

THREW AWAY THE BELT

Mr. Wm. Thornton of 137 W. Market Street Explains How and Why He Did It.

(From the Evening Gazette.)
Old age has many infirmities, none of which are more prevalent than kidney disorders. Have you ever noticed how the old people complain of backache, lame back, and general listlessness? And there are many other symptoms of which they do not speak, such as bloating of the limbs, painful and infrequent urination or excessiveness of urinary discharge. Most people think they are too old to find relief and cure, but this is not so. No better evidence than the following, which comes from an Elmira citizen, who has been cured of a very severe case at 77 years of age. Mr. Wm. Thornton of 137 West Market Street, speaks of his case in this way: "I am 77 years old. I have been afflicted with that dreaded complaint (kidney disease) for over ten years, making my old age a burden. I was so bad as to be forced to carry a belt at all times, and when my suffering became beyond endurance, I would put on the belt drawing it tightly around me and buckle it, thus bringing an extreme pressure over the kidneys; this, undoubtedly, forced the urine out, a function which the kidneys themselves had become too diseased to perform. My condition I put down to a strain I received. I began taking Doan's Kidney Pills. After two or three days I noticed their effect. I was much surprised, as the ailment was so severe and so long standing, while I had tried many remedies without any relief whatever. The pain I have experienced at times from straining in my efforts to discharge the urine was simply awful. I have done away with the use of my leather belt, and the pain has all gone, and I recommend Doan's Kidney Pills to all afflicted with kidney and urinary disorders."

G. A. R. ENCAMPMENT.

Great Interest Manifested in Today's Big Parade.

FIFTY THOUSAND ON THE MARCH.

The Falls City is not only quartering well its thousands of guests, but entertaining them most royally—Features of the Procession.

LOUISVILLE, Sept. 11.—Louisville seemed to be full to overflowing yesterday, but the cry is, "still they come," and by dusk her hospital citizens will have appreciated to the full the contrast they undertook in inviting the boys in blue to cross the imaginary line and bivouac once again on southern soil.
The leading feature of yesterday was the annual reunion and parade of the ex-soldiers, and additional interest attached to the event from the fact that it is probably the last time that the jack tars will be seen at a Grand Army encampment, sentiment in the organization favoring the holding of future conventions in the east, at dates best suited the majority.
After the parade had disbanded, and the old tars had devoted an hour to rest and refreshments, the annual convention of the National Association of Naval Veterans opened in the circuit court room of the court house. Francis B. Allen, of Hartford, Conn., rear admiral commanding, presided, and 200 delegates responded to the roll call. In his annual address Rear Admiral Allen said that the association now numbered 4,000 ex-sailors in good standing, an increase of 15 per cent during the year. In concluding the president recommended that the convention of 1896 be held either in Brooklyn or Philadelphia.
The Falls City is not only quartering well its thousands of guests, but also entertaining them most royally. The railroads are unable to handle promptly all trains, and many complain about being held out along the way, while it is thought that others may be unable to get here for the parade today.

The city has been resplendent with electric light displays on the streets and on buildings every night. Meantime the preparations for the grand parade today are complete. The reports to the marshal of the day shows that there will be at least 50,000 veterans in the parade.
The floats and other features of the parade are elaborate, and everything is ready for forming the line. The rehearsal of the 300 trained voices that will sing patriotic songs was a great success. The arrangements are so complete in everything that many visiting poets adopted resolutions of thanks to Director General John H. Milliken and his citizens committee.
Governor McKinley, of Ohio, is announced to be here with other governors. In recognition of the courtesies extended the Louisville workers at Pittsburgh last year, Commander Buechfeld and his twenty associates from Pittsburgh, and the members of the Louisville executive council, were tendered a banquet here last night by the citizens at the Penderius club.
Among the arrivals yesterday was the old war horse Ned, aged 40 years. His present owner, B. F. Crawford, of North East, Pa., got possession of him thirty-two years ago, and says Ned was then 8 years old, according to his mouth. Until five years ago Ned did his share of the work on Mr. Crawford's Pennsylvania farm.
Ned was captured from General Jubal Early's corps near Washington, by a Union scouting party, thirty-two years ago, and was given to his present owner to replace an animal which had been shot in a skirmish. At the close of the war Mr. Crawford left Washington on Ned's back. He first went to Harrisburg, and there Mr. Crawford grew tired of riding and bought a road cart, which Ned pulled from Harrisburg to North East, Pa.
Ned has been conspicuous at former encampments. He gave out at Pittsburgh last year, and in today's parade he will ride on a float.
There was a reception by the Woman's Relief Corps last night to Commander Lawler and staff.
The trades unions of Louisville and vicinity last night gave a very large industrial parade in honor of the visitors, each man carrying a Chinese lantern. Many banners expressive of good will from the workmen were displayed.
The delegations sent to urge Buffalo as the next meeting place of the national encampment of the G. A. R. for 1896 were greatly encouraged in their efforts. Colonel Shaw will present Buffalo's claims for the encampment, and Colonel Graham from western states look favorably upon the claims of Buffalo and New York this year.
After a stormy meeting, lasting nearly six hours, the Naval Veterans' association elected officers for the ensuing year. The time and place for the next annual meeting was left to the discretion of the newly elected rear admiral, Samuel Aliman, of New York.

The Wall Paper Trust.

ALBANY, Sept. 10.—A hearing was given by Deputy Attorney General Hasbrook yesterday afternoon in the matter of the application for the dissolution of the National Wall Paper company, and a decision was reserved for ten days. Edward M. Shepard, of Brooklyn, representing the firm of the H. N. Washburn company, of Philadelphia, members of the combination, asserted the National Wall Paper company had made no money since its incorporation. He said that \$30,000,000 worth of common stock was issued in violation of the law.

Cornor's Verdict Against a Railroad.

BROOKLYN, Sept. 11.—The coroner's jury which investigated the Labor Day railroad accident then the Sea Beach Railroad company guilty of culpable negligence in failing to provide proper signals or telegraph or telephone communications between stations, by which such an accident might have been averted. The employees of the railroad are exonerated.

Treasurer Clay's Shortage.

IRONTON, Mich., Sept. 11.—The shortage of County Treasurer M. G. Clay is \$14,978. The county commissioners declared the deficit and elected E. W. Sheffield office vacant the removed treasurer. The ex-amino admit the incompleteness of their report, and anticipate the additional shortage of \$6,000 yet to be located.

Two Earthquakes in Nicaragua.

MANAGUA, Nicaragua, via Galveston, Sept. 11.—Two earthquakes occurred in western Nicaragua yesterday. At Chinandega and at Granada the shocks were strong, and at Monombo they were moderate. The earthquakes were also felt in Managua.

YEARS OF INTENSE PAIN.

Dr. J. H. Watts, druggist and physician, Humboldt, Neb., who suffered with heart disease for four years, trying every remedy and all treatments known to himself and fellow-practitioners; believes that heart disease is curable. He writes: "I wish to tell what your valuable medicine has done for me. For four years I had heart disease of the very worst kind. Several physicians I consulted, said it was Rheumatism of the Heart. It was almost unendurable; with shortness of breath, palpitations, severe pains, unable to sleep, especially on the left side. No pen can describe my sufferings, particularly during the last months of those four weary years. I finally tried Dr. Miles' New Heart Cure, and was surprised at the result. It put new life into me and made a new man of me. I have not had a symptom of trouble since and I am satisfied your medicine has cured me for I have now enjoyed, since taking it, Three Years of Splendid Health. I might add that I am a druggist and have sold and recommended your Heart Cure, for I know what it has done for me and only wish I could state more clearly my sufferings then and the good health I now enjoy. Your Nerve and other remedies also give excellent satisfaction." J. H. Watts, Humboldt, Neb., May 9, '94.

MORE DIPLOMATIC KISS.

Ezeta's Lieutenant is Made a Prisoner.

PROBABLY SHOT BY THIS TIME.

Florence Bustamante, who Escaped with His Chief on the Benington to San Francisco, Taken from an American Steamer at La Libertad.

SAN FRANCISCO, Sept. 11.—The steamer City of Sydney, which has just arrived from Panama, brought particulars of the capture of Florence Bustamante, one of Antonio Rosas's favorite lieutenants, by the Spanish-Americans who came upon the City of Sydney that he has been torn to pieces by an infuriated mob or publicly shot in the street of the city of Salvador long before this. The surrender of Bustamante by the people of Chinaguana came by way of return, for the friendly act of Salvador in the Corinto affair.

The arrest of Bustamante while aboard an American ship is said to be in direct violation of international law, and the turbulent little Central American republic may be called to account for its high handed action by the United States. Captain Johnson of the City of Sydney, refused to discuss the matter, saying that he could not do so until he had first consulted his superiors. Bustamante was found after much difficulty hiding under the coal bunkers. Through he knew he was going to his death when he left the steamer he never uttered a reproach. He declared that he should remain Ezeta's friend to the last.

The steamship company had no other recourse than to turn over Bustamante, for warrants charging him with crime were presented and the government of Salvador, one of the countries which gives a subsidy to the Pacific Mail company, made a formal demand for his surrender.

Concerning the fact that a consular agent of the United States was on the steamer when Bustamante was formally seized, there is little to say. Their consular agent, Mr. Couper, is at La Libertad in the interest of the cable company. It is maintained that he was also aboard the steamer, not in his consular capacity, but as representing the cable company. He took no hand in the matter in any way, and did not direct the surrender of Bustamante, as some of the passengers supposed. Bustamante was well known in San Francisco, as he was under arrest here as one of the Salvadoran refugees.

The Seizure Probably Lawful.

WASHINGTON, Sept. 11.—Although no official report of the forcible seizure on board an American steamer of Antonio Bustamante by the Salvadoran officers at La Libertad has reached Washington, it is believed here from the presentation of facts made in the report that the seizure was lawfully made and that the United States cannot make an international issue in this case.

The Ohio Republican Conventions.

SPRINGFIELD, Sept. 11.—Twenty-five thousand people were in the city yesterday at the opening of the Republican state campaign. Five thousand men were in line in the parade. Green county gets the flag for having the largest delegation in attendance. The city was handsomely decorated. The parade took over thirty minutes, four, six and eight abreast, to pass a given point. The fair grounds near their history had such a crowd. Speaking began at 2:30 p. m. Senator Sherman was introduced by Chairman Day, and was followed by General Bushnell, who was followed by Governor McKinley. Ex-Governor Foraker followed McKinley. General Jones' candidate for lieutenant governor, Hon. James H. Hoyt, of Cleveland, and State Auditor Pos, of Columbus, spoke briefly.

Two Victims of the Trolleys.

COLUMBIA, Pa., Sept. 11.—Louis Fritz, aged 8 years, was knocked down by a trolley car and had both feet cut off. Professor W. B. Hall, supervisor of music in the Columbia public schools, was painfully injured while on his way from Lancaster on a trolley car. The motorman suddenly reversed the car to prevent running into an open switch and Professor Hall was thrown down, cutting his head and face and badly injuring his left arm and hand.

A Witness Riddled with Bullets.

NASHVILLE, Sept. 11.—The dead body of Lum Wood was found in the road near Union City, riddled with bullets. It was evident that he had been shot from an ambush. He was on his way to Union City to appear before the grand jury concerning certain lawlessness to which he had been a witness.

STOCK AND PRODUCE MARKETS.
