Gilkeson Nominates Quay.

Chairman Gilkeson, who sat in front of Senator Quay, was substituted for one of the delegates from Bucks county for the purpose of making a motion. He said: It is perfectly evident to my mind, after the vots for temporary chairman, what would be the result of a vote for state chairman. I therefore, in the interest of party harmony, withdraw as a candidate for this place, and move the unanimous election of Senator Matthew Stanley

This statement was received with wild applause. The delegates stood up in their seats and waved fans and handkerchlefs. The spectators in the galleries applauded and for a minute the convention was a Lager and howling mob.

Congressman Stone seconded the motion in a brilliant speech, which was cu-thusiastically applauded.

Before the question was put Congressman Robinson apologized for the authorship of the Quay campaign slogan, "What did he do with it?" Referring to Chairman Gilkeson's disposition of the campaign funds, he said he was satisfied that Gilkeson spent the money honestly.

Senator Quay was then made the unanimous choice of the convention for state

There were loud cries for a speech from Senator Quay. The senator arose, and declining to take the platform simply said: "I will endeavor in the campaign now ensuing to make it a campaign of

As soon as Senator Quay finished, the delegates and spectators who had been sweltering in the awfully hot theater for more than three hours began to break for the doors, evidently not caring to hear the platform, the committee on which was in ssion in one of the galleries.

Hastings Presents Quey with a Gavel. A gavel, made from a part of a rafter in the house in which Blaine was born in Washington county, was presented to Chairman Quay by Governor Hastings.

In taking the stage to read the report of the platform committee District Attorney Graham, of Philadelphia, said it was the platform agreed upon by a majority of the committee, although there was a large minority against it. Senator Penrose called Mr. Graham to order for revealing the proceedings of the committee. Congressman John Dalzell, in reply to Mr. Penrose, stated that the resolutions were forced through by the majority without deliberation.

The harmony program struck a snag at the conclusion of the reading of the platform, when Mr. Riter, of Philadelphia moved the substitution of his sound money resolution for the money plank in the platform as read. Congressman Dalzell made a strong speech in support of Mr. Riter's attitude. He reiterated his well known views on the money question and urged that the platform of the Pennsvivania Republicans should be made as strong as possible. Senator Quay said he saw no objection to Mr. Riter's resoluas long as i tached to the platform as read. Mr. Riter's amendment was then agreed to and the platform as amended was adopted.

Points of the Platform.

The financial plank of the platform says

in part: Believing it to be the settled doctrine of the party that the bonor of the nation and the interests of its citizens require the maintenance of a national currency. every dollar of which, whether in gold, silver or notes, shall be of a stable value 30 1/2 East Centre St., Shenandoah, Pa. and of equal purchasing power, this conrention hereby declares its opposition to the debasement of the national currency by the admission of silver to free and unlimited coinage at the arbitrary ratio of

On the Wilson tariff bill the platform

says: We thank the Republican members of the house of representatives from Pennsylvania for their activity in exposing the destructive character of the Wilson tariff bill, as passed by the house of representatives, and we thank the Republican sens tors from Pennsylvania for their efficient help in securing its defeat. Especially do we thank Senator Matthew Stanley Quay for his heroic resistance to the bill through out many weary months, leading the Republican opposition to its enactment, and finally compelling the Democratic majority in the senate to agree to the substitution of many protective duties for its free trade provisions."

The administration of Governor Hast-

ings is thus extolled: "We commend the splendid administra-tion of Governor Daniel H. Hastings, which has fully justified the confidence in him of the voters of the commonwealth as expressed in the enormous majority given

him last fall. After the adoption of the platform the convention passed a resolution of thanks to Chairman Gilkeson, and adjourned sine

The platform has this to say regarding

highway improvement:
"We favor the adoption of a fixed and well considered policy for the permanent betterment of the highways of the state. so that the means of communication by private convoyance between the farms of the state and the neighboring markets shall be improved, and encourag given to the enlarged use of the highways by our citizens.

LONDON, Aug. 29.—According to a dis-patch received here from Naples there is no truth in the report that a formal and final settlement has been arrived at between the Princess Colonna, daughter of Mrs. John W. Mackay, and her husband, Prince Colonna, on the basis of the former having the custody of the children and the latter receiving an annual income of 60,000 francs. The prince is at Sorrento with the boys, who often visit the princess. The latter is with her daughter, at Castellamare. The girl frequently visits her father at Sorrento.

Two Killed and One Fatally Injured.

ALLENTOWN, Pa., Aug. 29,-A premature explosion of dynamite occurred in a stone quarry at Schadt's, a few miles from here, which will probably cost three lives. Two of the men, James Brown and William Ridland, were blown to pieces, and the third, named Falk, was injured so badly that he cannot survive. Four holes had been drilled in the side of the quarry. Two of them had been filled and the third was being charged when the explosion took place. All the men were married, Brown leaving a large family. Falk was re-moved to his home.

Boston Still Overcrowded.

Boston, Aug. 20.-Business and pleasure combined yesterday to take up the time of every Knight Templar, and at night the conclave and its attendant ceremonies were in full blast. Everywhere receptions were held. The members of the Grand Encampment are busy preparing for to-day's election of officers. The crowds are atill so great as to interfere seriously with traffic, and in the city proper one can make much better progress by joining the multitude and letting it propel him along the streets than by patronizing the trolley Cars.

Bulgariaus Used Dynamite. CONSTANTINOPLE, Aug. 29 .- Details have been received here of the recent attack made by a band of Bulgarians in the Mahomettan village of Dospat, across the Turkish frontier, in the Rhodope mountains. The attack occurred while the villagers were asleep. The Bulgarians used dynamite bombs and set fire to the houses when the inhabitants tried to escape. Men, women and children, it is claimed, were killed indiscriminately, and according to one version of the affair 800 persons perished.

Stolen Treasure Recovered.

SAN FRANCISCO, Aug. 29.-Wells-Fargo detectives discovered yesterday \$11,530 of the \$53,000 stolen from the Southern Pacific near Swingle's station in October last. A few days ago they found two empty sacks that had contained \$40,000 of the plunder, and which it was supposed had been found and carried off by tramps The search will be continued near the spot where Bandit Brady said his chum had buried the treasure. Yesterday's discovery accounts for all but \$1,500 of the booty.

Old age has many infirmities, none of which are more prevalent than kidney disorders. Have you ever noticed how the old people complain of backache, lame back, and general distinguished. And there are many other symptoms of which they do not speak, such as bloating of the limbs, painful and infrequent urmation. or excessiveness of urinary discharge. Most people think they are too old to find relief and cure, but this is not so. No better evidence than the following, which comes from an Elavira citizen, who has been cured of who has been cured of a very severe case at 77 years of age. Mr. Wig. Thurston of 127 West Market Street, speaks of his case in this way: "I am 77 years old. I have been afflicted with that dreated complaint (kidney disease) for over ten years, mak-ing my old age a burden. I was so bad as to be forced to carry a belt at all times, and, when my suffering became beyond endurance, I would put on the belt drawing it tightly around me and buckle it, thus bringing an extreme pressure over the kidneys; this, undoubtedly, forced the urine out, a function which the kidneys themselves had become too diseased to perform. My condition I put down to a strain I received. I began taking Doan's Kidney Pills. After two or three days I noticed their effect. I was much surprised, as the aliment was so severe and so long standing, while I had tried many remedies without any relief whatever. The pain I have experienced at times from straining in my efforts to discharge the urine was simply awful. I have done away with the use of my leather belt, and the pain has all gone, and I recommend Doan's Kidney Pills to all afflicted with kidney od urlnary disorders."
