VIGILANT AGAIN BADLY BEATEN

The New Yacht Led by Over Five Minutes at the Finish and Might Easily Have Made the Distance Between the Contestants Much Greater.

NEW YORK, Aug. 31.—The third so called trial race between Defender and Vigilant, which took place yesterday, was a good deal of a farce. Defender won over a course of ten miles to windward and return by five minutes and twelve seconds, when she could have crossed the finish line anywhere from eight to ten minutes ahead of Vigilant if she had been sailed for all she was worth. The magnificent showing that Defender made on Thursday in all kinds of weather and on all points of sailing created so much enthusiasm that Mr. C. O. Iselin, the chief manager of the syndicate which built the yacht, may have come to the conclusion that the boat discovered her qualities too much, and possibly he decided to pull back a little. Defender made a tack just before rounding the outer mark, which she would have had no occasion to do if she had been well handled, and which cost her a minute or more. In all the beating down to the outer mark Defender was sailed with a rap full or more. No effort at any time was made to keep her pointed up to the wind. Vigilant, on the other hand, was sailed as she always is, in the most sportsmanlike manner.

On Thursday in a heat of eight miles, Defender beat Vigilant five minutes and five seconds; on a run before the wind the keel boat beat the centerboarder over the same distance two minutes and thirteen seconds, when the wind was light. Yesterday, when there was a good breeze at the start, ten miles an hour, which increased a couple of miles before the racers turned the outer mark, Defender in a ten mile leg beat Vigilant five and five minutes and twenty-two seconds; and on the run home before the wind, during which there was never less than an eighteen knot breeze, Vigilant picked up ten seconds. On Thursday the water was as smooth as a mill pond, while yesterday there was no sea that could be called heavy or even choppy.

The preparatory whistle was blown promptly at 11 o'clock. The signal to start was blown ten minutes later. After crossing the line on the starboard tack Vigilant was the first to come about. Defender went in stays, too, and although she came up into the wind five or six seconds later than Vigilant, she was fully on the other tack before the centerboarder. When both boats had come around to the port tack Defender was nearly a sixteenth of a mile ahead in that first five minutes of the race. At 11:23 Vigilant went about again, and Defender followed suit instantly.

The breeze freshened to about twelve knots an hour at this time, and both racers felt it simultaneously. They stood on a long board, and it was not until 12:01 that Defender came about. Vigilant remained on the same tack until 12:03. Two minutes later Defender came around to the starboard and crossed Vigilant's bow. She stood on that tack for three minutes and then came about to port well on Vigilant's weather bow, and stood down for the outer mark. It looked as though she could have made the mark, but she did not. She made a couple of tacks before rounding. Vigilant made a good long tack to port and then came about to stand well over to the eastward. Her next tack fetched her around the mark with ease.

Defender was then five minutes and twenty-two seconds ahead. She gibed over and prepared for her run before the wind home. But that preparation, which included the setting of the spinnaker and the balloon jib topsail, was perfected in a very slow manner. Then came the run home before the wind.

In view of Defender's great work on Thursday, on a run before the wind, many people thought she would beat Vigilant yesterday. On the contrary, Vigilant gained ten seconds on her, and Defender was the winner by five minutes and twelve seconds, as the following official time table will show:

	Start.	Mark.	Finish.	Elapsed Time.
Defender	11:06:05	12:47:25	2:04:12	2:52:10
Vigilant	11:06:18	12:53:42	2:07:30	2:57:12

The racers had not proceeded a mile on their course when the English yacht Valkyrie loomed up to the northward, beating down from the point of Sandy Hook. She was never nearer to the Vigilant than five miles; but even at that distance it could be seen that the challenger kicked up a good deal of foam in the water. Valkyrie did not come near Defender and Vigilant until the very close of the race, when she drew up to the finish line and witnessed the Defender's success.

The America's cup committee formally decided at a meeting held on the committee's boat last evening that they had selected Defender to meet Valkyrie for the America's cup.

CHARGED WITH FRAUD.

An Ex-Insurance Agent of Town in a Chase.

Anthony Rice, of town, was arrested at Centralia and arraigned before a Girardville Justice on a charge of collecting money on premiums on insurance policies without authority. The charge was made by Mike Kryzins, of Girardville. Rice had been in the employ of the Metropolitan Insurance Company agency in this town and was dismissed about three weeks ago. It was learned that Rice had left Ashland and gone to Centralia. An officer hired a team and drove to the latter place, where a hot chase took place, Rice being in a passenger car that had a good start and the officer following in the carriage. The fugitive was caught at the Logan colliery as he was stepping on an electric car to go to St. Carmel. Rice denies the charge, but the company claims it has traced at least \$20 in unauthorized collections to him.

An Imposter.
Merchants of South Main street warn the people against a petty imposter who calls at stores and begs five cents to pay his car fare home, to Girardville. His plea is that he loses his only nickel while pulling his handkerchief out of his pocket. The man is described as being short, thin, about 50 years of age and wearing chin whiskers. He has the appearance of just leaving work in the mines. Last night he worked both sides of Main street, between Oak and Poplar. His success is not known.

Toothing children should be treated with Laks' soothing syrup.

BOARD OF HEALTH MEETING

Proceedings at a Regular Session Held Last Night.

AN OLD COMPLAINT REVIVED!

The Case of Anthony Flynn to be Again Investigated by the Committee on Nuisances—Reports on Deaths by Committees.

A regular meeting of the Board of Health was held in the Council Chamber last night with the following members in attendance: Messrs. Malone, Miles, McHale, Morrison and President Spaulding.

Anthony Flynn, of the First ward, appeared and complained of a nuisance caused by the stream of water which is used as an outlet for sewage of the various properties on North Main street and other parts of the town.

This matter has been before the Board and Borough Council frequently during the past few months and it is understood that a consultation of the borough authorities and counsel resulted in a conclusion that the borough had no power in the matter, but as Mr. Flynn made a special plea before the Board last night for the abatement of a nuisance, the nuisance committee was instructed to make an investigation and see what initiation exists.

The epidemic committee reported that since August 18th one case of typhoid fever, one of diphtheritic croup and three of diphtheria had been reported to it.

The committee on necrology reported that during the same period 28 burial permits were issued. Nine of the deceased were non-residents, five from Wis. Penn, and one each from Gilberton, St. Nicholas, Mahanoy Plains and Yatesville. Twenty-seven of the deceased were children under two years of age and the causes of death were assigned as follows: Cholera infantum, 10; marasmus, 4; enterocolitis, 3; convulsions, 2; diphtheritic croup, 1; acute pneumonia, 1; diphtheritic croup, 1; accidental, 1; natural causes, 1; premature birth, 1; unknown, no physician in attendance, 1; still birth, 1.

Health Officer Conry made an exhaustive report on work performed since the last meeting and called special attention to the case of John Kane, of West street. Kane drained an outhouse into a street gutter and told the officer he did not think he was doing anything wrong. He was so well convinced he was not an aggressor that he refused to assist in his work and the Health Officer arrested him. Mr. Conry said Kane had since concluded that he was in the wrong and was willing to settle by paying the costs of the suit. He recommended a settlement, as Kane was a poor man and he believed the example set would have a good effect.

Attention was called to the case of Edward Griffiths, who died this week. No return of application for a burial permit, was made to the Board and the Health Officer was instructed to investigate the matter.

An Old Friend's Visit.

James Hillhouse, a former resident of town now located at Birmingham, Alabama, arrived in town last night from Boston, where he was in attendance at the Knights Templar convocation. He intends to spend a week here visiting friends. Mr. Hillhouse has been a constant subscriber to the HERALD since its first publication and many times in years past raised his hands upon the docks in the spectrum. He is at present superintendent for the Tennessee Coal Company, and his son, James D., is Mine Inspector for the State of Alabama. Mr. Hillhouse says the South is booming and his company is shipping all the coal and iron it can get.

Lunch Extraordinary.
All lovers of fine free lunches who would like to partake of an elegant dish of chicken soup should not fail to pay the Kenrick House a visit to-night. Ladies' dining rooms connected. Largest oysters and little neck clams. Meals served at all hours.

Extortion and Conspiracy.
Chief Burgess Burns and Chief of Police Tusk were arrested last night on warrants issued by Justice Lawler, charging them with conspiracy and extortion. The charges are made by four of the Police who were arrested in the mid of the West Centre street saloon last Monday evening and fined by the Chief Burgess. The prosecutors claim that the arrests were illegal and a part of a conspiracy, and the imposition of the fines and costs an extortion. Bail was furnished for \$100 in each case, of which there are sixteen, one on each charge by each of the four men against each of the others.

Followed the Circus.
Mrs. Maria Gunning, a widow residing on North Chestnut street, states that her son, Michael, aged 20 years, is missing. He was sent to school on Thursday, but it has been learned that he was seen somewhere else at Washburn's circus and he did not return home. It is believed that he followed the show, which is at Shamokin today.

Post Office Notice.
The local post office will be open from 7:20 to 11 a. m. on Monday, September 3rd, 1995, (Labor Day). Carriers will make two trips, 7:45 and 10:45 a. m. Yatesville, Elizabethtown, Brownsville and Turkey Run will be served with the 7:45 a. m. delivery. Money orders will not be paid or issued.

Band Doings.
The Grant Band serenaded Mr. and Mrs. Fred Brooks last night. On Tuesday evening, next, it expects to give a concert on the lawn of Mrs. Grant's residence, on West Oak street.

FISHERMAN'S LUCK.

In fishing around the market we found a couple barrels of extra fine Norway mackerel cheap. Very fat and white. Not large. Weight about 3-4 of a pound. 14 cents a pound. We have the big ones, too; weigh 1 1/4 to 1 1/2 pounds, for little more money. These are the finest fish caught, and we can not always buy the small ones.
