Philadelphia's National League Game.
At Philadelphia. Philadelphia, 15; Washington, 10. At Brooklyn. Baltimore, 4; Brooklyn, 0. At Boston. Boston, 15; New York, 12. At Cleveland. Cleveland, 17; Pittsburgh, 9. At Cincinnati. Cincinnati, 10; Louisville, 6. At St. Louis. St. Louis, 9; St. Louis, 9.

Yesterday's National League Games.
At Louisville. Louisville, 6; Cincinnati, 1. At St. Louis. Chicago, 6; St. Louis, 6.

Springfield Gets the Stadium Cup.
Pittsburgh, Sept. 23.—The Eastern League championship was won by Pittsburgh yesterday afternoon by defeating Springfield for the fourth time since the cup was won. The cup was offered for the first time after four games out of seven. Pittsburgh won only two games. Springfield had taken yesterday's game by a score of 9 to 0.

Another Claim Against Spain.
TAMPA, Fla., Sept. 23.—John Hepko, for fifteen years proprietor of the Grand Hotel at Havana, claims that he was the first to land in the United States, but he is an American citizen ten years ago. The kitchen and washroom contained with his hotel were built upon a government lot for which he paid the money. On July 22, at midnight, he and his family, consisting of his wife and six children, the eldest but 2 years, were forcibly ejected from their property. The ejectment continued until morning when the boarders were forced to leave the breakfast table. Every vestige of furniture was removed and the entire property confiscated. All this was accomplished by a debt of \$200, which Hepko owed the government for rent of the lot. Hepko will not let the government recognize his claim and request damages, which he places at \$20,000.

Pittsburians Off for Texas.
NEW YORK, Sept. 23.—Bob Fitzsimmons left yesterday afternoon for Texas in a special train of three cars over the Pennsylvania railroad. He was accompanied by Mrs. Fitzsimmons, Martin Julian, his manager, Mrs. Julian, Charlie White, the pugilist's trainer, and Emil Roehrer, the German wrestler. Fitzsimmons will go to Corpus Christi, Tex., where he will train until he goes to Dallas to fight for the championship. The first stop will be made at Lynchburg, Va., where Fitzsimmons will give an exhibition. From there the party will go to Corpus Christi, making a short stay at San Antonio.

Three Workmen Roasted Alive.
PITTSBURG, Sept. 23.—Three men were literally roasted alive at the Atlas Paint works, Allegheny. The fire was the result of the explosion of a quantity of benzine, which ignited through the carelessness of one of the dead men. The dead one, Joseph Lavatov, aged 31, single; Henry Turner, aged 55, leaves a wife and four children; George Tule, aged 33, single. Turner was missing, thinking that all the fire had been extinguished. A barrel of benzine was opened, and the men were carrying a large part of the fuel to the mixing room, when the explosion occurred.

Forged Checks at Bridgeport.
BRIDGEPORT, Conn., Sept. 23.—Bridgeport banks have received over twenty apparently certified checks from banks in Jersey City, Hoboken and other places in the vicinity of New York during the past few days. The checks were those known as counter checks, which the public have been advised to use with caution. They were supposed to be those who cashed them to have been certified by cashiers or tellers here. The checks were all signed "R. E. Morris," and were made payable to G. B. Williams. The banks have detected that the checks were not genuine at once.

White Squadron Off for Hampton Roads.
NEW YORK, Sept. 23.—The five ships of the White Squadron of the North Atlantic, consisting of the flagship New York, Admiral Bines; the Columbia; the Minneapolis; the Raleigh and the Montgomery, which have been lying off St. George, Tangleville and Stapleton, S. I., for the past six days, sailed today for Hampton Roads. The squadron will be joined at Hampton Roads by the battleship Texas, lately commissioned at the Norfolk navy yard, and the double-towered monitor Amphitrite.

Five Buried in a Landslide.
QUEBEC, Sept. 23.—A report comes from St. Line, Champlain county, of a disastrous landslide on the Champlain river Sunday night. Zephirin Normandin's house was carried away and five members of the family were buried in the debris. Three children escaped by jumping through windows, one of whom has since become insane as the result of the calamity. After great difficulty the residents of the vicinity succeeded in digging out the five dead bodies. Further destruction is almost certain.

A Lover's Double Crime.
OKALOOSA, Fla., Sept. 23.—M. E. Stinson, of St. Louis, formerly agent for the Rock Island railroad at Fairfeld, Ia., at which point his parents reside, shot and killed Miss Anna Moore, of Panama, yesterday, and then committed suicide. The girl for some time past has been a student at Iowa college. She came here from Grinnell Friday night, and was met by Stinson. The couple took rooms at the Asher House, where the tragedy occurred. The reason for the killing is unknown.

Extradited from Colombia.
NEW YORK, Sept. 23.—A. G. Love, the Texas peddler, former prisoner at Quantico, at midnight on the steamer Avon, in charge of United States Marshal J. C. Benford, of Calverton, Tex., who went down to Panama to secure his man. Love escaped from this country about four months ago and was hiding in Colombia. He was discovered and extradited promptly.

Severe Snow Storm in Wyoming.
RAWLINS, Wyo., Sept. 23.—This section of Wyoming was visited by the worst September snow storm for twenty years. There is a foot of snow on the levels. Trains are delayed. Some fairs are reported. Should the weather continue cold very long, for belated flocks of sheep, which are still on high mountains.

Cholera's Increase in Turkey.
CONSTANTINOPLE, Sept. 23.—Cholera is increasing here, and in the vicinity of Ibrova, about fifty-seven miles southeast of here, it is raging violently.

DISTRESSING DISEASES OF THE SKIN.

Instantly Relieved and Speedily Cured by

Oticura

SEVERE CURE TREATMENT—Warm baths with Oticura Soap, emollient applications of Oticura (ointment), and cold doses of Oticura (solution) (the new blood purifier)

THE WAR IN CUBA.

Sentenced to Life Imprisonment for Giving Aid to Insurgents.
LONDON, Sept. 23.—The Havana correspondent of the Times telegraphs that on Saturday last the harbor police of Havana, while watching a suspicious boat alongside the American steamer Mascotte, saw a sack dropped into a boat. Upon reaching the boat they opened the sack and found it full of rifle cartridges. They boarded the steamer, and the master immediately granted permission to search the vessel. It was discovered that the Spanish freeman was the person who dropped the sack. The freeman and his companion were tried by court martial, found guilty of supplying ammunition to the insurgents, and convicted to penal servitude for life. It is stated in Havana that the insurgents regularly receive supplies of cartridges by similar means.

Lengthy Telegrams from Madrid state positively that Spain will send further 25,000 men in October and an equal number in January, and if necessary they are prepared to increase the army in Cuba to 200,000.

Campos is right in saying that he does not want more men. What clearly is necessary is that the soldiers have more training and the army more method of organization and, above all, more competent direction is needed if a satisfactory result is wished.

In Discussion (newspaper) last week published an account of a fifteen days' march by General Mella and 3,000 men through the province of Pinar del Principe for the purpose of attacking Maximo Gomez. The only result was a few insignificant skirmishes. The account reads like the story of Don Quixote, rather than a serious warlike action.

Would-be Lynchers Foiled.

NASHVILLE, Sept. 23.—Two attempts were made yesterday by mobs to capture Harrison Fuller and Frank Simpson, both negroes, who were the cause of an attack upon the Lexington jail some nights ago. At Lexington a mob of citizens held up a train bound for Camden, where it was supposed the negroes had been taken for safekeeping, and forced the conductor to carry them to Hollow Creek. Here they attempted to bulldoze a Nashville, Chattanooga and St. Louis conductor to take them to Camden. He threatened them with the consequence of holding up a mail train, and the mob got off. Some, however, paid their way to Camden and found the negroes were not there. They have not yet located the prisoners. These are the same negroes who were threatened with lynching at Lexington only last week, and who fired on the attacking mob, killing and wounding several members.

Three Drowned While Bathing.

MANASQUAN, N. J., Sept. 23.—Three people were drowned while bathing in the surf here Saturday, and the fourth member of the party was rescued with great difficulty. The latter was Mrs. Fisk, wife of a druggist doing business in Jersey City. Two of those drowned were young ladies, Miss Earle and Miss Brown. William Fisk, 19 years old, son of the rescued woman, was the third who perished. The tide was on the ebb, and a strong undertow was running. Young Fisk waded out and was swept seaward. His mother started out after him, and she, too, was caught by the tide, when the two younger women made an attempt to rescue their companions, and were drowned.

Five Drowned in Lake Michigan.

CHICAGO, Sept. 23.—Five persons were drowned while bathing in Lake Michigan yesterday. Three young men lost their lives while in the water at the foot of Lawrence avenue, and two boys were drowned off Barry avenue. The drowned are: Robert Becker, 19 years old; George Engel, 11 years old; William Elliott, 11 years old; Oscar Huber, 21 years old, and Otto Scholger, 20 years old. Becker, Huber and Scholger went out in a boat with three other young men. All went in bathing, and before any one noticed it the boat had drifted away from them.

Cooler Weather Promised.

WASHINGTON, Sept. 23.—Willis L. Moore, chief of the weather bureau, yesterday gave out the following weather bulletin: "The hot wave will be broken sometime tomorrow, probably in the afternoon in Chicago, St. Louis and in the states of the upper Mississippi valley, central Mississippi valley, upper lake region and eastern Minnesota. A decided and sudden fall in the temperature of not less than 30 degs. will be ushered in by heavy thunder storms and rain, followed by several days of cool weather."

Two West Virginia Murders.

WHEELING, W. Va., Sept. 23.—Two sensational murders in Wood county, near Parkersburg, have caused much excitement in that vicinity. In the town of Weaver, Thomas P. Harross, a prominent and wealthy farmer, established and killed Mark Perry, a negro boy aged 20 years. At a dance two miles from Lubeck Henry Cawson shot Albert E. Hard through the heart, killing him instantly. The row was the result of a feud.

New York's Torrid Sunday.

NEW YORK, Sept. 23.—The official thermometer of the weather bureau yesterday recorded the highest temperature ever taken by the department on Sept. 23 in this city. At 4 o'clock the thermometer registered 96 degs. The mean temperature for the day was 86 degs., which is 22 degs. above the normal for Sept. 23. The humidity was low, however, their being only 49 per cent of moisture in the atmosphere.

Vienna Polio and Workmen Fight.

VIENNA, Sept. 23.—At a demonstration by 3,000 workmen in favor of universal suffrage held here serious collisions occurred with the police, and twenty-six arrests were made.

NUGGETS OF NEWS.

Intense heat at St. Louis has brought the aged Archbishop Keurick near to death. Owing to the awful smoke in that town it is said the population of Pittsburgh is decreasing.

Nearly the entire state of Colorado is covered by snow. At Greeley the snow was fourteen inches deep.

Luzerne (Pa.) county jail, built to house 100 prisoners, contains 183, and the state board of charities has protested.

Mowbray, the English anarchist, was in the middle of a violent speech at Chicago when he was stopped by the police.

The sheriff of Sevier county, Tenn., has called on Governor Turney for troops to aid him in securing a trial of man charged with whiteapping.

San Francisco Republicans claim that twenty out of fifty-six members of the national committee favor that city for the national convention.

Evening Herald

MONDAY, SEPTEMBER 23, 1925.

STATE TREASURY.

STATE TREASURER.

BENJAMIN J. HAWKINS, of Newark.

SUPERIOR COURT JUDGES.

JAMES A. HENNING, of Camden.

J. W. WILLIAMS, of Lakewood.

CHARLES B. RICE, of Roseton.

FRANK B. O'NEILL, of Haddington.

JOHN J. VICKHAM, of Bayview.

HOWARD BREDDER, of Northampton.

THE EVENING HERALD extends a cordial

welcome to Chief Fire Marshal James S.

Williams and his traveling companion, Mr.

Bertram James, upon their return from a

European tour.

SIMULTANEOUS with the complaint of a

scarcity of pure water the announcement is

made at Philadelphia that the price of milk

has advanced two cents a quart. There is a

suspicion of connection between the two

reports that amounts to a practical confession

that the cow and the pump are still related.

The sportsman and athlete of England are

certainly paying in adversity this year. Fol-

lowing the disastrous defeat of the Valkyrie

and the vanquishment of the English cricketers

at Philadelphia is the routing of English

athletes at New York on Saturday. The

Americans won every one of the eleven events

on that day, while the English secured

places in only five. Four world records

were beaten and one other equalled. The

record for 1925 shows that American pluck,

agility and muscle leads the world.

AS interesting and highly important trial

will shortly take place in the courts at

Brooklyn, N. Y. The point at issue will be

whether the authorities of the city have a

right to dilute the rate of speed at which

street cars may be run. This is drawing to

an issue the question as to whether the people

have any control whatever over street rail-

ways and it cannot be decided any too soon.

To take away the authority of the people in

this connection will throw upon the gates

through which great dangers will flow with

a rush and practically destroy all power of

restriction in the part of the public.

THE state medical council meeting at Har-

risburg today to revise its rules so as to pre-

vent after the expiration of four years all

applicants must have been graduates of a

high school, academy or college before they

begin the study of medicine. The existing

rules provide that licenses shall be issued to

all graduates of reputable medical colleges

who make an average of seventy-five before

the state examining boards and contain no

stipulations as to the preliminary education.

The reason for the change is obvious. There

can be no objection on the part of any one to

having the standard of physicians and

surgeons raised.

It will be an insult to the American people

if the owners of the Defender should accept

the challenge of the London syndicate to

mail with the Valkyrie in the waters of England

before the ownership of the latter vessel

changes hands. Lord Danvers was shown

every courtesy in connection with the case,

but proved himself sordid and impor-

tantizable. He was boorish in the extreme

and should be treated as an American

would expect to be treated if they acted as he

did. English sportsmen can find all the fair

play required to test the respective merits of

the yachts, and for them to suggest a race in

their own waters in view of the circumstances

under which the recent series culminated is

meeting a slur upon the people of this country.

RIGHT AT LAST.

In limiting the hours of supply from the

public water works the borough authorities

have taken a step in the right direction to

wardly solving the vexatious problem long

before the people by the drought. It should

have been done two weeks ago, but the parties

in control were undoubtedly misled in their

judgment by false hopes for a fall of rain that

would see the crisis until the full replenish-

ment of the springs should take place. The

restriction in no way came directly

upon the plant. The drought has been a

severe one and scores of towns in and out of
