STATE TICKET. STATE TREASURER. BENJAMIN J. HAYWOOD, of Monroe.

There is a movement on foot for the reorganization of an international postage stamp, which is in accordance with the requirements of the age and should be encouraged.

The autumn season will begin next Monday and the wide-awake business man know at work on his advertisement for the newspaper to let the people know what kind of a stock he has on hand to open the season with.

No consumer who willfully, or negligently, permits a waste of water can rightfully complain when his supply is cut off. By permitting the waste he not only invites the penalty, but also risks his neighbor of the amount of water that is wasted.

Eight men at Carbonate have been arrested for failing to place stamps on empty liquor barrels. The accused claim that the omissions were due to carelessness, and there appears to be truth in their statements, but the internal revenue laws are so strict that they will undoubtedly be subjected to some penalty and others will very likely profit by their carelessness.

A dollar spent in buying American-made goods helps this country, whereas a dollar sent to some foreign country, when it could have been expended to just as good advantage at home is an act of disloyalty to this country, and the sooner the people realize that purchasing home industries means patriotism to one's town, state and country, the better it will be for all concerned.

It is pretty rough on Mr. Markle, owner of the Hazleton state league, but he will not say anything for the people of Carbonate to claim that his money and influence cheated them out of the championship. It is known by all who have given the league any consideration that by going down into his pockets Mr. Markle held the league together and gave all the towns that stayed in more than they would have enjoyed if he had not appeared in the field.

An innovation in the High school at Williamsport will be watched with much interest. The School Board has decided that the school shall have one session, beginning at 9 in the morning and closing at 2 in the afternoon, with an intermission of 20 minutes. Whether the additional time left to the discretion of the people in the afternoon under this arrangement will produce a better effect so far as the legitimate studies are concerned, or whether it will result in more expert base ball and foot ball players, or gun chasers, remains to be seen.

The Jewish year of 5656 commenced at sunset yesterday. In Shenandoah the event is always celebrated with comparatively the same social and much more devout religious function than is true of the Christian churches. The number of Jews who fall to worship this day is small. The Jewish New Year and the day of atonement occurring at an interval of ten days from each other, are called "fearful days" and have retained for years their former spell which makes a deep impression on the people of that faith.

One so unusual for New York that the politicians cannot understand it, but are gradually coming around to it, and as such an advanced thinker as Dr. Parkhurst has expressed himself similarly to Mayor Strong as to the advisability of a change in the law, it is probable that the next Legislature will amend it so that the thirty will have certain rights in which to exercise their desire.

NEW JERSEY REPUBLICANS.

Their Convention at Trenton Today Well Attended.

TRENTON, Sept. 19.—The Republican state convention met here this morning, and is largely attended. The state Republican committee selected Congressman Mahlon Pitney as temporary chairman. The situation is very much mixed. Griggs and Keon are clearly in the lead, but the votes which the other candidates will receive will prevent either of the leaders getting enough votes on the first ballot to nominate. A tie between Griggs and Keon the former seems to have the advantage.

Voorsness and Ward are both building on being nominated as a compromise candidate. The Ward strength, however, has for the most part a second choice divided between Keon and Griggs, and it is doubtful if it can be kept in line for Ward after one or two ballots. The complexion of the Essex delegation, after it leaves Ward, will have much to do with the nominating of either Keon or Griggs.

Mr. Griggs' name will be presented by ex-Senator Garrett A. Hobart, who, with Congressman Stewart, Senators Williams and Thompson, ex-Speaker Holt and Sheriff Tolley, of Hudson, are among his chief lieutenants. J. Gardner Koen, of Union county, will present Mr. Keon's name to the convention.

Senator Voorsness says he expects to have more than a hundred delegates, and he counts upon holding the balance of power in the convention and receiving the nomination as a compromise candidate. Senator Voorsness' supporters are very sanguine. His name will be presented by Senator Stokes.

In a recent letter to the manufacturers Mr. W. F. Benjamin, editor of the Spectator, Rockford, N. Y., says: "It may be a pleasure to you to know the high esteem in which Chamberlain's medicines are held by the people of your own state, where they must be best known. An aunt of mine, who resides at Dexter, Iowa, was about to visit me a few years since, and before leaving home wrote me, asking if they were sold here, stating if they were she would bring a quantity with her, as she did not like to be without them." The medicines referred to are Chamberlain's Cough Remedy, famous for its cures of colds and croup; Chamberlain's Pain Balm for rheumatism, lame back, pains in the side and chest, and Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. These medicines have been in constant use in Iowa for almost a quarter of a century. The people have learned that they are articles of great worth and merit, and unacquainted by any other. They are for sale here by Graham Bros., Druggists.

Delaware's Ex-Speaker Dead.

BUFFALO, Sept. 18.—Samuel Biddle, ex-speaker of the Delaware legislature, died here at the home of his daughter, Mrs. W. Bowen Moore. The body will be interred at Wilmington. Samuel Biddle was born in Cecil county, Md., in 1809. He removed to Wilmington, Del., in early manhood, took an active part in Whig politics, and in 1856 was elected speaker of the Delaware house of representatives. During the war he was provost marshal of Wilmington. At the time of his retirement from active business two years ago, he had held for twenty years an important position in the office of the first comptroller of the United States treasury.

Mr. Iselin Complimented.

LONDON, Sept. 18.—The Pall Mall Gazette, commenting upon the letters which passed between Lord Dunsraven and N. W. York yachtsmen regarding the American's cup race, says that it desires to present the controversy so far as to make the opportunity to pay a tribute to the sportsmanlike behavior of Mr. Iselin. It is a pity, the article says, that Mr. Iselin's handsome offer to Lord Dunsraven could not have met with action. The American yachtsman, the Gazette concludes, deserves the respect of all lovers of sport.

Sad Accident at the L. O. O. F. Hall.

ATLANTIC CITY, Sept. 19.—While going to the ball given in honor of the officers and representatives of the sovereign grand lodge of Odd Fellows at the United States hotel last night, Mrs. Theodore A. Ross, wife of the grand secretary of the sovereign grand lodge, slipped and fell, fracturing her right arm and receiving serious injuries. She was removed to her hotel, where, on account of her advanced age, fears are entertained for her recovery. Mr. and Mrs. Ross are from Baltimore.

The entire matter is a mystery.

BUFFALO, Sept. 19.—It is understood that the grand jury of the federal court has found a true bill of indictment against Mrs. Mack, of Hamilton, Ont., the alleged accomplice of George Morrison, in the stamp counterfeiting scheme, and as soon as the indictment is reported, probably today, her case will be moved for trial.

Saved His Life.

What Munyon's Remedies Did for a Prominent Ohioan.

He Could Eat But Little and Was in Constant Pain—Cured With One Bottle. W. T. Loffer, a well-known resident of Kent, Ohio, says that Munyon's Dyspepsia Cure miraculously saved his life. In stating his experience he said: "For a long time I have been afflicted with dyspepsia. I could not eat anything and was in constant pain. The gas in my stomach distended it greatly and my head became ached. I was troubled with short breathing, fluttering and irregular beating of the heart, and often the pain was so great that I thought I was going to die. My friends wanted me to try Munyon's Dyspepsia Cure, but I had tried so many different medicines without benefit that I thought I should try it. Finally I began using it, and the result was wonderful. After the first bottle I could eat without discomfort, and am now thoroughly cured."

Munyon's Stomach and Dyspepsia Cures all forms of indigestion and stomach troubles such as constipation, rising of food, distress after eating, bloating of the stomach, palpitation of the heart, shortness of breath and all affections of the heart caused by indigestion. It soothes, heals and invigorates stomachs that have been weakened by over-eating, or where the lining of the stomach has been impaired by physic and injurious medicines. Price, 35 cents.

Munyon's Homeopathic Home Remedy Company, of Philadelphia, put up specifics for nearly every ailment, which are sold by all druggists, mostly for 25 cents a bottle. Those who are in doubt as to the nature of their disease should address Professor Munyon, 1005 Arch street, Philadelphia, giving full symptoms of their disease. Arab Board a British Bark.

GIBRALTAR, Sept. 18.—The British ship Phoenix, Virginia de Los Angeles, which arrived here yesterday, reports that while she was becalmed off Albueros, a small island of the coast of Morocco, a party of Arabs occupying eight boats boarded her and carried off part of her cargo. The Arabs also took 4000 in specie, which they found in the captain's quarters.

NUGGETS OF NEWS.

A dispatch from Madrid says that the government has arranged with Paris bankers for a credit of \$1,000,000 sterling for the war in Cuba. General Antonio Ezeta sailed from San Francisco yesterday for Mexico on his expedition to regain control of the government of Salvador. It is rumored that Marquis Imperiali, secretary of the Italian legation at Washington, is about to exchange places with Signor Malaspina, secretary of legation at Brussels. Prince Henry of Prussia, brother of Emperor William of Germany, has been granted a furlough of a year on account of his many years uninterrupted services in the German army. Judge John Garber, of San Francisco, commended his argument for Mrs. Stanford in the United States court of appeals yesterday in the suit of the federal government against the Stanford estate.

THE DURRANT TRIAL.

Organist King When Put on the Stand Causes a Sensation.

SAN FRANCISCO, Sept. 19.—The prosecution in the Durrant case will complete its direct case early next week. The opening statement of the defense is waited with much interest. It will be the first intimation of what it expects to prove. It has been said that an alibi for Durrant would be proved, and further that another man than Durrant went to the church when the prisoner is said to have entered. Yesterday Miss Emma L. Turner was the first witness. She is a member of the Emanuel church, and knows Durrant. She testified that on April 3 she was not with defendant in Emanuel church. Mrs. Leake had testified that the girl she saw walking into Emanuel church with Durrant was either Blanche Lamont or Miss Turner. Organist George King was then put upon the stand to prove that he saw the prisoner in the church at 5 p. m. on April 3, almost an hour after Durrant was said by Mrs. Leake to have entered the church. King proved an unwilling witness, apparently shielding Durrant whenever possible. He admitted that the defendant and his attorneys advised him to give his testimony as given at the preliminary examination.

This created a tremendous sensation, but on cross examination he said he had not been asked to change his evidence. He told how he had come into Emanuel church to play a new piece. Durrant appeared, pale, disheveled and sick, breathless and without hat or coat. Durrant said that while repeating some gas pipes he had been overcome. Durrant helped him carry a small organ from the front part of the church to another. The prisoner appeared exhausted, and was frequently obliged to stop and rest. The witness said he detected no escaping gas.

Philadelphia Democrats.

PHILADELPHIA, Sept. 19.—Considerable excitement prevailed at the Democratic county convention yesterday over a resolution presented by the committee on resolutions, deeming it inexpedient to make any nomination against the Republican nominees for, and present incumbents of, the office of district attorney, George S. Graham. After much interruption and amid great confusion, a vote was finally taken, and the committee's report was sustained by a vote of 188 to 804. The following nominations were made: City controller, Frederick B. Vandergrift; recorder of deeds, John J. Curley; coroner, Dr. Edwin S. Harrington; clerk of quarter sessions, Edwin J. Sellers.

The Iselin-Dunsraven Controversy.

NEW YORK, Sept. 19.—H. Maitland Kelsey gave out the following statement: "Lord Dunsraven would like it clearly understood that the offer contained in Mr. Iselin's letter of Sept. 16, which appeared in yesterday's papers, to resale either the last two races or the whole series, has never been made known to him, either by Mr. Iselin or by the members of the cup or regatta committee." On the steamship Majestic, which sailed for Liverpool yesterday afternoon, were Commodore Glenie, the intimate friend of Lord Dunsraven, Saltmaker Thomas Ratsey, and twenty-five members of the Valkyrie crew.

Tornado in Michigan.

DETROIT, Sept. 19.—A tornado passed over a portion of the state during the night. At Charlevoix a house was demolished and fences, trees and outhouses scattered in the path of the wind. No one was hurt. Port Austin reports a heavy storm. Considerable damage was done to buildings, and three lives are said to have been lost by the collapse of a house in Home township. At Sand Beach nearly every building was more or less damaged, two houses and twelve barns being destroyed. Near Kinde two children of Richard Toft were killed by falling timbers and three others injured.

Two Thousand Miners Strike.

ROCHESTER, N. Y., Sept. 19.—The Buffalo, Rochester and Pittsburgh railway advises are that 2,000 miners employed in the mines of Bell, Lewis & Yates, at Dubois, Pa., are on strike. The trouble dates back to the hard times of 1893, when the men asked for a reduction to thirty cents per ton in order that by so doing they might be kept at work. When business began to revive the men asked for the old scale of wages and were refused. The mines affected by the strike are the Reynoldsville, London and Dubois and two other mines not operated so extensively.

Discharged Officers Reinstated.

OMAHA, Sept. 18.—The A. P. A. police commission has discharged Chief of Police White and replaced him with ex-Sergeant Sigwart as acting chief, who was discharged several months ago for alleged corrupt practices. Other men who were discharged for alleged incompetency have been placed on the force, notably ex-Chief Detective Haze, who is made sergeant. Twelve gambling houses are running wide open in Omaha, the first in years.

Struck by a Train.

NEW HAVEN, Sept. 18.—Henry Beals Wilcox, aged 74, judge of probate in Madison for many years, was struck by a train at Madison while attempting to pass in front of the engine to reach the mail car with a letter. He was thrown in front of an eastbound train. His skull was fractured and the injuries will doubtless prove fatal. Judge Wilcox was the trial justice in the well known Mary Stannard murder case.

OUR BLOOD FILTERS.

BLOOD SHOULD BE PURE AS WATER. What Keeps it Pure and What Happens When it is Impure.

Our National Blood Purifiers, Our Kidneys; How They Keep Us Well, and How We Ought to Keep Them Well.

What makes a sallow complexion, gait, rheumatism, muscular weakness, depression, lack of ambition, anemia, chlorosis or green sickness, nervous headaches, dizziness, hysteria, Bright's disease, gravel, sleeplessness, pain in the back, diabetes, etc.?

It is the failure of our blood filters.

Our blood should be as free from impurities as drinking water.

If it becomes impure we fall sick.

Our kidneys are simply blood filters. They filter the impurities out of the blood.

It is why it is so dangerous to have kidney disease, because when our kidneys are sick they cannot keep our blood pure.

Diseases are generally caused by blood poisoning. Especially those mentioned above. The poisoning is caused by impurities in the blood.

These impurities could be kept out if our kidneys were healthy, if they were not worn out, or did not have too much work to do.

Dr. Hobbs' Spargus Kidney Pills make healthy kidneys out of sick ones. This means pure blood and the cure of all diseases caused by blood impurities.

Asparagus has a very strong tonic effect on the kidneys. Combined with other herbs it is used in Dr. Hobbs' Spargus Kidney Pills, and is the ingredient which does the kidneys the most good.

This filtering of the blood has probably never been explained to you in this way before.

Yet it is true. Every physician knows it is true.

A medicine that will cure the kidneys will cure any disease caused by poisoned blood, because, as soon as the kidneys are well, they set about doing their work as it ought to be done.

When our drinking water is pure it will not poison us, and when our blood is pure it will not poison us.

Dr. Hobbs' Spargus Kidney Pills will bring you new life and ambition, cure your pains and aches, give you a bright, rosy complexion, and health, freedom and comfort.

It is not a miracle.

It is simply pure clean blood.

It is only a question of renewing and cleansing your filters.

It is Dr. Hobbs' Spargus Kidney Pills acting on your kidneys.

All the dangerous diseases of impure blood, that doctors are often unable to cure can be cured with Dr. Hobbs' Spargus Kidney Pills.

Rheumatism, gout, Bright's disease, kidney troubles, etc., will all disappear after taking a course of Dr. Hobbs' Spargus Kidney Pills.

A few doses will relieve you. A few boxes will cure you.

Sold by all druggists at 50 cents per box, or sent postpaid on receipt of price.
