From LaGrippe.

How Dr. Miles' Nervine Restored One of Kentucky's Business Men to Health.

NO DISEASE has ever presented so many peculiarities as LaGrippe. No disease leaves its victims so debilitated, useless, sleepless, nerveless, as LaGrippe.

Mr. D. W. Hilton, state agent of the Mutual Life Insurance Co., of Kentucky, says: "In 1889 and '90 I had two severe attacks of LaGrippe, the last one attacking my nervous system with such severity that my life was despaired of. I had not slept for more than two months except by the use of narcotics that stupefied me, but gave me no rest. I was only conscious of intense mental weakness, agonizing bodily pain and the fact that I was hourly growing weaker.

When in this condition, I commenced using Dr. Miles' Restorative Nervine. In two days I began to improve and in one month's time I was cured, much to the surprise of all who knew of my condition. I have been in excellent health since and have recommended your remedies to many of my friends."

EX-SENATOR MAHONE.

The Distinguished Virginian Is Stricken with Paralysis.

FEARS THAT HE CANNOT SURVIVE.

Found in His Room at Chamberlain's Hotel, Washington, in a Semi-Conscious Condition—Members of His Family Summoned to His Bedside.

WASHINGTON, Oct. 1.—Ex-Senator Mahone, of Virginia, suffered a stroke of paralysis at his room at Chamberlain's hotel. His physicians, Drs. Wales and Baker, think his chances of recovery very doubtful. The relatives of the ex-senator have been summoned by telegraph. The entire right side of the sufferer is paralyzed, including the right arm and leg. He is unable to speak except a few inarticulate sounds. He has maintained consciousness, however, and seeks as best he can to assist those who are ministering to his comfort.

EX-SENATOR MAHONE.

The exact time General Mahone was stricken is in doubt. He retired at 12 o'clock Sunday night, and up to that time was in good health and spirits and had given no intimation of feeling unwell. No sound was heard from his room after he had retired. At 10 o'clock yesterday morning Mr. Long, manager of the hotel, went to the general's room to call him. He found that he had been vomiting and was unable to speak. Dr. Baker was called, and at once pronounced it a case of paralysis. Dr. Wales arrived soon afterwards, and with Dr. Baker took charge of the case.

General Mahone appeared to be suffering no pain. By motions of his head and a few faint sounds he made his desires known. Mr. Edmund Waddell, the senator's secretary, was with him, and at the senator's request notified the members of his family.

Texas Legislators Gathering Slowly.

AUSTIN, Tex., Oct. 1.—Only twenty-five members of the legislature have arrived, and it is hardly probable that a quorum will answer to roll call today. A poll of both houses by interested parties develops the fact that the anti-prize fight bill will go through the senate with the emergency clause. The fight to kill the emergency clause will be waged bitterly in the house by Dallas people. A committee of business men has arrived from Dallas, and will plead with the legislative committees to knock the emergency clause, on the ground that it will confiscate thousands of dollars' worth in property which have been outlaid on this fight. Up to the present writing, of the nineteen members of the house here nine are opposed to the emergency clause, and of this number four are out and out antagonists of any anti-prize fight bill at all. The friends of the fight profess confidence that it will not be interfered with.

Spain Has Received No Warning.

LONDON, Oct. 1.—The Spanish embassy here publishes a denial of a statement cabled from the United States to the effect that Secretary of State Olney had given a warning to the Spanish government that unless they had succeeded in suppressing the insurrection in Cuba in the next three months the United States government would intervene for the protection of the insurgents. The Spanish embassy declares that the story is entirely fictitious, and that the Spanish relations with the United States regarding Cuba are working smoothly, and with no apparent friction.

Urging the Whipping Post for Washington.

WASHINGTON, Oct. 1.—Immediately preceding the discharge of the grand jury here yesterday by Judge Bradley a written recommendation was submitted to the court favoring the establishment of the whipping post in the District of Columbia for the punishment of wife beaters and other petty criminals. It was signed by the foreman and fifteen jurymen. Judge Bradley commented briefly on the recommendation, and said that he thought such a method of punishment would be productive of good results.

Two Newspaper Men Drowned.

SYRACUSE, N. Y., Oct. 1.—Frank J. Devereaux, aged 27 years, and W. Porter Hunt, aged 22 years, two newspaper correspondents living at Oneida, were drowned in Oneida lake, off North Bay, Oneida county. They went in a sailboat from Sylvan Beach, and started to cross the lake to North Bay. This was the last seen of them alive. Several articles picked up have been identified as belonging to the missing men.

Thrown from a Train to Death.

BETHLEHEM, Pa., Oct. 1.—Clayton Rickert, the Jersey Central railroad newsboy who was hurled from a fast express train on the Nesquehoning curve on Sunday, and had his skull fractured, died at his home here last night without regaining consciousness. The boy was 19 years old, and the only support of his mother and her large family of small children.

More Work for Miners.

SHAMOKIN, Pa., Oct. 1.—Seven hundred men and boys will find employment at the Enterprise mine when it resumes work on Oct. 10, and 900 additional men will be given work by the starting of the Lake Fidler colliery a week later. These mines have been idle during the past season, owing to the breaker fire.

SAVE YOUR CHILD.

St. Vitus' Dance Getting Fearfully Prevalent.

Comes From Weak Nerves and Attacks Nervous Children.

Do Not Neglect Your Children's Weak and Irritated Nerves.

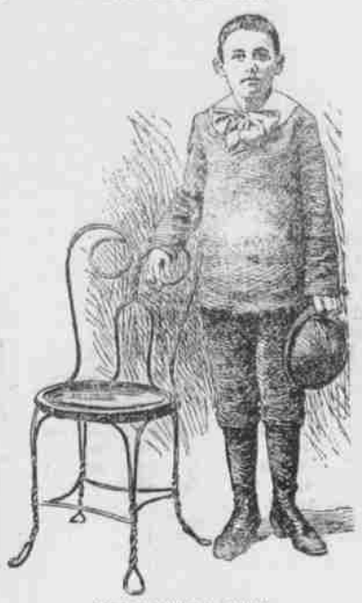
There appears to be almost an epidemic of St. Vitus' dance among children. The disease comes directly from weak nerves and an irritated condition of the nerve centres.

Its approach is shown by the nerves becoming weak, the child is pale, nervous, restless, irritable, does not sleep well at night, but tosses restlessly, talks in sleep, grits its teeth, and has irregular appetite. There will be a twitching of the eyelids, the hand, the arm, the leg, or portion of the body, which spasmodic movements will gradually increase until the child is more or less helpless.

It is a very serious disease and should never be allowed to run, as the most serious consequences ensue in the utter wreck of the nervous system. It must be cured at once.

The cure of little Luke, son of L. C. Reed, of Hegewisch, Ill., is wonderful and should be known to the parents of every nervous child or sufferer from St. Vitus' dance.

"It affords me great pleasure," says Mr. Reed, "to state that my son has been cured of St. Vitus' dance by the use of Dr. Greene's Nervura blood and nerve remedy. It is the best medicine in the world. My little son had scarlet fever, and was sick for about two years after he got over the fever.



LITTLE LUKE D. REED.

"He was very nervous, and got so bad that he could not hold his right arm and leg still. I employed a physician but he got worse all the time.

"A friend advised me to try Dr. Greene's Nervura blood and nerve remedy. I got one bottle of the Nervura, and before he had taken half of it he began to improve, and when he had one bottle taken, the St. Vitus' dance was gone. It is swonderful the way this medicine worked."

Watch your children, and if you detect any of the above symptoms, any weakness of the nerves, pale and sallow condition of the skin, loss of appetite, and observe the child growing thin, sharp-featured and puny, give it immediately the only sure cure for this distressing nervous disease, recognized by physicians, Dr. Greene's Nervura blood and nerve remedy. It will cure the St. Vitus' dance, give the child strong nerves, good digestion, pure blood, and make it grow sturdy and strong.

It is not a patent medicine, but the prescription of the most successful living specialist in curing nervous and chronic diseases, Dr. Greene, of 35 West 14th St., New York City. He has the largest practice in the world, and his grand medical discovery is the result of his vast experience. The great reputation of Dr. Greene is a guarantee that his medicine will cure, and the fact that he can be consulted by any one at any time, free of charge, personally or by letter, gives absolute assurance of the beneficial action of this wonderful medicine.

PEANSY PILLS!

CHICAGO ... CUBA.

Monster Meetings Shout Encouragement to the Insurgents.

RECOGNITION HEARTILY URGED.

Resolutions Passed Denouncing Spanish Oppression and Asking Sympathy for "Those Struggling People Who Are Making Such a Gallant Fight for Independence from European Rule."

CHICAGO, Oct. 1.—As much of the population of Chicago as could find entrance to the auditorium of the Central Music hall and the Y. M. C. A. building last night shouted itself hoarse in approbation of a series of resolutions in which the United States government is asked to recognize the Cubans as belligerents. Such genuine enthusiasm has seldom been witnessed in this city, and on no occasion were words spoken by men more full of the heart and soul of the speakers.

Mayor George B. Swift presided at the main meeting in Central Music hall, while Judge William A. Vincent was chairman of the overflow meeting in the Association building. The seventy-five vice presidents who occupied seats on the platform were chosen from among the leading business men of the city, and each one of them had previously expressed himself as in full accord with the object of the meetings. Before the speaking began copies of telegrams from a number of gentlemen who could not be present were read. The first of these was from Governor John P. Altgeld, and its words called forth cheers. Other telegrams were from Congressman George E. Adams, Senator Wilkinson, of Florida, and George Peck.

All of the speakers addressed both meetings. They were: Rev. F. W. Gunsaulus, W. J. Hynes, Rev. H. S. Henson, John Mayo Palmer, Thomas B. Bryan, William E. Mason and E. N. B. Sherman.

When Gonzales de Quesada, secretary of the Cuban revolutionary party of the United States, and Q. A. Zayas, another prominent Cuban, stepped upon the platform at Central Music Hall the enthusiasm of the audience knew no bounds, and it was some minutes before order was restored.

At this meeting Eugene Kesaffer played for the first time in public his new march "Cuba Libra," introducing the Cuban national air.

The Rev. Dr. W. H. Thomas read the resolutions, which were adopted as by one mighty voice. They open with a quotation from the American declaration of independence, and proceed as follows.

"This historic declaration made by the founders of our republic on July 4, 1776, was true then, and is true today. For many unhappy years the Cubans have been most shamefully oppressed and cruelly burdened until the yoke of Spanish rule has become intolerable. If the fathers of American independence were justified in casting off the oppressive dominion of Great Britain the Cuban patriots of today have far greater justification for their attempt to overthrow the impoverishing, heartless tyranny of the Spanish government.

"We desire publicly to express our indignation that in this year, 1895, the spectacle is presented of shiploads of soldiers sent 3,000 miles across the ocean to America, 'the land of the free,' to shoot down in cold blood a courageous people, who simply desire to govern themselves.

"Our indignation is further aroused at the unspeakable cruelty of the Spaniards towards the Cubans in this struggle. Death seems to be the penalty meted out to all Cubans captured under arms, and even those furnishing medicines to the so-called rebels are to be ruthlessly shot.

"We are glad to notice that the course of the Cubans appears to be more humane, and we take this opportunity of congratulating them upon the remarkable progress they have made, in spite of the terrible odds against them.

"We believe it to be the privilege and duty of the United States government to recognize the rights of the Cuban revolutionists as belligerents as soon as practicable, on being so requested by competent Cuban authorities, in accordance with international law. Such action of our government we deem due to the Cubans and to the cause of universal liberty.

"While disavowing all bitterness of feeling on our part toward the people of Spain, we nevertheless believe that it is our duty and privilege at this time, as citizens of this free republic, thus to express our heartfelt sympathy with our Cuban neighbors, living upon an island which nature has made a paradise, but which the cruel methods of the Spanish government have done much to despoil. We respectfully urge our fellow citizens throughout this country to assemble in mass meeting to diffuse information and thus arouse, or rather deepen, the sympathy of our whole people with the Cubans in their heroic attempt to cast off the yoke of oppression, and to achieve that independence and freedom which are the great highways to happiness and prosperity.

"We respectfully, but urgently, appeal to the citizens of all the republics in the three Americas to give emphatic expression to their sympathy with these struggling people, who are making such a gallant fight for that independence from the European rule which the other nations of the new world have already secured."

Seattle Gets the Contract.
