

Afoot or on Horseback

Means a condition of uncertainty. That's just the condition of any man who wants to push his business and hesitates for a moment in regard to advertising. Those who are shrewdest select the best mediums and advertise judiciously. Such wise advertisers are found every month in the columns of the **Evening Herald**. They know its worth. They know that it is the only daily in the largest town in the county. These shrewd and clever advertisers know what they are about. They are never "afoot or on horseback," but are always leading the procession.

EVENING HERALD

ESTABLISHED 1870.
Published every Evening, Except Sunday, at 8 SOUTH JARDIN STREET, NEAR CENTRE.
The Herald is delivered in Shenandoah and the surrounding towns for six cents a week, payable to the carriers. By mail \$1.00 a year, or 25 cents a month, payable in advance. Advertisements charged according to space and position. The publishers reserve the right to change the position of advertisements whenever the publication of news demands it. The right is reserved to reject any advertisement, whether paid for or not, that the publishers may deem improper. Advertising rates made known upon application.
Entered at the postoffice at Shenandoah, Pa., as second class mail matter.
TELEPHONE CONNECTION.

Evening Herald

SATURDAY, AUGUST 24, 1895.

DELEGATES to the Republican county convention are springing up quite lively in the different wards.

THE Delaware peaches already marketed have been the finest grown in that state for years, and those of the later varieties yet to come give full promise of equal superiority.

THE ministers of Mahanoy City, lead by the Daily American, are after the Lakoside officials with a big stick. They want better accommodations and less rowdiness.

THE old legend of the red-headed girl and the white horse has been remodelled. It has been discovered that whenever a red-headed girl is seen on a wheel there is in the neighborhood a white man on a bicycle.

ANOTHER good man gone wrong. This time it is an ex-Mayor of Trenton, N. J., who is in a peck of trouble and two law suits because he violated the commandment, "Thou shalt not covet thy neighbor's wife," and all the good gossip are discussing it as a sweet morsel, both parties being wealthy and prominent.

THE demoralization of the Democratic party in Kentucky is so great that it looks very probable the Republicans will carry that stronghold of the Democracy this fall and elect a Governor and state officers. The opposition to Gorman in Maryland also looks very encouraging to the Republicans, who have a very strong ticket nominated and have perfected a good organization for active work.

LEHIGH county yesterday voted to send Hastings-Gilkeson delegates to the state convention. This winds up the elections and both sides still claim they are ahead. The administration forces are holding conferences while the Governor is soliciting delegates known to be committed for Quay to consult with him Tuesday morning. Straws of this kind disprove the claims so loudly made that they have a majority. The convention is likely to be an exciting one as no such contest has been waged for years. Congressman Jack Robinson, of Media, is likely to be the Quay candidate for temporary chairman, and as that officer will name the committee on credentials, this will be the test vote which will settle the question of supremacy.

PENNSYLVANIA'S WEALTH.

Some facts and figures recently set forth by government geologists concerning the fuel resources of the country, and particularly of our own state, make interesting reading. It is shown that the production of coal in this country in the past fifteen years has reached an aggregate of 1,783,874,284 gross tons. The anthracite region in Eastern Pennsylvania, which covers only four hundred and eighty square miles, yielded 519,370,258 tons, or nearly thirty per cent. of this total, and the 9,000 square miles of bituminous coal area in Pennsylvania produced 470,867,709 gross tons. Of both bituminous and anthracite coal Pennsylvania has produced during the past fifteen years 900,238,037 gross tons, or over fifty-five per cent. of the entire output of the country.

The first thought of the average reader on contemplating these enormous figures naturally is that such a drain upon the supply must in a comparatively short time exhaust the latter. But the calculations of Dr. H. M. Chance, of the Pennsylvania geological survey, are likely to dispel fears on that part.

Dr. Chance asserts that the untouched reserve of bituminous coal in Pennsylvania amounts to about 33,547,000,000 gross tons.

The 470,867,709 tons of soft coal which have been mined during the past fifteen years, therefore, represent only about one-fourth per cent. of what remains. At the rate of production of the past year the bituminous coal supply of Pennsylvania would last nearly 1,000 years; and that is but a small fraction of the fuel resources upon which this country can draw as necessity demands.

FINANCE AND TRADE.

Industrial Troubles Less Threatening and Prospects Good for Fall Trade.
NEW YORK, Aug. 24.—R. G. Dun & Co.'s weekly review of trade says: The volume of business shrinks, as is natural in August, and the shrinkage seems rather larger than usual because transactions in July were somewhat inflated for that month. Some industries are doing more than ever before in August, and the prospects for fall trade is good in others, although much depends on the crops, and the outcome is less clear than speculators on either side are disposed to admit. Industrial troubles have not entirely ceased, but during the past week have become much less threatening.

It is certainly a relief to turn to the great industries, in which the enormous orders placed some weeks or months ago cause phenomenal activity for the season. In iron, notwithstanding some uneasiness because the output has greatly increased, heavy purchases by two leading companies have advanced the price of Bessemer steel fifty cents, and a new combination has raised galvanized barbed wire to \$1.80, while combinations are being formed in wire rods and common wire, and advance in prices is expected. Failures for the week have been 202 in the United States, against 204 for the same week last year, and 43 in Canada, against 33 last year.

Bradstreet's review says: The volume of general trade throughout the east, south, southwest and on the Pacific coast is no larger in volume. In fact, at several southern and eastern centers rather more of quiet is reported than a week ago. At western and central western points, with some exceptions, signs are conspicuous of the favorable influence on business of the prospectively enormous Indian corn crop and the very large harvest of spring wheat. At the east stimulating influences are found in the continued activity in leading industrial lines, notably iron and steel.

YESTERDAY'S BASEBALL GAMES.

National League.
At Philadelphia—First game: Philadelphia, 5; Louisville, 4. Second game: Philadelphia, 12; Louisville, 4. At New York—New York, 7; St. Louis, 4. At Brooklyn—Brooklyn, 7; Pittsburgh, 6. At Baltimore—First game: Baltimore, 6; Washington, 6. Second game: Baltimore, 11; Washington, 4.
Eastern League.
At Providence—Providence, 8; Scranton, 7. At Springfield—Wilkes-Barre, 9; Springfield, 4. At Buffalo—Buffalo, 7; Rochester, 4.
Pennsylvania State League.
At Reading—Lancaster, 10; Reading, 6. At Carlisle—Carlisle, 6; Carlisle, 6.

Durant Will Testify.
SAN FRANCISCO, Aug. 24.—The prosecution in the Durant case is in fresh trouble over the business connections of Juror Nathan Crocker, who owns a rock quarry, and has been endeavoring to induce the board of supervisors to use material for concrete work from his quarry. Attorney Dickinson, of Durant's counsel, is also attorney for the majority in the board of supervisors. Durant will probably be a witness on his own behalf, this determination having been reached on account of Mrs. Leak's claiming to have seen Durant and Blanche Lamont enter the church together the day Blanche disappeared. It is believed at least six persons will corroborate Durant's alibi statement.

Probably Murdered by Tramps.
ALTOONA, Pa., Aug. 24.—The body of an unknown man was found in a cornfield a mile and a half west of Tyrone yesterday. A small fire burning near by indicated that tramps had spent the night there. The head of the man was covered with blood, and a mark on the head indicated that he had been struck with a blunt instrument. A book, printed in Hungarian, found near the body had the name Rudak Mehaly on the fly leaf. A black jack was also found near the corpse. The clothes had been partially removed, as if in a search for money.

Race Horse Dies on the Track.
ROCHESTER, Aug. 24.—While the Rochester meeting of the grand circuit was not a success financially, good sport was furnished, especially yesterday. In the 2:31 trot great excitement was caused by the death on the track of Comanche, owned by Mr. Curtis, of Fort Erie, and attached to Lon McDonald's string. The horse was coming down the finish in the last heat when he staggered and fell. McDonald jumping to save himself, a blood vessel was bursted and the animal died immediately. He was valued at \$1,500.

Fatally Hurt in a Mine Cage.
PETERSBURG, Ill., Aug. 24.—Eight miners started to work at 7 a. m. in Hill-top mine. The engineer had been in the habit of letting the cage drop nearly to the bottom, then catching it. This time the grippers failed to work, and five men had their legs broken and were injured internally, and will probably die. Three will certainly die. They are John Limberger, Patrick Kelly and Gus Nelson.

Charged with Fursing Her Sister.
MINNEAPOLIS, Aug. 24.—Miss Lora Perkins was arrested on the charge of killing her sister, Mrs. Loh Hawkins, by setting her on fire on Aug. 9, for the sake of \$7,000 life insurance. The warrant was sworn out by Dr. Todd, medical inspector of one of the insurance companies. It has been supposed that Mrs. Hawkins met her death by accidentally overturning a lamp.

Bold Diamond Thief Caught.
ATLANTIC CITY, Aug. 24.—A bold diamond robbery occurred at the Hotel Majestic. A sneak thief entered the room of Mrs. Max Bierbaum and stole \$1,300 worth of jewelry from a bureau drawer, while she lay in bed alongside her child. The thief was afterwards caught, and gave the names of Dave Martin and Morse.

Johnson Makes a New Cycling Record.
ROCHESTER, N. Y., Aug. 24.—On the grand circuit track yesterday bicyclist John E. Johnson, aided by two tandems, broke a half mile in 22.5 seconds, breaking the world's record by a little over four seconds. The first quarter was made in 27 seconds.

OUR DASHING DEFENDER

The Builder of the New Yacht Refutes Published Statements.

EXCEEDS THEIR EXPECTATIONS.

Mr. Herreshoff Declares That the Race Has Not Proved a Disappointment in Any Way, and Will be Prepared to Defend America's Cup.

BREITOL, R. I., Aug. 24.—The many rumors and reports which have been printed and circulated by other means in many quarters during the past few days regarding the condition of the yacht Defender were answered last evening by a positive statement made to an Associated Press reporter by President John B. Herreshoff, of the Herreshoff Manufacturing company, in which he not only denied emphatically that there was any truth in these reports, but declared that the boat had more than met the highest expectations of her builders.

The several recent accidents which have happened to the Defender, including the fact that she has been aground twice since the unfortunate accident at the time of her launching, and her withdrawal last Tuesday from the race with the Gould boat, had led many people to believe that the designers and builders were sadly disappointed at the outcome of their labors. Although the Herreshoffs and members of the syndicate have been fully cognizant of public opinion, they have heretofore strenuously declined to make any denial. Mr. Herreshoff deplored the fact that such reports had found their way into print, and said that in many of the published stories there had not been a particle of truth.

"There is nothing the matter with the Defender, and never has been any serious trouble with her," said Mr. Herreshoff. "The boat was as sound as a dollar when taken off the ways, and is just as sound today. The reports that her hull has been wrenched either on the ways or in running aground, or in any of the trial spins or races, are unqualifiedly without foundation.

"The breaking of the first spar and many of the slight accidents," Mr. Herreshoff continued, "were unavoidable, and were not unexpected in a new boat. The breaking of the gaff was the only serious accident that has occurred. Aside from this everything has stood as firmly as it could be expected to stand on a new boat."

"Last Tuesday, in the race," Mr. Herreshoff went on, "it became apparent that the mast stepped after the previous accident was scarcely strong enough for the new rigging, and especially in the weather that prevailed at that time, and in order to prevent any possible accident the Defender withdrew and was brought back to Bristol that she might be thoroughly overhauled and have everything done that could be done to anticipate any future accident, especially after she should be rigged with her steel boom and gaff.

"As soon as the new mast is put in position the steel boom will be put on, and the Defender will then be ready to do her duty in protecting the America's cup from the Valkyrie III."

Mr. Herreshoff remarked in conclusion: "There is one thing that I want to make as impressive as possible, and that is that the Defender has more than met the highest expectations of her builders."

Chicago's Hospital Scandal Grows.
CHICAGO, Aug. 24.—The scandal arising from the death of patient Putick, at the Dunning hospital, has resulted in charges being preferred against the following: President Healy, Superintendent Morgan, Commissioner Ritter and Butcher Evans. It is charged against Healy and Morgan that they have appointed and retained employes at the Dunning asylum who have been bribed. Healy is further charged with violating the civil service law by "favoritism, incompetency and neglect of his official duties." The charge against Butcher Evans is soliciting of a bribe from the meat contractor, and Commissioner Ritter, it is alleged, took active part in the contract.

Gilkeson Wins in Lehigh County.
ALLENTOWN, Pa., Aug. 24.—The Hastings-Gilkeson ticket has been elected in Lehigh county by an overwhelming majority. The indications are that Senator Quay has but 42 votes out of a total of 106 in today's convention. This insures the Lehigh delegation in the state convention for Hastings and Gilkeson. Of Mr. Quay's votes ten were elected in Allentown, Hastings securing the remaining sixty-one. Of the thirty-two outside of Allentown which went for Mr. Quay nearly every one was carried by David H. Thomas, of the Thomas Iron works. The vote was the heaviest ever polled at a county primary.

Our Commissioners Said to be Prisoners.
LONDON, Aug. 24.—A special dispatch from Shanghai says that the members of the commission which recently left Fou Chong Tu in order to investigate the recent massacre of missionaries there are virtually prisoners, and that Commander Newell, of the United States steamer Detroit, has gone to Cheng Tu to consult with Mr. J. C. Hixson, the United States consul at Fou Chow, who is the leading member of the commission, about the landing of marines for his protection and for the protection of the other members of the commission.

Miss Emma Rockefeller to Wed.
NEW YORK, Aug. 24.—The World says: Miss Emma Rockefeller, eldest of the four children of William G. Rockefeller, one of the two brothers who control the Standard Oil company, is engaged to marry Dr. David Hunter McAlpin, Jr., of this city, son of the millionaire tobacco manufacturer. Miss Edith Rockefeller, the youngest daughter of John D. R., is to be married next month to Harold McCormick. William G. Rockefeller, cousin of Miss Edith and brother of Miss Emma, is soon to marry Miss Emma Stillman.

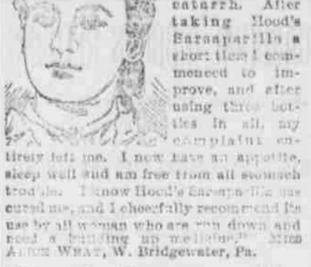

German Monometallists Jubilant.
LONDON, Aug. 24.—The Times' Berlin correspondent says that the supporters of the gold currency are jubilant at the statement made by Hon. A. J. Balfour, first lord of the treasury in the house of commons, to the effect that the English government will take no steps looking to an international bimetallic conference.

Three Killed in a Church Panic.
VIENNA, Aug. 24.—During the celebration of mass in a church at Rozonzo, Gallia, a panic was caused by the upsetting of a taper. During the confusion three persons were killed and many were injured.

Know Hood's Cured

Because It Made Pure Blood.

"I was all run down and could not sleep at night on account of the continuous and severe pain through my body. I had right stomach troubles and catarrh. After taking Hood's Sarsaparilla a short time I commenced to improve, and after using three bottles in all, my complaint entirely left me. I now have an appetite, sleep well and am free from all stomach troubles. I know Hood's Sarsaparilla is cured, and I cheerfully recommend its use by all whom who are 'run down' and need a building up medicine." MISS ANNE WHEAT, W. Bridgewater, Pa.

Hood's Sarsaparilla
Is the only True Blood Purifier prominently in the medicine world.

Hood's Pills
For Constipation, Biliousness, Headache, etc.

BLOOD POISON

Reliable: Hand: Laundry,
COR. LLOYD AND WHITE STS.

All work guaranteed to be first-class in every particular. Silk ties and lace curtains especially. Goods called for and delivered. A trial order solicited.

A PROTEST FROM SPAIN.

The Meetings of Cubans in This Country Vigorously Criticized.

MADRID, Aug. 24.—In regard to the news that Estrada and other Cuban insurgent leaders are allowed to hold a meeting in a public hall, "with the flag of the Cuban republic flying alongside the stars and stripes, culminating Spain, her army and Cuba, collecting money and recruiting men for rebellion," as announced in a dispatch received here, the Imparcial says: "The government of America and its representatives may think as they like of this mode of understanding that neutrality to which they are bound, but outside of them there is no man who supports fair play who will not censure the conduct of the government of the United States. If they continue to authorize such meetings, in which Spain and her army are insulted and funds collected for expeditions against us, our course is clear, and Europe shall be made understand their international obligations. Deaths and wars, acts and not promises are what we want. Let us sacrifice everything rather than the honor of our country. Let us reach the most extreme disaster, if such is our lot, but let us not either be deceived or degraded by any weakness."

The semi-official El Nacional says that the government has decided to dispatch 100,000 men and all the ships necessary to blockade the island of Cuba, and crush the rebellion during the first months of 1900.

General Salcedo has arrived at Coruna. He states that it is only a question of time and weather when Captain Martinez Campos will "sweep the rebels into the sea."

Maximo Gomez, the insurgent leader, it is stated, has issued a proclamation sentencing a number of well known persons to death.

A Missing Clergyman.
SCRANTON, Pa., Aug. 24.—Rev. Milner Morris, of Niantic, Conn., has mysteriously disappeared while on his way from his home to Montrose, this state, where he was to be installed as pastor of the Montrose Baptist church tomorrow. He telegraphed Thursday morning that he would surely be there. A committee was at the station to meet the afternoon train upon which he wired he was coming, but he was not among the passengers. The police have learned that a man answering the description of the missing clergyman had left the train in this city at 12:37 Thursday afternoon. Later a clerical-looking man with a ticket for Montrose boarded the 9:07 train, but instead of changing cars for Montrose paid his fare on to Binghamton, N. Y.

Saved from Suicide.
PHILADELPHIA, Aug. 24.—Two young women, one named De Clare, and the other unknown, called at the boarding house of Mrs. Ada Pim, on Malmoth street, and inquired whether Elizabeth Crompton, aged 35 years, a boarder, had committed suicide during the night. The door of Miss Crompton's room was forced open, and she was found unconscious in her bed, a handkerchief tied firmly over her mouth, the gas turned on and every aperture stuffed with wool. Two notes were found. In one she bequeathed all her worldly goods to Miss De Clare, and in the other begged that no one should mourn for her. It was learned that a few nights ago the two women visited Miss Crompton and discussed her approaching death. She will recover.

Shot Down by an Officer.
NASHVILLE, Aug. 24.—Winchester J. C. Arledge was shot and killed by Officer McClaren. The officer had notified Arledge to close his saloon, as the hour for closing required by the city law had arrived. The saloon was closed, but some parties remained outside, while others asked for admission. By some means a glass in a show window was broken, and Arledge shot through the window into the saloon. Officer McClaren returned the fire. Arledge fell dead. McClaren was shot through the leg and ear.

Big Tannery Destroyed by Fire.
ALTOONA, Pa., Aug. 24.—At 7:30 last evening a fire broke out in the Irvons Tannery company's extensive buildings. The town being poorly equipped with fire apparatus, the tannery was completely destroyed, and the flames communicated to the shed, which contained 30,000 tons of bark. At 10 o'clock the fire was spreading through the bark shed, but on the arrival of a fire engine from this city soon after that hour it was gotten under control. The loss will probably reach \$75,000.

Peaceful Prospects in Peru.
WASHINGTON, Aug. 24.—Hon. A. J. McKenzie, United States minister to Peru, who is in this country on a leave of absence, is in Washington for a few days. Mr. McKenzie takes a hopeful view of affairs in Peru, and says the prospects for peace and prosperity in that country are better now than they have been at any period during the time of his stay. He also expresses the belief that the disturbed relations now existing between Peru and Bolivia will be settled by arbitration.

The Universal Peace Union.
MYSTIC, Conn., Aug. 24.—The convention of the Universal Peace union closed yesterday. The following officers were elected: President, Alfred H. Love; vice presidents from the societies of each state, Miss S. V. Whipple of New York, Miss Daisy Earle of Boston, George W. Minier of Minier, Ill., Frederick W. Hipple of Westery, R. I., and Mary Frost Ormsby of New York were elected to fill vacancies in the executive committee.

Glass Workers Accept a Compromise.
PITTSBURGH, Aug. 24.—The prescription department, the most important branch of the flint glass workers' scale, was settled by the workers agreeing to an advance of 4 per cent, instead of 1 1/2 per cent demanded. It is intended by the manufacturers to start their factories on Sept. 1, which is a month later than they are usually started. The wages of about 8,000 men are affected by the settlement.

Two Killed in an Excursion Riot.
MIDDLESBOROUGH, Ky., Aug. 24.—News has just reached here of a desperate fight on the Knoxville, Cumberland Gap and Louisville railroad, in which two men were killed, and Captain Wynne, superintendent of the road, was knocked in the head. A negro excursion of 1,000 people were en route to Cumberland Gap, when Captain Wynne and the other two men attempted to quell a row.

Abe Small Convicted of Murder.
SAVANNAH, Ga., Aug. 24.—The trial of Abe Small, the negro who shot Policeman Newsome and was recently brought back from Baltimore, resumed yesterday in a verdict of guilty of murder. The case has attracted unusual attention.

HIS BIGGEST CONTRACT

Contractor Dakin of Syracuse Tells of the Final Success of a Big Undertaking.

(From the Syracuse (N. Y.) Post.)
Mr. George Dakin is a well-known contractor and resident of Syracuse, and a representative business man of that city. Our representative found him over-seeing the sewer work at the Arsenal, and in the following interview he describes how he has finally completed the biggest contract he has ever undertaken.

"Mr. Dakin, doesn't your business expose you to many unhealthy conditions?"
"Yes, I am continually catching cold."
"Does it affect your general health?"
"It has brought on kidney disorders."
"Have you been troubled from that source any length of time?"
"I think I started during the war, in which I took an active part, and every cold I catch has aggravated it."
"What were the symptoms?"
"Lame back and trouble with the kidney organs. I have doctored for years and used all kinds of remedies I heard of, without relief. My case is as follows:"

"Some little time ago I was in a very bad condition, hardly able to hobble around; I had been in Madison County looking after a contract there for the State; I got very wet, and, as usual, was laid up. I was simply twisted way around and doubled up on one side; when I attempted to stand up it seemed as though I would tear out one of my kidneys; while in this condition I saw Doan's Kidney Pills advertised. Being almost desperate, I was willing to try anything for relief. I began using them, and the result was truly wonderful. I feel as young as a boy, and it is the first time in many years that I have been perfectly free from pain in the small of my back. All urinary troubles gone. I am perfectly well, and no traces of my former trouble remain. I fully recommend Doan's Kidney Pills."

Price, 50 cents per box; for sale by all dealers or mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.
For sale at Kirkin's Pharmacy.

PROFESSIONAL CARDS.
