

Three Coaches Derailed.

GLENWOOD, Minn., Sept. 12.—Train No. 107 on the Minneapolis, South Sea, Maric and Pacific railway, had a narrow escape from a terrible disaster between Big Lake and Browns. Miss Mary Leonard, of Casselton, N. D., was fatally injured, and ex-Senator Washburn received a severe wound in the head. The three rear coaches of the train were derailed, two of them rolling down the bank. The accident was caused by the breaking of the forward axle of the dining car. Although Mr. Washburn's wound is an ugly one he will recover. Miss Leonard's arm is broken and her back injured. The colored porter on the sleeper had his hand crushed and several other injuries, though none serious. The train had passed only four feet beyond a high bridge when the accident occurred.

Two Children Burned to Death.

SPRINGFIELD, Wash., Sept. 12.—Word has just been received here of the burning of two children of a farmer named J. H. Lavender. One little girl, aged 7, was consumed in the burning of the ranch house, and Jacob, a boy of 18, was so badly burned in trying to escape that he died in a few hours. The little child jumped from the second story window and escaped with a few minor injuries. The father is a prominent farmer, well known all over eastern Washington, especially in church affairs. The older folks were a short distance from the house, with their backs towards it, and heard the roaring of the fire, but supposed it to be a passing railroad train.

Dug Up Old Coin.

CHENETEL, Pa., Sept. 12.—While workmen were engaged in laying a steam heating main across Market square they dug up an earthen jar tightly sealed containing \$150 in gold and silver Spanish coin. The oldest piece bore the date of 1800, and the remaining represented the remnants of various succeeding years. A market house built in the middle of the last century stood in the center of the square until 1857, and it is probable that the money was secreted there by one of the stall keepers.

Ironworkers' Wage Scale Fixed.

PITTSBURGH, Sept. 12.—The adjustment of the wages of ironworkers in Youngstown resulted in a 2 per cent. advance for all employees of finishing mills, and a continuance of the present wages for puddlers. The settlement affects about 35,000 men, and will control wages in every union mill in the country. The puddlers were not advanced because manufacturers a few weeks ago granted them a voluntary increase of twenty-five cents a ton.

FIFTY POINTS.

Happenings Throughout the Region Chronicled for Hasty Perusal.

Yesterday was a big day at the Reading fair, 25,000 people being in attendance. James Glennan and Miss Kate Gerrity, both of Park Place, were married yesterday. The Lavelle postoffice was robbed of twenty dollars. The thieves have not been captured. The Ashland School board will issue bonds to the amount of \$25,000, bearing four per cent. interest.

"The Wicklow Postman" showed to a poor house at Shamokin Tuesday. Also at Shamokin Wednesday.

Dr. Charles W. Weaver, of Shamokin, was buried at that place on Wednesday. The funeral was largely attended.

Raymond Joseph, the four-months-old son of Silas Frost, of Elenogwen, died on Wednesday of cholera infantum.

Frankville and Gilberton base ball teams will cross bats to-morrow for \$25 a side. The game will be played at Mahanoy City park.

Shamokin Council has adopted plans and specifications for a new hose house for the Liberty Hose Company, and work will begin soon.

The Schuylkill Traction Company reports \$2,000 gross earnings for the first week of September, an increase over the same week of 1904.

Miss Annie Moore, an inmate of Wernersville Asylum, who had escaped from the institution, was found asleep on the electric railway track near Reading yesterday morning by the motorman.

Alem Steiner, a Mahanoy City barber, was thrown from a wagon and sustained a bad wrench of the neck and severe nervous shock. He was rendered unconscious, but no serious results are anticipated. Steiner formerly resided here.

An eminent professor says, in explaining the slowness with which nervous sensation travels, "Stick a pin in the tail of an elephant and quite a perceptible interval occurs before the animal feels the pain." Our devil says it would not do to try this experiment on a nine mile.

She Didn't Take With the gentlemen. She was refined, intelligent, and not bad looking, but somehow she never seemed to take with the gentlemen. They didn't like her listless ways; they said she hadn't any "snap" about her. Poor girl! she was suffering from functional irregularities, and it was actually impossible for her to take much interest in anything. But a change came. One day she heard of Dr. Pierce's Favorite Prescription. She procured a bottle, and she had not taken half its contents when she felt like another woman. Now she is in the enjoyment of perfect health, and has restored from functional irregularities and weaknesses. The "Favorite Prescription" is a safe and certain cure for all the weaknesses to which women are peculiarly subject.

Dr. Pierce's Favorite Prescription, biliousness, indigestion and headache. One a dose.

All those terrible, itching diseases of the skin that help to make life miserable for us are caused by external parasites. Doan's Ointment kills the parasite and cures the disease. Perfectly harmless, never fails.

Sudden Death. Benjamin Oliver died at his home on West Strawberry alley last evening after an illness of a few hours. At 4:30 o'clock yesterday morning he was attacked by cholera morbus and at 6:40 in the evening he expired. The deceased was 40 years of age and left a wife and four children, the oldest child being 12 years of age. The funeral will take place tomorrow afternoon. Oliver was employed as a miner at the Kehley Run colliery and worked there on Wednesday.

One application of Dr. Thomas' Electric Oil takes away the pain of the most severe burn. It is an ideal family liniment.

Stone Carving Completed. The stone carving on the new building of the Phoenix Hose Company was completed to-day. The work was done by Joseph F. Bradley, the Philadelphia sculptor, and adds much credit to his reputation in this line. The inside work of the building is being pushed forward as fast as possible, and when completed the structure will be an ornament to the town.

Cholera morbus, cholera infantum, diarrhoea-dysentery, and all those other deadly enemies to the little ones are infallibly cured by Dr. Fowler's Ext. of Wild Strawberry.

Differed With the Justice. Mr. and Mrs. Batsavage, of the First ward, were arrested on a charge of stealing four chickens from Mrs. Rose Carr Justice Toomey took charge of the chickens and returned them to the Batsavages, having concluded that the chickens belonged to them, but now a jury at Pottsville has decided that the poultry belonged to Mrs. Carr. The Batsavages have decided to apply for a new trial.

Keep Warm. Just received a full line of fall underwear in red flannel, camel's hair and fleece lined, from 75 cents to \$4.50 per suit. Dr. Wright's underwear a specialty. At Max Levitt's, Up-to-date hatter, 15 East Centre street.

Foot Ball To-morrow. The Shamokin Foot Ball team will play its second game of the season at Mahanoy City to-morrow afternoon, with the Mahanoy City team. The home team will be composed of the following players: Lavelle, Birch, McHale, Wertz, Birkhart, Shortall, A. Rose, R. Rose, Frost, Ringbeiser, Jennings, Fahy, McCormick and McNails.

Lighting Work. Two traveling sign painters were engaged to-day in painting the Pearlley side of the Beadall building, on which they executed with lightning rapidity a very artistic piece of advertising work.

POLITICAL POINTS.

The Local Politicians Are Moving Among the Voters.

The Republican primaries will be held on the 29th inst., and those of the Democrats on the 21st.

Larry Mangum and Michael Graham are making a spirited fight for the nomination for Poor Director.

Lewis Bender has political aspirations and wants the nomination for Poor Director on the Republican ticket.

The rumor that Governor Hastings will appoint a Controller for this county in a day or two seems to be without foundation.

The fight for District Attorney, so far as the Republican nomination is concerned, is the centre of attraction now, and the man who wins will do so by much work.

The Lavelle fair was the mecca for politicians yesterday.

Our Pottsville letter caused considerable comment. Star chamber meetings will not benefit the party.

Steve Middleton, the Republican war horse of Gilberton, is anxious to serve the people at the county alms-house.

S. Burd Edwards appears to have the united support of the young Republicans, and a goodly number of the old war horses.

Lawyers Schalek and Heldich are working hard for the Orphans' Court judgeship nomination on the Democratic ticket, while Judge Lyon has no opposition on the Republican side.

What will Shamokin get with so many candidates in the field?

B. Jefferson Yost says he will conduct the affairs of the office of Clerk of the Courts after 1896. Jeff is not backward, by any means.

The office of County Controller is not attracting much attention in the Democratic ranks. M. H. Master, of town, will receive the plum with very little effort. His nomination will certainly add strength to the ticket, and it will necessitate the naming of a strong candidate by the Republicans if they hope to be successful. No barnacles will fill the bill.

The friends of Dr. Stein are working industriously in his behalf for Governor.

THE DURRANT TRIAL.

To Accommodate a Juror a Recess Is Taken Until Monday.

SAN FRANCISCO, Sept. 12.—Pouring rain did not lessen the crowd of curiosity seekers at the trial of Durrant yesterday. As the defense will lay stress on the inability of one man to carry a heavy body up such a steep flight of stairs as leads to the belfry of Emanuel church, the prosecution was elated at the testimony of Richard Charlton, a grocer, who had weighed Blanche each week for six months. Her greatest weight was 121 pounds.

Honry Shalmon, a cable conductor, testified that Durrant and Miss Lamont had ridden together to school the morning of April 2. He had seen them frequently before, and his attention was particularly directed to them on this day by their evident intimacy.

Herman J. Schladler, a classmate of Durrant at the medical college, testified that four days after Blanche had disappeared Durrant had asked Schladler if he remembered seeing them together, and if he did not remember that Durrant parted from Blanche before the former left the city. Witness was unable to remember.

Durrant volunteered the information that Blanche was missing. The prisoner told the witness that he feared she had gone to some questionable abode.

Miss Minnie Bell Edwards, a classmate of Blanche, testified that on the afternoon of April 2 Blanche Lamont and herself left the Normal school together. Miss Lamont was soon joined by a young man, whom Miss Edwards recognized as Durrant. Miss Edwards last saw the couple at the corner of Market and Powell streets, where she left the car.

To accommodate a juror a recess was here taken until Monday.

THE BICYCLE TOURNAMENT. Bald, Sanger and Newton Carry off the Honors at Springfield.

SPRINGFIELD, Mass., Sept. 12.—The tournament is over, the racing season of 1905 is practically finished, and Bald, Sanger and Newton have firmly established their ownership to the title of champion in their respective classes.

There was a gathering of 7,000 yesterday, and the track was in its best condition. The interest was divided between the mile open, Class B, the two mile professional handicap and the attempt of F. J. Titus to beat his record of last year, when he rode 28 miles, 1,470 yards in an hour.

In the Class B race Wells and Titus did not appear. The sprint was not begun until the crowd had almost reached the turn. Except for the fact that Klor had got a good lead on Cabane Bald, who was in fourth place, would have been unable to get through, but he saw the hole, made a dart for it and crossed the tape with a good length to his credit, leaving Kiser and Cabane to fight it out. Tyler and Johnson did not start, and Sanger was the only man on the stretch. At the mile and a half mark he caught his field, and the time card was hung out for 4:21 2-5, a new world's record for the 1 1/2 mile professional handicap.

In the hour ride Titus beat to break records on the course. He had covered at the end of the race 27 miles and 185 yards, breaking the American record, but not equalling the world's record made abroad by 2103rd year weeks ago.

Starbuck beat the five mile professional record, paced by a good, and also the class B record, finishing the distance in 10:11 1-5. Fred Loughhead, of Sarnia, Ont., rode the class A unpaced record of 5:02 2-5 for two miles to 4:50.

Every piece of the genuine is stamped like this:

Ask for these and refuse anything else if you wish satisfaction. Do you make doughnuts this way?

5 1/2 qt. quart flour, 1 1/2 teaspoonful salt, 1 teaspoonful ground nutmeg or cinnamon, 2 rounded teaspoonful baking powder, together. Beat 2 eggs; add 1 cup sugar, 1 cup milk, 2 teaspoonfuls melted lard. Stir these into the flour, roll out into snags. Heat fat to 350 F. 4 or 5 minutes—put just right heat—and fry the doughnuts in it for 3 minutes.

For frying, Cottolene must be hot, but don't let it get hot enough to smoke or it will burn. To find if it is hot enough, throw into it a single drop of water. When at just the right heat, the water will pop. Genuine has trade mark—"Cottolene" and star's head in cotton-plant wreath—on every tin. THE N. K. FAIRBANK COMPANY, CHICAGO and 102 N. Delaware Ave., Philadelphia.
