HELD IN BONDAGE CHOLERA IN HONOLULU.

of Miss Alice Young, who Resides at 392 Alexander Street, Rochester, N. Y.

(Evom Boehester Democrat and Chronicle.) Our representative was received very pleasantly at 392 Alexander Street, by Miss Alice Young, who told how since childhood she had been held in the bond-age of pain from her buck, never remembering the time that she had not suf-fered pain or aches in the region of the kidneys. Many were the means she used to find relief, but there seemed no remedy for her case and she still remained a captive; then along comes these little enemies to backache, Doan's Kidney Pills, and a half box releases the bonds, as one by one the aches and pains disappear, she finds herself a slave to pain no more, by their continued use. She says: "I was entirely relieved of all my suffering and now I am perfectly strong, healthy and well."
How did you take this remedy?" Miss Young was maked by our representative, she replied that she followed directions explicitly. Miss Young then told how the malady affected her, saying her symptoms mandy affected her, saying her symptoms were: "Stooping, bending over, walking or standing any length of time always gave me a pain in the small of my back. I had a pain in the kidneys all the time, and if I caught cold it would always settle there; the pain I suffered was of a very exhausting nature; at night I could only lie flat on my back any other position causing pain and suffering; the nerves massing up my back were effected. nerves passing up my back, were affected and this brought with it severe headaches,

in my life."

*HAS. DERR,

A Seaman on the Bennington a Victim of the Scourge

THIRTY-FIVE DEATHS REPORTED.

An Appropriation of \$10,000 Made to Stamp Out the Di case-Ex-Queen Lilluokalani and Other Political Offenders

SAN FRANCISCO, Sept. 18.—The steamer Australia arrived yesterday from Hono-lulu, bringing the following advices to the Associated Press:

HONOLULU, Sept. 5.—Forty one cases of cholera have been reported to date, with thirty-five deaths. The disease attacks only the natives. Every effort is being made to stamp it out. No island steamers are allowed to leave port without first remaining in quarantine for five days. Passengers must undergo the same ordeal,

Passengers must undergo the same ordeal.

The cholera, according to the general theory, was brought to Henodulu by the steamer Beigic, which arrived on the 9th of August with 536 Chinese immigrants on board. The vessel had a clean bill of health, but, following the custom, the Chinese were placed in quarantine. On the 18th of August it was learned that three of the immigrants had died, two from bowel complaint and the other from exhaustion. Physicians made a careful exhaustion. Physicians made a careful examination of the first cases, and declared that it was not cholera. More cases broke out soon, however. By this time the dis-case was declared to be genuine Asiatic

Up to Aug. 23 five cases of cholera had developed at Honolulu, with four deaths. On the evening of the 24th another case was reported. For five days there were no cases reported and people became easier, believing that the disease had been stamped out. But it was only a respite. On the 30th nine cases were reported, five of which proved fatal. One of the unfortunates was a scaman on the Bennington, named W. H. Goedel. He was taken ill while on beautiful account of the second to the s board the vessel, and lived but a short time He had bathed in the harbor and it is thought contracted the disease in this manner. On the following two days four cases were reported, and on the third seven cases developed.

With the exception of the Bennington sailor the scourge has attacked only natives, the chief difficulty in dealing with the cholera here being the ignorance and unclean habits of the natives and Chinese. The natives, of course, have no conception of the nature of the disease, its origin or the proper treatment of it. In this, as in all other respects, they are mere children and must be treated accordingly.

The physicians are gradually beautically in the children are considered accordingly.

The physicians are gradually locating the germ centers, but new cases arise in unexpected quarters, and there has not been a sufficient number of facts to enable

any safe generalization to be made.

The council of state held a meeting yes terday afternoon and evening, and after appropriating \$10,000 for the expenses incurred by the board of health, the matter of pardoning political prisoners came up for consideration. The executive recom-mended that Carl Widemann, the four Lane boys, Junius Kaao, Joe Widdlefield and thirty-nine others be pardoned. The council adopted the recommendation.

At the same meeting ex-Queen Lilluokalani was pardoned also, and the others will be liberated as soon as the pardons are made out.

The Bell Starts on Its Journey.

CRIGAGO, Sept. 13.—The Columbian Liberty Bell started on its trip around the vorld this morning at 8 o'clock. It will first go to the Atlanta exposition to re-main two months. Then it will be taken to New Orleans and the city of Mexico, and from there to Runnymede, England. where the bell will ring in commemora-tion of Magna Charta. The rest of the ourney has not yet been planned, but it is the intention to have the bell reach Mount Arrarat in 1900 and ring at a con gress of representatives from every religious organization on earth.

Mrs. J. P. Bell, Ossawatomie, Kan. wife of the editor of The Graphic, the leading local paper of Miami county, writes "I was troubled with heart disease for six years, severe palpitations, short-ness of breath, together with such extreme nervousness, that, at times I would walk the floor nearly all night. We consulted the best medical talent.

They said there was no help for me, that I had organic disease of the heart for which there was no remedy. I had read your advertisement in The Graphic and a year ago, as a last resort, tried one bottle of Dr. Miles' New Cure for the Heart, which convinced me that there was true merit in it. I took three bottles each of the Heart Cure and Restorative Nervine and It completely cured me. I sleep well at night, my heart beats regularly and I have no more smothering spells. I wish to say to all who are suffering as I did; there's relief untold for them if they will only give your remedies just one trial." Dr. Miles Heart Cure is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at \$1, 6 bottles for \$5, or it will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Eikhart, Ind.

LOUISVILLE, Sept. 13. - The thirtieth instional encampine at of the Grand Army of the Republic will be held in St. Paut in 1896, with Colonel I. N. Walker, of Indian apolls, as community in chief

The encomponent proper, the Womans Relief Corps and the Ladles Circle will begin their proceedings at 10 a.m. and keep in session all day. The gentlemen of the encomment almost completed their work, while the ladies of the two auxilincles that not get much done. There has been considerable agreeation about uniting them this year or rounited brotherhood and citizenship, but the holies of the aux litaries are as far apart as over in spirit, I not in purpose, and they will remain di-

vided.

The Ledles' Circle devoted yesterday to the reports and in discussions therewith for the perfection and extension of their organization.

The Women's Relief Corps had the trou-ble between the factions of Mrs. Clark and Mrs. Sherwood, at Canton, O., exemplified by the sheriff, who entered without the password to serve an injunction of the courts on the national officers, restraining them from ousting Mrs. Clark. When the sheriff entered the ladies would not tell him who was the officer, but a friend of Mrs. Clark soon pointed out the officers, and the order of the court was served. Mrs. Wheelock M. Tyler, the wife of the

mayor of Louisville, delivered a fine ad-dress of welcome to the cities, as did Mrs.

General Buckner to the state and south. The Confederate veterans General Buckner and Mr. Watterson took part again in the receptions and camplires, praising the good will that had brought peace in reality as well as in name. After delivering well coming addresses during the day Mr. Wat terson last night delivered his lecture on Abraham Lincoln, and tonight General Gordon delivers his lecture on "The Last Days of the Confederacy," in both of which the ex-soldiers take great interest. Gene-ral Buckner is kept busy in being called to

Today the blue and the gray meet in a grand barbscue, tendered by the latter to their guests. Tonight's programmes for the different campfires are very elaborate. At the afternoon session each depart ment presented its name for the committee to frame resolutions on the death of the young militiamen killed by the explosion Wednesday. The committee was directed

to attend the funeral in a body today. In the contest for senior vice commander General E. H. Holson, of Kentucky, was elected. C. E. Cosgrove, of Washington,

elected. C. E. Cosgrove, of Washington, was elected vice commander.

They Sampled the Contents.

Los Angeles, Cal., Sept. 13.—A colored man left a bottle at the baggage room of the Downey Avenue Station of the Santa Fe road, with instructions to give it to the colored porter on a sleeping car. It was supposed to contain wine. The train did not stop, and two men, Agent W. T. Thompson and O. L. Morton, who lives at Santa Monica, opened the bottle and drank about one-quarter of the contents. They were soon taken with violent cramps, and both died. The physicians who attended the men say the bottle contained strychnine.
