HIS BIGGEST CONTRACT

Contractor Dakin of Syracuse Tells of the Final Success of a Big Undertaking.

(From the Syracuse [N. Y.] Post.)

Mr. George Dakin is a well-known contractor and resident of Syracuse, and a representative business man of that city.

Our representative found him overseeing the sewer work at the Arsenal, and in the following interview he describes how he has finally completed the biggest contract he has ever undertaken.

"Mr. Dakin, doesn't your business expose you to many unhealthy conditions?"

"Yes, I am continually catching cold."

"Does it affect your general health?"

"It has brought on kidney disorders."

"Have you been troubled from that source any length of time?"

"I think it started during the war, in which I took an active part, and every cold I catch has aggravated it."

"What were the symptoms?"

"Lame back and trouble with the kidney organism. I have doctored for years and used all kinds of remedies I heard of, without relief. My case is as follows":

"Some little time ago I was in a very bad condition, hardly able to hobble around; I had been in Madison County looking after a contract there for the State; I got very wet, and, as usual, was laid up. I was simply twisted way around and doubled up on one side; when I attempted to stand up it seemed as though I would tear out one of my kidneys; while in this condition I saw Doan's Kidney Pills advertised. Being almost desperate, I was willing to try anything for relief. I began using them, and the result was truly wonderful. I feel as young as a boy, and it is the first time in many years that I have been perfectly free from pain in the small of my back. All urinary troubles gone. I am perfectly well, and no traces of my former trouble remain. I gladly recommend Doan's Kidney Pills."

THE MORA INDEMNITY.

It Will be Promptly Paid to the Claimant in Washington.

WILL HAVE A GOOD FORTUNE LEFT,

Though the Claims Against Him for Lawyers' Fees Alone Will Amount to Six Hundred Thousand Dollars—No Show for His Nephew, Jose Manuel Mora.

WASHINGTON, Sept. 7.—The Spanish government has yielded to the representations of the United States in the matter of the place of payment of the money in satisfaction of the Mora claim, and will pay it in Washington on the date agreed on, the 15th inst. As the amount is large, the payment will be made in exchange on London and the transaction will be conducted through the state department. It has been represented that the claimant, Antonio Mora, has assigned so much of his claim that he would receive practically nothing from this settlement. It is authoritively stated in his behalf that this is not true, and that after all assignments are satisfied, including $600,000 for lawyers' fees, he will have left between $700,000 and $800,000.

There is no apprehension of trouble on the part of Mora's attorneys because of the suit threatened by his nephew to enjoin the state department from the payment of the money to Mr. Mora, when received. It is not believed here that the surrogate of New York, to whom this nephew, Jose Manuel Mora, applied for letters of administration in order to enable him to commence the suit, will grant the letters, and if he should do so, and if the injunction should be granted, it is understood that the secretary of state would not recognize the injunction, because of his knowledge that Antonio Mora did not in his original petition make any claim in his brother's behalf. Moreover, it is said Jose Mora, the elder, never became an American citizen, and had no claim upon the interveniton of the United States.

It is suggested by attorneys here that the nephew can recover damages by applying direct to Spain, in view of the holding of the supreme court of Spain that the confiscation of property is in direct violation of the Spanish constitution. The heirs of Jose Mora, therefore, perhaps will prefer claims quite as extensive as those allowed in Antonio Mora's claim.

Alfaro's Success Confirmed.

WASHINGTON, Sept. 7.—Official confirmation of the victorious entry of General Alfaro with his army into the city of Quito, Ecuador, has been received from Commander Watson, of the Ranger. The dispatch gives definite and final official confirmation to the reports of the success of the revolution. The conflict has lasted several months, and the reports of Alfaro's movements have been so contradictory as to occasion doubt as to the success of his movement. But Commander Watson's dispatch removes all doubt, and shows that the rebellion has culminated in a revolution.

A High Handed Outrage.

ST. JOHN'S, N. F., Sept. 7.—It is understood that the government has made strong representations to Canada about the seizures of fishermen on the coast of Labrador. All the information obtainable here shows the whole proceeding to be a high handed outrage. The press declares that the rights of British subjects have been interfered with. The acts of Howard, the Canadian collector who made the seizures, are denounced as little better than piracy. The fishermen will lose thousands of dollars by having their vessels seized.

For Governor of Utah.

OGDEN, Sept. 7.—At the territorial convention John T. Caine was nominated for governor on the first ballot. The vote was: Caine, 4877 Preston, 1329 Ivans, 8; scattering, 11. The ticket was then completed as follows: For secretary of state, Fisher Harris; treasurer, Alma Greenwood; attorney general, A. J. Weber; superintendent of instruction, C. M. Maeser.

Burned to Death on His Steamer.

PORT DALHOUSIE, Ont., Sept. 7.—Muir's slip and drydock warehouse was destroyed by fire. The steamer St. Magnus, lying in drydock for repairs, burned to the water's edge, and Captain Decker, of Cleveland, one of the oldest captains on the upper lakes, who was asleep on the boat, was so badly burned that he died in the hospital later.

Weak, Irritable, Tired

"I Was No Good on Earth."

Dr. Miles' Nervine strengthens the weak, builds up the broken down constitution, and permanently cures every kind of nervous disease.

"About one year ago I was afflicted with nervousness, sleeplessness, Creeping sensation in my legs, Slight palpitation of my heart, Distracting confusion of the mind, Serious loss or lapse of memory. Weighted down with care and worry. I completely lost appetite And felt my vitality wearing out, I was weak, irritable and tired, My weight was reduced to 160 lbs., In fact I was no good, on earth.

A friend brought me Dr. Miles' book, "New and Startling Facts," and I finally decided to try a bottle of DR. MILES' Restorative Nervine. Before I had taken one bottle I could sleep as well as a 10-yr.-old boy. My appetite returned greatly increased.

When I had taken the sixth bottle My weight increased to 176 lbs., The sensation in my legs was gone; My nerves steadied completely; My memory was fully restored. My brain seemed clearer than ever. I felt as good as any man on earth. Dr. Miles' Restorative Nervine is A great medicine, I assure you."

Augusta, Me. WALTER R. BURBANK.

NOTED JOURNALIST DEAD.

William Henry Hurlbut, Long Known to American Newspaper Readers.

CADENABBIA, Italy, Sept. 7.—William Henry Hurlbut died here yesterday, aged 68. He was a native of Charleston, S. C., graduated at Harvard in 1847, at the divinity school there in 1849, and then studied in Rome, Berlin and Paris. After a few years in the Unitarian ministry he entered Harvard Law school in 1852. In 1855 he was a writer on Putnam's Magazine, and joined the staff of the New York Times in 1857.

While visiting the south, in 1861, Mr. Hurlbut was arrested by a vigilance committee in Atlanta, imprisoned for a time, and then released, but he was refused a passport except upon conditions with which he would not comply, and finally, in August, 1862, made his escape through the Confederate lines and reached Washington. He became connected with the New York World in 1862, and in 1864 purchased The Commercial Advertiser, intending to publish it as a free trade paper, but he and his associates failed to agree, and the paper was sold to Thurlow Weed.

Mr. Hurlbut went to Mexico in 1865, and was invited to the capital by Maximilian. He represented the New York World at the World's fair at Paris in 1867 and the centenary festival of St. Peter at Rome, and in 1871 accompanied the United States expedition to Santo Domingo, during which time he published a very complete history of that island. In 1870-82 he was editor-in-chief of The World, and in the latter year, when Joseph Pulitzer bought The World, he went to Europe, where he has since chiefly resided. He has contributed largely to American and British periodicals, and has published several works, besides hymns and poems.

Spain Yields to Strong Arguments.

WASHINGTON, Sept. 7.—The state department received a cablegram last night from Consul General Williams, at Havana, stating that Aguirra had been released by the Spanish authorities, and Sanguilly would be granted a civil trial soon. This was welcome news to the department, as the case of these two United States citizens imprisoned in Cuba has dragged tediously for months. Consul General Williams was active in seeking protection for Aguirra and Sanguilly, so much so that he offended the former Spanish minister, Muruaga, who requested his recall. Later the state department made very energetic representations at Madrid and Havana. The release of Aguirra and the prompt trial of Sanguilly will secure everything for which the United States has contended.

The New Jersey Forest Fires.

BRIGANTINE JUNCTION, N. J., Sept. 7—The forest fires now burning in this vicinity are the worst in years, and have done much damage to timber. A fire started a short distance south of here and burned in the direction of May's Landing, and that town was only saved by the wind changing the course of the flames. Another north of here has done much damage to growing peach orchards and berry farms. The farmers have tried hard to beat out the flames, but without success, and a drenching rain is impatiently awaited. The fires near Milliville, Woodbine, Eldora and Tuckahoe have all been extinguished.

Below the $100,000,000 Limit.

WASHINGTON, Sept. 7.—A telegram received at the treasury department yesterday stated that $1,000,000 in gold had been withdrawn for export from the sub-treasury at New York. Slight gains, however, were made at Chicago and other points aggregating $130,000, so that the total amount of the reserve at the close of business was $98,513,529. The cash balance was $181,577,108. The treasury officials maintain their usual reticence on the subject, but there is no doubt that they were somewhat disappointed and surprised that the syndicate permitted the balance to stay to close without making any deposit.

Historic Landmark Gone.

WILKESBARRE, Pa., Sept. 6.—The old town elm of Plymouth, three miles from here, was cut down yesterday for fear it would collapse during a heavy blow and cause damage. This elm was voted March 2, 1774, by the town meeting as the place of public rendezvous. It was then referred to as "the noble tree upon which our ancestors have gazed." Subsequent to 1774 it served as an auction mart, village market, and whipping post. A count of the rings showed that the tree was 372 years old.

General Agnus' Prediction.

NEW YORK, Sept. 7.—General Felix Agnus, editor of the Baltimore American, discussing the political situation in Maryland, said: "The state will go Republican for the first time since the war. Half of the Democratic papers in the state have bolted the Democratic ticket, and will support Lowndes for governor. I venture to say that Mr. Lowndes' majority will be anywhere from 5,000 to 20,000."

Earthquake Shock in Montana.

BUTTE, Mont., Sept. 7.—At 12.25 a. m. a slight shock of earthquake was felt in this city, lasting about six seconds. It was not severe enough to do any damage, and was noticed only by a few persons. At Helena the shock was severe. People rushed from hotels and buildings, and much excitement was caused. The shock was also severe in Great Falls.

Sudden Death of an Ex-Congressman.

SARATOGA, N. Y., Sept. 7.—Ex-Congressman William A. Sackett dropped dead here yesterday afternoon. He was a member of the Thirtieth and Thirty-first congresses, and was the father of Colonel Sackett, of the Ninth New York cavalry, who was killed at the head of his command in the late war.

The Backus Water Motor

Is the Most Economical Power Known, and the Best in the World for Driving Light Machinery.

It takes but little room.
It never gets out of repair.
It can not blow up.
It requires no fuel.
It needs no engineer.

There is no delay; no firing up; no ashes to clear away; no extra insurance to pay; no repairing necessary; no coal bills to pay, and it is always ready for use. It is invaluable for blowing Church Organs, for running Printing Presses, Sewing Machines, Turning Lathes, Scroll Saws, Grind Stones, Coffee Mills, Sausage Machines, Feed Cutters, Corn Mills, Elevators, &c. Pamphlet sent free on application. Pressure of water, 15 to 150 lbs., constant, steady, and above all

IT IS VERY CHEAP.

Price, $15 to $300.
