**PENNSYLVANIA DEMOCRATS.**

Meeting of the State League of Clubs at Lancaster.

**THE SIX SUPERIOR COURT JUDGES.**

The Executive Committee Was in Session Last Night—They Will Strongly Recommend the Nomination of Six Candidates for Judicial Honors.

LANCASTER, Pa., Sept. 5.—The general assembly of the Democratic societies opened today, and the roll call showed between 600 and 700 present. D. F. Magee, of this county, was chosen temporary chairman. Disappointment was felt on receipt of a telegram from United States Senator Charles J. Faulkner, chairman of the Democratic congressional committee, who was billed to address a mass meeting to-night, stating that he was unable to be present because of illness.

The executive committee, in session last night, prepared a draft of resolutions which will strongly recommend to the Democratic state convention the nomination of six candidates for superior court judge, and an aggressive campaign. The resolutions will also contain an unequivocal declaration in favor of sound money. There seems no doubt of the re-election of ex-Lieutenant Governor Black as president and Major John D. Workman as secretary of the state society, though there is a prospect of some contests for vice presidents. Eric is being strongly boomed for the place of the next meeting, and deputies and other visitors swarm the streets with Eric badges.

The uppermost topic is the superior court judgeship, and the friends of Assistant Secretary of the Interior Reynolds of Bedford, James S. Moorhead of Westmoreland and Judges Yerkes of Bucks, Ementrout of Berks and Magee of Allegheny are booming them vigorously.

W. G. Deitrick, secretary of the Crescent club, of Philadelphia, announced himself as a candidate for secretary against Major Workman. He is making an active canvass, and says he will go into the assembly backed by fifty votes of his organization. Major Workman is likewise confident.

**Defender Gets Little Time Allowance.**

NEW YORK, Sept. 5.—Although the measurements of Defender and Valkyrie III will not be announced officially until tomorrow, and possibly not until Saturday, enough has been learned about the spars and hulls of the boats to make a reasonably correct estimate of the racing lengths of the yachts and the time allowance given by the challengers. It is the first time since the big sloops began contesting for the cup that the American boat has had to take time, although it will not be as great as was expected. Under the rules of the New York Yacht club the Defender will probably have an allowance of a little less than a minute on a thirty mile course.

**The Jersey Forest Fire Spreading.**

CAPE MAY, Sept. 5.—The forest fire which began burning about three miles southeast of the village of Tuckahoes on Tuesday has spread to a width of two miles and burned about seven miles across Cape May county before a light southerly breeze to the village of Eldora, near the boundary line of Cumberland county. The village is in danger, but no news can be had from there because there is no telegraph or railroad station within five miles of the place. One paper mill is located there, and there are about 200 residents. The timber burned was mostly of a stunted growth.

**A New Home for Maryland's Insane.**

BALTIMORE, Sept. 5.—The commission to select a site and establish an additional institution for the care of the insane in Maryland has selected Governor Brown's estate of "Springfield," at Sykesville, on the line of the Baltimore and Ohio road. The amount to be purchased is 530 acres and the price \$50,000. Dr. George H. Rohs was elected superintendent and John P. Phillinger, Governor Brown's farm manager since 1892, manager. Governor Brown says he will sell off the remainder of his property, owing to the recent death of his wife, and abandon farming.

**A Tennessee Cyclone.**

NASHVILLE, Sept. 5.—At Huntington, Carroll county, thirteen houses were demolished by a cyclone yesterday. The Nashville, Chattanooga and St. Louis railway depot was completely wrecked with the exception of the telegraph office, in which several persons were seated. The debris from the freight department fell in such a direction as to prevent it. The roof was blown from the main southern normal university building. The public square is almost impassable on account of the timber and debris. No lives were lost.

**To Count the Foreign Paupers.**

HARRISBURG, Sept. 5.—The legislative committee appointed by Governor Hastings to inquire into the number of aliens in state penal and charitable institutions organized here yesterday. Representative B. K. Foeltz, of Union, was made chairman, and Clarence F. Huth, of Shamokin, secretary. The committee will report to the next legislature. The intention is to have foreign governments either pay for the maintenance of aliens in the institutions or have them shipped back home.

**Minneapolis Outstrips St. Paul.**

ST. PAUL, Sept. 5.—The warfare that has been going on between St. Paul and Minneapolis as to how many people each has ended with the announcement of St. Paul's population as 140,959. At the same time it was announced that eight wards of Minneapolis had been counted, and that the city's total would slightly exceed 185,000. In five years Minneapolis had added 26,000 to her population and St. Paul 7,000.

**STRUCK BY A TRAIN.**

A Miner Had a Very Narrow Escape From Death.

Henry Eisenhower, a miner residing on West Line street, had an exceedingly narrow escape from death near the red bridge, on the Lehigh Valley railroad, shortly after six o'clock this morning.

When he was walking on the track on his way to work at the Kueckerbocker colliery the passenger train drawn by engine No. 443, which leaves here at 6:10 for points east, rounded a curve and struck him. Eisenhower did not hear the approach of the train. His escape from death is considered almost miraculous.

The train was stopped and the crew hustled back to where the victim was lying. He was found seriously, but not fatally injured. The train was run back and Eisenhower was placed on it and brought to town. His injuries consisted of a deep gash on the forehead and one on the back of the head, and his body was considerably bruised. He was removed to his home.

**Luzerne's Controversy.**

The newly appointed Controller of Luzerne county, Joseph D. Lloyd, is meeting with determined opposition from the County Commissioners, who refuse to grant him office room in the court house. He will, however, erect a temporary office in the corridors of the building, while the Commissioners threaten to get out an injunction restraining him. This will bring the matter into court, as there is doubt of the constitutionality of the act creating the office.

**THE SCHOOL BOARD MEETS**

Superintendent Whitaker's Report on the Opening of Schools.

**ENROLLMENT RECORDS BROKEN!**

The Attendance at the Schools is the Largest in Their History for the Present Stage of the Term—The Treasury Running Low.

A regular meeting of the School Board was held last night with all the members in attendance. Very little business of importance was transacted, most of the session being consumed by addresses on the part of two agents who wanted to sell school supplies, one of whom succeeded in wedging in a half dozen or more extensions of time and consumed quite a period.

Superintendent Whitaker presented his first report of the new school term, stating that the prospects for a successful term are very bright. The school buildings and out buildings are in excellent condition both as regards repairs and cleanliness and are a credit to the committees and janitors in charge. The term has been started with 51 schools and 55 teachers. The enrollment on Tuesday was 1176 boys and 1398 girls, making a total of 2574, distributed as follows: High school—39 boys, 79 girls; total, 109. 2nd grade grammar—74 boys, 103 girls; total, 177. 1st grade—85 boys, 132 girls; total, 217. Fourth grade primary—117 boys, 149 girls; total, 266. Third—174 boys, 235 girls; total, 409. Second—199 boys, 258 girls; total, 457. First—469 boys, 304 girls; total, 854. Turkey Run—28 boys, 37 girls; total, 65. This gives an average of 80 pupils to each school and 47 to each teacher. It is the largest enrollment in the history of the schools at such an early date in the term. The school work is progressing satisfactorily and we may expect very good results at the end of the term. Miss Baird has been unable to take charge of her school on account of sickness and Miss Conners has been appointed as substitute. Miss McGinnis has been promoted to the Second grade school made vacant by the election of Miss Wasley as teacher of music and Miss Kase has taken charge of the school Miss McGinnis has left.

The committee on text books and supplies reported that thus far this term it has expended \$1,150 for books and other supplies under the free text book law, but the estimate for the year will not be exceeded.

The committee on heating and fuel reported that the contract for supplying the schools with coal had been awarded to William Neiswender, and the committee on building and repairs was authorized to dispose of all old desks, iron, etc., about the school buildings.

The finance committee reported that there was a balance of \$4,559 in the treasury, or \$441 less than is required to meet a \$5,000 loan which is about falling due. The committee was instructed to proceed legally for the collection of money due on the tax duplicates of 1893-4, and a motion to authorize the committee to negotiate a loan to pay the salaries of the teachers was defeated.

The new school building at the corner of Jardin and Cherry streets has been insured for \$5,000, distributed among the following agents: J. J. Cardin, \$500; T. T. Williams, \$500; S. A. Boddall, \$1,000; David Faust, \$1,000; George H. Krick, \$1,000; M. J. Lawlor, \$1,000.

A request by Hon. M. P. Fowler for an extra allowance on his contract for the construction of the Jardin street school building was not acted upon. Mr. Fowler claims that the actual cost was about \$640 more than the contract price.

**Peaches! Peaches! Peaches!!!**

The last of the season. A car load of fine yellow peaches to-morrow morning. At Coslett's, 16 South Main street.

**Making Great Preparations.**

Orwigsburg is being gaily decorated for the big demonstration on Saturday. The committee has received acceptances from fifty-four societies and thirteen bands. The P. O. S. of A. and Jr. O. U. A. M., of Pottsville, have jointly engaged the Third Brigade band and Fourth Regiment drum corps to accompany them as the "Pottsville delegation." A special train will leave Shamokin at 8:00 o'clock over the Pennsylvania railroad, making connections at Shenandoah. Governor Hastings, Clarence Huth, State President P. O. S. of A.; A. P. Lang, City Solicitor for Allegheny City; State Councillor Robert Crane, of the Jr. O. U. A. M., and others will be among the speakers.

**MAX SCHMIDT.**

**Indictments.**

The grand jury has returned true bills against William Navitski on a charge of fraudulently removing property, and against Chief of Police Tosh and Amandus Womer for assault and battery. Navitski is the East Centre street boot and shoe dealer who failed recently and the charge is brought by one of his creditors. Tosh and Womer are sued by a Polish resident of Slephton who claims to have been assaulted while Tosh was serving a process, which was done while the complainant was driving towards Brandonville, on his way home.

**Woman Charged With Assault.**

Mrs. John Costello, of South Bowers street, this morning entered \$200 bail before Justice Shoemaker for trial on a charge of assault and battery preferred by Henry Schreiber, employed at Goodman Bros.' Mahanoy City store. The warrant was issued by Justice May, of Mahanoy City, and served this morning by Constable Kleindorfer, of the same place. Schreiber claims that when he called on Mrs. Costello yesterday to collect a bill she struck him with a banana stalk.

Your last chance for fine yellow peaches at Coslett's to-morrow morning.

**Druggist Kirlin's Mother Dead.**

Mrs. Lucy A. Kirlin, mother of P. P. D. Kirlin, the Main street druggist, died at the home of her daughter, Mrs. George Hill, in Sunbury, Wednesday afternoon. She had been in declining health ever since the shock she received at the time of the Johnstown flood, when her son, Thomas W., and family, were drowned. The remains will be interred in the family lot in the cemetery at Middletown, Pa.

**A Hose Burst.**

A hose used by men engaged in filling the excavations made for the new water connections on North Main street burst this morning and caused a report like that of a cannon and a spurting of water like a geyser. Several horses belonging to farmers took fright, but were held in time by citizens to prevent any damage.
