British Claim Against Chile.

SAN FRANCISCO, Sept. 17.—The claims of Andrew McKinstry and the heirs of Patrick Shields against Chile are again attracting attention. The men were sall-ors on the American ship Keweenaw, and in 1891, while in Valparaiso, were beaten by the Chilean police. Shields afterwards died from his injuries. The claim for damages by the United States was not allowed, it being found that the men were British subjects. Lord Rosebery cham-pioned their cause, however, and another tribunal, composed of German, British and Chilean subjects, is now considering the claim.

"I was confined to my bed when I began to use the medicine. I gradually began to improve, and have now used five bottles and am entirely curred. I do hard work every day, and firmly believe that if I had not used Dr. Greene's Nervura I should now have been in my grave. That put me on my feet when all else failed. I do not now suffer any pain, and enjoy good health from the benefits I derived from the use of Dr. Greene's Nervura blood and nerve remedy.

"I have often recommended its use to other suffering people, and I send this letter for the benefit of others."

It would appear that this letter plainly answered our opening question.

If doctors disagree about your case, if you have tried physician after physician, and are still not cured, follow the example of Mrs. Lamson and use Dr. Greene's Nervura blood and nerve remedy. Remember that it will help you even if all else has failed, even if through those repeated failures to be cured, you are discouraged and in despair of getting well. This grand remedy has saved thou sands of persons worse aff than you are, and it will make you well and strong if you will use it.
