STATE TICKET.
STATE TREASURER,
BENJAMIN J. HAYWOOD, of Mercer.
SUPERIOR COURT JUDGES,
JAMES A. BEAVER, of Covington,
E. W. WILLARD, of Lacksanna,
CHARLES E. RICE, of Luzerne,
GEORGE B. ORLANDY, of Huntington,
JOHN J. WICKHAM, of Boyser,
HOWARD REEDER, of Northampton.

THE first day of fall was very much in the
summer order of things.
THE Republican primaries will be held
next Saturday. It is predicted they will be
lively.

WELL, the Democratic slate went through.
Now watch and see the Republicans smear it
at the polls.

STATOR CORNWELL says he will retire from
the prize ring after his fight with Philadelphia. It
must be he fears the woman's palsy.

THE fire found has been playing all havoc
at Locust Gap, laying in waste the homes of
many families. The people of Shenandoah
heartily sympathize with them and hope the
effects of the disaster may be speedily allevi-
ated.

IT was a gold button which President
Cleveland pressed when starting the machinery
of the Cotton States and International
Exposition. The President and his party
have made quite a record in pressing gold
thus far this year.

THINK it is considerable snip and sham about
the manner in which the Borough Council
of Jermya transacted business. William
Hutchings, the street commissioner, was in-
structed to take action to facilitate the laying
of cross walks on the streets. Upon the ne-
glect to promptly carry out the orders the
Council preferred charges against him for
neglect of duty and declared his seat vacant.
That kind of backbone makes good streets.

A BAD habit that prevails among bicyclists
is that of coming up behind carriages or
wagons on the streets, dashing by like a flash,
and shooting in ahead of the horse without
announcing their coming. There is a general
complaint against this practice, and the
reputation of the delightful outdoor exercise
will suffer greatly if the habit continues.
When approaching a vehicle from the rear
bicyclists should invariably announce their
presence by means of a bell or whistle. This
will greatly lessen the chances of an accident.

THE starting of the P. & R. colliers on
fall time is the best time in affairs for the
people of this part of the coal region that has
taken place this year. It has been yearned
for for many months and now only those
directly interested can fully appreciate the
effect. The order is that the schedule is to
continue indefinitely, which means that it
may be for a few days, a few weeks or a few
months. The latter is very probable, but we
trust that we may have the benefit of the
good time for at least a month or two. If
such be the case Shenandoah will experience
one of the most lull falls it has had for sev-
eral years. It is so long since the miners
have had a spell of full time that a month or
so of it would give a boon to the town for the
winter.

THE DEMOCRATIC TICKET.
Our Democratic friends have at last decided
upon the ticket with which they will go this
battle at the polls in November, next, and
many of them profess to be jubilant over the
result of their convention at Pottsville yester-
day, but the careful observer can see that
there is something in the people this year
that tends to throw a well defined chill upon
the professed enthusiasm.

Price Paying Permitted in Mexico.
CITY OF MEXICO, Sept. 24.—Governor
Graciano, of the great mining state of Hi-
dalgo, has at the solicitation of the resi-
dent English miners granted permission for
a price light in that state, taking the
ground that the English are entitled to
their national sports and play, as they do
not care for bull fights.

Cheering for Mine Workers.
SHAMOKIN, Pa., Sept. 24.—The seven
reading mines in the Shamokin district
have been put on full time until further
notice. Fifteen thousand employees will re-
ceive \$25,000 additional wages on account
of this action.

To Admit Women Delegates.
INDIANAPOLIS, Sept. 24.—The Indiana
conference of the Methodist Episcopal
church, by an almost unanimous vote, de-
cided to admit women into the conference
as delegates.

Died After Being Gored by a Bull.
BASCOM, Pa., Sept. 24.—Mrs. Jesse La-
bar, who was gored by a vicious bull last
week, died yesterday of her injuries.

What

You want of a medicine is that it shall do
you good—purify and enrich your blood,
throw off that tired feeling, and give you
health, strength, courage and ambition.

Hood's

Sarsaparilla is the only true blood purifier
prominently in the public eye today, and
it meets these requirements perfectly.
This is proved by the testimony of thou-
sands of people. Hood's

Sarsaparilla

Builds up the nerves by feeding them on
pure blood, creates an appetite by toning
the digestive organs, overcomes that Tired
Feeling by giving vitality to the blood,
and gives sweet refreshing sleep. You
may realize that Hood's Sarsaparilla

Does

this by giving it a fair trial. Insist upon
Hood's and only Hood's. \$1; six for \$5.

that their primaries and county convention
have been of a most harmonious character
and that, therefore, the ticket is one of the
strongest that they have put forth for years;
but the fact must be ignored that the
make-up of the primaries and the convention
was wanting of much of the best Democratic
material in the county, and much of it that
presented itself was cast aside to gratify the
desires of that our frank and truthful Demo-
cratic constituency termed "picked" delegates.

There is always a calm before a storm.
The Democratic calm is at hand. Wait until
the storm breaks and then see how badly the
hopes of the ticket-makers of yesterday will
be blasted.

In a recent letter to the manufacturers Mr.
W. P. Bradford, editor of the Spectator,
Richmond, N. V., says: "I may take a pleas-
ure in you to know the high esteem in which
Chamberlain's medicines are held by the
people of your own state, where they must
be best known. An aunt of mine, who re-
sides at Dexter, Iowa, was about to visit me
a few years since, and before leaving home
wrote me, asking if they were sold there,
stating if they were not she would bring a
quantity with her, as she did not like to be
without them." The medicines referred to
are Chamberlain's Cough Remedy, famous
for its cures of colds and croup; Chamber-
lain's Pain Balm for rheumatism, lame back,
pains in the side and chest, and Chamber-
lain's Colic, Cholera and Diarrhoea Remedy
for bowel complaints. These medicines have
been in constant use in Iowa for almost a
quarter of a century. The people have
learned that they are articles of great worth
and merit, and unopposed by any other.
They are for sale here by Grahler Bros.,
Druggists.

Governors at Washington.
WASHINGTON, Sept. 24.—There was quite
a gathering of governors of the several
states at the national capital yesterday.
Among them were Governors Woodbury
of Vermont, Werts of New Jersey, Dodge
of Iowa and Morton of New York, who,
with their staffs, came north over the
Southern railway after attending the
Chickamauga Park dedication and the
Atlanta exposition. Governor Schofield
also returned to Washington from Atlanta,
traveling with the party of Governor Mor-
ton.

He Was a Wife Murderer.
OKLAHOMA, Sept. 24.—It has been
learned that Silmon, the murderer and
suicide, was married to his victim, Arta
Moore, in October, 1892. The marriage was
kept a secret, as the girl desired to finish
her course at college. The two had never
lived together, but it seems that Silmon
led a life here, urging her to go to St.
Louis and live with him. At her last re-
fusal he evidently determined upon killing her.

Dishonest Ex-Treasurer Missing.
ROSTON, O., Sept. 24.—Ex-City Treasur-
er M. C. Chy, who is a defaulter for
\$2,000, is not to be found. He left theory
Thursday night over the Norfolk and
Western, going east, and since then nothing
has been heard of him. The action of the
city commission in not causing his
arrest has created a sensation.

The Dimple Cheeked Village Maid.
may not retain her dimples and ruddy cheeks
"Abounding with health," until she finds a
good husband. A little neglect or accident
may bring about some one of the many
"female" diseases and "weaknesses," to
which the sex is subject, and health may be
forever impaired, and hopes and happiness be
at an end. Thanks to Dr. Pierce's Peppermint
Prescription, prepared by him for women,
cure the worst cases of uterine diseases,
nervousness, neuritis, irregularities and
"weakness." It is a great invigorating
tonic and nerve, and rapidly builds up the
health and strength.

heads, indigestion, indigestion. Once
taken, always for favor.

dalgo, has at the solicitation of the resi-
dent English miners granted permission for

cided to admit women into the conference

CUBAN CABINET OFFICERS.

Barbosa Masso Chosen by the Insurgents
as President of the Republic.

TAMPA, Fla., Sept. 24.—Letters received
by prominent Cuban leaders here state
that on the 18th inst. a constitutional
convention was held at Najasa, at which
Barbosa Masso was elected president of the
Cuban republic; Marquis of Santa Lucia,
minister of the interior; Tomas Estrada
Palma, representative of the government
in the exterior; Maximo Gomez, general-
in-chief. Some time ago when delegates
were called Santa Lucia was mentioned
as president of the convention, and the im-
pression prevailed that he was the destined
constitutional president.

Masso was born sixty years ago at Manzanillo.
He is highly connected and thor-
oughly educated. He left Manzanillo Feb.
24 last, and was considered as the head of
the revolution in the eastern department.
When this occurred Callega sent a com-
missioner of prominent Autonomists and
some chiefs of the former revolution to
dissuade him, but he was not pliable. The
commissioner went again, advised by ex-
President Splanca who during his term
published a decree to put to death any per-
son who should propose anything but
Cuban independence. Masso received him,
but lending his purpose of dissuasion told
him to leave the camp immediately or his
own decree would be enforced.

The Ideal Panacea.
James L. Francis, Alderman, Chicago, says:
"I regard Dr. King's New Discovery as an
ideal Panacea for Coughs, Colds and Lung
Complaints, having used it in my family for
the last few years, to the exclusion of
physician's prescriptions or other prepara-
tions."
Rev. John Burgess, Keokuk, Iowa, writes:
"I have been a Minister of the Methodist
Episcopal church for 30 years or more, and
have never found anything so beneficial or
that gave me such relief as Dr. King's
New Discovery." Try this Ideal
Remedy now. Trial bottles free at A.

Two Deputy Sheriffs Murdered.
PRING BLOSS, Ark., Sept. 24.—Deputy
Sheriffs Harris and Sull, of Arkansas
county, were shot dead near Engadua,
Louise county, while attempting to arrest
a escaped prisoner named Wasey. Lacey
had been indicted for grand larceny, and
made his escape from the Arkansas county jail.
He was located in an old house, three
miles from Engadua, and when called upon
to surrender he seized a Winchester rifle
and opened fire. Another report states
that the crime was committed by two
escaped prisoners named Ogan and Nichols,
the murderer or murderers escaped to the
woods.

Weighty Tax Payers Charged with Perjury.
SPRINGFIELD, Sept. 24.—The most sen-
sational report ever issued by a state
bureau was made public last night by the
Illinois bureau of labor statistics. It
charges that the great majority of the
weighty taxpayers of Illinois, and more
especially of Chicago, are perjurers; that
the assessors are guilty of malfeasance in
office; that the present financial condition
of Chicago is directly traceable to the
corrupt system of taxation, and that the
"deplorable" condition of workmen is due to
the liberty depriving methods of taxation
which prevail here.

A COMMON CAUSE OF SICKNESS.
IN WARM WEATHER NOTHING SO DAN-
GEROUS AS DECAYED FOODS.
Every one knows or ought to know that
decayed foods are poisonous. Boards of
Health seek to prevent their sale.
We now have in mind the results which
follow the decay and decomposition of foods
after they have been eaten for unless diges-
tion occurs within a reasonable time after our
meals, decomposition sets in.
If dyspepsia will stop and consider for a
moment some of the symptoms of their
trouble, such as disagreeable breath, eructa-
tions of gas or bad taste in the mouth, they
will understand that they all must come from
decaying foods that ought properly to have
been absorbed into the system.
Spots before the eyes, dizziness, sleepless-
ness, dyspeptic headaches are but a few of
the effects following the absorption into the
blood of poisons developed from decomposing
and undigested food that lies in the stomach.
It was a recognition of this important fact
that caused the Mount Lebanon Sanitarium
to devise some of their time to the prepara-
tion of a remedy for dyspepsia, and nothing
has since been so effective for indigestion,
which took long have recently placed on the
market.
It acts upon the stomach, and restores the
appetite and increases the weight. Phospho-
rus and strength take the place of weakness,
and that sure way expression which points
out the dyspepsia in every community. The
local druggists are now giving away interest-
ing descriptive pamphlets.
Try a twenty-cent bottle of Digestive
Cordial and see what it will do for you.

ON TRIAL FOR CONSPIRACY.

Charged with Fraud in New Jersey's State
Printing Contracts.

TRENTON, Sept. 24.—The trial of John
L. Kuser, Charles S. Robinson, Otto Heinz
and Emil Krausler, indicted for conspiracy
in connection with the printing of
state documents in the German language,
was begun in the Mercer county court yester-
day, and the presentation of the state's
side of the case was concluded. The records
of the state comptroller's office were
produced and ex-Comptroller Heppen-
holmer was examined. The state also pre-
sented in evidence two agreements signed
by Kuser, in which he agreed to sub-
contract to Robinson the workshop report,
and to pay him \$300 in cash if The Erie
Zeitung received the contract for printing
the state board of education report.

At this point the state rested its case
without presenting any direct evidence
against Heinz or Krausler.

Samuel Kallah, of counsel for Mr. Kuser,
then asked the court to direct the jury to
acquit, on the ground that no evidence of
a conspiracy or of charging the state an
exorbitant price for the printing had been
shown. Captain Holt opposed the motion,
and the matter went over until this morn-
ing, when R. V. Landabury, counsel for
Robinson, renewed the motion made by
Mr. Kallah.

Families Made Homeless by Fire.
ASHLAND, Pa., Sept. 24.—Fire broke out
yesterday in the Locust Gap hotel, at Lo-
cust Gap, a mining village three miles
west of here, and before it was ex-
tinguished completely destroyed an entire
block of buildings owned by Michael Mc-
Carthy and occupied by himself and seven
other families. Four houses on the north
side of Main street owned by the Reading
Coal and Iron company were also de-
stroyed, together with the large Monitor
