# CALLS FOR PROMPT ACTION.

Just think of it, twenty murderers in the full of Luserne county, in the state of Penn- hit. sylvania, only one of them under sentence, mineteen awaiting trial! It is appailing! Human life is held cheap in Luzerne and there is grave reason to question whether there is not something wrong in our laws, or the administration of them, when such a Sandition of uffairs can exist. It is time for serious thought when twenty murderers are in gael in one county at the same time.

Most of these are criminals dumped upon our shores by foreign countries who found that easier than keeping them in confinement at home, and the ease with which astate lawyers get them out of their just dues, with the government in the latter part of last a few years' imprisonment, robs the law of to those commissioned to entertain him.

This is a blot upon the fair fame of old Luzerne, which calls for prompt and decisive action, as it appears to be degenerating to a ow stage of civilization which reflects not only upon those whose duty it is to administer the law, but upon the whole community. It is such a state of affairs as this that has caused the people to rise in their might, and, in disregard of all law, take matters in their own hands and wreak summary vengeance, a state of affairs which we hope never to see in Pennsylvania.

OR MONEY REFUNDED. Use All The Tobacco You Want Till Your "Carring." is Gone.

IN 4 TO 10 DAYS

NARCOTI-CURE is the only remedy in the world that acts directly on the nerves and drives the nicotine from the system in from four to ten days. It leaves the patient in better health than before taking, and is warranted free from any injurious ingredients.

NARCOTI-CURE is popular because it allows the patient to use all the tobacco he wants while under treatment, or until the "craving" and "hankering" are gone. It is then no sacrifice to throw away tobacco forever.

NARCOTI-CURE is sold at the uniform price of \$5.00 a bottle, and one bottle cures.

Money refunded if a cure is not effected when taken according to directions.

Springfield, Mass.

Gentlemen:—Replying to yours of the 1st, would say that I have used tobacco for 46 years, and of late have consumed a 10-cent plug a day, besides smoking considerably. I commenced to use tobacco when I was only II years old, and have never been able to give up the habit until I took Nancorri-Crint, although I have tried other so-called remedies without effect. After using your remedy four days, all "hankering" for hewing disappeared, and in four days more smoking became impleasant. I have no further desire for the weed, and experienced no bad effects, whatever. I am gaining in fiesh, and feel better than I have for a long time. "To all who wish to be free from the tobacco habit I would say use Nancorri-Curie.

Yours truly, W. N. WAITE.
