The mob then began firing on the whites, several officers being struck with small bird shot, but none were hurt seriously. About 150 shots were fired by the riflemen and negroes, but no one was killed. The negroes broke and ran when the militia began shooting. Fourteen of the rioters are in jail.

Tour to the North via Pennsylvania Railroad.

The last of the Pennsylvania Railroad Company's personally-conducted tours to the North will leave on August 29.

These tours traverse more than seventeen hundred miles of the most magnificent scenery, and a participant in the last tour, an extensive traveler, states that in his experience he has found no other tours of equal distance so replete in points of genuine interest, every one of which is in itself well worth the trip. The stop at Quebec, a new feature, added greatly to the success of the last tour.

The names of the places to be visited are familiar to all and suggestive of wonderland. No matter how much may be expected, one cannot be disappointed in Watkins' Glen, Niagara Falls, Thousand Islands, Quebec, Montreal, Au Sable Chasms, Lakes Champlain and George, Saratoga, and the Highlands of the Hudson. The round-trip rate of \$100 from New York, Brooklyn, Newark, Trenton, Philadelphia, Harrisburg, Baltimore and Washington will cover all necessary expenses during the time absent. A beautiful descriptive itinerary can be procured from the tourist department of the Pennsylvania railroad, 1106 Broadway, New York, or Room 411, Broad Street, Scranton, Philadelphia.

My little boy, when two years of age, was taken very ill with bloody flux. I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy, and luckily procured part of a bottle. I carefully read the directions and gave it accordingly. He was very low, but slowly and surely he began to improve, gradually recovered, and is now as stout and strong as ever. I feel sure it saved his life. I never can praise the Remedy half its worth. I am sorry every one in the world does not know how good it is, as I do. Mrs. Linn S. Hinton, Grasmaville, Marion Co., Florida. For sale by Grubler Bros., Druggists.

Wants More Light.

EDITOR HERALD:—I would call the attention of the lamp and water committee of the Borough Council, to the very late hour the street lights are turned on. Very often the town is enveloped in darkness for an hour and it is beyond my recollection to remember when they have been lighted before dark. This is not the complaint of one, but of many taxpayers, and, while it may not be the intention of the Citizens Electric Light Company to take advantage, it is injurious to the taxpayers, and I trust the above committee will give it their immediate attention.

CITIZEN.

Shenandoah, Aug. 18, 1905.

Since 1878 there have been nine epidemics of dysentery in different parts of the country in which Chamberlain's Colic, Cholera and Diarrhoea Remedy was used with perfect success. Dysentery, when epidemic, comes as a severe and dangerous as Asiatic cholera. Heretofore the best efforts of the most skilled physicians have failed to check its ravages, this remedy, however, has cured the most malignant cases, both of children and adults, and under the most trying conditions, which involve it to be the best medicine in the world for bowel complaints. For sale by Grubler Bros., Druggists.

Mothers.

"One good mother is worth a hundred schoolmasters," said George Herbert. Most of us what their mothers make them. But if the mothers are peevish and irritable, through irregularities, "female weakness," and kindred ailments, they find no pleasure, no beauty in the care of their babies. All effort is torture. Let all such, who feel weighed to the earth with "weakness" peculiar to their sex, try Dr. Pierce's Favorite Prescription. They will find the little one a delight instead of a torment. To those about to become mothers it is a priceless boon. It lessens the pains and perils of childbirth, shortens labor and promotes the secretion of an abundance of nourishment for the child.

Used the Mails to Detain.

CLEVELAND, Aug. 18.—S. S. Johnson and wife, colored, of Zoar Station, O., were brought here last night by a special United States marshal and lodged in jail on the charge of fraudulently using the mails. Under the name of Ida Gilchrist Mrs. Johnson, who is as black as coal and lived in a shanty, advertised in a matrimonial paper for a husband, saying that she was possessed of a fortune. She received replies from all parts of the country, and soon succeeded in getting proposals from a number of her correspondents, but when they offered to marry her she told them she could not get hold of her money, and asked for a loan. It is said she received money from many of her distant admirers. Her husband was implicated in the swindle.

An Old Man's Double Crime.

CLEVELAND, Aug. 18.—The dead body of August Schissler, aged 60 years, was found hanging from a tree in the woods near his home, in the outskirts of the city, yesterday. Schissler had quarreled with his wife, and struck her with a blunt instrument. Thinking her dead he committed suicide. Mrs. Schissler is still unconscious and may die.

Made Speechless by Lightning.

BETHLEHEM, Pa., Aug. 13.—Sunday night's storm, while it was very heavy, did but little damage in this city. In the country, however, it is reported as having been the heaviest that has occurred this summer. Many trees were uprooted by the wind, and the heavy hail stones played havoc with the growing corn in some localities. Annie Piscara, while walking in an open field near Hanover, was struck by lightning, and has been speechless and helpless ever since. Her recovery is doubtful.
