BABIES IN AUGUST

Anxious Mothers Dread the Hot Summer Days.

Everything Depends Upon the Diet on Which They Are Fed.

Lactated Food Best Supplies the Materials for Healthy Growth.

Not only the physicians, but thousands of modest parents who have seen their children safely through the trying years of babyhood and youth now know that there is no rational telligent home in the land.

Mothers -

"One good mother is worth a hundred schoolmasters," said George Herbert. Men are what their mothers make them. But if the mothers are peevish and irritable, through irregularities, "female weakness," and kindred allments, they find no pleasure, to beauty in the care of their babes. All effort is torture. Let all such, who feel weighed to the earth with "weaknesses" peculiar to their sex, try Dr. Pierce's Favorite Prescription. They will find the little ones a delight instead of a forment.

of a torment.

To those about to become mothers it is a priceless boon. It lessens the pains and perils of childbirth, shortens labor and promotes the secretion of an abundance of nourishment for the child.
