

# Afoot or on Horseback

Means a condition of uncertainty. That's just the condition of any man who wants to push his business and hesitates for a moment in regard to advertising. Those who are shrewdest select the best mediums and advertise judiciously. Such wise advertisers are found every month in the columns of the **Evening Herald**. They know its worth. They know that it is the only daily in the largest town in the county. These shrewd and clever advertisers know what they are about. They are never "afoot or on horseback," but are always leading the procession.

## EVENING HERALD

ESTABLISHED 1870.  
Published every Evening, Except Sunday, at 8 SOUTH JARDIN STREET, NEAR CENTRE.  
The Herald is delivered in Shenandoah and the surrounding towns for six cents a week, payable to the carriers. By mail \$2.00 a year, or 25 cents a month, payable in advance. Advertisements charged according to space and position. The publishers reserve the right to change the position of advertisements whenever the publication of news demands it. The right is reserved to reject any advertisement, whether paid for or not, that the publishers may deem improper. Advertising rates made known upon application. Entered at the postoffice at Shenandoah, Pa., as second class mail matter.

## Evening Herald

MONDAY, AUGUST 26, 1893.

EVERY voter should bear in mind that to be qualified to exercise his franchise next November he must register on or before September 5th next, and his taxes must be paid before October 5th.

WHILE eating elms the other day a New Yorker felt what he at first thought was a marble strike his teeth. It was found to be a pearl valued at \$25. There are many men who would find fortunes in their mouths if they knew just when to close them.

THE small boy who accepted the erection of a tent at the north end of Main street on Saturday as a forerunner of a circus was not wholly mistaken. Those who assembled under the tent yesterday say there was a lively time with the devil as the ring horse.

WHEN an employe takes pride in the field of labor assigned to him he wins credit for being zealous in the performance of duty. This seems to be the case with Mr. Oscar Beteridge, the superintendent of the public water works. He becomes quite enthusiastic when showing visitors the many beautiful points of the pumping station at Brandonville.

ALL the railroads of the Eastern states report more traffic to the seashore this year than for years past. They have reaped a rich harvest this year and it would have been much larger had there been more cheap excursions. The one of last Thursday, when over one hundred people left town for Atlantic City, should prove an example for next season. Cheap excursions to distant points are always popular.

IT is expected that Shenandoah will be represented by the attendance of a large number of citizens at the Republican state convention to be held at Harrisburg on Wednesday. It will not be the first time the town has sent a large delegation to the capital in addition to the state delegates, and it is hoped the representation will be such that the town will not be ashamed to send another at some future time.

BARBERS of Ashland have circulated a petition to get all the craft in the town to close their shops on Labor Day. It has become necessary for workmen to beg each other to observe a day which was enacted upon their own solicitation and for their own benefit. It is to be considered strange that corporations sue when they hear of laws being passed for the benefit of the working people? It seems, in the Ashland case at least, that the almighty dollar is too strong a temptation.

THE advanced woman, whose present fad is bloomers, is being pummed by the wits in all directions. One who asserts that she will not need to strike a match on the stove pipe hereafter; another says the public will soon learn which of her is so built that she can stop a pig in an alley; while a third asks, apropos of a wedding in which the bride wore bloomers, whether she expects to wear them during all her married life; and another gravely dispenses the consequences of "lasting a gallus" or losing a suspender button on a long stretch of dusty road.

IT is certainly very gratifying to hear that the hat and cap factories of the town are overcrowded with orders. It is unfortunate that the town cannot supply a sufficient number of operatives from its regular inhabitants, but as thriving industries are a benefit to the town in many respects we must be content and accept what we can get. The law which prevents operatives under 21

years of age from working at night may be considered a hardship by many, but it is one of those peculiar measures which even the labor unions have sought in order to secure employment for those who are of sufficient age to undertake the arduous task and to prevent those of tender years from overtaxing nature and making themselves invalids for life.

THE attention of free traders is called to the strike of 7,000 mill operatives in Dundee, Scotland. Their wages have declined gradually but surely until they are unable to earn enough to keep body and soul together. Free trade has not improved their condition and it would result the same here, if it is beautiful in theory but in practice it is the reverse, and while it may be said to help ourselves behind a tariff wall, charity begins at home and the most practical charity is that which enables one to help himself by honest labor.

THE Republicans of this county have scored a point in securing grace in which to make up their county ticket after the Democratic ticket is nominated, which is to be done on September 23d, next. To many it seems unimportant which party holds its convention first, but it forms just as much a part of the tricks of preliminaries as the holding back a shrewd jockey indulges in when measuring the powers of a horse he does not know. Any mistake the Democrats may make in the formation of their ticket will be an advantage to the Republicans if it is acted upon judiciously.

**Attempted Wife Murder and Suicide.**  
MALDEN, Mass., Aug. 25.—Daniel J. McLeod, a Melrose carpenter, attempted to kill his divorced wife, Mary McLeod, on Washington street, Oak Grove, and afterwards shot himself through the head, dying instantly. Although the woman was badly injured it was thought that she will recover. Mrs. McLeod, who is employed as a domestic by J. Parker Sweet, obtained a divorce from her husband two years and a half ago. Since then McLeod has frequently asked her to live with him. Yesterday he met her and renewed his request, and when she refused he fired two shots at her, one of them shattering her jaw. Then he fired a bullet into his own brain, dying instantly.

**The Bull Fighting in Colorado.**  
CRIPPLE CREEK, Colo., Aug. 25.—Another bull was killed in the arena at Gillett yesterday, in the presence of 6,000 people. The first bull turned into the arena refused to fight, and a new one was driven into the arena. The next animal made a fight for his life, but his battle was quickly over. Chirita, the king of the arena in Mexico and Spain, made two stabs at the animal and then left him practically dead, but the Mexicans with the red cloaks teased the creature, and one came within an ace of losing his life. There was great excitement in consequence, especially among the little coterie to which the individual belonged. Not a few women fainted.

**Two Well Known Preachers Dead.**  
READING, Pa., Aug. 25.—Rev. Dr. William Swain, a retired Presbyterian minister, whose home was in Canonburg, Washington county, Pa., died at Wernersville, this county, Saturday night, while visiting relatives. His illness was very brief. The death is also announced of Rev. J. Heister Leinbach, of this city, which occurred at Clifton Heights, Pa., where he had gone in search of health. Deceased was 43 years old, and unmarried. He formerly occupied the pulpit in Reformed churches in Kutztown, this county, and other places.

**New York's "Dreyfus" Sunday.**  
NEW YORK, Aug. 25.—This was probably the dullest Sunday in the history of the metropolis, at any rate the police officials all made reports to that effect. An army of police officers in citizens attire were on the constant lookout for violations of the law. The saloon keepers were extraordinary vigilant and suspicious of any one in search of a glass of beer or whiskey. In several instances arrests of saloon keepers for interfering with an officer were made.

**Detective Powers Murder Avenged.**  
GRAND RAPIDS, Mich., Aug. 25.—John Smalley, the man who was killed by deputy sheriffs at McLean Saturday night, has been positively identified as the man who killed Detective George Powers here last Thursday night, and there is but little doubt that he was one of the five who held up the Chicago and West Michigan train near the Kalamazoo river last week.

**The Weather.**  
For District of Columbia, eastern Pennsylvania, New Jersey, Delaware, Maryland and Virginia: Fair; variable winds.

"For three years I suffered from Salt Rheum. It covered my hands to such an extent that I could not wash them. Two bottles of Burdock Blood Bitters cured me."—Lillie Young, Popes Mills, St. Lawrence County, N. Y.

## FIVE FATALLY INJURED

By the Collision of a Schooner with a Lake Erie Steamer.

TOLLEDO, O., Aug. 25.—An accident occurred in the channel Saturday night that will result fatally in at least five cases. About 9 o'clock, as the passenger steamer City of Toledo was returning from her regular trip to Put-in-Bay, she encountered the schooner Magdalen, in tow of the tug Butler. The City of Toledo signaled to the schooner to take the port side, and the tug at once commenced to sheer off, but in doing so gave the schooner a momentum, which carried her to a bank of mud just as the steamer was abreast of her. She suddenly slid off the bank and veered into the City of Toledo, her jibboom striking the passenger steamer forward of her gangway and tearing away about fifty feet of her upper works.

## White Swelling

Came on my leg after typhoid fever, and pieces of the bone came out. Rheumatism joined the serofula to put me in misery. Hood's Sarsaparilla proved just the medicine; relieved me of pain, gave me a good appetite and I bid adieu my crutch and cane. Having taken 10 bottles.

## A BOMB FOR ROTHSCHILD.

It is Opened by a Clerk, Who Receives Sections Injuries.

PARIS, Aug. 25.—A heavy letter addressed to Baron Alphonse Rothschild was delivered at the baron's office Saturday afternoon during his absence at Trouville. The baron's confidential clerk, M. Jankowski, opened the bulky parcel with a knife, whereupon it exploded. The clerk's right eye was almost torn out of his head, and one of his hands was so badly shattered that three of his fingers had to be amputated. It is thought the package was sent by an anarchist.

## Magowan Charges Blackmail.

TRENTON, Aug. 25.—Ex-Mayor Frank A. Magowan says he is preparing a statement for the press. In the meantime he charges that the suit brought against him by his former manager, J. A. Barnes, for \$100,000 damages for the alienation of his wife's affections is blackmail, and he declares that Barnes has offered to settle the case for \$8,000. Mr. Magowan denies that he was with Mrs. Barnes at any of the places named in Barnes' petition for divorce. He also says that the story that he is seeking a divorce from Mrs. Magowan emanated from the same source as the other charges against him. He does not, however, unequivocally deny the story.

## Corea's First Postage Stamps.

WASHINGTON, Aug. 25.—A document which was received at the state department from Minister Sill, at Seoul, Corea, enclosed four new postage stamps, the first issued by Corea for domestic purposes. The stamps are in bright colors and carry, besides their English lettering giving their denomination, several Corean characters, which presumably convey the same information to the natives. The stamps were manufactured in Washington. They range in value from one cent, or five cents, to ten cents.

## Three Tramps Killed in a Freight Wreck.

MILLSBORO, O., Aug. 25.—A bad wreck occurred on the Cleveland, Akron and Columbus railway near here. Spreading rails threw one car of a through freight from the track, and eleven cars were piled in the ditch. The track was blocked all day. Three tramps who were riding on the train have not been seen since the wreck, and it is believed they are buried under the debris.

## No Money to Prosecute a Murderer.

PORT JEFFERSON, N. Y., Aug. 25.—James Knight, who was held here under the suspicion of having murdered Charles J. Twist on Aug. 2, was discharged from custody. He was discharged because the commissioners of Pike county, Pa. refused to allow his extradition and prosecution on the ground that auditors would not authorize such disbursements.

## Held for Reckless Driving.

UNIONTOWNS, Pa., Aug. 25.—James Callahan and Edward Hetsell, who drove the delivery wagon for Samuel Sheep, of Connelleville and who ran over a small child at Broadford, killing it instantly, had a hearing on Saturday and were held for court. It is alleged that they were driving recklessly and are guilty of criminal negligence.
