"Beware the pine tree's withered branch, Beware the awful avalanche,"

was the psalmist's warning to the aspiring Alpine youth. Dangers greater than these lurk in the pathway of the young man or young woman of the present as they journey up the rugged side-hill of Time. But they may all be met and overcome by a judicious and timely use of Dr. J. C. Golden Medical Discovery, the celebrated cure for colds, coughs, catarrh, and consumption. Better than hypophosphites or cod liver oil; unrivalled and unapproachable in all diseases arising from a scrofulous or enfeebled condition of the system. Send for a free book. The Discovery Saved His Life.

Mr. G. Cailloette, Druggist, Bouvensville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at A. Waseley's Drug Store.

Work at the Mines.

The collieries of the Lehigh Valley Company shut down last night, and will remain idle for the balance of the week. The Philadelphia & Reading collieries will probably work a full week, but nothing definite is yet known. The coal trade is still in unsatisfactory condition. In speaking of the coal tonnage, an official of the Reading said: "It is amusing to know that we have agreed to submit our figures for examination pending the adjustment of tonnage percentages. They have always been open for examination. I do not know whether the receivers are willing to submit the question of percentages to arbitration, but if they are you can rest assured they are confident of securing 21 per cent."

**An International Squabble.**  
ST. JOHNS, N. F., Aug. 22.—The news-papers announce that the French admiral commanding the French squadron for fishery protection along the New Found-land coast is waiting at Bay of Islands to protest against the new trans-Insular railroad, now in course of construction, plying the country and touching any part of the so-called French shore where French fishing claims exist. The British authorities apprehend prompt and decisive action on the part of the French. It is feared that the question will lead to very important international trouble. The British flagship Cleopatra is lying in the same waters.

**Salvationists in Jail.**  
MADISON, Wis., Aug. 22.—The whole local Salvation Army, including the winning brigadier of Wisconsin, W. W. Winchell, of Milwaukee, was arrested by the police last night. Its members were notified by the chief of police that no more blockading of streets would be permitted. The Army paid no heed to the warning, but planned a great demonstration in honor of Brigadier Winchell. A police- man seized him in the midst of a prayer, and other officers took his ten associates to the jail. The women were released, but the men were placed behind the bars.

**Promised Reforms in Turkey.**  
CONSTANTINOPLE, Aug. 22.—It is stated here that the sultan has decided to issue a decree on Aug. 31 announcing general reforms throughout the empire. The tendency of this reply to the powers, how- ever, is more retrograde than progressive, as, for instance, Christians are not ad- mitted to be eligible to hold the post of vail, in spite of the fact that Christian vails have existed for years past.

**Richard Croker and Tammany.**  
NEW YORK, Aug. 22.—Today's World says: Richard Croker is slated for re- appointment to his old position in Tammany Hall as chairman of the finance com- mittee. Verification of this comes from sources which cannot be doubted. The ex-leader has been cabled about it, but has not replied, and the place will not be filled until he returns.

**Negro Shot by a White Woman.**  
BRIDGETON, N. J., Aug. 22.—William Crawford, colored, during a fit of jealousy yesterday afternoon attacked his white mistress, Ella Gaunt, choking and knock- ing her down. The woman seized a re- volver and shot him through the stomach, the ball lodging in his side. It is thought that he will die, and the woman has been arrested.

**Nebraska's Democratic Convention.**  
OMAHA, Aug. 22.—The Democratic state convention convened in Omaha today. Since all opponents of free silver in the party will hold a state convention Sept. 5, it is conceded there will be no fight along this line.

**Sighted Thirteen Big Icebergs.**  
LONDON, Aug. 22.—The British steamer Lyela, Captain Jones, at Avonmouth from Montreal, reports that she sighted thir- teen large icebergs on Aug. 11 and 12, from twenty to 150 miles east of Belle Isle.

The HERALD no longer occupies the offices in the Redwich building. The only office the paper has in this town is at the new quarters, No. 8 South Jardin street.

My little boy, when two years of age, was taken very ill with bloody flux. I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy, and he quickly recovered part of a bottle. I carefully read the directions and gave it accordingly. He was very low, but slowly and surely he began to improve, gradually recovered, and is now as stout and strong as ever. I feel sure it saved his life. I never can praise the Remedy half its worth. I am sorry every one in the world does not know how good it is, as I do. Mrs. Lina S. Hinton, Grahamsville, Marion Co., Florida. For sale by Grubler Bros., Druggists.

**Coming Events.**  
Aug. 31.—Lawn party, at the residence of Dr. C. M. Bordner, for benefit of All Saints' church.  
Sept. 11.—Festival in Robbins' opera house, under auspices of Patriotic drum corps.

Since 1878 there have been nine epidemics of dysentery in different parts of the country in which Chamberlain's Colic, Cholera and Diarrhoea Remedy was used with perfect success. Dysentery, when epidemic, is almost as severe and dangerous as Asiatic cholera. Heretofore the best efforts of the most skilled physicians have failed to check its ravages, this remedy, however, has cured the most malignant cases, both of children and adults, and under the most trying con- ditions, which proves it to be the best medicine in the world for bowel complaints. For sale by Grubler Bros., Druggists.
