### AN ALLEGED PRISONER!

A Married Woman Under Arrest at Her Mother's Funeral.

### POISON FOUND IN THE DEAD BODY

Before Dying Mrs. Bliss Declared to Her Physician That Her Food Had Been Poisoned by Relatives Who Would Benefit by Her Death.

NEW YORK, Sept. 4.—The funeral of Mrs. Evalina Bliss, a wealthy lady who died last Friday, was held yesterday, and immediately afterward the daughter of the dead woman, Mrs. Alice Fleming, was arrested at the Colonial hotel on a charge that she murdered her mother by poison.

The case is a mysterious one, and in some respects a sensational one, as the death of Mrs. Bliss gives to her daughter the income from an estate of \$500,000 left by Robert Swift Livingstone, who was the first husband of Mrs. Bliss. To Dr. Ballman, who was summoned to her bedside Friday night, Mrs. Bliss said that she had been poisoned by relatives who would be financially benefited by her death. She said that she had eaten clam chowder and a piece of apple pie. The doctor says that Mrs. Bliss' attendants failed to give her the medicines he left for her. He secured the dish in which the chowder had been served, and a piece of the pie, and gave them to the coroner.

The coroner had an examination made of the dead woman's stomach by Chemist W. T. Schiele, who says that he found traces of metallic poison in the stomach, and also in the dish which had contained chowder, and that it had evidently been very skillfully prepared by someone with a knowledge of poison.

Suspicion pointed to Mrs. Fleming. Detectives called for her and escorted her to the funeral, and although she was the chief mourner, three of them rode with her to Greenwood cemetery. They returned with her and then formally placed her under arrest at her home. She was taken before Magistrate Simms, where she smiled and seemed entirely unworried, and the magistrate remanded her to the custody of the coroner to await the result of an inquest.

**A Formidable War Balloon.**

HARTFORD, Sept. 4.—Samuel Andrews, a machinist of this city, claims to have perfected a war balloon which he has sold to a syndicate of New York Cubans for use in aid of the Cuban insurgents. The balloon has been thoroughly tested in the fields of New Jersey, and is said to work perfectly. It is fitted with an armor box, from which a number of bombs can be suspended. The bombs are ignited and released by automatic machinery in the box, and after all are discharged the box explodes, destroying the balloon and the secret mechanism. The machinery is worked by a steel spring.

The dead man is William H. Pointer, of Newark, N. J. Some of the injured will have to lose their limbs and be otherwise maimed for life.

### ST. CLAIR WILL BE BOOMING

Important Piece of News Concerning Mining Operations.

### OBJECT OF WORK AT WADESVILLE

The Shaft Being Sunk at That Place is Not an Experiment, But Part of a Plan to Consolidate Operations With Beechwood.

Special to EVENING HERALD.

POTTSVILLE, Sept. 4.—A surprising piece of news has just leaked out in the coal circles of this place and will be very much relished by the property owners of Pottsville and St. Clair, especially the latter place.

For some time past the Philadelphia & Reading Coal & Iron Company has had men engaged in sinking a big shaft at Wadesville, a suburb of St. Clair, and those who felt sufficiently interested in the matter to inquire as to the object of the work were informed that it was more of an experiment than anything else and would probably be used to re-open some old workings in the vicinity to see if they could be operated profitably.

The HERALD's correspondent is in possession of an exclusive piece of information which puts an entirely different and much more interesting and gratifying phase on the matter.

I am reliably informed that the object in sinking the shaft will be the basis of a boom to St. Clair and probably revive the quiet little town to a state of activity similar to that it experienced in its palmiest days.

The shaft is to be connected with the Beechwood colliery at Mt. Laffee by tunnels and the breaker at the latter place is to be abandoned for a new, large and modern breaker which will be erected at the shaft now being sunk.

The expense of connecting the two places will be considerable and give employment to a large force of men for some time. The benefit that St. Clair, Pottsville and the vicinity will derive from the change is incalculable. A property owner of that place, when informed of the proposed work to-day, said the news would cause great rejoicing there.

**The Tent Services.**

Quite a large audience assembled at the tent last evening to hear Evangelist Williams preach on the subject of "Sacrificing Unto Devils." The speaker delivered a powerful address, showing how in these days parents sacrifice their children to rank, title, society or position without regard for their happiness; how children are sacrificed to sins, that is, led into sin by their parents, who in after years look back and bitterly regret their actions. Rev. Williams will hold services this evening in the tent, and to-morrow evening a grand union meeting of all young people's societies of every denomination will take place. The services in the tent will close on Friday evening.

The program included "Greeting to Bangor," "Nebrosdonsonor," "Grand American Fantasia," "And the Band Played on," "The Godiva Frolic," comic selection, and "The Honeymoon March."

**Mr. Brumm Indicted.**

A true bill has been returned by the grand jury against Hon. Charles N. Brumm in the assault and battery case brought by John J. White, an employe of the almshouse. This case arises out of a disturbance at the 4th district Republican convention for the election of state delegates, when White is alleged to have called Brumm a liar during a conversation on politics and was struck by the Congressman. It is claimed that, in addition to provoking the assault by his language, White was an intruder, having essayed a part in a conversation to which he was not a party.

### A GENERAL COMPLAINT.

**The Illness of Judges Pershing and Weidman Retards Business.**

Special to EVENING HERALD.

POTTSVILLE, Sept. 4.—The continued illness of Judges Pershing and Weidman is the cause of much restlessness among members of the bar and others interested in court matters. The business of the court is very seriously retarded by the unfortunate situation and many who have heretofore been most earnest in advocating patience are now inclining to the belief that something must be done very soon. The business of the court is drifting far behind. Judges Bechtel and Savidge are doing heroic work, but they are unable to stem the backward drift in the face of the rapidly increasing business.

**Fun With the Eclipse.**

Several young men succeeded in extracting considerable amusement out of the eclipse last night. They got possession of a large sized gutta percha syringe and made use of it as an imitation telescope. A number of people who were anxious to view the phenomena scrambled for a chance at the instrument. As each realized the trick he slipped his mortification up his sleeve and stood aside to see other dupes walk the plank.

Does your head feel as though someone was hammering it; as though a million sparks were flying out of the eyes? Have you horrible sickness of the stomach? Burdock Blood Bitters will cure you.

**True Bill Against Mrs. Yodkors.**

The grand jury yesterday found a true bill against Mrs. Yodkors for selling liquor on Sunday and to minors in her saloon at the corner of Centre street and the Lehigh Valley railroad. A number of witnesses were taken down to Pottsville this morning in expectation of a trial.

We sympathize with Mr. Devers and wife and hope they will succeed in breaking their troubles and overcome them soon.
