The gulf that separates the straw hat from
the fall overcoat is becoming beautifully less
every day.

Even under the eyes of his jailers, murder-
er Holmes has added to his list of crimes.
He has written a book.

The coal trade journals say prices have
advanced and the demand is stimulated. But
the ten per cent. reduction under the wage
scale goes on forever.

So MANY of the pretty school matrons of
Pittsburg have been married lately that it is
rumored the School Board intend boycotting
all applicants except confirmed old maids.

THE next thing will be a union of bicycle
makers. Every year or two some new trade
prings up to more than counterbalance the
workmen thrown out by the decay of the
old trades.

THE trolley companies would perform an
appreciative act for the traveling public if
their schedules could be arranged so as to
have closer connections at the intersection of
Main and Centre streets.

ANNOUNCEMENT is made in financial circles
that, although Lehigh Valley Railroad stock
is very active and strong, no dividend will
be declared on it this fall because the condition
of the coal trade will not warrant it.

THE fate of the burglar at Locust Gap is an
awful lesson to midnight prowlers and, un-
fortunately for society, not frequently enough
administered. It is the only kind that strikes
terror to the hearts of those who defy locks
and bars.

MONTANA, a little village just north of
Centralia, has exhibited patriotism and enter-
prise in the erection of a very neat two-story
building which is to be used as headquarters
by the P. O. S. of A. A camp of sixty-two
members have accomplished the erection.

It is rumored by the enemies of Senator
Quay that "the fight will go on." That
is what the man who fought with the buzz
saw said. This fight has already gone on too
much for Dave Martin, and if it continues
much longer that buzz lobbyist will find, like
Cathello, that his occupation is gone.

THE Mt. Carmel Borough Council has passed
a resolution requesting the Chief Burgess to
resign on account of neglect of duty. A
borough that is struggling along with in-
different officials the helm is deserving of
sympathy, but it will never secure relief by
such resolutions. Something of the bouncing
order is the only remedy.

AN exchange asks if convicts may work
at competitive industries within prison walls,
why shall they not assist in hastening the
new era of travel by making rural thorough-
fares for the state? When the era arrives
when people shall find sufficient employment
to enable them to pay their taxes without
working them out on the roads the sugges-
tion will be worthy of consideration.

Two borough officials were heard yesterday
discussing the effect of sprinkling the paved
sections of Main street, one claiming that it
was injurious. As the season for sprinkling
from the old discussion will keep until the
robins nest again. Such discussions would
be very appropriate and profitable at
about the time the next Borough Council
figures out the approximate cost of street
repairs for the year, and if more consideration
were given such matters at the proper time
the taxpayers would be the gainer and the
officials rewarded with the approbation of
their constituents.

It has probably not occurred to bicycle
riders, and especially to those who ride in
the bent position that gives them a somewhat
resemblance to a grasshopper or a kangaroo,
that persistence in maintaining that position,
if frequent rides are taken, will not only
cause an curvature of the spine, but will result
also in giving them what is known as the
"bicycle face," by which is meant that throw-
ing up of the chin which is peculiar to broken
backed and hump-backed people. Of course,
it will be urged that these riders imitate the

champions of the wheel. Perhaps they do,
but that does not relieve them from the con-
sequences stated, as a good many of them will
find to their sorrow, when it is too late to re-
pair the physical damage.

WHEN the benediction was pronounced in
the Methodist church at Orangeville, Colum-
bia county, one night last week, the congre-
gation found themselves glued to their seats
and only released their garments after much
squirreling, twisting and ripping. The janitor
had varnished the pews a few days before and
the heat of the day did the rest. It is a gold
dollar to a daughter that this is the first case
on record in which somebody didn't get out
before the collection baskets went around.

MRS. FLEMING COMPOSED.

**The Alleged Poisoner Shows Evidence of
Gentle Breeding.**
NEW YORK, Sept. 3.—Mrs. Mary Alice
Fleming, who on Tuesday afternoon was
committed to the city prison on a charge
of causing the death of her mother by
poisoning, passed the night in the Tombs,
still containing the composure she showed
even when confronted with the terrible
charge the police made against her. A re-
porter talked with her, but she had nothing
to say for publication, declining, though
pleasantly enough, to make any
statement of her case. She is confined in
the female wing of the prison, and when
seen was sitting on a bench with a num-
ber of women who were dressed in the or-
dinary prison garb.
Her black clothing made it easy, there-
fore, to distinguish her from the rest, and
there was, moreover, a decided air of gen-
tleness which also marked the woman. She
is under-sized and slender, with a color-
less complexion and irregular features.
Her manner is pleasant and her voice gen-
tle. The keeper of the female prisoners
said Mrs. Fleming had had no visitors, but
had sent to Friend & House to act as her
counsel.
The keeper said her prisoner had re-
mained composed since she was brought
there. She cries softly at times, but is
quiet and subdued. This composure, ac-
cording to her keeper, is the best sign of
gentleness as contrasted with the demeanor
of women of the lower classes, and is not
regarded as surprising in the present case.

COLLAPSE OF A TOWER.

**Two Killed and Several Injured at Ill-
inois State Fair Grounds.**
SPRINGFIELD, Ill., Sept. 3.—At the state
fair grounds the west tower on the great
machinery hall, which is now being roofed,
collapsed and fell in, burying several men
beneath its ruins. Charles Hobson, of
Lincoln, Neb., and James Parke, of this
city, both plumbers, who were at work
on the ground floor, were killed, being cov-
ered with several tons of brick and mortar.
The seriously injured are: Fred Bird, a
carpenter, both ankles broken; Samuel
Davenport, of Chicago, boss carpenter,
badly injured about the back by falling
debris; John Gebhard, a carpenter, large
gash in his head, will probably recover;
Charles Brownell, a water carrier, both
legs and both arms broken, badly burned
by mortar and fearfully lacerated, will
die.
Neither building nor tower was braced,
but whether this caused the accident is
not known. It is the general opinion that
the hard rain of Tuesday night loosened
the mortar, which had no time to dry,
work having been rushed on the
building in order to have it completed in
time for the fair, and this caused the ac-
cident. The loss will amount to several
thousands of dollars.

MADE HOMELESS BY FLOODS.

CUMBERLAND, Md., Sept. 3.—A destruc-
tive fire visited Elk Garden, a village on
the line of the West Central and Pittsburg
railway, shortly after noon yesterday.
Twenty dwellings and stores were entirely
destroyed. They were owned by E. McIn-
tyre, J. Moore, J. Kilroy, D. J. Moran, E.
J. Fardlock, F. M. Pennington, Herman
Wallace, George Warner and others. The
conflagration has left twenty families
homeless.

MISS HARTFORD HOMEWARD BOUND.

BOSTON, Sept. 3.—A cablegram from
Fox Chow gives the information that Miss
Mabel Hartford, who barely escaped the
fury of the recent mob at Kucheng, sailed
for America on Sept. 1. Miss Altham Todd
and Miss Miranda Croucher, missionaries
of the M. E. church, will start for China
on Monday, going by way of the Canadian
Pacific. Miss Todd is under appointment
for Kucheng.

KENTUCKY WOMEN IN POLITICS.

LEXINGTON, Ky., Sept. 3.—County Judge
Frank A. Bullock makes the following
statement: "I will appoint the regular
registration and election officers, and at
the same time name a list of prominent
women to serve as officers of election. The
women will have charge of their own reg-
istration at the regular November election."

CONGRESSMAN FISCHER MARRIED.

BALTIMORE, Sept. 3.—Miss Clara Groedel,
daughter of Louis Groedel, 1628 East
Baltimore street, was married last night
to Congressman Ismael F. Fischer, of
Brooklyn. The ceremony was performed
in the parlor of the bride's house by Rev.
Clifton Levy, rabbi of the Eden Street
synagogue.

MARYLAND CANNERY DESTROYED BY FIRE.

SALISBURY, Sept. 3.—The large cannery
house owned and operated by A. L. Jones,
at Quantico, was totally destroyed by fire
yesterday. The cannery was in full opera-
tion packing tomatoes. The loss is \$20,000
and will throw a large number of hands
out of employment.

THE WEATHER.

For eastern Pennsylvania: Fair in east-
ern portion, probably local thunder storms
in western portion; southerly winds. For
New Jersey, Delaware and Maryland:
Fair; slight changes in temperature; slight
changes in temperature; southerly winds.

WORN OUT WOMEN

should read this letter. It shows the
wonderful building-up powers of Hood's
Sarsaparilla, the
great blood purifier.

"I wish I could
stand in some pub-
lic place and cry to
the almighty humanity,
'Hear this, ye peo-
ple, what wonder-
ful things Hood's
Sarsaparilla has
done for me and my
family.' I cannot
express what I suf-
fered. Only one of my sex knows what a
woman can suffer in my condition. I was
prostrate with nervousness and weakness.
The least noise would drive me frantic.
I decided to take Hood's Sarsaparilla. I
am overjoyed to say that I am now well,
beauty, rosy and plump."

WHEN HOPE FADED

Mrs. White, a Citizen of Ithaca, Was
Saved.

(From the Ithaca Herald.)
Our representative, hearing of the case
of Mrs. H. T. White, called to see her at
Seneca and Plain streets. We publish their
conversation in the following interview:

"Mrs. White, I hear you have some
thoughts to say about a new remedy for back-
ache and kidney disorders. Will you give
me your statement for publication?"
"Yes, I am quite satisfied to do so. I
think the public should know when a really
good remedy is to be had, it is the least
I can do in gratitude for my recovery."

"Tell me about your complaint."
"About a year ago I had the Grippe, and
since then my back has pained me con-
stantly in the region of the kidneys; a dull
pain at times, and at other intervals, sharp,
darting pains, piercing through me, were
almost unbearable. I seemed to be giv-
ing out as the pain in my kidneys grew
worse, and at last I had to stay in bed the
greater part of the time. Finally, I gave
up altogether. I had terrific headaches,
and suffered so much pain my appetite
left me."

"Did the disorder affect the bladder?"
"Finally, it did. The urine was highly
colored, and varied in suppression and ex-
cess. I often told my friends I believed I
should go insane from the pain. I heard
of Doan's Kidney Pills, and began their
use. After taking them two or three days
I began to feel their good effects. I con-
tinued, and now am perfectly well."

"Am I to understand that Doan's Kid-
ney Pills have entirely cured you?"
"Yes, that's the truth. I have no more
headaches or pains, and my appetite has
returned. Before using Doan's Kidney
Pills I found it very trying to go up and
down stairs, or to sleep on my back; but
now I can do so without a single pain, I
feel completely cured, and I will the man-
ufacturers every possible success."

IN A RECENT LETTER TO THE MANUFACTURERS

Mr. W. F. Benjamin, editor of the Spectator,
Rushford, N. Y., says: "It may be a plea-
sure to you to know the high esteem in which
Chamberlain's medicines are held by the
people of your own state, where they must
be best known. An aunt of mine, who re-
sides at Dexter, Iowa, was about to visit me
a few years since, and before leaving home
wrote me, asking if they were sold here,
stating if they were not she would bring
a quantity with her, as she did not like to
be without them." The medicines referred to
are Chamberlain's Cough Remedy, famous
for its cures of colds and croup; Chamber-
lain's Pain Balm for rheumatism, lame back,
pains in the side and chest, and Chamber-
lain's Colic, Cholera and Diarrhoea Remedy
for bowel complaints. These medicines have
been in constant use in Iowa for almost a
quarter of a century. The people have
learned that they are articles of great worth
and merit, and unequaled by any other.
They are for sale here by Grubler Bros.
Druggists.

A WARNING TO TURKEY.

Lord Salisbury suggests that dismem-
berment may be necessary.
CONSTANTINOPLE, Sept. 3.—It is officially
announced that Rustem Pasha, Turkish
ambassador to England, has telegraphed to
the foreign minister that he has had an
interview relative to the Armenian ques-
tion, with Lord Salisbury, whom he had
assured that the sublime porte is not op-
posed to the reforms proposed by the powers
signatory to the treaty of Berlin, but that
Turkey could not permit control of Ar-
menia by an international commission.

PROBABLY FATAL CYCLING ACCIDENT.

SAN FRANCISCO, Sept. 3.—Miss Marian
N. Hall and George McCloud, while riding
a tandem wheel in Golden Gate Park, met
with injuries which will probably result
in the death of both. They were going at
great speed when Miss Hall faltered and fell
from the wheel. Her mishap caused the
rear wheel to shear, unseating McCloud
and throwing him violently from the saddle.
Both were picked up unconscious. Mc-
Cloud's skull was fractured, and Miss
Hall's right collar bone was broken and she
is also suffering from concussion of the
brain.

CHARGED WITH KILLING A FELLOW WORKMAN.

POTTVILLE, Pa., Sept. 3.—Peter Yo-
savich, aged 31 years, a miner by occupa-
tion, was committed to prison here yester-
day charged with murdering Michael Ur-
ban, a fellow workman, in Kiline town-
ship, this county. The shooting was un-
provoked, and occurred just outside the
numbered man's door Tuesday. When ar-
rested Yosavich had a blackjack and a re-
volver on his person.

THE LEVIATHAN OF THE LAKES.

CLEVELAND, Sept. 3.—The Cleveland
Ship Building company has taken a con-
tract to construct for the Zenith Transit
company, of Duluth, a steel steamer which
will be larger than any boat ever launched
on the lakes. It will be 420 feet in length,
48 feet beam and 28 feet depth of hold, will
cost \$200,000, and is to be finished next
June.

McKEEVER CHALLENGES VALENTINE.

TRENTON, Sept. 3.—John H. Clark, of
Philadelphia, backer of Charles McKeever,
issued a challenge to his behalf to fight
Arthur Valentine for the largest purse ob-
tainable and \$1,000 on the outside. Mc-
Keever will fight at from 138 to 140 pounds,
Valentine having permission to name the
weight and number of rounds.

FIVE MEN ASPHYXIATED.

Caught by a Flow of Gas While at
Work in Providence.

ONE OF THE WORKMEN ESCAPED.

But the Other Five Were Unable to Trave-
se the Few Feet Which Would Have
Brought Them to the Street and to Safety.
A Would-be Rescuer Prostrated.

PROVIDENCE, Sept. 3.—Five employes of
the Providence Gas company went to their
death in the cellar of the Westfield street
gas holder yesterday afternoon, asphyxia-
tion by gas being the cause. The names of
the dead are:

The dead men were named Riley, Mc-
Manus, Burns, McNamee and Cotton. The
first two were married, Riley leaving a
wife and six children.

The accident was a peculiar one. For
several days leaking gas had been detected
in the holder, and yesterday the company
sent a party to examine to repair the de-
fect, which proved to be a four inch main
which supplies the Westfield street holder
with gas from the main holder on Globe
street. The men had just returned from
dinner, and at 1 o'clock went down the
wooden stairs which led from the entrance
of the holder to the cellar below and began
to work on the broken valve. They dis-
connected it and tied a cloth bag about the
large main extending in from the street,
when the bag gave way and an immense
volume of gas rushed out. In less time
than it takes to tell it all were overcome
with the exception of one, who managed
to grope up the stairs where the fresh air
enabled him to recover sufficiently to reach
the street.

Immediately after it became known that
the men were there and unable to get out
willing hands attempted to go to the re-
scue, but nothing could be done while the
escaping gas rushed up the stairs. Fore-
man Charles Allen did all he could, but
there was no cut off in the street and he
knew not what way to turn. The police
were quickly on the spot and roped off
Westfield street, and Medical Examiner
Palmer stood in the doorway to prevent
anybody from going down the stairs.

At the foot of the stairs lay one of the
men, who had almost reached the bottom
stair when he was overcome and sank back
with a look of anguish on his countenance.
Soon after 3 o'clock the gas company sent
a gang of men to dig up the street to get
at the main shut off further along, it being
understood that no other means of shutting
off the gas could be attained, and even
then it meant two hours' work. Foreman
Allen took a hand in the excavation and
was overcome before the digging had pro-
ceeded far. He was taken to the Rhode
Island hospital in the ambulance. His life
is despaired of.

MURDER WITHOUT THE SLIGHTEST PROVOCATION.

LEADVILLE, Colo., Sept. 3.—Matthew
O'Brien was deliberately and wantonly
murdered by Richard Sables without the
slightest provocation. Sables was walking
along a street in the upper part of the city
and met an old friend named McAvoy.
The latter was accompanied by O'Brien,
whom he introduced to Sables. After a
few minutes' talk Sables said to McAvoy,
"I guess I'll kill you." The matter was
laughed off, when suddenly Sables said,
"I won't kill you, Mac, but I'll shoot your
friend." He then deliberately placed a re-
volver against O'Brien's breast and fired,
producing instant death. A lynching is
probable. O'Brien leaves a wife and eight
children.

GOING AFTER BURIED TREASURE.

SANTA CRUZ, Cal., Sept. 3.—D. T.
Hughes, R. F. Davis, R. L. Mann and
Pete Christmann, of Gonzales, and H. N.
Mohrman and P. Jennings, of Gilroy, yester-
day sailed for a lone island in the Pa-
cific ocean about 800 miles west of Peru
in search of buried treasure. Forty-three
years ago Mr. Jennings was a sailor in the
south seas, and he is said to be one of six
who buried on an uninhabited island in the
Pacific three large jars of Spanish
doubloons valued at between \$300,000 and
\$1,000,000. Mr. Jennings is the only man
alive that knows the location of the money,
as the other five died in his presence on the
Peruvian coast.

YOUNG GIRLS FIGHT TO A FINISH.

UNIONTOWN, Pa., Sept. 3.—Sadie Hull
and Sis Rankin, two mountain lasses liv-
ing on Pine Knob, on the mountain south-
east of this place, engaged in a rough and
tumble fight as the result of an old feud.
The girls are about 16 years old. By pre-
vious arrangement they went to a secluded
spot for a fight to a finish. Miss Rankin
was the victor. In her anger she went as
far as to chew the earrings out of Miss
Hull's ears. Both girls were badly used
up. Miss Hull has made information
against the Rankin girl, and will have her
arrested.
