

EVENING HERALD

ESTABLISHED 1870.

Published every Evening, except Sunday, at 8 SOUTH JAMES STREET, NEAR CENTER.

The Herald is delivered in Shenandoah and the surrounding towns for six cents a week, payable to the carriers. By mail \$3.00 a year, or 20 cents a month, payable in advance. Advertisements charged according to space and position. The publishers reserve the right to change the position of advertisements whenever the publication of news demands it. The right is reserved to reject any advertisement, whether paid for or not, that the publishers may deem improper. Advertising rates made known upon application. Entered at the postoffice at Shenandoah, Pa., as second class mail matter.

Evening Herald

TUESDAY, SEPTEMBER 10, 1895.

STATE TICKET.

STATE TREASURER.

BENJAMIN J. HAYWOOD, of Mercer.

SUPERIOR COURT JUDGES.

JAMES A. BEAVER, of Centre.

E. W. WILLARD, of Lackawanna.

CHARLES E. RICE, of Luzerne.

GEORGE B. SHAW, of Huntington.

JOHN J. WICKHAM, of Beaver.

HOWARD REIDEL, of Northampton.

The wise and prudent merchant will have his printing done at home; otherwise he cannot expect home patronage.

The Lavelle fair opened today under favorable circumstances. It will be the means for Shenandoah sports this week.

The Defender and Valkyrie are giving Corbett and Fitzsimmons a chance to rest. It is only another way of making use of wind.

The Ohio man who escaped from prison after spending forty-two years behind the bars must have found a pocket guide very interesting.

The report that the people of Lakeside will object to the pumping of the water to Ashland and Girardville is idle gossip. Water is not used at Lakeside.

The disguises the detectives assume must be even better than those assumed in the melodrama. The other day one arrested another, mistaking him for a postoffice burglar, and it was not until some time later that the error was discovered.

There is no danger of the public water works becoming seriously crippled. The accident of Saturday was one that might be expected of the best plants and very little work and expense can make the pipe that caused the trouble secure.

The Mahanoy City Daily Record on Saturday completed its first year as a daily paper. Editor Parker is to be congratulated upon the success of his venture, and if he continues to issue as newsy a paper as he has in the past year his success in the future is assured.

The example set by the District Attorney of Lackawanna county in having costs of cases placed on all prosecutors who do not appear before the grand jury should be followed in this county. It would be the means of saving the county thousands of dollars annually.

There is for sale in numerous places half-rotten fruit at a low price. It is not fit for food at any price, and the people who buy it and eat it are running a fearful risk. In the larger cities the men who sell this kind of fruit are raddled and the fruit confiscated and destroyed. That is what should be done here.

There are many pavements and gutters in the town that should receive the attention of the borough authorities before the winter sets in. Defective pavements when covered with snow are more dangerous than at any other time and imperfect gutters tend to flood the sidewalks and keep them covered with ice. In a few weeks the season of frost will be here. Let there be no more delay.

SOME of the school teachers have been lecturing their pupils on the use of disinfectants. This is a very sensible course, but they can go farther and explain to the children the danger of going to houses where contagious diseases exist, or attending the funerals of victims of such diseases. There seems to be an almost irresistible impulse on the part of children to attend funerals and view the corpse, and none of the dangers which other people contemplate seem to them. A lecture on the subject by the school teachers would have a good effect and probably save many children.

UNDER the provisions of an act passed by the late session of the Legislature, the Judges and Inspectors at each general election in the future will receive \$4.50 apiece for their services, while the clerks will get \$3 each. It matters not how long it requires the officials to count off, the pay is just the same. The Judges will also receive \$9 per day and 6 cents for each circular mile for carrying the returns to the office of the Clerk of the Courts. This law is of considerable interest here in this county, where there has always been more or less dissatisfaction in regard to the fees paid the election officers, and the amounts fixed are considered very satisfactory. The Judges were never before allowed pay for bringing in the returns, being simply given their mileage fees.

JEALOUS HUSBAND'S CRIME.

After Killing His Wife and Fatally Injuring Another He Attempts Suicide.

INDIANAPOLIS, Sept. 10.—Lon Rooker, a moulted, employed at the Indianapolis car works, murdered his wife last night by cutting her throat. He also attempted to kill Mrs. Rooker, of No. 79 Rhode Island street, slashing her about the head and face with a razor, making wounds from which it is believed she will not recover. Mrs. Rooker ran screaming into the street, covered with blood. She presented a terrible appearance, and a crowd of excited people quickly gathered. Rooker made an attempt to escape, and stepped to the front door with the bloody razor in his hand. Seeing that it would be impossible to do so he made some remark about killing the first man who attempted to lay hands on him, and then cut his own throat. The act was witnessed by a number of persons. The blood ran freely from the wound, and the man, after staggering about for a few minutes, fell. The crowd started for him, but he arose and held them at bay with the razor. He then left the house and ran three squares, followed by a great crowd. When Elizabeth street was reached he jumped on a street car, where he was captured by Patrolman Bolan. Mrs. Rooker, after receiving the terrible wound, started for the city hospital, which is only a short distance from the scene of the tragedy. After taking a few steps she fell, and died in a few minutes. Rooker and Mrs. Rooker have been taken to the hospital, and the doctors believe that both are fatally wounded. Jealousy was the cause of the crimes.

A COMMON CAUSE OF SICKNESS

IN WARM WEATHER NOTHING SO DANGEROUS AS DECAYED FOODS.

Every one knows or ought to know that decayed foods are poisonous. Bacteria of Health seek to prevent their sale. We now have in mind the results which follow the decay and decomposition of foods after they have been eaten, for unless digestion occurs within a reasonable time after our meals, decomposition sets in. If dyspepsia will stop and consider for a moment some of the symptoms of their trouble, such as disagreeable breath, eructations of gas or bad taste in the mouth, they will understand that they all must come from decayed foods that ought properly to have been absorbed into the system. Spots before the eyes, dizziness, sleeplessness, dyspeptic headaches are but a few of the effects following the absorption into the blood of poisons developed from decomposing and undigested food that lies in the stomach. It was a recognition of this important fact that caused the Mount Lebanon Shakers to devote so much of their time to the preparation of a remedy for dyspepsia, and nothing is more efficient than the Digestive Cordial which they have recently placed on the market. Its action is so prompt that relief frequently follows the very first dose. It restores appetite and increases the weight, plumpness and strength take the place of weakness and that care-worn expression which points out the dyspepsia in every community. The local druggists are now giving away interesting descriptive pamphlets. Try a twenty-five cent bottle of Digestive Cordial and see what it will do for you.

YESTERDAY'S BASEBALL GAMES

National League.
At Philadelphia—First game: Philadelphia, 13; Louisville, 4. Second game: Louisville, 9; Philadelphia, 8. At Brooklyn—Chicago, 6; Brooklyn, 3. At Baltimore—Baltimore, 4; Cleveland, 1. At Pittsburgh—Pittsburgh, 9; Washington, 1. At Boston—Boston, 9; St. Louis, 6. At New York—New York, 4; Cincinnati, 1.

Pennsylvania State League.
At Hazleton—Carbondale, 9; Hazleton, 0. At Lancaster—Lancaster, 7; Reading, 2.

A Jail Delivery Prevented.

INDIANAPOLIS, Sept. 10.—The officials at the Marion county jail frustrated an attempt at jail delivery, which, if successful, would have released two murderers now awaiting trial, two burglars, and other criminals. A secret letter intercepted by the sheriff announced that all was ready. A corps of watchmen were placed around the jail. A rope was let down from one of the windows in murderers' row, and a man walked hastily up from an alley with a basket. It contained tools which would have set the prisoners at liberty in an hour. Every prisoner in the jail was in the plot.

Miners and Desperado Fight.

LOS ANGELES, Cal., Sept. 10.—Information has just been received here of a terrible fight in Nye county, Nev., between miners and desperadoes, which resulted in the instant killing of two of the latter and the probable fatal wounding of a third. Their names are Phil Foste, a gambler; Check Longstreet, a half breed, both killed; and another half breed, whose name is unknown, was badly wounded. George and Bob Montgomery and their friends did the shooting. The tragedy is the result of an attempt to jump a claim belonging to the Montgomerys.

Syndicate Operations and the Gold Reserve.

NEW YORK, Sept. 10.—Gold to the amount of \$1,200,000 was withdrawn from the sub-treasury yesterday for shipment to Europe today. W. G. Crossman & Bro. took \$1,000,000, Neshage and Fuller \$100,000 and Oelrichs & Co. \$100,000. These withdrawals brought the treasury's gold reserve down to about \$97,300,000. It was expected that the Belmont-Morgan syndicate would make a large deposit of gold in the sub-treasury, restoring the reserve to \$100,000,000, but no deposit was made.

Shot While Playing Ghost.

MASILLON, O., Sept. 10.—For some time past the residents of Prospect street have been annoyed by what superstitious people called a ghost. Frank Webb and William Conrad, wishing to have some sport, dressed themselves to represent the ghost. Henry Eyster, on his way home, saw the pair and thinking it was the much talked of ghost fired at them. Webb received a flesh wound in the arm and Conrad got a ball in his head. Neither are seriously, though painfully injured.

To Resign from Congress.

NEW YORK, Sept. 10.—It is authoritatively announced that Congressman Quigg will forward to Governor Morton, within a day or two, his resignation of the office of representative in congress for the Fourteenth congressional district. Mr. Quigg has timed his resignation so as to enable his place to be filled at the coming general election. It is understood that his reasons for resigning are altogether of a business nature.

A Postoffice at the Atlanta Exposition.

WASHINGTON, Sept. 10.—The acting postmaster general has directed a full post-office sub-station to be established at the Atlanta exposition grounds. Visitors to the fair, and the employes, etc., can receive their mail there. A postal car, part of the government exhibit, will be placed alongside the postoffice, and its practical workings shown as an annex to the sub-station.

Non-Union Miners Join Strikers.

NIBAUEN, Mich., Sept. 10.—The striking miners scored a victory yesterday by inducing thirty-four non-union men, bound for Indianapolis on a Chicago and Northwestern train, to desert and join their ranks. The Calumet company of miners was transferred from Indianapolis to Champlain to protect men operating ore crushers there.

New Jersey Judiciary.

TRENTON, Sept. 10.—The supreme court handed down an opinion denying constitutional the county election judiciary bill. The opinion is written by Judge Van Syckle, who, with Justices Lippincott and Magie, sat in the case. Justice Lippincott concurs in the opinion, and a foot note says that Justice Magie will express his own view.

A Flood Arrested.

NEWARK, O., Sept. 10.—Frank Chambers, who is wanted at Zanesville for assaulting a little girl, was arrested here. Chambers escaped the officers three times since April, 1893, one time jumping from a flying passenger train to avoid capture.

Mrs. Talnadge's Will.

BROOKLYN, Sept. 10.—The will of Susan W. Talnadge, wife of Rev. F. DeWitt Talnadge, was admitted to probate. The estate, valued at \$100,000, is left to her husband.

THE BELFRY MURDER.

The Defense Will Introduce Witnesses to Show That Durrant Is Innocent.

SAN FRANCISCO, Sept. 10.—A local paper prints a sensational story about the defense which will be offered in the trial of Theodore Durrant for the murder of Blanche Lamont. The statement is credited to a person connected with the defense, and is as follows: "The alibi will be strong, but the defense has witnesses to show that Durrant not only did not commit the murder, but will indicate who did it. There will be more than one implicated in the murder. Witnesses will testify that they saw the girl enter the church on the fatal afternoon with a certain man, and at that time a second man was in the church. "There the defense will rest its inquiry. It will not attempt to prove that these parties did commit the murder. The statements as to this are direct, that they will leave no ground for the prosecution to stand on, so far as Durrant is concerned." John T. Darr, prosecuting attorney in police court No. 2, will be one of the state's witnesses. His son, Starr Darr, has already testified to finding the wearing apparel of Blanche Lamont stowed away in the rafters and under the floor in the belfry.

Detective Gibson, who discovered two blocks of wood under the head of the body, will also testify. These blocks, if properly identified and proved, are of considerable importance in the case, for they tend to show that whoever it was that placed the body of the murdered girl where it was found, had knowledge of the customs in vogue in the dissecting room. The head rested on these blocks just as the head of a corpse in a dissecting room would have done. Durrant is a medical student. True, there is nothing direct about the evidence, but it is considered a good link in the long chain of circumstantial evidence upon which the state expects to make out its case against Durrant.

THE STORM IN KANSAS

Loss of Life and Much Damage to Property Reported.

OTTAWA, Kan., Sept. 10.—Grindley, a town of 400 people on the Santa Fe road, fifty miles southwest of here, suffered the total destruction of many of its best buildings by Sunday night's storm, while hardly a structure in the place escaped injury. The loss is heavy. Scarcely a residence in town escaped injury, and many of them were totally destroyed. A great deal of damage is feared in the contiguous country. One farm house half a mile from town was completely destroyed, and one inmate, supposed to be Mrs. Clara Massie, was fatally hurt.

At Fredonia the storm was the heaviest ever known there. The fair ground is from two to four feet under water and the Frisco and Pacific trains are waterbound outside the city. The town of Noosho Rapids, near Emporia, suffered severely. Crops will suffer greatly everywhere.

An Idiotic Boy's Ill Treatment.

FELLETON, Neb., Sept. 9.—This community is greatly excited over a case of revolting cruelty brought to light by Sheriff Snyder. For several years it has been known that a family named Knapp, in the Polish colony, had an idiotic boy, and lately reports of their ill treatment of the boy have been circulated. Investigation by the sheriff developed that the boy was also partially paralyzed, has been kept picketed out like an animal in an out of the way place during the day and at night kept in a stable with the calves and other live stock. It was also ascertained that he was unwiped with clothing. The unfortunate boy was taken charge of by the authorities and his parents will be prosecuted.

The Dry Dock Quite Large Enough.

WASHINGTON, Sept. 10.—Mr. Crump, the builder of the Indiana, in reply to Secretary Herbert's invitation to dock that battleship in the new Port Royal, S. C., dock, has asked that he be furnished plans of the dock, giving length, breadth and depth. This information has been sent him, showing that the dock is quite large enough to receive the Indiana if she can cross the bar in the harbor. It had been proposed to send the ship to Halifax.

The Steamer Belgic Ashore.

SAN FRANCISCO, Sept. 10.—The Occidental and Oriental Steamship company has received a confirmation of the report that the steamer Belgic, from San Francisco for Yokohama, had gone ashore on the coast of Japan. The Belgic is aground on a sandy beach off Yokohama known as King's Point, twenty-five miles from Yokohama. All of the passengers were safely landed in boats. The steamer is resting easily, and no difficulty is anticipated in getting her off.

Died at His Wife's Tomb.

CHAPMAN, Kan., Sept. 10.—John Crowley, an old resident, disappeared last Wednesday and was found dead at the foot of his wife's grave in the Catholic cemetery, where he had committed suicide. Wolves had eaten his face and body so that he was unrecognizable except by his clothing. His wife, who died some time ago, had been mourned deeply by the suicide, and lately had been very despondent.

Three Boys Run Down at a Crossing.

BALTIMORE, Sept. 10.—Three boys were riding on the tailboard of a wagon here when a freight train on the Baltimore and Ohio railway ran into it, killing one and fatally injuring the others. The dead boy was Edward Cromwell, aged 11, and his companions are George H. Herzburger, aged 8, and James Harton, aged 10. The accident occurred at the Decatur street crossing, and is attributed to the carelessness of the driver.

The Female Bridge Jumper Fined.

NEW YORK, Sept. 10.—Mrs. Clara McArthur, the first woman to jump from the Brooklyn bridge, was fined \$5 by Magistrate Crane in the Tombs police court. She paid the fine and left the court with her husband. The woman seems to have fully recovered from her immersion.

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria is the Children's Panacea—the Mother's Friend.

Castoria, Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. Ancker, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach."

EDWIN F. PARKEE, M. D., 120th Street and 7th Ave., New York City.

THE CHESAPEAKE COMPANY, 77 MURRAY STREET, NEW YORK CITY.

"A FAIR FACE MAY PROVE A FOUL BAR-GAIN." MARRY A PLAIN GIRL IF SHE USES SAPOLIO

When I don't want to use for my face, I use Sapolio. It is the only skin cream that makes the skin so soft and smooth, and makes the complexion so fair and healthy. It is the only skin cream that makes the skin so soft and smooth, and makes the complexion so fair and healthy. It is the only skin cream that makes the skin so soft and smooth, and makes the complexion so fair and healthy.
