

# Afoot or on Horseback

Means a condition of uncertainty. That's just the condition of any man who wants to push his business and hesitates for a moment in regard to advertising. Those who are shrewdest select the best mediums and advertise judiciously. Such wise advertisers are found every month in the columns of the **Evening Herald**. They know its worth. They know that it is the only daily in the largest town in the county. These shrewd and clever advertisers know what they are about. They are never "afoot or on horseback," but are always leading the procession.

### FIREMEN PENSIONED.

At the last session of the Legislature of this state a bill known as the "Firemen's Pension Bill" passed and subsequently received the signature of Governor Hastings. Under the requirements of the Act it is necessary, in order for the various companies to receive the money from the state with which to pay pensions, that they organize an association in each town, and the association must be in working order by January 1st, 1906.

The law directs that the money shall be paid to the treasurers of the various cities and boroughs and by them to the association. The latter body attends to the payments to the beneficiaries through its Board of Directors.

The law further stipulates that but one association shall be formed in the same town, and all firemen who desire to reap its benefits must be members in good standing of one of the companies included in their association. The money is paid those who become disabled in the service, or to the widows of those who may be killed in service.

Many towns in the state have already formed an association for the purpose, and have placed themselves in a position to derive the benefits of the law for their members and their widows.

Shenandoah has three strong companies, and so far we have heard of no steps being taken by them looking to the formation of an association for the purposes enumerated in the bill. If the members desire to receive the benefits of the law they should at once proceed to carry out its requirements. It is legislation enacted for their special benefit, and more especially in the interests of volunteer companies. The latter receive, as a general rule, very little encouragement from either the law-makers or the people in general—or, at least, nothing adequate for the services they render the public—and it is a pleasant knowledge to know that an opportunity is given them to place their disabled members upon the pension rolls of the state. The local firemen should organize themselves at once and reap the benefits.

PENNSYLVANIA has three of the six leading agricultural counties in the United States, Lancaster leading the list.

SUPERINTENDENT WHITAKER and his corps of teachers have been very busy for the past day or two preparing for the opening of the public schools to-morrow. Shenandoah can justly feel proud of her schools and teachers, for they are second to none in the interior of the state. May they ever retain the present high standard.

A LITTLE encouragement shown the children will act as an incentive to save and become economical in habits. There are hundreds of children in Shenandoah who spend their money as fast as received, and this habit is due, in a great measure, to the want of proper early training. If they are encouraged to put away a portion of the money they receive, whether for wages or for gift, it will be surprising how the economical idea has advanced in the course of a few years. The child will never forget the lesson thus taught.

THE man that penned the following knew just exactly what he was talking about: "A newspaper is always printed in a rush. There is always something in it that should be left out, something left out that should have been put in. It is sometimes too quick to act, but with all its faults and shortcomings

there is more education in a bright, new newspaper than there is in a novel. You will find the brightest boy on practical, sensible every-day questions, in the boy who reads the newspaper."

THE latest British yacht to attempt the task of winning back the Queen's cup which the yacht America won from them in 1854, Valkyrie III, is now in the Eric basin at Brooklyn. She is the subject of a great deal of attention from yachtsmen and they are divided in their opinions as to her ability to accomplish the task, though the consensus of opinion is that she is not as speedy as Defender.

THE Democrats of the Hazleton legislative district, in electing delegates to their state convention, solicited themselves that because the Republicans are contesting for the control of the state organization, they, the Democrats, will get their "just due." That was entirely superfluous, as they will get the usual walloping which, although not yet "just due," will be early in November.

THE primary election in Philadelphia last evening resulted about as was expected by conservative calculators. Senator Quay received eighteen votes, with a probability of four more. The loudest Combine shouters conceded him but 8 or 10. The Junior Senator's fight is now won, and no amount of force, fraud or bribery can change the result. One of the surprises of the contest was the defeat of Mayor Warwick in his own division and ward, which was not counted upon by the Senator's friends. The result will place Lehigh, the only county yet to elect delegates, in the Quay column. This much is now assured: Senator Quay will be chairman of the state committee and Governor Hastings president of the state convention; and the Herald feels quite happy, thank you.

### SEVEN MEN WERE DROWNED

By the Upsetting of a Small Pleasure Yacht Near Buffalo.

BUFFALO, Aug. 21.—By the capsizing of the small pleasure yacht Rung Brothers last evening seven men of the thirteen on board were drowned. That there was not a greater loss of life is due to the presence of the tug E. C. Maytham and the quickness of two of the life saving crew in getting to the scene.

Frank Bugmann, married; Jacob Baumann, leave a wife and three children; Henry Schindler, married; Thomas F. Cannon, single; Charles Fischer; fireman, name unknown, and an unknown passenger.

The members of the party were employees of the East Buffalo live stock yards. A strong wind was blowing, which made a heavy sea, and as she was entering the harbor a heavy sea swept over her, completely engulfing boat and all on board. Most of the life preservers were loose and easily grabbed by those who had the opportunity or the presence of mind to do so.

The skylight over the engine was floated off as the boat sank, and this was seized by some of the men. Two men grabbed one life preserver and went down.

The tug Maytham rescued four of the men, and two members of the life saving service succeeded in saving two others.

Maintaining the Gold Reserve.

WASHINGTON, Aug. 21.—The gold syndicate yesterday prevented the gold reserve from falling below the \$100,000,000 mark. About 2 o'clock the treasury department was informed that \$2,850,000 in gold had been withdrawn for export from the sub-treasury in New York. As the gold reserve at the close of business stood at \$103,527,145, the withdrawal would have reduced the reserve to \$100,677,145. A few minutes afterward, however, Acting Secretary Curtis received a telegram saying that Mr. Herbert Morgan, of the syndicate, had deposited \$2,850,000 in gold in exchange for greenbacks. This deposit swelled the reserve to \$101,677,145.

GUILTY of Felonious Assault.

LANCASTER, Pa., Aug. 21.—The jury in the case of Adam Bertsch, accused of felonious assault and battery on William Bals, a prominent hotel keeper, last spring, last night brought in a verdict of guilty. Bertsch shot Bals in the face, cutting out one of his eyes, and for weeks his life was despaired of. Bals had befriended Bertsch, and the latter shot him because he had been discharged for offensive conduct.

### THE KUCHENG INVESTIGATION.

Foreign Representatives Will Doubtless be Permitted to Participate.

WASHINGTON, Aug. 21.—The state department has been informed that there was some disposition on the part of the Chinese officials not to allow the American and British officials to be present at the investigation of the Kucheng riots. It is stated at the department that the usual hitch has occurred, in which the Chinese officials have refused to allow any interference with their form of procedure. In every case where there has been an investigation of the kind proposed the same objections have been made, the Chinese feeling that they will lose prestige with their people if they allow foreigners to participate in their courts. These objections have always ended in the submission of the Chinese after some delay.

It can be stated authoritatively that the instructions to Minister Denby cover all questions now in controversy, and that the investigation will be conducted in such manner as to allow the American representative to secure complete and full information as to the cause of the riots and the persons participating in them, whether high or low. The assurance is also given that this will be done in such a manner as to leave nothing for complaint by the American people on the score of failure to obtain the facts relating to the disturbances.

It is not at all probable that Minister Denby has been directed to make any such demand as that to be made by the British minister at Peking, as it is known here that such a demand would not be necessary. It is understood that the Chinese minister has informed his government that the best interests of China will be served by according to the American and British officers the most thorough facilities for obtaining all information desired.

It is not believed at the state department that the refusal of the Chinese authorities will do more than to delay the investigation for a time.

### THE DENVER DISASTER.

Thirteen Bodies Recovered.—The Remains of Peter Gurney's Life.

DENVER, Aug. 21.—Thirteen bodies have so far been taken out of the ruins of the Gurney hotel, and it is evident that the death toll, when complete, will contain twenty-four or twenty-five names, possibly more. The dead already taken out and identified were:

Frederick Houhold, manager of Opera House, Lisbon, Ia.; Robert C. Greiner, manager of Gurney hotel; Mrs. Robert C. Greiner; James Murphy, contractor, Denver; George Burt, Rock Island railroad conductor; E. F. McCloskey, mine owner, Cripple Creek; Mrs. G. R. Wolfe and child, Lincoln, Neb.; William Roberts, elevator pilot; B. I. Lorch, Central City, Colo.; Ferdinand French, treasurer of Gilpin county, Colo.; Myron E. Hawley, Union Pacific railroad clerk, E. W. Edwards, a Denver butcher.

The statement that Mrs. R. C. Greiner, one of the victims of the disaster, was a daughter of Peter Gurney, proves incorrect. Mr. Gurney was never married, and leaves no known relatives. All he knew about himself was that he was of French birth, and that his parents were drowned at sea. Of all the crew and passengers of the British brig Peter Gurney, when she foundered off the banks of Newfoundland over fifty years ago, he alone was saved. His rescuers gave him the name of the wrecked vessel. He leaves property valued at \$100,000.

Fire Chief Roberts says he saw Elmer Leshier, also known as Pierce, the young engineer whose carelessness caused the explosion, walking rapidly away from the scene of the disaster about ten minutes after the fire department arrived. Detectives are searching for him.

The Massacre of Bannock Indians.

WASHINGTON, Aug. 21.—The question of what action should be taken by the government in connection with the killing of the Bannock Indians in the Jackson's Hole country on July 13 last has been referred to the department of justice. It is believed that the arrest of certain settlers by the United States authorities has been recommended, so that the case may be brought into court and the relative weight of the treaty with the Bannocks and of the laws of Wyoming may be judicially determined.

### SUITS AGAINST JUDGES.

Many Legal Contests Growing Out of a Suit for Damages.

SCRANTON, Pa., Aug. 21.—A profound sensation was caused in court circles and through the city yesterday by the filing of a suit by Attorney Cornelius Smith against President Judge R. W. Archbald, Superior Court Judge E. N. Willard and his partner and son-in-law, Major Everett Warren, ex-Congressman Lemuel Ammerman, ex-City Solicitor L. H. Burns, Prothonotary C. E. Fryer, Deputy Prothonotary Myron Kasson, ex-County Detective Thomas E. Reynolds, and the Lehigh Valley Railroad company.

The action is brought by Mr. Smith as counsel for John G. Jennings, and the damages asked are \$100,000. The case grows out of the well known Jennings suit. The plaintiff's minor son, James Jennings, was injured in the Mud Run disaster, on the Lehigh Valley, on Oct. 10, 1888, and brought suit for \$50,000 damages. At the same time his father brought an action to recover damages for the loss of his son's services. The elder Jennings is now under bail on a charge of perjury, based upon allegations made against officials of the court in an affidavit filed when his case was called for trial last May.

Attorney Smith then went to the supreme court for a mandamus to compel the lower court to discharge his client on common bail, and in doing so he made charges which induced ex-City Solicitor Burns to sue for \$50,000 damages for libel a few weeks ago. In yesterday's suit Mr. Smith avers that the defendants conspired to hinder, delay and defeat his actions, although his client was entitled to recover damages.

Alleged Fugitive Murderer Caught.

WILKESBARRE, Pa., Aug. 21.—George Metzger, who, with William Penn Bowman, is charged with the murder of an Arabian peddler in this city, a year ago, was brought to Wilkesbarre yesterday from Mauch Chunk, where he was committed to jail without a hearing. Metzger escaped on the night of the murder, and has been a fugitive ever since. Bowman was convicted of murder in the first degree and the case was appealed to the supreme court, where it is now pending, Bowman claiming that Metzger fired the fatal shot.

### Democrats Win in South Carolina.

COLUMBIA, S. C., Aug. 21.—Very full returns from the thirty-five counties of South Carolina show that the Democratic nominees in every county have been elected, with a few possible exceptions. Two independent Democratic candidates may be elected in Union, and two negro Republicans in Darlington and two in Beaufort. The reform Democrats will have a large majority in the constitutional convention, which insures the making of a constitution which will largely eliminate the negro vote.

### "Got the Drop" on a Terror.

EL PASO, Tex., Aug. 21.—John Wester Hardin, the terror of the border, was shot and killed in the Acme saloon, in this city, by Constable John Sellman. Sellman's son, who is on the police force, arrested a female friend of Hardin's a few days ago, and Hardin threatened to run Sellman out of town. While Sellman was standing at the bar of the saloon Hardin entered and attempted to draw his pistol. In an instant Sellman sent a bullet crashing through Hardin's brain. Sellman surrendered.

### The St. Louis a Complete Success.

SOUTHAMPTON, Aug. 21.—The speed trials of the American line steamer St. Louis over a measured course in the English channel were a complete success. The course was from Portland Bill to Start Point and back, which is a distance of 104 knots. The time in which the course was covered was three 41 mins. 1 sec., which gives a mean speed of 22.9 1/2 knots. The trial was made to ascertain whether the steamship comes up to the requirement under the contract for carrying the mails.

### Three Rinkmen Strikers Killed.

BERLIN, Aug. 21.—Twelve strikers from Skalweit's mill in Labiau, east Prussia, became engaged in an altercation with the owners in the mill yard, and finally attacked them. The police were summoned, but the rioters turned upon them and attempted to drive them away. A sharp encounter ensued, during which a policeman fired five shots from his revolver, with the result that three of the strikers were killed.

### French and Italian Workmen Fight.

PARIS, Aug. 21.—A dispatch to Le Journal from Marseilles reports that a serious riot has occurred between French and Italian workmen employed in the salt works at Berre, sixteen miles northwest of Marseilles. The fighting was of a desperate character, and five men were seriously wounded before the police could quell the riot. A number of the ringleaders were arrested.

### Four Fire Fighters Jump to Death.

SPOKANE, Wash., Aug. 21.—W. McCreey, superintendent of bridges for the Northern Pacific, reports the death near Couer d'Alene of four carpenters while engaged in extinguishing a fire on a burning bridge. The flames cut off their retreat and eventually all four had to jump into a chasm 136 feet deep and were dashed to pieces.

### Preferred Death to Farm Work.

READING, Pa., Aug. 21.—Arthur, aged 12, son of Nathan Zimmerman, of this city, committed suicide by taking Paris green at Bloomsburg. The boy had been hired out on a farm. He did not like the business, and said he would rather die than follow that kind of work.

### Physician Drowned While Bathing.

CAPE MAY COURT HOUSE, Aug. 21.—Dr. James W. H. Walker, a prominent Philadelphia, was drowned at Wildwood yesterday. He was on his vacation, having come to the seashore on Monday. Dr. Walker was in bathing and was carried out by the undertow.

### HELD IN BONDAGE

All Her Life—Happy Release at Last of Miss Alice Young, who Resides at 392 Alexander Street, Rochester, N. Y.

(From Rochester Democrat and Chronicle.)

Our representative was received very pleasantly at 392 Alexander Street, by Miss Alice Young, who told how since childhood she had been held in the bondage of pain from her back, never remembering the time that she had not suffered pain or aches in the region of the kidneys. Many were the means she used to find relief, but there seemed no remedy for her case and she still remained a captive; then along came these little enemies to backache, Doan's Kidney Pills, and a half box releases the bonds, as one by one the aches and pains disappear, she finds herself a slave to pain no more, by their continued use. She says: "I was entirely relieved of all my suffering and now I am perfectly strong, healthy and well."

"How did you take this remedy?" Miss Young was asked by our representative, she replied that she followed directions explicitly. Miss Young then told how the malady affected her, saying her symptoms were: "Stooping, bending over, walking or standing any length of time always gave me a pain in the small of my back. I had a pain in the kidneys all the time, and if I caught cold it would always settle there; the pain I suffered was of a very exhausting nature; at night I could only lie flat on my back any other position causing pain and suffering; the nerves passing up my back, were affected and this brought with it severe headaches, but as I said before, Doan's Kidney Pills have removed all pain and suffering entirely and I never felt better and healthier in my life."

Doan's Kidney Pills are for sale by all dealers, price 50 cents, mailed by Foster-McClellan Co., Buffalo, N. Y., Sole Agents for the United States.

For sale at Kirlin's Pharmacy.
