STATE TICKET.

STATE TREASURER, BENJAMIN J. HAYWOOD, of Mercer.

SUPERIOR COURT JUDGES, JAMES A. BEAVER, of Centre, E. W. WILLARD, of Lackawanna.

CHARLES E. RICE, of Luzerne, GEORGE B. ORLADY, of Huntingdon, JOHN J. WICKHAM, of Beaver, HOWARD REEDER, of Northampton.

The full-time schedule at the collieries has put a little brighter look on local business.

ALTHOUGH they have not aroused much outward interest, the Republican primaries to be held in town next Saturday will be very interesting.

THERE is no doubt that under the reduced hours of supply arrangement the borough can be supplied with all the water required, with economical use, until the much needed rain season arrives. The supply is giving excellent satisfaction under the new schedule.

The Lattimer murderers are still at large. The latest discovery in connection with the case is that a large force of detectives are at work on it. It is surmised that while the detectives are watching each other the guilty parties are carefully covering their tracks. Too many cooks are spoiling the broth.

THE contractors have almost completed the water connections and there has been no law suit, injunction, or other like hitch in connection with their work. This is so unusual with work done for the borough by contract that many people can hardly realize that the work is nearing completion.

THE public school teachers of Hazleton have requested the School Board of that place to allow them the privilege of spending the time allotted for the county institute in visiting schools at Norristown, West Chester, Philadelphia and Cleveland, Ohio, the teachers expecting remuneration at the same ratios when in attendance at the institute. It is not surprising that the Board quashed the proposition.

THE people who will be entitled to vote at the next election are warned against the error of voting for seven judges. No more serious mistake could be made. The matter is one of great importance and every voter should bear it in mind. The Republicans should not forget that the minority party must have a representative on the Superior Court bench and only six Republicans can be elected. Governor Hastings, in appointing the judges to first compose the court, could only name six Republicans. He was compelled to name a Democrat to fill the seventh place. The best advice to follow in order to avoid any mistake is for the Republicans to vote for the six Republican nominees for Judge of the Superior Court, and not attempt to bother with the candidates of the other party.

THE voter who wants to have a voice in the making of the Republican county ticket for the next election can have it by proxy; that is, he can cast a ballot at the primaries for the delegates. The Republican primaries will be held next Saturday. The voter who stays away lessens his chances for having his views expressed at the proper time, and consequently cannot gracefully complain if the ticket does not suit him. The man who will not take the trouble to go to the primaries and vote as he would like to have the regular ticket made up, but trusts to the judgment of his neighbor, makes a mistake and is frequently the one who always grows, no matter how good the ticket may be. Go to the primary and vote for the men you consider will take the best course for the party's interests.

IT is impossible to estimate the real value of a newspaper. Not a day passes that some substantial evidence of its influence and power does not come to light, and the story of how some fireside has been cleared of a gloom and made bright and cheerful through the service of some newspaper is daily repeated. One of the latest striking cases has developed in Scranton. Thirty years ago Mrs. Rantz Ackley, of that place, was separated from her husband and five children. An advertisement placed in a newspaper led to information by which the woman traced and located one daughter at Buffalo and three of her sons and the husband in California. There is to be a grand reunion and no doubt Mrs. Ackley and those who were so long separated from her will appreciate the value of newspapers during the balance of their days.

Scrofula in the Eyes

As well as in every other form, is permanently cured by Hood's Sarsaparilla.

"I had scrofula in my eyes and tried several physicians but found no cure. My wife persuaded me to try Hood's Sarsaparilla. I had a choking sensation, was troubled with night sweats, and had dyspepsia in my very severe form. After taking Hood's Sarsaparilla two weeks the choking spells and dyspepsia troubled me less. I have now taken several bottles of Hood's Sarsaparilla and find that I am entirely cured."
