

EVENING HERALD

ESTABLISHED 1870.
Published every Evening, Except Sunday, at
8 SOUTH JARDIN STREET, NEAR CENTRE.

The Herald is delivered in Shenandoah and the surrounding towns for six cents a week, payable to the carriers. By mail \$3.00 a year, or 25 cents a month, payable in advance. Advertisements charged according to space and position. The publishers reserve the right to change the position of advertisements whenever the publication of news demands it. The right is reserved to reject any advertisement, whether paid for or not, that the publishers may deem improper. Advertising rates made known upon application.
Entered at the postoffice at Shenandoah, Pa., as second class mail matter.

TELEPHONE CONNECTION.
Evening Herald

SATURDAY, SEPTEMBER 28, 1893.

STATE TICKET.
STATE TREASURER,
BENJAMIN J. HAYWOOD, of Mercer.
SUPERIOR COURT JUDGES,
JAMES A. BRAVER, of Centre,
E. W. WILLARD, of Lackawanna,
CHARLES E. RICE, of Luzerne,
GEORGE B. ORLANDY, of Huntington,
JOHN J. WICKLIAM, of Beaver,
HOWARD REEDER, of Northampton.

THE re-appointment of our townsman, William Stein, as Mine Inspector, is an honor well deserved. If Governor Hastings exercised the same good judgment in all his selections there would be less complaint about incompetent officials.

THE present is a good time for the business men of Shenandoah to attract the attention of buyers who are about making their fall purchases. If they expect trade they must let the people know what they have to sell, and no better medium can be found than the HERALD.

THE political pot is boiling over in Shenandoah to-day, and the local patriots are busy button-holing the party voters. May the best man win. What the Republicans need this fall is a ticket strong collectively and individually. Without that success is doubtful.

DURING his term of office Benjamin R. Severn served the people well, and saved them many thousands of dollars. As Controller of this county he nipped several schemes to rob the taxpayers, and for this reason the people are with him. The Republican party should nominate Severn.

NOVEMBER 14th has been designated as Pennsylvania Day at the Atlanta exposition. Governor Hastings and staff will be present and an interesting programme of exercises is being prepared. It is expected the Pennsylvania movements on the field of Chickamauga will be dedicated on the 12th and 13th which will add to the crowd expected.

THERE are some queer things to be seen "out West." An eastern tourist reports having come across a man whose legs were where his arms ought to be, while his arms were in the places most of us wear our legs. He should have completed the year by saying the pavement had a funny way of jumping up and hitting a fellow on the nose.

THE housekeepers are preparing for the fall house cleaning, the coal haulers are ready to fill the bins for the winter, the business men are laying in their stocks, the hardware men are brightening up the stoves and the plumber is getting his soldering implements ready, but the many poor, dilapidated pavements seem to have no friends. But they will make somebody pay for the neglect.

AND now comes a story all the way from California, of a bicycle girl who refused bloomers and upon her stern parent's request to furnish her with that up-to-date costume, turned highwayman a few nights later and halted the old gentleman, demanding his money. Instead of shelling out promptly, as he should have done, the old chap jumped out of his carriage and pulled out a gun, whereupon she began to cry and fainted—a most undignified proceeding indeed, and rather a comical ending to what looked like a rather tragic affair at the start.

IT chills one's blood to see a group of children delving into fruit which some dealer has carelessly thrown aside as worthless. It is a matter that should receive the attention of the Health Officer. Few dealers throw away any fruit that can be made pass the critical eye of the customer and when he casts any aside it is pretty fair evidence that the fruit is unfit for consumption. Such being the case the dealers should be required to place the condemned fruit where it cannot be reached by children. Some of the stuff children get hold of by scouting about fruit stands is enough to cause a plague, and people who are responsible for the circulation should be called to account.

COMPULSORY education is by no means an idea of modern times. We find upon reference to Boon's "Education in the United States" that Plato covered it in his "laws" at least 350 B. C. An extract from his "laws," as given in the publication referred to, reads: "In these several schools let there be dwellings for teachers who shall be brought from foreign parts; and let the frequenters (learners) be taught the art of war, and the art of music; and they shall come, not only if their parents please, but if they do not please; and, if their education be neglected,

of all and sundry, as the saying is, so far as this is possible; and the pupils shall be regarded as belonging to the state rather than to their parents." This will, no doubt, open the eyes of the people who have been giving the last Legislature credit for originating the "oppressive" idea.

Julius Caesar.
It would be hard to find a play actor who has straddled over the world more than James Canton. He was a star in Australia when most of our actors were playing "hooky." Then he moved to India and thence to the Cape of Good Hope. Though potted and handsomely paid he was as restless as the wandering Jew. Owed he passed to Japan and then to South America. Then he played through Great Britain. While in London he acted in the same company with Henry Irving, who was not much thought of then. Augustus Daley then brought him to New York to play in the "Flash of Lightning." After a triumphant stay in the stock company of the California theatre, he played Macbeth to Madam Janashek. He will be seen as Britus in "Julius Caesar" as presented by the Charles B. Hanford, Elisha R. Spencer and Nora O'Brien company at Ferguson's theatre on Monday night.

Sold the Bodies for Dissection.
ST. LOUIS, Sept. 28.—Maggie Dalton, the servant girl thief, has made a statement to the police concerning the recent management of the female hospital, the details of which are so shocking as to be almost incredible. The girl gives the names of four attaches of the hospital at the time Dr. R. M. Kerley was superintendent, and accuses them of having made a practice of selling the bodies of patients who died in the institution. Coffins filled with bricks, she says, were placed over on the man who buried the dead, and the bodies were shipped away from the city to various medical colleges. The superintendent of the hospital denies the truth of the charges.

American and English Cricketers.
PHILADELPHIA, Sept. 28.—The third match between the cricketers of Oxford and Cambridge and the representatives of Philadelphia was begun yesterday on the grounds of the Merion Cricket club at Haverford, and when stumps were drawn at 5 o'clock the local men had much the better of it. The English collegians won the toss and went to bat first, finishing their inning for 108. Dutton and Bohlen began the defense of the wickets for the Philadelphians, and after an hour's play had scored 98 runs, not out. They resume their stand today.

Two Men Killed by Gas in a Well.
KNOXVILLE, Tenn., Sept. 28.—Thomas W. Loy, of Friends' Station, sent a negro named Phipps into his well to clean it out. As he did not come up Mr. Loy suspected something was wrong and went to his assistance, and was overcome with noxious vapors, as the negro had been, and as no one else dared attempt their immediate rescue it was two hours before the two men were brought to the surface with hooks, and then life was extinct.

Atrocious Murder in Australia.
SAN FRANCISCO, Sept. 28.—Address from Australia state that the people of Sydney have been startled by the atrocious murder of a young girl on the night of Sept. 1. At midnight, on a wharf, was left a box containing the body of a young woman. She had been scientifically butchered, the corpse soaked in carbolic acid and the remains then crushed into a dry goods box. The identity of the girl has not been discovered.

Harry Wright's Condition.
ATLANTIC CITY, Sept. 28.—Dr. Pepper, Bogert and Bennett, who are attending Harry Wright, the veteran baseball manager, who is suffering from typhoid pneumonia, issue a bulletin stating that their patient is "progressing as well as could be expected." There has been little change in his condition, however, and the doctors say the course of the case must necessarily be slow.

Know Hood's Cured

Because it Made Pure Blood.
"I was all run down and could not sleep at night on account of the continuous and severe pains through my body. I had also stomach troubles and constipation. After taking Hood's Sarsaparilla a short time I commenced to improve, and after using three bottles in all, my complaint entirely left me. I now have an appetite, sleep well and am free from all stomach troubles. I know Hood's Sarsaparilla has cured me, and I cheerfully recommend its use by all women who are run down and need a building up medicine." Miss ALICE WHEAT, W. Bridgeport, Pa.

Hood's Sarsaparilla
Is the only True Blood Purifier prominently in the public eye today.
Hood's Pills
THE MILD POWER CURES
Dr. Humphrey's Specifics
are scientifically and carefully prepared Remedies, used for nearly half a century by the people with entire success.

1—Fever, Consumption, Inflammation, the Worn, Worm Fever, Worm Colic, etc.

DR. GREENE'S NERVURA.

Alderman John Dever Advises Use of This Grand Medicine.

Boston's Popular City Official Says Dr. Greene's Nervura Makes You Strong and Well. The Best Medicine You Can Possibly Take.

BOSTON'S POPULAR ALDERMAN HON. JOHN F. DEVER.

The most popular and widely-known official in Boston's City Government is Alderman John F. Dever. A prominent leader of his political party, he is essentially a public man, and has long served the city of Boston in positions of the highest trust and honor. The word of a man of such public prominence and standing can be taken by all as the earnest utterance of one who always has the good and well-being of the people at heart.

Hon. Mr. Dever is connected with the New England Piano Co., 300 Tremont St., Boston, Mass. The following letter from Mr. Dever will be read by everybody with the utmost interest, and commands the widespread attention which the high standing of the writer justifies:

"I was induced to try Dr. Greene's Nervura by a personal friend who has known Dr. Greene as a physician of high standing for many years, and it gives me great pleasure to give to the public my unqualified endorsement of its curative properties as the greatest nerve and blood remedy.

"It is particularly helpful in neuralgia and rheumatism, and it is the best remedy I know of to tone up and strengthen the nerves and invigorate the blood. When from over-work, or strain upon the brain and nerves, one becomes weak, nervous and sleepless, this grand remedy is, I believe, the best medicine which can be taken. I unhesitatingly recommend its use. JOHN F. DEVER.

Such an unqualified endorsement, and the fact that Dr. Greene's Nervura blood and nerve remedy is in fact the very best medicine that can possibly be taken to get well, is information for the people of especial value. Such true and positive information in regard to what is the best and surest remedy to take, to make people well and strong, will be heeded and acted upon by all.

This excellent remedy must not be classed with ordinary patent medicines as it is the prescription and discovery of the most successful living specialist in curing nervous and chronic diseases, Dr. Greene, of 35 West 14th St., New York City. He has the largest practice in the world, and this grand medical discovery is the result of his vast experience. The great reputation of Dr. Greene is a guarantee that his medicine will cure, and the fact that he can be consulted by any one, at any time, free of charge, personally or by letter, gives absolute assurance of the beneficial action of this wonderful medicine.

PROFESSIONAL CARDS.

- CLIFTON ROBBINS, M. D., PHYSICIAN AND SURGEON. No. 7 North Jardin Street. Office Hours: From 8 to 9:30 a. m.; 1:30 to 2:30 p. m.; 6:00 to 7:30 p. m.

- A genuine welcome awaits you at JOE WYATT'S SALOON, Cor. Main and Coal Sts. Pool room attached. Finest white, beer, porter and ale constantly on hand. Choice champagne drinks and cigars.
- TANSY PILLS

A TRAIN "SIDESWIPE."

FOUR Persons Seriously Scalded at a West Virginia Tunnel.
WHEELING, W. Va., Sept. 28.—At Tunnel No. 1, about twenty-five miles east of Grafton, a west bound Baltimore and Ohio express train, No. 1, "Sideswiped" an east bound train, No. 4, injuring a number of passengers on the latter train. Among the more seriously injured are Hon. D. Garden, United States marshal of West Virginia, and ex-Secretary of State William A. Ohio, of Fairmont.

The accident occurred at the east end of Kingwood tunnel, and was caused by the engineer of the west bound train mistaking the lights and being unable to observe the danger signal, on account of the smoke being down from train No. 4. At this point a single track runs through the tunnel, and below train No. 4 had gotten off the single track on the east side of the tunnel and the west bound train arrived. Its engine struck the smoker of train No. 4 without doing serious damage to the smoker, then landed up against the ladies' coach, knocking it partly over, and lodged on the front end of the fore sleeper.

The shock was knocked off the boiler of the engine, causing the steam to escape, and scalding the following persons about the face and hands: A. D. Garden, United States marshal, Wheeling; William A. Ohio, ex-Secretary of State, Fairmont, Va.; Mrs. N. J. Portney, Konwood, W. Va.; Miss Mary L. Dowdell, state librarian, Charleston. A half dozen other passengers were scalded, but none seriously. No one was hurt on the west bound train.

TWO MISSING GIRLS

A Priest Charged with Responsibility for Their Disappearance.
ST. JOSEPH, Mo., Sept. 28.—All St. Joseph is mystified by the sudden disappearance of two young girls, without a shadow of reason that can be found unless they have been abducted, and that this is the general theory. The latest disappearance of which the police have learned is that of Dora Kennedy, 14 years old, daughter of a workman in the railroad shops. She has been absent from home since Wednesday morning, but the authorities were not informed until yesterday. As in the case of Maude Steidl, who disappeared last Sunday, the missing girl has dropped out of sight as mysteriously as if swallowed by the earth.

The friends of the family of the girls and their nearer relatives hold that only mad infatuation for the priest now charged with having induced Maude Steidl to leave her home could have been the cause of her disappearance and that either a similar feeling, or a resort to some deception or force could have been responsible for the going of Dora Kennedy.

The public is at white heat with indignation. Dominick Wagner, the priest accused of abducting the girl, has asked the police to protect him from the mob that has threatened to lynch him. He still maintains that he knows nothing of the girl's whereabouts.

Hereschhoff Gets a Government Contract.

WASHINGTON, Sept. 28.—Secretary Herbert has awarded to the Hereschhoff Manufacturing company the contract for building two of the new torpedo boats authorized by the act of the last congress. Mr. Hereschhoff was the lowest bidder, at \$144,000 for each boat. The third boat will go to Moran Brothers, of Seattle, Wash. If the department is satisfied of their ability to do the work.

Mine Fire at Plymouth.

PLYMOUTH, Pa., Sept. 28.—The air shaft in the Gaylord mines of the Kingston Coal company caught fire last night. The shaft and the four cages were enveloped by the flames and the air is carrying the fire further down. The linings are on fire for at least 200 feet. The loss as yet cannot be estimated. This is the shaft where thirteen men were entombed on Feb. 13, 1893.

The Mora Indemnity Paid.

WASHINGTON, Sept. 28.—Secretary Olney yesterday received information that the Mora draft for almost a million and a half dollars had been paid in London by the Spanish financial agent. The money was paid in gold, and probably will be transferred to this country by cable drafts and placed to Secretary Olney's credit in the New York sub-treasury.

Cheering for Mine Workers.

COLUMBUS, O., Sept. 28.—The officers of the Ohio division of the United Mine Workers of America have issued a circular to their men assuring them there can be no question but that an advance will be granted in Pittsburgh, and that Ohio operators will follow suit on Oct. 1, as per contract, and urging Ohio miners to respect that contract.

Greenhough's Probable Opponent.

BOSTON, Sept. 28.—The Democratic caucus in this city last night were only fairly well attended. The delegates elected to the state convention nearly all favor the nomination of ex-Congressman George Fred Williams, of Dedham, for governor. Williams was the choice everywhere, and his nomination by acclamation seems assured.

First Defeat for the Eoly Race Track.

INDIANAPOLIS, Sept. 28.—The supreme court overruled a petition for a rehearing in the Eoly race case. The court adheres to the original decision by Justice Howard that racing as carried on at Eoly is unlawful.

NUGGETS OF NEWS.

There are three candidates for mayor in the coming municipal election at Albany, N. Y.

Ex-Postmaster General John Wainmaker arrived at New York from Europe yesterday.

It is believed that the British ships Star of Austria and Lord Spencer have been lost in recent Pacific gales.

Premier Blair has dissolved the New Brunswick legislature, and the general elections take place Oct. 16.

Albert Babcock, an old resident of Jackson township, Pa., was digging a well when he fell into the pit and was killed.

E. W. Bull, the propagator and originator of the Concord grape, and a prominent agriculturist, died at Concord, Mass., aged 80.

A dispatch from Athens says that earthquake shocks were experienced on the Island of Zante yesterday, but no damage was done.

A tornado which passed over Green Bottom, W. Va., blew down a barn in which were sixteen men. John Nasser and William Gundry were severely injured by falling timbers.

Mrs. George Mack was robbed of a pocket-book, jewelry and clothing in a Pullman sleeping car near Detroit. The robber knocked her senseless and jumped from the rapidly moving train.

KEEPS POISON OUT

POISON IN THE BLOOD. THE KIDNEYS FILTER IT OUT AND KEEP THE BLOOD PURE. THEY PROTECT US FROM MANY DANGEROUS DISEASES.

What Happens When They Get Out of Order. How to Cure Them Again.

Most diseases are caused by poison in the blood. The poison should be kept out. The kidneys are supposed to do this. That is what they are there for. And they generally do. But when they are sick they can't; and then we get sick. The kidneys may get sick from over-work, worry, excess, high living, etc. The reason so many of our great men die from Bright's disease is that so many over-work themselves. Bright's disease is only one of the many diseases the root of which lies in the kidneys. Other folks suffer from diabetes, rheumatism, gout, gravel, sleeplessness, anaemia, nervousness, headache, neuralgia, etc. All these diseases would go if the poison could be got out of your blood. If the kidneys would only do their work, you would only take Dr. Hobb's Spargans Kidney Pills to make your kidneys do their work. It is not your kidneys' fault. You should be trying to help them. You can do it by taking Dr. Hobb's Spargans Kidney Pills. It is such an easy piece of knowledge to remember. Your kidneys are simply filters. They need looking to now and then like other filters. If they are kept clean and healthy, they will keep your blood clean and healthy, and you will be strong and healthy. Asparagus is a healing and strengthening tonic for the kidneys. Dr. Hobb's Spargans Kidney Pills give fresh life and power to the kidneys. They cause the kidneys to purify the blood, to make it redder and healthier and more nourishing. They put new life into your body, new color into your blood, new ambition into your mind, new youth into your joints and muscles. They do not work miracles. But they cure diseases. Dr. Hobb's Spargans Kidney Pills have cured so many people that they can be safely relied on to cure you. They will cure you, not because they have cured others, but because they are made from herbs which have never failed to cure the kidneys when taken in the proper doses. They were prepared by a physician who knows how to cure the kidneys. A few doses will relieve. A few boxes will cure. Sold by all druggists for 50 cents per box or sent postpaid on receipt of price. Write for interesting pamphlet on subject to Hobb's Medicine Co., Chicago, San Francisco.
